- (b) The person is being arrested for a felony.
- (c) The person is being arrested for a non-felony crime that was attempted or committed in the deputy's presence.

Chapter 2 - Organization and Administration

Organizational Structure and Responsibility

200.1 PURPOSE AND SCOPE

The organizational structure of the Dakota County Sheriff's Office is designed to create an efficient means to accomplish the mission and goals and to provide for the best possible service to the public.

200.2 SECTIONS

The Sheriff is responsible for administering and managing the Dakota County Sheriff's Office. There are three divisions in the Sheriff's Office as follows:

- Administration Division
- Operations Division
- Detention Services Division

200.2.1 ADMINISTRATION SECTION

The Administration Division consists of the Chief Deputy, Administrative Services Commander, Administrative Services Captain, Emergency Preparedness Coordinator, Confidential Assistant and Accounts Payable Program Services Assistant.

The Administration Division develops and manages the adopted budget and oversees and sets policy for the entire office. The Administration is also responsible for the inventory of capital property, equipment and assets. Property, equipment and assets with a beginning value of more than \$5,000 and other items specifically identified for inclusion regardless of value, are capital property, equipment and assets.

200.2.2 OPERATIONS SECTION

The Operations Division is commanded by a Commander whose primary responsibility is to provide general management, direction and control for the division. The Operations Division consists of Uniformed Patrol, Investigations, Civil, School Resource Officers, and the Parks Lakes and Trails division.

200.2.3 DETENTION SERVICES SECTION

200.3 COMMAND PROTOCOL

200.3.1 SUCCESSION OF COMMAND

The Sheriff exercises command over all personnel in the Office. During planned absences the Chief Deputy shall act with the authority of the Sheriff. For circumstances in which the Sheriff and Chief Deputy are absent, the Sheriff or Chief Deputy will designate a Division Commander to serve as the acting commander of the Sheriff's Office.

- (a) Operations Division Commander
- (b) Administrative Services Division Commander
- (c) Detention Services Division Commander
- (d) Captains by Seniority

200.3.2 UNITY OF COMMAND

The principles of unity of command ensure efficient supervision and control within the Office. Generally, each employee shall be accountable to one supervisor at any time for a given assignment or responsibility. Except where specifically delegated authority may exist by policy or special assignment (e.g., Canine, South Metro SWAT), any supervisor may temporarily direct any subordinate if an operational necessity exists.

200.3.3 ORDERS

Members shall respond to and make a good faith and reasonable effort to comply with the lawful order of superior officers and other proper authority.

200.3.4 UNLAWFUL AND CONFLICTING ORDERS

No member is required to obey any order that outwardly appears to be in direct conflict with any federal law, state law or local ordinance. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or confer with a higher authority. Responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with an order that is in conflict with a previous order, office policy or other directive, shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the order is intended to countermand the previous order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting order after having given the issuing supervisor the opportunity to correct the conflict are not held accountable for disobedience of the order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason therefore.

Departmental Directives and Special Orders

204.1 PURPOSE AND SCOPE

Interim Directives and Special Orders establish an interdepartmental communication that may be used by the Sheriff to make immediate changes to policy and procedure consistent with the current Memorandum of Understanding or other collective bargaining agreement. Interim Directives will immediately modify or change and supersede sections of this manual to which they pertain.

204.1.1 DEPARTMENTAL DIRECTIVES PROTOCOL

Interim Directives will be incorporated into the manual upon approval of the Sheriff or designee. Interim Directives will modify existing policies or create a new policy as appropriate and will be rescinded upon incorporation into the manual. Historical Departmental Directives will be maintained by the Senior Administrative Assistant.

204.1.2 SPECIAL ORDERS PROTOCOL

Special Orders establish a temporary policy or procedure on a given subject for a specific length of time. Special Orders are issued to the organization as a whole, to a division, to a unit or to an individual thereof and are temporary in nature. Special Orders become inoperative with the passing of the incident or situation that caused the order's issuance.

204.2 RESPONSIBILITIES

204.2.1 STAFF

The staff shall review and approve revisions of the Policy Manual, which will incorporate changes originally made by Interim Directive.

204.2.2 SHERIFF

The Sheriff or designee shall issue all Interim Directives and Special Orders.

The plan provides for a strategic response by all employees and assigns specific responsibilities in the event the plan is activated.

206.2 ACTIVATING THE EMERGENCY OPERATIONS PLAN

The Emergency Patrol Plan can be activated in a number of ways. The Sheriff or his/her authorized designee, the highest ranking official on-duty, the watch commander, or the Emergency Preparedness Coordinator may activate the Emergency Patrol Plan in response to a major emergency.

206.2.1 RECALL OF PERSONNEL

In the event that the Emergency Operations Plan is activated, all employees of the Dakota County Sheriff's Office are subject to immediate recall. Employees may also be subject to recall during extraordinary circumstances as deemed necessary by the Sheriff or the authorized designee.

Failure to promptly respond to an order to report for duty may result in discipline.

206.3 LOCATION OF MANUALS

The plan is available in Administration, the Patrol Sergeant's office and in the Emergency Preparedness Coordinator's Office.

206.4 PLAN REVIEW

The Emergency Preparedness Coordinator shall annually review the Emergency Operation Plan and recommend updates when applicable. All Office letterhead shall bear the signature element of the Sheriff. Official correspondence and use of letterhead requires approval of a supervisor. Office letterhead may not be used for personal use or purposes.

Internal correspondence should use appropriate memorandum forms. These may be from line employee to employee, supervisor to employee or any combination of employees.

216.1.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, a deputy may be used as a field supervisor in place of a field sergeant.

With prior authorization from the Patrol Commander, a deputy may act as the field supervisor for a limited period of time, consistent with the terms of applicable collective bargaining agreements.

Permit to Carry a Pistol

The applicant will be notified within 30 days of the application whether the permit is issued or denied (Minn. Stat. § 624.714 Subd. 6). Failure to notify the applicant of a denial within the 30 days shall constitute issuance of the permit to carry.

The permit shall be issued to the applicant unless a substantial likelihood exists that he/she is a danger to themselves or the public, he/she is not qualified to possess a handgun pursuant to state or federal law or is not otherwise qualified to obtain a permit. Upon issuing a permit the Office shall provide a laminated permit card to the applicant by first class mail or personal delivery and submit the information to the Commissioner of Public Safety within five business days.

If the application is denied, the Office shall send the applicant written notification justifying the denial, which includes the source of the justification. The Office shall inform the applicant of his/her right to submit additional documentation in support of the application and the right to seek judicial review.

An applicant whose application for a permit is denied may seek judicial review by filing a petition in the district court for the county in which the application was submitted (Minn. Stat. § 624.714 Subd. 12).

218.3.1 ADDITIONAL STATE REQUIREMENTS

An applicant should not be denied a permit based solely on the applicant's participation in the medical cannabis registry program or if the applicant is of legal age and uses adult-use cannabis or other legal cannabis-related products (Minn. Stat. § 624.7152).

218.4 EMERGENCY PERMIT

A Sheriff may issue an emergency permit valid for 30 days if a determination is made that the person is in an emergency situation that may constitute an immediate risk to the safety of the person or to someone residing in the person's household (Minn. Stat. § 624.714 Subd. 11a).

218.5 SUSPENDING APPLICATION OR PERMIT

An application or permit to carry a pistol may be suspended by a district court as a condition of release following arrest for a crime against a person, and the issuing Sheriff will be notified (Minn. Stat. § 624.714 Subd. 12a).

218.6 VOIDING OR REVOKING PERMIT

The permit to carry becomes void if the holder becomes prohibited by law from possessing a firearm. If the Sheriff has knowledge that a permit is void, the Sheriff must give notice to the permit holder in writing (Minn. Stat. § 624.714 Subd. 8). When a permit holder is convicted of an offense that prohibits the person from possession of a firearm, the court must take possession of the permit if it is available and deliver it to the Sheriff.

The Sheriff may file a petition with the district court for an order to revoke the permit on the grounds that there is a substantial likelihood that the person is a danger to him/herself or to the public if he/she is authorized to carry a pistol under permit. The court shall issue an order revoking the permit if the Sheriff proves such danger by clear and convincing evidence.

A permit holder whose permit was revoked may seek a judicial review by filing a petition in the district court for the county in which the application was submitted (Minn. Stat. § 624.714 Subd. 12).

218.7 APPLICATION FOR RENEWAL

If a permittee wishes to renew the pistol permit, the permit may be renewed no earlier than 90 days prior to the expiration date in the same manner and under the same criteria the original permit was obtained (Minn. Stat. § 624.714 Subd. 7). The Sheriff shall issue a renewal if all statutory provisions are met.

The permittee must successfully retake an approved firearms course within one year of applying for the renewal permit (Minn. Stat. § 624.714 Subd. 2a).

Firearm permittees, other than peace officers, are prohibited from carrying firearms within the following locations:

- (e) Public colleges and universities following implementation of a policy restricting the carrying or possession of firearms on their premises by employees and students while on campus. However, under Minn. Stat. § 624.714, Subd. 18 such prohibitions apply only to faculty and students. A violation of such restrictions by a person with a carry permit is not an arrestable offense and only subjects the violator to administrative sanctions.
- (f) Private establishments that have posted a sign banning firearms on their premises, provided the posting meets the requirements of Minn. Stat. § 624.714, Subd. 17.
- (g) Private establishments whose personnel inform the permit holder that firearms are prohibited and demand compliance. This provision is violated only after the permit holder refuses to depart the premises.
- (h) Places of employment, public or private, if the employer restricts the carrying or possession of firearms by employees. A violation of such restrictions by a person with a carry permit is not an arrestable offense and only subjects the violator to administrative sanctions.
- (i) State correctional facilities or state hospitals and grounds (Minn. Stat. § 243.55).
- (j) Any jail, lockup, or correctional facility (Minn. Stat. § 641.165).

- (k) Offices and courtrooms of the Minnesota Supreme Court and Court of Appeals as established by order of the court. Violation of such a ban by a permit holder may be enforced as civil or criminal contempt of court but is not a violation of the carry permit law.
- (l) In a field while hunting big game by archery unless permitted by Department of Natural Resources regulations. (Minn. Stat. § 97B.211; Minn. Stat. § 97B.411).
- (m) In federal court facilities or other federal facilities (18 USC § 930).
- (n) In Dakota County court facilities as ordered by the Dakota County Chief Judge.

Pistol permittees are required to comply with notices requiring presentation of the permit upon demand of a peace officer when carrying a firearm.

218.9 RECOGNITION OF PERMITS FROM OTHER STATES

A person who possesses a firearms permit from another state that is on the annual list of states with firearm regulations similar to Minnesota, published by the Commissioner of Public Safety, and that has reciprocity to carry a firearm in Minnesota has lawful authority to carry a pistol in Minnesota. The permit issued from another state is not valid if the holder is or becomes prohibited by law from possessing a firearm. The Sheriff may file a petition with the appropriate court to suspend or revoke a license from another state when there is a substantial likelihood that the license holder is a danger to him/herself or the public (Minn. Stat. § 624.714, Subd. 16)

Handgun Purchase and Transfer Permit

222.1 APPLICATION PROCESS

To apply for a permit to purchase or transfer a pistol, the applicant must complete and submit a signed and dated Minnesota Uniform Firearm Application/Receipt to the Office (Minn. Stat. § 624.7131, Subd. 1). These forms shall be freely available to members of the community at locations determined by the Sheriff. Applications are also available on the internet (Minn. Stat. § 624.7131, Subd. 3).

Incomplete applications are not suitable for processing and may not be accepted.

The Office shall provide the applicant a dated receipt upon the presentation of the application (Minn. Stat. § 624.7131, Subd. 1).

222.2 INVESTIGATION

The Office shall conduct an investigation of the applicant to determine if he/she is eligible for a permit (Minn. Stat. § 624.7131, Subd. 2). The investigation shall include no less than:

- (a) A check of criminal histories, records, and warrants regarding the applicant through Minnesota crime information systems, the national criminal record repository, and the National Instant Criminal Background Check System.
- (b) A reasonable effort to check other available state and local record-keeping systems.
- (c) A check for any commitment history through the Minnesota Department of Human Services of the applicant.

222.3 GROUNDS FOR DISQUALIFICATION

The Sheriff shall deny a permit to an applicant when the applicant is prohibited by state or federal law from possessing a pistol or semiautomatic military-style assault weapon, determined to be a danger to themselves or the public when in possession of a firearm, or listed in the criminal gang investigative data system (Minn. Stat. § 624.7131, Subd. 4).

222.4 GRANTING OR DENIAL OF PERMIT

The Sheriff shall issue a transferee permit or deny the application within 30 days of application for the permit. The permits and their renewal shall be granted free of charge (Minn. Stat. § 624.7131, Subd. 5).

The Sheriff shall provide an applicant with written notification of a denial and the specific reason for the denial (Minn. Stat. § 624.7131, Subd. 5).

When the refusal to grant a permit is due to a substantial likelihood that the applicant is a danger to themselves or the public when in possession of a firearm, the written notification shall provide the specific factual basis justifying the denial, including the source, and inform the applicant that they may submit additional documentation within 20 business days (Minn. Stat. § 624.7131, Subd. 4).

Upon receipt of additional documentation, the Sheriff shall reconsider the denial and inform the applicant within 15 business days of the result of the reconsideration. A notice of denial after reconsideration must be in the same form and substance as the original denial, specifically address any continued deficiencies, and inform the applicant of the right to judicial review of the denial (Minn. Stat. § 624.7131, Subd. 4).

A permit holder whose permit was denied may seek a judicial review by filing a petition in the district court for the county in which the application was submitted (Minn. Stat. § 624.7131, Subd. 8).

222.5 VOIDING OR REVOKING PERMIT

The permit becomes void at the time that the holder becomes prohibited from possessing or receiving a pistol under Minn. Stat. § 624.713, in which event the holder is required to return the permit within five days to the Office.

The Sheriff shall revoke a permit once they become aware the permit holder is ineligible to possess firearms and shall provide the holder with written notice (Minn. Stat. § 624.7131, Subd. 7).

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this office is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Minn. Stat. § 626.8452).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Bodily Harm: Physical pain or injury

Great Bodily Harm: Bodily injury which creates a high probability of death, or causes serious, permanent disfigurement, or which causes a permanent or protracted loss or impairment of the function of any bodily member or organ or other serious bodily harm.

Deadly Force: Force used by a deputy that the deputy knows, or reasonably should know, creates a substantial risk of causing death or great bodily harm. The intentional discharge of a firearm in the direction of another person, or at a vehicle in which another person is believed to be, constitutes deadly force.

De-Escalation: Taking action or communicating verbally or non-verbally during a potential force encounter in an attempt to stabilize the situation and reduce the immediacy of the threat so that more time, options, and resources can be called upon to resolve the situation without the use of force or with a reduction in the force necessary. De-escalation may include the use of such techniques as command presence, advisements, warnings, verbal persuasion, and tactical repositioning.

Feasible: Reasonably capable of being done or carried out under circumstances to successfully achieve the arrest or lawful objective without increasing risk to the deputy or another person.

Force: The application of physical techniques or tactics, control devices, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Imminent: Ready to take place: impending. Note that imminent does not mean immediate or instantaneous.

Totality of the Circumstances: All facts and circumstances known to the deputy at the time, taken as a whole, including the conduct of the deputy and the subject leading up to the use of force.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Use of Force

300.2 POLICY

It is the policy of this Office to ensure deputies respect the sanctity of human life when making decisions regarding use of force. Sworn law enforcement officers have been granted the extraordinary authority to use force when necessary to accomplish lawful ends. **Deputies shall treat everyone with dignity and without prejudice and use only the force that is objectively reasonable to effectively bring an incident under control, while protecting the safety of others and the deputy.**

300.2.1 DUTY TO INTERCEDE AND REPORT

Regardless of tenure and rank, any deputy present and observing another law enforcement official using force that the deputy knows or reasonably should know is beyond that which is objectively reasonable under the circumstances shall immediately intercede when physically or verbally able to do so. Additionally, the deputy shall promptly report these observations to their immediate supervisor, or another supervisor if their immediate supervisor was involved. This notification will take place prior to the end of the deputy's current shift. Failure to intercede and report will result in disciplinary action.

300.3 USE OF FORCE

Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Deputies should exercise special care when interacting with individuals with known physical, mental health, developmental, or intellectual disabilities as an individual's disability may affect the individual's ability to understand or comply with commands from peace officers.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Office. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Use of Force

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, deputies shall use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).

300.3.2 USE OF OTHER THAN DEADLY FORCE

A deputy may use reasonable force (Minn. Stat. § 609.06 and Minn. Stat. § 629.33):

- (a) In effecting a lawful arrest.
- (b) In the execution of a legal process.
- (c) In enforcing an order of the court.
- (d) In executing any other duty imposed by law.
- (e) In preventing the escape, or to retake following the escape, of a person lawfully held on a charge or conviction of a crime.
- (f) In restraining a person with a mental illness or a person with a developmental disability from self-injury or injury to another.
- (g) When used by a public or private institution providing custody or treatment against one lawfully committed to it to compel compliance with reasonable requirements for the control, conduct, or treatment of the committed person
- (h) In self-defense or defense of another.

A deputy who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance of the person being arrested; nor shall such deputy be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest or to prevent escape or to overcome resistance.

300.3.3 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether a deputy has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to deputies or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the deputy at the time.
- (c) Deputy/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies available vs. subjects).
- (d) The effects of suspected drug or alcohol use.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Use of Force

- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with deputy commands.
- (g) Proximity of weapons or dangerous improvised devices.

The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.

- (a) The availability of other reasonable and feasible options and their possible effectiveness (Minn. Stat. § 626.8452).
- (b) Seriousness of the suspected offense or reason for contact with the individual.
- (c) Training and experience of the deputy.
- (d) Potential for injury to deputies, suspects, and others.
- (e) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the deputy.
- (f) The risk and reasonably foreseeable consequences of escape.
- (g) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (h) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.
- (i) Prior contacts with the individual or awareness of any propensity for violence.
- (j) Lighting (ie: daylight / darkness)
- (k) Any other exigent circumstances.

300.3.4 HARD EMPTY HAND TECHNIQUES

Protracted hand-to-hand combat may be harmful to the public safety, the safety of law enforcement personnel, and the safety of the person being arrested or captured. Accordingly, it shall be deemed reasonable for deputies to use that type and degree of reasonable force necessary to bring a subject whom the deputy intends to arrest or capture quickly under control.

Hard empty hand techniques are those that are designed to distract, displace the balance of, or temporarily incapacitate a subject. Hard empty hand techniques can be applied with empty hands by the use of take-downs (that have the potential to cause injury), punches, kicks, elbow or knee strikes, and pain compliance techniques. Deputies may only apply those pain compliance techniques for which they have successfully completed office-approved training. When hard empty hand techniques are used, there is the likelihood that the result will be a minimum of bodily harm where there is pain, injury, or impairment of physical condition. Hard empty hand techniques are generally used in response to levels of resistance which could cause harm to the deputy or another.

300.4 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Deputies may only apply those pain compliance techniques for which they have

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Use of Force

successfully completed office-approved training. Deputies utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the deputy.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the deputy determines that compliance has been achieved.

300.5 DEADLY FORCE APPLICATIONS

When reasonable, the deputy shall, prior to the use of deadly force, make efforts to identify as a peace officer and to warn that deadly force may be used, unless the deputy has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified only if an objectively reasonable deputy would believe, based on the totality of the circumstances known to the deputy at the time and without the benefit of hindsight, that such force is necessary (Minn. Stat. § 609.066):

- (a) To protect the deputy or another from death or great bodily harm.
- (b) To effect the arrest or capture, or prevent the escape, of an individual whom the deputy knows or has reasonable grounds to believe has committed or attempted to commit a felony and the deputy reasonably believes that the person will cause death or great bodily harm to another person unless immediately apprehended.

In both scenarios, the use of deadly force is only authorized provided that the threat (Minn. Stat. § 609.066):

- Can be articulated with specificity.
- Is reasonably likely to occur absent action by the deputy.
- Must be addressed through the use of deadly force without unreasonable delay.

A deputy shall not use deadly force against an individual based on the danger the individual poses to self unless the use of deadly force is justified (Minn. Stat. § 609.066).

300.6 USE OF FORCE TO SEIZE EVIDENCE

In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, deputies should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Deputies are encouraged to use techniques and methods taught by the Dakota County Sheriff's Office for this specific purpose.

300.7 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Based upon the deputy's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another deputy and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling deputy shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple deputies to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Deputies who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage aw

300.8 REPORTING THE USE OF FORCE

Incident reports and the Supplemental Response to Resistance Form will be completed for the following:

- If there is observed, suspected or reported injury and the use of force did not rise above the level of soft empty hand, only an incident report will be completed.

Members of this office shall document promptly, completely and accurately in an appropriate report. The deputy should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Office may require the completion of additional report forms, as specified in office policy, procedure or law.

300.9 NOTIFICATION TO SUPERVISORS

Supervisory notification shall be made as soon as practical following the application of force in any circumstances.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Use of Force

300.10 STATE REPORTING REQUIREMENTS

The Sheriff or designee shall provide for:

- (a) The filing of a report with the Bureau of Criminal Apprehension (BCA) on a monthly basis and in the form required by BCA (Minn. Stat. § 626.5534).
- (b) The collection and submission of data as required by Minn. Stat. § 626.8457 and consistent with the use of force reporting requirements as determined by POST (Minn. Stat. § 626.8457).

300.11 SUPERVISOR RESPONSIBILITY

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved deputies. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) Ensure that recorded statements from the suspect and witnesses are obtained. The fact that a recorded interview was conducted should be documented in a report and the recording should be retained until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Ensure that deputies identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.12 TRAINING

Deputies will receive training on this policy, including the learning objectives as provided by POST, at least annually (Minn. Stat. § 626.8452, Subd. 3).

300.13 SHOOTING AT OR FROM MOVING VEHICLES

A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others.

Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle.

Use of Force Review

302.1 PURPOSE AND SCOPE

This policy establishes a process for the Dakota County Sheriff's Office to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY

The Dakota County Sheriff's Office will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENTS

Generally, whenever an employee's actions or use of force in an official capacity, or while using office equipment, results in death or very serious injury to another, that employee may be placed in a temporary administrative assignment pending an administrative review. The Sheriff may exercise discretion and choose not to place an employee in an administrative assignment in any case.

302.4 USE OF FORCE REVIEW BOARD

The Use of Force Review Board will convene when the use of force, as defined in 300.1.1, is used by a member of this office. The board will consist of the Administrative Services Captain, who will serve as chairperson, as well as all active licensed and correctional Use of Force Instructors.

The Use of Force Review Board is empowered to conduct an administrative review of an incident. The board does not have the authority to recommend discipline. The review is conducted in an effort to ensure training and equipment needs are met and standard operating procedures and policies are in line with statutory requirements, case law and best practices.

Prior to submission to the Use of Force Review Board, the Administrative Services Captain as well as the Division Captain of the involved employee(s) will review the incident to determine if there are any potential criminal and/or policy violations. In those cases, the review may be delayed or not submitted to the Use of Force Review Board.

The board shall assess the following and make recommendations to the chairperson:

- Is there a need for additional training and/or coaching?
- Is there a need for additional equipment?
- Is there a need to modify standard operating procedures and/or policies?

The chairperson will submit the documented findings and/or recommendation to the Sheriff's Command Staff.

Control Devices

308.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Dakota County Sheriff's Office authorizes deputies to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this office only if the device has been issued by the Office or approved by the Sheriff or the authorized designee.

Only deputies who have successfully completed office-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, deputies should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 INSTRUCTOR RESPONSIBILITIES

Use of Force Training Instructors shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the the designated instructor for a particular control device. The inspection shall be documented.

308.4.2 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the appropriate office instructor for disposition. Damage to County property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

Dakota County Sheriff's Office

308.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys, and groin should not be intentionally targeted except when the deputy reasonably believes the use of deadly force is appropriate. See the Use of Force Policy for additional guidance.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 GUIDELINES FOR USE OF CHEMICAL AGENTS/CROWD CONTROL

In addition to the use of chemical agent as needed to control or defend against the actions of a subject, chemical agents may be used on a larger scale for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Incident Commander (including Sergeant, Captain, or Commander in command of the scene) may authorize the delivery and use of chemical agents in these specific instances, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of chemical agents to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 CHEMICAL AGENT (CS/OC AND OC) GUIDELINES

308.7.1 CS/OC AND/OR OC SPRAY

Uniformed personnel carrying CS/OC and/or OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry CS/OC and /or OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine, or groin. Therefore, personnel deploying a pepper projectile system should not intentionally target those areas, except when the deputy reasonably believes the use of deadly force is appropriate. See the Use of Force Policy for additional guidance.

Deputies encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Control Devices

appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.3 TREATMENT FOR CHEMICAL SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of a chemical agent should be provided with fresh air and/or clean water to cleanse the affected areas as soon as practical. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE

Whenever CS/OC, OC, and/or CS have been introduced into a residence, building interior, vehicle or other enclosed area, deputies should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that cleanup will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.8.1 DEPLOYMENT

Only office-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Deputies are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved deputy determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and deputies takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or deputies.
- (c) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.8.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the deputy should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Control Devices

- (e) The location of the subject.
- (f) The subject's size and overall body composition.
- (g) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other deputies and individuals that the device is being deployed.

Deputies should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, deputies are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head, neck, groin, upper torso (front), and spine should not be intentionally targeted, except when the deputy reasonably believes the suspect poses an imminent threat of great bodily harm or death to the deputy or others.

308.8.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Deputies assigned these shotguns will inspect the shotgun periodically to ensure that it is in proper working order and loaded only with approved projectiles.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES

This office is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.10 TRAINING FOR CONTROL DEVICES

The Use of Force Instructors shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary. Deputies will receive training on the use of issued control devices and this policy, including the learning objectives as provided by POST, at least annually (Minn. Stat. § 626.8452, Subd. 3).

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the deputy's training file.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Control Devices

- (c) Deputies who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If a deputy cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the deputy will be restricted from carrying the control device and may be subject to discipline.

Conducted Energy Device

309.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy device (CED).

309.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to deputies and suspects.

309.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed office-approved training may be issued and may carry the CED.

The Rangemaster should keep a log of issued CED devices and the serial numbers of cartridges/magazines issued to members.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the office inventory.

Deputies shall only use the CED and cartridges/magazines that have been issued by the Office. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed deputies who have been issued the CED shall wear the device in an approved holster.

Members carrying the CED should perform a spark test on the unit once per work week.

Deputies who carry the CED while in uniform shall carry it in a holster on the side opposite the duty weapon. Cross draw holsters are not allowed.

- (a) All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) For single-shot devices, whenever practicable, deputies should carry an additional cartridge on their person when carrying the CED.
- (c) Deputies should not hold a firearm and the CED at the same time.

Non-uniformed deputies may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

309.3.1 USER RESPONSIBILITIES

Deputies shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the deputy's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Rangemaster for disposition. Deputies shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

309.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances.

The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other deputies and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with a deputy's lawful orders and it appears both reasonable and feasible under the circumstances, the deputy may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the deputy deploying the CED in the related report.

309.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, deputies should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, a deputy designated as lethal cover for any deputy deploying a CED may be considered for officer safety.

309.5.1 APPLICATION OF THE CED

The CED may be used when the circumstances reasonably perceived by the deputy at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm deputies, themselves, or others.

Mere flight from a pursuing deputy, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject, or others, and the deputy reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Conducted Energy Device

- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CED capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between deputies and the subject, thereby giving deputies time and distance to consider other force options or actions.

309.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, deputies should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE CED

Once a deputy has successfully deployed two probes on the subject, the deputy should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors deputies may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the deputy must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

309.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Deputies should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, deputies shall notify a supervisor any time the CED has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Conducted Energy Device

be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

309.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

309.5.7 OFF-DUTY CONSIDERATIONS

Deputies are not authorized to carry office CEDs while off-duty.

Deputies shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

309.6 DOCUMENTATION

Deputies shall document all CED discharges in the related arrest/crime reports and the CED report forms. Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the CED report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Arcing the device, other than for testing purposes, will be documented on the incident report. Data downloads from the CED after use on a subject should be done as soon as practicable using a office-approved process to preserve the data.

309.6.1 CED REPORT FORM

As applicable based on the device type, items that shall be included in the CED report form are:

- (a) The brand, model, and serial number of the CED and any cartridge/magazine.
- (b) Date, time, and location of the incident.
- (c) Whether any warning, display, laser, or arc deterred a subject and gained compliance.
- (d) The number of probes deployed, CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the CED was used.
- (f) The type of mode used (e.g., probe deployment, drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any deputies sustained any injuries.

The Administrative Captain should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Administrative Captain should also conduct audits of CED device data downloaded to an approved location and reconcile CED report forms with

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Conducted Energy Device

recorded activations. CED information and statistics, with identifying information removed, should periodically be made available to the public.

309.6.2 REPORTS

The deputy should include the following in the incident report:

- (a) Identification of all personnel firing TASERS
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication, or other medical problems

309.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or deputies trained in probe removal and handling should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another deputy and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting deputy shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Conducted Energy Device

309.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was deployed.

A supervisor should review each incident where a person has been exposed to a CED. The device's internal logs should be downloaded by a supervisor or qualified CED instructor and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

309.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial office-approved training. Any personnel who have not carried the CED as a part of their assignments for a period of six months or more shall be recertified by a qualified CED instructor prior to again carrying or using the device.

Personnel who have been issued CEDs will receive training on this policy, including the learning objectives as provided by POST, at least annually (Minn. Stat. § 626.8452, Subd. 3).

A reassessment of a deputy's knowledge and/or practical skills may be required at any time, if deemed appropriate, by a supervisor or qualified CED instructor. All training and proficiency for CEDs will be documented in the deputy's training files.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Deputies who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with deputies who use the device.

The supervisor or qualified CED instructor is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injuries and should not be mandatory for certification.

The supervisor or qualified CED instructor should include the following training:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak hand draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin.
- (e) Scenario-based training, including virtual reality training when available.

- (f) Handcuffing a subject during the application of the CED and transitioning to other force options.
- (g) De-escalation techniques.
- (h) Restraint techniques that do not impair respiration following the application of the CED.
- (i) Proper use of cover and concealment during deployment of the CED for purposes of officer safety.
- (j) Proper tactics and techniques related to multiple applications of CEDs.

Electronic Restraints

310.1 PURPOSE AND SCOPE

This policy establishes guidelines for the application, supervisory oversight and restrictions on the use of electronic restraints on persons incarcerated in this facility, during transportation of inmates and during court appearances.

310.2 POLICY

The Dakota County Sheriff's Office allows the use of office-issued electronic restraints as provided in this policy.

310.3 DEPUTY RESPONSIBILITIES

Deputies shall successfully complete office-approved training prior to using any electronic restraint device. Only office-issued electronic restraint devices shall be used.

Deputies should perform a function test on the device prior to placing it on an inmate. The Supervisor shall ensure that all electronic restraint devices are properly maintained and in good working order.

When an electronic restraint device is used during a court appearance, the deputy should inform the court that an inmate with an electronic restraint device is present. The deputy should briefly explain the operation of the device to the judge.

310.4 VERBAL WARNING

A verbal warning of the intended use of the electronic restraint device should precede its application, unless it would otherwise endanger the safety of staff members or when it is not practicable due to the circumstances. The warning is intended to provide the inmate with an opportunity to comply. The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the member deploying the device.

310.5 APPLICATION

Prior to applying the electronic restraint device to an inmate, the deputy should describe its operation and caution the inmate about behaviors that may result in its activation.

Although the electronic restraint device is generally effective in controlling most inmates, deputies should be aware that it may not achieve the intended result, and that they should be prepared with other options.

The electronic restraint device may be used in the following circumstances, when the circumstances perceived by the deputy at the time indicate that such application is reasonably necessary to:

- (a) Prevent self-injury, suicide, escape, injury to others or property damage.
- (b) Control the behavior of a high-risk inmate who is being moved outside a cell or housing unit or transported outside the facility.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Electronic Restraints

310.5.1 MULTIPLE APPLICATIONS

Deputies should activate the electronic restraint device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of an electronic restraint device or for more time than is necessary to control the inmate are generally not recommended and should be avoided unless the deputy reasonably believes that the need to control the inmate outweighs the potentially increased risk posed by multiple applications.

If the first application of the electronic restraint device appears to be ineffective in gaining control of an inmate, the deputy should consider certain factors before additional applications, including whether the inmate has the ability to comply and has been given a reasonable opportunity to comply.

310.5.2 SPECIAL CONSIDERATIONS

The use of the electronic restraints on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject or others, and the deputy reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, etc.).

Because the application of the electronic restraint device relies primarily on pain compliance, its use generally should be limited to a technique to gain separation between the deputy and the inmate, or to disrupt an inmate's violent or unruly behavior, thereby giving members time and/or distance to consider other force options or actions.

The electronic restraint device shall not be used to psychologically torment, elicit statements, retaliate against or punish any inmate.

310.6 DOCUMENTATION

Deputies shall document each incident where electronic restraints are placed on an inmate or are activated. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional activations will also be documented.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Electronic Restraints

310.7 MEDICAL TREATMENT

All inmates who have been subjected to the electric discharge of an electronic restraint device should have the contact site medically assessed before further incarceration.

Additionally, any inmate who falls under any of the following categories should, as soon as practicable, be examined by a qualified health care professional:

- (a) The inmate is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The inmate may be pregnant.
- (c) The inmate reasonably appears to be in need of medical attention.
- (d) The inmate requests medical treatment.

If any inmate refuses medical attention, such a refusal should be witnessed by another staff member and/or medical personnel and shall be fully documented. If an audio recording is made of the contact or an interview with the inmate, any refusal should be included, if possible.

Deputies shall inform any person providing medical care or receiving custody that the inmate has been subjected to the activation of an electronic restraint device.

310.8 SUPERVISOR RESPONSIBILITIES

Supervisor approval is necessary before an electronic restraint device is placed on an inmate. A supervisor should respond to all incidents where an electronic restraint device was activated.

A supervisor should review each incident where an inmate has been exposed to an activation of an electronic restraint device. Any onboard memory should be downloaded by a supervisor and retained with the inmate's file.

Photographs of contact sites should be taken and witnesses interviewed.

310.9 TRAINING

Training should consist of recommendations made by the particular device manufacturer or any state requirements.

Officer-Involved Shootings and Deaths

311.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action of a deputy.

In other incidents not covered by this policy, the Sheriff may decide that the investigation will follow the process provided in this policy.

311.2 CONTROL OF INVESTIGATIONS

Investigators from an outside agency may be requested to assist with the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer. If an outside agency is requested, a liaison should be assigned to assist the outside agency with details and investigative needs.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

311.2.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Dakota County Sheriff's Office would control the investigation if the suspect's crime occurred in the Dakota County Sheriff's Office patrol area.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Sheriff and with concurrence from the other agency.

311.2.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved deputy's conduct during the incident will be determined by the employing agency's protocol. When a deputy from this office is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this office to investigate a shooting or death involving an outside agency's officer shall be referred to the Sheriff or the authorized designee for approval.

311.2.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

Officer-Involved Shootings and Deaths

311.2.4 POST ADMINISTRATIVE INVESTIGATIONS

The Minnesota POST Board may require an administrative investigation based on a complaint alleging a violation of a statute or rule that the board is empowered to enforce. An officer-involved shooting may result in such an allegation. Any such complaint assigned to this office shall be completed and a written summary submitted to the POST executive director within 30 days of the order for inquiry (Minn. Stat. § 214.10, Subd. 10).

311.3 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

311.3.1 UNINVOLVED DEPUTY RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved DCSO deputy will be the deputy-in-charge and will assume the responsibilities of a supervisor until properly relieved. This deputy should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Office or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

311.3.2 SUPERVISOR RESPONSIBILITIES

- (a) Upon arrival at the scene, the first uninvolved DCSO supervisor should ensure completion of the duties as outlined above, plus:
 - (a) In the event that there are no uninvolved deputies who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved deputy.
- (c) If necessary, the supervisor may administratively order any DCSO deputy to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 - (a) Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 - (b) The initial on-scene supervisor should not attempt to order any involved deputy to provide any information other than public safety information.
- (d) Provide all available information to the Watch Commander and Dispatch. If feasible, sensitive information should be communicated over secure networks.

- (e) Take command of and secure the incident scene with additional DCSO members until properly relieved by another supervisor or other assigned personnel or investigator.
- (f) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 - (a) Each involved DCSO deputy should be given an administrative order not to discuss the incident with other involved officers or DCSO members pending further direction from a supervisor.
 - (b) When an involved deputy's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other deputies.
 - (c) Each shooter deputy should have a peer assigned to them to ensure their immediate needs are met. This includes when practical at the scene and by providing transportation to the determined interview location. The peer should stay with them until they are relieved by union or legal representation. The peer shall not discuss the incident with the shooter deputy.

311.3.3 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Sheriff's Office Command Staff
- Outside agency investigators (if appropriate)
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)
- The involved deputy's family

311.3.4 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.
 - 1. Involved DCSO deputies shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
 - 2. Requests from involved non-DCSO officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information.

- (d) A licensed psychotherapist shall be provided by the Office to each involved DCSO deputy. A licensed psychotherapist may also be provided to any other affected DCSO members, upon request.
 - 1. Interviews with a licensed psychotherapist will be considered privileged.
 - 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, the involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 - 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Communications between the involved deputy and a peer support member, peer support counselors, and critical incident stress management team members are addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved DCSO deputy shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Division Commander to make schedule adjustments to accommodate such leave.

311.4 CRIMINAL INVESTIGATION

The County Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting involving injury or death.

If available, investigative personnel from this office may be assigned to partner with investigators from outside agencies or the County Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- (a) DCSO supervisors and Internal Investigations personnel should not participate directly in any voluntary interview of DCSO deputies. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of the deputy's choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally, or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration

Dakota County Sheriff's Office

Dakota County SO Policy Manual

should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

311.4.1 REPORTS BY INVOLVED DCSO DEPUTIES

In the event that suspects remain outstanding or subject to prosecution for related offenses, this office shall retain the authority to require involved DCSO deputies to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

A determination will be made by the investigating agency whether involved deputies will be interviewed or asked to complete an Incident Report. If interviewed in lieu of a report, reports will be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved DCSO deputy of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

311.4.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Office.

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

311.4.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigations supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Office detectives will be assigned to work with investigators from the County Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the County Attorney's Office.

All related office reports, except administrative and/or privileged reports, will be forwarded to the designated Investigations supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

311.5 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this office will conduct an internal administrative investigation of involved DCSO deputies to determine conformance with office policy. This investigation will be conducted under the supervision of the Captain of Investigations and will be considered a confidential deputy personnel file.

Interviews of members shall be subject to office policies and applicable laws (Personnel Complaints Policy; Minn. Stat. § 626.89).

- (a) Any deputy involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening in accordance with the drug and alcohol testing guidelines in the Drug- and Alcohol-Free Workplace Policy adopted under the authority of Minn. Stat. § 181.950 to Minn. Stat. § 181.957. Absent consent from the deputy, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any deputy has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved deputy.
 1. If a further interview of the deputy is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved deputy shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved deputy has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

Officer-Involved Shootings and Deaths

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the deputy's physical and psychological needs have been addressed before commencing the interview.
2. The interview must be taken at the DCSO or at a place agreed to by the interviewer and the involved deputy.
3. The interview must be of reasonable duration and provide the involved deputy reasonable periods for rest and personal necessities. When practicable, the interview must be held during the involved deputy's regularly scheduled work shift. If not, the involved deputy must be compensated at his/her current pay rate.
4. If requested, the deputy shall have the opportunity to select an uninvolved representative or an attorney, or both, to be present during the interview. However, in order to maintain the integrity of each individual deputy's statement, involved deputies shall not consult or meet with a representative collectively or in groups prior to being interviewed.
5. Administrative interviews shall be recorded electronically or otherwise by the investigator. The deputy may also record the interview. A complete copy or transcript of the interview must be provided to the involved deputy upon written request without charge or undue delay.
6. The deputy shall be informed of the nature of the investigation. If a deputy refuses to answer questions, he/she should be given his/her Garrity rights and ordered to provide full and truthful answers to all questions. The deputy shall be informed in writing or on the record that the interview will be for administrative purposes only and that the statement cannot be used criminally.
7. The Internal Investigations shall compile all relevant information and reports necessary for the Office to determine compliance with applicable policies.
8. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

311.6 CIVIL LIABILITY RESPONSE

A member of this office may be assigned to work exclusively under the direction of the legal counsel for the Office to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

311.7 AUDIO AND VIDEO RECORDINGS

Any deputy involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Officer-Involved Shootings and Deaths

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn video, and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the Sheriff or designee, investigating agency, prosecuting attorney or County Attorney's Office, as appropriate.

311.7.1 AUDIO AND VIDEO RECORDINGS OF USE OF FORCE INCIDENTS INVOLVING DEATHS OF INDIVIDUALS

When a person dies as a result of the use of force by a deputy, the Office shall allow certain individuals as identified in Minn. Stat. § 13.825, upon request, to inspect all portable recording system data that documents the incident within five days of the request and pursuant to the provisions of Minn. Stat. § 13.825.

311.8 DEBRIEFING

Following an officer-involved shooting or death, the Dakota County Sheriff's Office should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

311.8.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Sheriff or designee should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

311.9 MEDIA RELATIONS

Any media release will be approved by the Sheriff or designee and should be prepared with input from the agencies directly involved.

No involved DCSO deputy shall make any comment to the media unless he/she is authorized by the Sheriff or designee .

Office members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

311.10 REPORTING

If a deputy discharges a firearm in the course of duty, the Sheriff shall notify the Commissioner of Public Safety within 30 days of the reason for and the circumstances surrounding the discharge of the firearm (Minn. Stat. § 626.553).

Firearms

313.1 PURPOSE AND SCOPE

This policy only applies to those members who are authorized to carry firearms.

313.1.1 AUTHORIZATION TO CARRY FIREARMS

313.2 POLICY

The Office will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

313.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Members shall only use firearms that are issued or approved by the Office and have been thoroughly inspected by the Rangemaster. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized office range.

This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

313.3.1 HANDGUNS

The authorized office-issued handgun is the Glock. The following office-issued handguns are approved for on-duty and off-duty use with the addition of those approved under policies 313.3.4 and 313.3.5:

- (i) When armed, deputies shall carry their badges and Dakota County Sheriff's Office identification cards under circumstances requiring possession of such identification.

313.3.7 AMMUNITION

Deputies shall carry only office-authorized ammunition. Deputies shall be issued fresh duty ammunition in the specified quantity for all office-issued firearms during the member's firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Office shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Deputies carrying personally owned authorized firearms of a caliber differing from office-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense. Replacements for unserviceable or depleted ammunition issued by the Office shall be dispensed by the Rangemaster when needed, in accordance with established policy.

313.4 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

313.4.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Office or personally owned firearms that are approved for office use may be repaired or modified only by a person who is office-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

313.4.2 HOLSTERS

Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun. 313.4.3 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by a Rangemaster. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

313.4.4 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by a Rangemaster. Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

313.5 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.

Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.
- (f) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.
- (g) Any firearm authorized by the Office to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Office or a Rangemaster approved by the Office for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member's

primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

313.5.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition.

All Office-owned firearms shall be stored unloaded in the appropriate equipment storage room.

313.5.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit office-issued firearms to be handled by anyone not authorized by the Office to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability (Minn. Stat. § 609.666; Minn. Stat. § 609.378).

313.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the member's senses or judgment.

313.6 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete mandatory training and qualify with their primary duty firearms at each training session attended. Members will qualify with off-duty and secondary firearms at least once a year. Training and qualifications must be on an approved range course.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

313.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status or scheduling conflict, the lead firearms instructor shall notify in writing that deputy's immediate supervisor, as well as Sheriff's Office Administration, prior to the end of the required training or qualification period.

Those who are in attendance and fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training while at the range and allowed additional attempts to meet minimum standards or qualify as the daily training schedule allows.

Any member who fails to meet minimum standards or qualify after these attempts shall be notified in writing by the lead firearms instructor that they are subject to the following requirements:

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Firearms

- (a) Additional firearms training followed by an opportunity to meet minimum standards or qualify will be scheduled within 30 days. The training will focus on improving specific deficiencies to assist the member in demonstrating consistent firearm proficiency. The assigned firearms instructor will document all supplemental training.
- (b) Members who fail to meet minimum standards or qualify within 30 days will be temporarily re-assigned to modified-duty status until they are able to meet minimum standards or qualify. The terms of the modified-duty status will be outlined in a letter from the Administrative Services Captain.

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

313.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her supervisor or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

313.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, office members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

313.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize a domestic animal that is so badly injured that human compassion requires its removal from further suffering and where other

dispositions are impractical. Members do not need supervisory approval to euthanize a non-domesticated animal (ie. deer, raccoon) that is badly injured.

313.7.3 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

313.7.4 REPORTING FIREARMS DISCHARGE

The Sheriff shall notify the Commissioner of Public Safety within 30 days of an on-duty firearm discharge, except when the discharge is in the course of training or destruction of animals (described in this policy). The notification shall contain information concerning the reason for and circumstances surrounding the discharge (Minn. Stat. § 626.553).

313.8 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Administrative Captain after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-participation or non-qualification.

The range shall remain operational and accessible to office members during hours established by the Office.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this office to verify proper operation. The Rangemaster has the authority to deem any office-issued or privately owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until inspected and approved by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and retain documentation of the courses provided. Documentation shall include the qualifications of each instructor who provides the training and a description of the training provided. They shall also provide a list of each member who completes the training to the Senior Administrative Assistant for documentation of training attendance. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other pertinent records..

313.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to personnel who

intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

- (a) Deputies wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Office based on the law and published TSA rules.
- (b) Deputies must carry their Dakota County Sheriff's Office identification card, bearing the deputy's name, a full-face photograph, identification number, the deputy's signature, and the signature of the Sheriff or the official seal of the Office and must present this identification to airline officials when requested. The deputy should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver's license, passport).
- (c) The Dakota County Sheriff's Office must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the deputy's travel. If approved, TSA will send the Dakota County Sheriff's Office an NLETS message containing a unique alphanumeric identifier. The deputy must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Sheriff authorizing armed travel may also accompany the deputy. The letter should outline the deputy's need to fly armed, detail the itinerary, and include that the deputy has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Deputies must have completed the mandated TSA security training covering deputies flying while armed. The training shall be given by the office-appointed instructor.
- (f) It is the deputy's responsibility to notify the air carrier in advance of the intended armed travel. This notification can be accomplished by early check-in at the carrier's check-in counter.
- (g) Any deputy flying while armed should discreetly contact the flight crew prior to take-off and notify them of the deputy's assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The deputy must keep the firearm concealed on the deputy's person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Deputies should resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative, or other management representative of the air carrier.
- (j) Deputies shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

313.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time deputies of this office are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The deputy shall carry the deputy's Dakota County Sheriff's Office identification card whenever carrying such weapon.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Firearms

- (b) The deputy is not the subject of any current disciplinary action.
- (c) The deputy may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The deputy will remain subject to this and all other office policies (including qualifying and training).

Deputies are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base, or park. Federal authority may not shield a deputy from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide deputies with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicular pursuits require deputies to exhibit a high degree of common sense and sound judgment. Deputies must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing deputies (Minn. Stat. § 626.8458 Subd. 1).

314.1.1 PHILOSOPHY

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the risk to public safety created by vehicle pursuits, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a vehicle pursuit due to the risk involved. This includes circumstances where Office policy would permit the initiation or continuation of the pursuit. It is recognized that vehicle pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit (Minn. Stat. § 626.8458 Subd. 1).

Deputies must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Deputies conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable deputy would do under the circumstances. An individual's unreasonable desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement pursuit (Minn. Stat. § 626.8458 Subd. 2 (2)).

314.2 DEFINITIONS

Definitions related to this policy include:

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more law enforcement vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver intended to terminate the pursuit by causing the violator's vehicle to spin out and come to a stop.

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Vehicle Pursuits

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing a vehicle or other immovable object in the path of the violator's vehicle.

Spikes or tack strips - A device that extends across the roadway and is designed to puncture the tires of the pursued vehicle.

Vehicle pursuit - An event in which a peace officer initiates a vehicular stop and a driver resists the signal or order to stop by increasing speed, taking evasive action or otherwise refusing to stop the vehicle.

314.3 DEPUTY RESPONSIBILITIES

It is the policy of this office that an active vehicle pursuit shall be conducted with at least one flashing red warning lamp visible from the front and a siren that is sounded to warn pedestrians or other drivers (Minn. Stat. § 169.17 and Minn. Stat. § 169.68).

Operating an emergency vehicle in a pursuit with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons, and does not protect the driver from the consequences of a reckless disregard for the safety of others.

314.3.1 WHEN TO INITIATE A PURSUIT

Deputies are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle that has been given a signal to stop by a peace officer.

The following factors individually and collectively shall be considered in deciding whether to initiate or continue a pursuit (Minn. Stat. § 626.8458 Subd. 2(2)):

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to deputies, innocent motorists, and others
- (c) Apparent nature of the fleeing suspect (e.g., whether the suspect represents a serious threat to public safety)
- (d) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time
- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones), and the speed of the pursuit relative to these factors
- (f) The pursuing deputy's familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor, and the driving capabilities of the pursuing deputies under the conditions of the pursuit
- (g) Weather, traffic, and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Vehicle Pursuits

- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit
- (i) Vehicle speeds
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders, hostages)
- (k) Age of the suspect and occupants
- (l) Availability of other resources, such as aircraft assistance
- (m) The sheriff's unit is carrying passengers other than on-duty sheriff's deputies. Pursuits should not be undertaken with a prisoner in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the prisoner in transport. A unit containing more than a single prisoner should not participate in a pursuit.

314.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the deputy or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The above factors on when to initiate a pursuit are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Deputies and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves, and the public when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed above, the following factors should be considered when deciding whether to terminate a pursuit (Minn. Stat. § 626.8458 Subd. 2 (2)):

- (a) The distance between the pursuing deputies and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The deputy's pursuit vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuit vehicle suffers an emergency equipment failure that causes the vehicle to no longer qualify for emergency operation use.
- (e) Extended pursuits of violators for misdemeanors not involving abuse or risk of serious harm (independent of the pursuit) are discouraged.
- (f) Hazards to uninvolved bystanders or motorists.
- (g) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit,

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Vehicle Pursuits

deputies should strongly consider discontinuing the pursuit and apprehending the offender at a later time.

- (h) When directed to terminate the pursuit by a supervisor.
- (i) When radio communications are broken or inadequate.
- (j) When the danger that the continued pursuit poses to the public, the deputies, or the suspect is too great, balanced against the risk of allowing the suspect to remain at large.

314.3.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the deputy and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, deputies and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the deputy.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

314.4 PURSUIT UNITS

Pursuit units should be limited to three vehicles (two units and a supervisor). However, the number of units involved will vary with the circumstances.

A deputy or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of deputies involved would be insufficient to safely arrest the suspects. All other deputies shall stay out of the pursuit but should remain alert to its progress and location. Any deputy who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

Distinctively marked patrol vehicles should replace unmarked vehicles involved in a pursuit whenever practicable.

314.4.1 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with red light and siren are prohibited from initiating or joining in any pursuit. Deputies in such vehicles may provide support to pursuing units as long as their vehicle is operated in compliance with all traffic laws.

314.4.2 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing deputy will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the deputy initiating the pursuit is the apprehension of the suspects without unreasonable danger to the deputy or other persons (Minn. Stat. § 626.8458 Subd. 2 (4)).

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Vehicle Pursuits

The primary unit should notify Dispatch, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including but not limited to:

- (a) Reason for the pursuit.
- (b) Location and direction of travel.
- (c) Speed of the fleeing vehicle.
- (d) Description of the fleeing vehicle and license number, if known.
- (e) Number of occupants.
- (f) The identity or description of the known occupants.
- (g) Weather, road, and traffic conditions.
- (h) Identity of other agencies involved in the pursuit.
- (i) Information concerning the use of firearms, threat of force, injuries, hostages, or other unusual hazards.
- (j) Request for medical assistance for any person injured in the course of the pursuit (Minn. Stat. § 626.8458 Subd. 2 (6)).

Unless relieved by a supervisor or secondary unit, the deputy in the primary unit shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit to minimize distractions and allow the primary unit to concentrate foremost on safe pursuit tactics.

314.4.3 SECONDARY UNIT RESPONSIBILITIES

The second deputy in the pursuit is responsible for the following:

- (a) Immediately notifying the dispatcher of entry into the pursuit
- (b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary deputy, or if the primary unit is unable to continue the pursuit
- (c) Broadcasting the progress of the pursuit unless the situation indicates otherwise
- (d) Serve as backup to the primary unit once the subject has been stopped

314.4.4 PURSUIT DRIVING TACTICS

The decision to use or not use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit (Minn. Stat. § 626.8458 Subd. 2 (3)):

- (a) Deputies, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Vehicle Pursuits

- (b) Deputies may proceed past a red, or stop signal, or stop sign but only after slowing down and utilizing a flashing red lamp and siren as may be necessary for safe operation (Minn. Stat. § 169.03, Subd. 2).
- (c) As a general rule, deputies should not pursue a vehicle driving the wrong way on a roadway, highway, or freeway (Minn. Stat. § 169.03). In the event the pursued vehicle does so, the following tactics should be considered:
 - 1. Request assistance from an available air unit.
 - 2. Maintain visual contact with the pursued vehicle by paralleling on the correct side of the roadway.
 - 3. Request other units to observe exits available to the suspects.
- (d) Notify the Minnesota State Patrol or other law enforcement agency if it appears the pursuit may enter their jurisdiction.
- (e) Deputies involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit, and a clear understanding of the maneuver process exists between the involved deputies.

314.4.5 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

Deputies are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Deputies should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

314.4.6 AIRCRAFT ASSISTANCE

When available, aircraft assistance shall be requested. When a fleeing vehicle comes under the surveillance of an air unit, or is being monitored by a tracking service using GPS (i.e., "On Star"), the primary and support units in the pursuit shall relinquish the pursuit and shift their focus to strategically apprehending the violator(s) once they stop and are provided with the stop location by air support and/or the GPS Service. The purpose of discontinuing the pursuit is to minimize the risk to the public, occupant(s) in the fleeing vehicle, and law enforcement personnel by delaying the apprehension of the driver through monitoring the vehicle's location until apprehension can be tactically accomplished with reduced risk.

The means of apprehension in these circumstances may include the use of stop sticks, Precision Immobilization Technique (PIT), Tactical Vehicle Intervention (TVI) and blocking. A supervisor may increase the level of involvement by ground units with air assistance when circumstances warrant such as continued driving by the fleeing suspect that is imminently threatening lives, the officer reasonably believes or knows a violent crime was committed by the driver and/or vehicle occupant(s), or a lack of effective communication with the air unit or GPS service provider and the ground units. Deputies. The primary and secondary ground units should consider whether

the participation of an aircraft warrants their continued involvement in the pursuit (Minn. Stat. § 626.8458 Subd. 2 (4)).

314.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

It is the policy of this office that available supervisory and management control will be exercised over all vehicle pursuits involving deputies from this office (Minn. Stat. § 626.8458 Subd. 2 (4); Minn. R. § 6700.2701).

The field supervisor of the deputy initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately notify involved deputies and Dispatch of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established Office guidelines.
- (b) Engage in the pursuit, when appropriate, to provide on-scene supervision. If a supervisor initiates the pursuit, he/she should remove themselves as the number one pursuing squad and allow a deputy or other assisting law enforcement officer to assume the lead position as soon as safe and practicable. The supervisor will drop back to a position that allows them to supervise the pursuit.
- (c) Exercise management and control of the pursuit even if not engaged in it.
- (d) Ensure that no more than the number of required law enforcement units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Direct that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensure that aircraft assistance is requested if available.
- (g) Ensure that the proper radio channel is being used.
- (h) Ensure the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (i) Control and manage DCSO units when a pursuit enters another jurisdiction.
- (j) Prepare a post-pursuit critique and analysis of the pursuit for training purposes.
- (k) Determining if a request from another agency falls within our policy guidelines for a pursuit, if it doesn't meet our guidelines for a pursuit, we shall not provide assistance with the pursuit. The Watch Commander shall obtain all pertinent information from the requesting agency prior to our agency's engagement/involvement with the pursuit.

314.5.1 WATCH COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command (Minn. Stat. § 626.8458 Subd. 2 (4)).

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

The Watch Commander shall review all pertinent reports for content and forward them to the Patrol Captain.

314.6 COMMUNICATIONS

If the pursuit is confined within the County limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this office or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

314.6.1 DISPATCH RESPONSIBILITIES

Upon notification that a pursuit has been initiated, Dispatch will be responsible for the following (Minn. Stat. § 626.8458 Subd. 2 (4)):

- (a) Coordinate pursuit communications of the involved units and personnel.
- (b) Notify and coordinate with other involved or affected agencies as practicable.
- (c) Ensure that a field supervisor is notified of the pursuit.
- (d) Assign an incident number and log all pursuit activities.
- (e) Broadcast pursuit updates as well as other pertinent information as necessary.
- (f) Notify the Watch Commander as soon as practicable.

314.6.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the vehicle. The Watch Commander will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

314.7 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary deputy or supervisor, taking into consideration distance traveled, unfamiliarity with the area, and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary deputy or supervisor ensure that notification is provided to the dispatcher and to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist (Minn. Stat. § 626.8458 Subd. 2 (5)).

If a pursuit from another agency enters the office's jurisdiction, Dispatch should update the on-duty supervisor.

314.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Dakota County Sheriff's Office deputies should consider discontinuing the pursuit when another agency has assumed the pursuit unless continued assistance of the Dakota County Sheriff's Office is requested by the agency assuming the pursuit. Upon discontinuing the pursuit, the primary unit

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Vehicle Pursuits

may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of deputies at the termination of a pursuit initiated by this office shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies, a request for another agency's assistance will mean that its personnel will assume responsibilities for the pursuit.

314.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this office should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this office may join the pursuit until sufficient units from the initiating agency join the pursuit.

When a request is made for this office to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

- (a) Ability to maintain the pursuit.
- (b) Circumstances serious enough to continue the pursuit.
- (c) Adequate staffing to continue the pursuit.
- (d) The public's safety within this jurisdiction.
- (e) Safety of the pursuing deputies.

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing outside agency by deputies of this office will terminate at the County limits provided that the pursuing peace officers have sufficient assistance from other sources. Ongoing participation from this office may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, deputies shall provide appropriate assistance to peace officers from the outside agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.8 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Vehicle Pursuits

314.8.1 WHEN USE AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, deputies/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the deputies, and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the deputy at the time of the decision (Minn. Stat. § 626.8458 Subd. 2).

It is imperative that deputies act within legal bounds using good judgment and accepted practices.

314.8.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Deputies should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any deputy from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

314.8.3 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the deputies, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to Office policies guiding such use. Deputies who have not received Office-approved training in the application and use of any intervention tactic or equipment shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when deputies reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this technique should only be employed by deputies who have received training in such tactics and after giving consideration to the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, deputies or other members of the public.
 - 2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
 - 3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
 - 4. The target vehicle is stopped or traveling at a low speed.
 - 5. At no time should civilian vehicles be used to deploy this technique.
- (b) Only those deputies trained in the use of the PIT will be authorized to use this procedure and should request approval from a supervisor upon consideration of the

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Vehicle Pursuits

circumstances and conditions presented at the time including the potential for risk of injury to deputies, the public and occupants of the pursued vehicle.

- (c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the deputy's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct deputies in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:
 - 1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
 - 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.
 - 3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.
- (d) As with all intervention techniques, pursuing deputies should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to deputies, the public and occupants of the pursued vehicle.
- (e) Spike strips should be deployed only when it is reasonably apparent that only the pursued vehicle, or stationary vehicle with a high likelihood of fleeing will be affected by their use. Prior to the deployment of spike strips, the deputy shall notify pursuing units and the supervisor of the intent and location. Deputies should carefully consider the limitations of such devices as well as the potential risks to deputies, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children deputies and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- (f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor, and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, deputies or other members of the public.

314.8.4 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Deputies shall use only that amount of force that reasonably appears necessary under the circumstances to properly perform their lawful duties.

Vehicle Pursuits

Unless relieved by a supervisor, the primary deputy should coordinate efforts to apprehend the suspect(s) following the pursuit. Deputies should consider safety of the public and the involved deputies when formulating plans to contain and capture the suspect.

314.9 REPORTING REQUIREMENTS

All appropriate reports shall be completed to comply with appropriate local and state regulations. The Patrol Captain or designee shall ensure the appropriate forms are filed with the Department of Public Safety within 30 days (Minn. Stat. § 626.5532):

- (a) The primary deputy shall complete appropriate crime/arrest reports.
- (b) The primary deputy shall complete the appropriate pursuit report.

314.9.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all licensed non-exempt employees will participate in periodic training on this policy and the importance of vehicle safety and protecting the public at all times. Training will include a recognition of the need to balance the known offense and the need for immediate capture against the risks to deputies and others.

The Emergency Vehicle Operations Training Supervisor shall ensure the frequency and content of emergency vehicle operations and vehicle pursuit training meets or exceeds that required by law (Minn. Stat. § 626.8458 Subd. 5).

314.9.2 YEARLY CERTIFICATION

This policy shall be reviewed and certified to the state annually that it complies with requirements of any new or revised model policy adopted by the state (Minn. Stat. § 626.8458 Subd. 3).

314.9.3 PUBLIC DISCLOSURE

Copies of the current pursuit policy shall be made available to the public on request.

314.10 PURSUIT REVIEW BOARD

The Pursuit Review Board will convene when a pursuit occurs involving a member of this office. The board will consist of the Patrol Captain, who will serve as chairperson, and a select number of licensed deputies.

The Pursuit Review Board is empowered to conduct an administrative review of an incident. The board does not have the authority to recommend discipline. The review is conducted in an effort to ensure training and equipment needs are met and standard operating procedures and policies are in line with statutory requirements, case law and best practices.

Prior to submission to the Pursuit Review Board, the Division Captain of the involved employee(s) will review the incident to determine if there are any potential criminal and/or policy violations. In those cases, the review may be delayed or not submitted to the Pursuit Review Board.

The board shall assess the following and make recommendations to the chairperson:

- Is there a need for additional training and/or coaching?

- Is there a need to modify standard operating procedures and/or policies?

Deputy Response to Calls

317.1 PURPOSE AND SCOPE

The State of Minnesota finds that emergency vehicle operations are an integral part of law enforcement's commitment to public safety. This policy provides for the safe and appropriate response to all emergency and nonemergency situations (Minn. Stat. § 626.8458 Subd. 1).

317.2 RESPONSE TO CALLS

317.2.1 RESPONSE TO EMERGENCY CALLS

Deputies responding to an emergency call shall proceed immediately as appropriate. Deputies responding to an emergency call shall sound the siren and/or display at least one lighted red light to the front of the vehicle. Whenever practicable, during an emergency call response the deputy should continuously operate emergency lighting equipment and sound the siren (Minn. Stat. § 169.03 et seq.; Minn. Stat. § 169.17).

Responding with a red light, emergency lighting and/or siren does not relieve the operator of an authorized emergency vehicle or a law enforcement vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of his/her reckless disregard for the safety of others. The use of any other warning equipment without emergency lights and siren does not provide an exemption under Minnesota law (Minn. Stat. § 169.17).

Deputies should only respond with a red light, emergency lights and/or siren when so dispatched or when circumstances reasonably indicate an emergency response is appropriate. Deputies not responding with a red light, emergency lights and/or siren shall observe all traffic laws.

317.2.2 LIGHTING EXEMPTION OF LAW ENFORCEMENT VEHICLES

A deputy may operate a vehicle without lights as otherwise required while performing law enforcement duties when the deputy reasonably believes that operating the vehicle without lights is necessary to investigate a criminal violation or suspected criminal violation of state laws, rules or orders, or local laws, ordinances or regulations. The operation of a vehicle without lights must be consistent with the standards adopted by Minnesota Peace officer Standards and Training Board (POST) (Minn. Stat. § 169.541).

317.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an imminent threat to the safety of deputies, or assistance is needed to prevent imminent serious harm to a citizen. Where a situation has stabilized and emergency response is not required, the requesting deputy shall promptly notify Dispatch.

If circumstances permit, the requesting deputy should give the following information:

- The unit number
- The location

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Deputy Response to Calls

- The reason for the request and type of emergency
- The number of units required

317.3.1 NUMBER OF UNITS PARTICIPATING

Normally, only those units reasonably necessary should respond to an emergency as an emergency call response. The supervisor should monitor all emergency responses and reduce or enhance the response as warranted.

317.4 RESPONSIBILITIES OF RESPONDING DEPUTIES

Deputies shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. During a response to an emergency call deputies may (Minn. Stat. § 169.03; Minn. Stat. § 169.17):

- (a) Proceed cautiously past a red or stop signal or stop sign but only after slowing down and utilizing a red light or siren as may be necessary for safe operation.
- (b) Exceed any speed limits, provided this does not endanger life or property.
- (c) Disregard regulations governing direction of movement or turning in specified directions as authorized by law.
- (d) Disregard regulations governing parking or standing when using a warning lamp.

The decision to continue an emergency call response is at the discretion of the deputy. If, in the deputy's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the deputy may elect to respond to the call without the use of red lights and siren at the legal speed limit. A deputy shall also discontinue an emergency call response when directed by a supervisor or as otherwise appropriate.

Upon determining that an emergency call response is appropriate, a deputy should immediately give the location from which he/she is responding.

When emergency vehicles are on the scene of an emergency and pose any hazard, or when the vehicle operators seek exemption to park, stop or stand contrary to any law or ordinance pursuant to Minn. Stat. § 169.541, adequate warning lights shall be operated whenever practicable.

317.5 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Deputy Response to Calls

supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency call response, the supervisor should consider the following:

- The type of call or crime involved.
- The necessity of a timely response.
- Traffic and roadway conditions.
- The location of the responding units.

317.6 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the deputy must terminate the emergency call response and respond accordingly. The deputy shall notify the Watch Commander and the Dispatch of the equipment failure so that another unit may be assigned to the emergency response.

317.7 TRAINING

The supervisor assigned to coordinate training in emergency vehicle operations shall ensure the frequency and content of emergency vehicle operations training meets or exceeds that required by law (Minn. Stat. § 626.8458).

Canines

319.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community including, but not limited to locating individuals, contraband, explosives, and apprehending criminal offenders.

319.2 GUIDELINES FOR THE USE OF CANINES

- A. A canine may be used in the investigation of a crime or possible crime, in the execution of a warrant, and to locate and/or apprehend a suspect if the canine handler reasonably believes that the individual has either committed or threatened to commit any serious offense and if any of the following circumstances including:
 - 1. There is a reasonable belief the individual poses an imminent threat of violence or serious harm to the public, any deputy or the handler.
 - 2. The individual is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
 - 3. The individual is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of deputies or the public.
 - 4. It is recognized that situations may arise that do not fall within the provisions set forth in this policy. In any such case, a standard of objective reasonableness shall be used to review the decision to use a canine in view of the totality of the circumstances.
- B. Because of the high risk of danger to the public and deputies, when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be appropriate. When available, an explosive-detection canine team may be used in accordance with current law under certain circumstances, including:
 - 1. Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
 - 2. assisting with searches at government buildings including municipalities, county, and state facilities.
 - 3. Conducting preventative searches at special events, VIP visits, official buildings, and other restricted areas.
 - 4. Assisting in the search for hidden or discarded firearms and munition that are live or spent
 - 5. Assisting in the search of scene where an explosion has occurred, and an explosive device or secondary explosive device is suspected.
 - 6. Any other search approved by the Sheriff or designee.

Absent reasonable belief that an individual has committed or threatened to commit a serious offense, mere flight from pursuing deputy shall not serve as good cause for the use of a canine to apprehend an individual.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Canines

Once the individual has been located and no longer reasonably appears to represent a threat or risk of escape, the canine should be placed in a down-stay or otherwise secured as soon as it becomes reasonably practicable.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practical.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. In any such case, a standard of objective reasonableness shall be used to review the decision to use a canine in view of the totality of the circumstances.

This policy should not preclude a canine team from utilizing the canine for search and/or rescue missions where a standard of objective reasonableness shall be used to review the decision to use a canine in the view of the totality of the circumstances.

319.2.1 USE OF BOMB/EXPLOSIVE DETECTION DOGS

Because of the high risk of danger to the public and deputies when a bomb or other explosive device is suspected, the use of a trained explosive detection dog team may be warranted. When available, a trained explosive detection dog team may be used in accordance with current law and under the following circumstances:

- (a) To assist in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
- (b) To conduct preventative searches at locations such as special events, VIP visits, official buildings and other restricted areas. Because a dog sniff may be considered a search, such searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (c) To assist with searches at transportation facilities and vehicles (e.g., buses, airplanes and trains).
- (d) To assist in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.
- (e) At no time will a detection dog be used to render a suspected device safe or clear.

319.2.2 PREPARATIONS FOR UTILIZING A CANINE

Prior to the use of a canine to search for or apprehend any individual, the canine handler and/or the supervisor on-scene shall carefully consider all pertinent information that is reasonably available at the time. The information should include, but is not limited to, the following:

- (a) The individual's perceived age

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Canines

- (b) The nature of the suspected offense
- (c) Any potential danger to the public and/or other deputies
- (d) The degree of resistance or threatened resistance, if any, the subject has shown
- (e) The potential for escape or flight if the canine is not utilized
- (f) The potential for the suspect to injure the deputies or the public if the canine is not utilized

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved personnel to minimize the risk of unintended injury. Unless otherwise directed by a supervisor, assisting members should take direction from the handler to minimize interference with the canine.

The canine handler will evaluate each situation and determine if the use of a canine is technically feasible. Generally, the decision to deploy the dog shall remain with the handler. However, a supervisor sufficiently apprised of the situation may decide not to deploy the dog.

319.2.3 WARNINGS GIVEN TO ANNOUNCE THE USE OF A CANINE

Unless it would otherwise increase the risk of injury or escape, a clearly audible warning to announce that a canine will be released if the person does not come forth shall be made prior to releasing a canine. The canine handler, when practicable, shall first advise the supervisor of his/her decision if a verbal warning is not given prior to releasing the canine. In the event of an apprehension, the handler shall document in any related report whether a verbal warning was given and, if none was given, the reasons why.

319.2.4 GUIDELINES FOR NON-APPREHENSION USE

Because canines have senses far superior to those of humans, they may be effectively utilized to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention) or even suspects wanted for minor criminal offenses. In such circumstances it will be necessary for the handler to evaluate the conditions and ability of the canine in order to determine the feasibility of such an application.

- (a) Absent a change in circumstances that presents an imminent threat to deputies, the canine or the public, such applications shall be conducted on-leash or under such conditions that minimizes the likelihood that the canine will bite or otherwise injure the individual.
- (b) Throughout the deployment of the canine in such circumstances, the handler should give periodic verbal assurances that the canine will not bite or hurt the person.
- (c) Unless otherwise directed by a supervisor, assisting personnel should take direction from the handler in order to minimize interference with the canine.

319.2.5 REPORTING CANINE USE, BITES, AND INJURIES

Whenever the canine is deployed, a DCC CAD event shall be created by DCC and the handler shall add comments, and complete the necessary canine deployment records. This information may be reviewed by a supervisor.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Canines

Whenever a canine is deployed and intentionally bites or causes injury to a suspect, a supervisor shall be promptly notified and the Use of Force Report Form shall be completed and included with any related incident report. Canines controlled by peace officers are exempt from regulatory action relating to bites.

Any unintended bite or injury caused by the canine during deployments, operations, training, presentations, or under any other circumstances, either on or off-duty, shall be promptly reported to a supervisor on duty. Unintended bites or injuries caused by the canine should be documented in an incident report, not on a Use of Force Report Form.

Color photographs shall be taken of the bite or injury as soon as practicable after rendering the appropriate medical aid. Photographs shall be retained as evidence in accordance with current office evidence procedures. It shall be the responsibility of the Canine Unit Coordinator to ensure that such photographs are retained until the potential for their use in any related civil proceeding has expired.

The injured party should be transported to an appropriate medical facility if the injury requires medical attention beyond first aid. If the injured party is in custody, a deputy should remain with the suspect until treatment has been rendered.

If a subject alleges an injury that is not visible, a supervisor shall be notified and the location of the alleged injury should be photographed as described above.

The Canine Unit Coordinator will maintain liaison with the local animal control authority to ensure that information regarding canine bites is not retained by their office. Canines used by law enforcement agencies are exempt from impoundment and reporting requirements to the animal control authority (Minn. Stat. § 347.51 Subd. 4).

319.2.6 REPORTING CANINE INJURIES

In the event that a canine is injured, the injury will be immediately reported to the Watch Commander.

Medical care for any injured canine shall follow the protocol established in this policy.

The injury will be documented in an incident report.

319.3 PROHIBITED USES

A dual-purpose K9 trained in the detection of explosives and apprehension shall not be used for any direct search related to any individual, or group of people.

At no time will an explosive detection-trained canine be used to render a suspected device safe and clear.

319.4 SELECTION OF CANINE HANDLERS

The following are the minimum qualifications for the assignment of canine handler:

- (f) When off-duty, the canine shall be in a kennel provided by the County at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (g) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (h) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Watch Commander.
- (i) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Watch Commander.

- (a) Canines shall not be left unattended in any area to which the public may have access.
- (b) When the canine unit is left unattended all windows and doors shall be secured in such a manner as to prevent unauthorized access to the dog. The handler shall also ensure that the unattended unit remains inhabitable for the canine.

319.5.3 HANDLER COMPENSATION

The canine handler shall be compensated for time spent in the care, feeding, grooming and other needs of the dog consistent with the Fair Labor Standards Act. The compensation shall be prescribed in the employee's collective bargaining agreement.

319.6 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation the following guidelines apply.

- (a) Absent a change in circumstances that present an imminent threat to deputies, the canine or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

- (d) All canine training shall be conducted while on-duty unless otherwise approved by the Canine Unit Coordinator or Watch Commander.

319.6.2 TRAINING RECORDS

All canine training records will be maintained by the handler using the approved canine records system.

319.7 EXPLOSIVE TRAINING AIDS

Deputies may possess or use explosives or destructive devices while acting within the scope and course of employment (Minn. Statute 609.668, subd. 3(a)(1); Minn. Statute 609.668, subd. 4; 18 U.S.C 842; 27 C.F.R 55.41).

Training aids are required to effectively train and maintain the skills of canines. Deputies possessing, using, or transporting explosives for canine training purposes shall comply with federal and state requirements. Alternatively, the Dakota County Sheriff's Office may work with outside trainers with the applicable license or permits.

Explosive training aids designed specifically for canine teams should be used whenever reasonably feasible. The use of explosives or destructive devices for training aids by canine teams is subjected to the following:

- (a) Canine handlers are not allowed to utilize any personal or unapproved training aids.
- (b) When not in use, all explosive training aids shall be properly stored in a secure facility that is appropriate for the type of materials in accordance with federal standards. Only members of the explosive canine team shall have access to the explosive training aids. An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored and made available upon request by the Sheriff or designee.
- (c) All explosives shall be transported in a closed-body vehicle in an ATF-approved Type 3-day box(es) with approved locks.

- (f) Any lost or damaged explosive training aids shall be properly reported in writing to the Canine Coordinator who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) and reported in a police report filed with the Dakota County Sheriff's Office.

In the event that an explosive is considered unsafe or deteriorated, the Canine Coordinator will contact the appropriate bomb squad for the destruction of the material. The Canine Coordinator will write a detailed report and adjust the explosive device inventory accordingly.

319.8 CONTROLLED SUBSTANCE TRAINING AIDS

Controlled substance training aids are required to effectively train and maintain drug detecting dogs. Controlled substances can also be an effective training aid during training sessions for law enforcement personnel and the public.

The Sheriff or designee may request narcotics training aids while providing substance abuse training or canine drug detection training from the Dakota County Drug Task Force.

319.8.1 PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of accidental ingestion of these controlled substances by the canine, the following procedure shall be strictly followed:

All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler.

321.2 POLICY

The Dakota County Sheriff's Office's response to incidents of domestic abuse and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic abuse is criminal behavior. It is also the policy of this office to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

321.3 OFFICER SAFETY

The investigation of domestic abuse cases often places deputies in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Domestic Abuse

the responsibility of all deputies to exercise due caution and reasonable care in providing for the safety of any deputies and parties involved.

321.4 INVESTIGATIONS

The following guidelines should be followed by deputies when investigating domestic abuse cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic abuse and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, deputies should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Deputies should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigations in the event that the injuries later become visible.
- (f) Deputies should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, deputies should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, deputies should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting deputy should attach a copy of the order to the incident or arrest report.
- (j) Deputies should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 1. Whether the suspect lives on the premises with the victim.
 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 3. The potential financial or child custody consequences of arrest.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Domestic Abuse

4. The physical or emotional state of either party.
5. Use of drugs or alcohol by either party.
6. Denial that the abuse occurred where evidence indicates otherwise.
7. A request by the victim not to arrest the suspect.
8. Location of the incident (public/private).
9. Speculation that the complainant may not follow through with the prosecution.
10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
11. The social status, community status, or professional position of the victim or suspect.

321.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, deputies should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail (Minn. Stat. § 629.72 Subd. 6).
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

321.4.2 IF NO ARREST IS MADE

If no arrest is made, the deputy should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

321.5 VICTIM ASSISTANCE

Because victims may be traumatized or confused, deputies should be aware that a victim's behavior and actions may be affected.

- (a) Victims should be provided with the office's domestic abuse information handout, even if the incident may not rise to the level of a crime.
- (b) Victims should be alerted to any available victim advocates, shelters, and community resources.
- (c) When an involved person requests law enforcement assistance while removing essential items of personal property, deputies should stand by for a reasonable amount of time.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Domestic Abuse

- (d) If the victim has sustained injury or complains of pain, deputies should seek medical assistance as soon as practicable.
- (e) Deputies should ask the victim whether he/she has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a concern for his/her safety or if the deputy determines that a need exists.
- (f) Deputies should make reasonable efforts to ensure that any children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (g) If appropriate, deputies should seek or assist the victim in obtaining an emergency order.

321.6 DISPATCH ASSISTANCE

All calls of domestic abuse, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Deputies should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

321.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic abuse cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by deputies as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

321.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, deputies should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Domestic Abuse

Deputies should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Deputies should contact a supervisor for clarification when needed.

321.9 LEGAL MANDATES AND RELEVANT LAWS

Minnesota law provides for the following:

321.9.1 STANDARDS FOR ARRESTS

Deputies investigating a domestic abuse report should consider the following:

- (a) A deputy has the authority to arrest a person without a warrant, including at the person's residence, if the peace officer has probable cause to believe that the person has, within the preceding 72 hours, exclusive of the day probable cause was established, assaulted, threatened with a dangerous weapon, or placed in fear of immediate bodily harm any person covered by the "family or household member" definition, even if the assault did not rise to the level of a felony or did not take place in the presence of the peace officer (Minn. Stat. § 629.34; Minn. Stat. § 629.341).
- (b) Deputies should generally not make dual arrests but may make an arrest of a primary aggressor. Where there are allegations that each party assaulted the other, the deputy shall determine whether there is sufficient evidence to conclude that one of the parties was the primary aggressor based on the following criteria and the deputy's judgment (Minn. Stat. § 629.342, Subd. 2):
 - 1. Comparative extent of any injuries inflicted
 - 2. Fear of physical injury because of past or present threats
 - 3. Actions taken in self-defense or to protect oneself
 - 4. History of domestic abuse perpetrated by one party against the other
 - 5. Existence or previous existence of an order for protection
- (c) A deputy shall not issue a citation in lieu of arrest and detention to an individual charged with any of the following offenses (Minn. Stat. § 629.72):
 - 1. Stalking
 - 2. Domestic abuse
 - 3. Violation of an order for protection
 - 4. Violation of a domestic abuse no contact order
- (d) The Watch Commander will determine whether a person arrested on a charge of stalking any person, domestic abuse, violation of an order for protection, violation of a domestic abuse no contact order, or violation of a court-ordered transfer of firearms will be held in custody or be issued a citation in lieu of continued detention and released after booking. The person shall be held in custody whenever the Watch Commander determines that it reasonably appears the release of the person (Minn. Stat. § 629.72):
 - 1. Poses a threat to the alleged victim or another family or household member.
 - 2. Poses a threat to public safety.

3. Involves a substantial likelihood that the arrested person will fail to appear at subsequent proceedings.
- (e) Deputies shall arrest and take into custody, without a warrant, a person whom the peace officer has probable cause to believe has violated a court order issued pursuant to Minn. Stat. § 518B.01 or Minn. Stat. § 629.75. Such an arrest shall be made even if the violation of the order did not take place in the presence of the peace officer, if the deputy can verify the existence of the order. If the person is not released on citation in lieu of continuing detention, the person shall be held in custody for these violations for at least 36 hours unless released by a court (Minn. Stat. § 518B.01; Minn. Stat. § 629.75).
 - (f) An arrest for a violation of an order of protection may be made regardless of whether the excluded party was invited back to the residence (Minn. Stat. § 518B.01, Subd. 18).
 - (g) Following an arrest, a deputy should contact the local domestic abuse program by phone as soon as possible and provide the name and address of the victim and a brief factual account of events associated with the action.
 - (h) A deputy shall arrest and take into custody a person whom the deputy has probable cause to believe has violated a harassment restraining order, pursuant to Minn. Stat. § 609.748, if the deputy can verify the existence of the order.
 - (i) Deputies are authorized to make an arrest without a warrant when there is probable cause to believe the person has violated the provisions of any other no contact or restraining order issued by a court, even if the offense did not rise to the level of a felony (Minn. Stat. § 629.34). While conducting a domestic abuse investigation deputies shall attempt to verify whether there has been a court order issued.
 - (j) Deputies should consider whether other offenses have been committed that may not qualify as a domestic abuse including, but not limited to, burglary, felony assault, other threats of violence, kidnapping, false imprisonment, witness tampering, trespassing, criminal damage to property, disorderly conduct, or assault.

321.9.2 REPORTS AND RECORDS

- (a) Deputies should include information related to the following in a report, as applicable (Minn. Stat. § 629.341):
 1. Names, addresses, and telephone numbers of all involved persons
 2. Condition of clothing
 3. Description of the scene, including any property damage
 4. Evidence of physical injury, including strangulation
 5. Presence of elderly victims or persons with disabilities
 6. Facts related to any person who may have been a primary aggressor
 7. Excited utterances of the victim and the suspect
 8. Demeanor of the victim and the suspect

9. Medical records, including the victim's statements to paramedics, nurses, and doctors
 10. Detailed statements of interviews of witnesses, including children, who may have been present, noting any language barriers
 11. A detailed explanation of the reasons for the deputy's decision not to arrest or seek an arrest warrant
 12. Evidence of any prior domestic abuse or related convictions, including dates
 13. Any existing orders for protection, harassment restraining order, or no contact orders
 14. Identifying information of a specific court order violated, including county of origin, the file number, and the provision allegedly violated
- (b) Domestic abuse reports should be forwarded to the appropriate prosecutor for review and consideration of criminal charges, even when no arrest is made or warrant requested.
- (c) If a child was present at the scene of a domestic abuse incident or was the victim of domestic abuse, the deputy should determine whether the child has been subjected to physical abuse, sexual abuse, or neglect, and comply with the mandatory reporting requirements of Minn. Stat. § 260E.06 et seq.
1. The deputy shall also attempt to verify whether there has been an order for protection issued under Minn. Stat. § 260C.201 and take appropriate action.
- (d) Fees will not be charged for the release of reports related to domestic abuse, as directed in Minn. Stat. § 13.82.

321.9.3 SERVICE OF COURT ORDERS

Deputies, when reasonably safe and in a position to do so, shall serve copies or short forms of court orders as directed in Minn. Stat. § 518B.01 and Minn. Stat. § 609.748.

321.9.4 COURT-ORDERED FIREARM SURRENDERS

Although not required, this office generally will accept firearms surrendered by a court order from an abusing party or defendant. A decision to refuse a surrendered firearm should be approved by a supervisor.

Firearms will normally be surrendered at the Dakota County Sheriff's Office; however, when encountering someone in the field who wishes to surrender a firearm, deputies should make reasonable efforts to accommodate the request.

Surrendered firearms should be collected and submitted to the Property Room in accordance with the Property Room Policy.

321.10 FACTORS NOT TO BE CONSIDERED IN MAKING THE ARREST

- a. Ownership, tenancy rights of either party, or the fact the incident occurred in a private place.

Dakota County Sheriff's Office

Domestic Abuse

- b. Belief that the victim will not cooperate with criminal prosecution or that the arrest may not lead to a conviction.
- c. Verbal assurances that the abuse will stop.
- d. Disposition of previous police calls involving the same victim or suspect.
- e. Denial by either party that the abuse occurred when there is evidence of domestic abuse.
- f. Lack of a court order restraining or restricting the suspect.
- g. Concern about reprisals against the victim.
- h. Adverse financial consequences that might result from the arrest.
- i. Chemical dependency or intoxication of the parties.

Search and Seizure

323.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Dakota County Sheriff's Office personnel to consider when dealing with search and seizure issues.

323.2 POLICY

It is the policy of the Dakota County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this office will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this office will comply with relevant federal and state law governing the seizure of persons and property.

The Office will provide relevant and current training to deputies as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

323.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this office is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, deputies are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

323.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances reasonably permit:

- (a) Members of this office will strive to conduct searches with dignity and courtesy.
- (b) Deputies should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching deputy, a reasonable effort should be made to summon a deputy of the same sex as the subject to conduct the search. When it is not practicable to summon a deputy of the same sex as the subject, the following guidelines should be followed:
 1. Another deputy or a supervisor should witness the search.
 2. The deputy should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

323.5 DOCUMENTATION

Deputies are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon a deputy of the same sex as the person being searched and the identification of any witness deputy

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and office policy have been met.

Temporary Custody of Juveniles

325.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Dakota County Sheriff's Office (34 USC § 11133; Minn. Stat. § 260B.176; Minn. Stat. § 260C.176).

This policy does not apply to secure detention facilities, shelter care facilities, or the juvenile portion of an adult facility authorized to hold juveniles, but rather applies to the temporary custody of a juvenile before a juvenile is released, delivered to a court, or delivered to any of these other facilities (Minn. Stat. § 260B.176, Subd. 3; Minn. Stat. § 260C.176, Subd. 3).

325.1.1 DEFINITIONS

Definitions related to this policy include:

Custodian or Guardian - A person who is under a legal obligation or who is in fact providing care and support for a minor (Minn. Stat. § 260B.007, Subd. 13; Minn. Stat. § 260C.007, Subd. 10).

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare. This includes those held as runaways (Minn. Stat. § 260C.175), truancy violators (Minn. Stat. § 260C.143), and juveniles 15 years old or younger in custody related to their engaging in prostitution or related activities (Minn. Stat. § 260B.007 Subd. 6(c)). This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile 17 years of age or younger who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes possession of a handgun in violation of Minn. Stat. § 624.713 (28 CFR 31.303). This does not include a juvenile petty offender under Minn. Stat. § 260B.007.

Non-secure custody - When a juvenile is held in the presence of a deputy or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring, and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Temporary Custody of Juveniles

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include underage possession of tobacco or curfew violation. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. Juvenile petty offenders taken into custody should be considered a status offender for purposes of this policy (Minn. Stat. § 260B.007; Minn. Stat. § 260B.143).

325.2 POLICY

The Dakota County Sheriff's Office is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Dakota County Sheriff's Office. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

325.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Dakota County Sheriff's Office:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Deputies taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Dakota County Sheriff's Office unless they have been evaluated by a qualified medical and/or mental health professional.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Temporary Custody of Juveniles

If the deputy taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed.

325.3.1 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

The arresting deputy should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself, or any unusual behavior that may indicate the juvenile may harm him/herself while in custody.

325.4 CUSTODY OF JUVENILES

Deputies should take custody of a juvenile and temporarily hold the juvenile at the Dakota County Sheriff's Office when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Dakota County Sheriff's Office without authorization of the arresting deputy's supervisor or the Watch Commander.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable, and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Dakota County Sheriff's Office (34 USC § 11133).

325.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Dakota County Sheriff's Office. Custodial arrangements should be made for non-offenders as soon as reasonably possible (Minn. Stat. § 260B.175; Minn. Stat. § 260C.143; Minn. Stat. § 260C.176). Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

Juveniles detained for truancy violations may be released to a truancy service center, released to the superintendent or teacher at their school of enrollment, or released to a parent or legal guardian (Minn. Stat. § 260C.143; Minn. Stat. § 260A.04 Subd. 3).

325.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However deputies may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

325.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Dakota County Sheriff's Office unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Temporary Custody of Juveniles

Generally juvenile offenders may be taken into custody under the authority of Minn. Stat. § 260B.175 when a court order authorizes the custody, when the juvenile has committed an offense that would warrant the arrest of an adult, or when it is reasonably believed that the child has violated the terms of probation, parole, or other field supervision.

A deputy who takes a juvenile offender of any age or gender into custody or could take the juvenile into custody under Minn. Stat. § 260B.175 is authorized to perform a protective pat-down search of the juvenile offender in order to protect the deputy's safety (Minn. Stat. § 260B.175, Subd. 4).

The parent, guardian, or custodian of the juvenile shall be notified as soon as possible when a juvenile offender is taken into custody. Juvenile offenders shall be released to the custody of a parent, guardian, custodian, or other suitable person unless there is reason to believe that the juvenile would (Minn. Stat. § 260B.176):

- (a) Endanger themselves or others.
- (b) Not return for a court hearing.
- (c) Run away from or otherwise not remain in the care or control of their parent, guardian, or custodian.
- (d) Face immediate endangerment to the juvenile's health or welfare.

If a juvenile offender is not released to a parent, guardian, custodian, or other suitable person, the deputy taking the juvenile offender into custody shall communicate with or deliver the juvenile to a secure detention facility to determine whether the juvenile should be released or detained. The deputy shall also notify the court as soon as possible of the detention of the juvenile and the reasons for detention (Minn. Stat. § 260B.176).

325.4.4 SCHOOL NOTIFICATION

Minnesota law requires that the Sheriff or the authorized designee notify the superintendent or chief administrative officer of a juvenile's school of an incident occurring within our jurisdiction if (Minn. Stat. § 260B.171, Subd. 5):

- (a) There is probable cause to believe a juvenile has committed an offense that would be a crime if committed as an adult, where the victim is a student or staff member and the notice is reasonably necessary for the protection of the victim.
- (b) There is probable cause to believe a juvenile has committed certain serious crimes regardless of whether the victim is a student or staff member.
- (c) The juvenile is taken into protective custody and methamphetamine manufacture or storage is involved (see the Child Abuse Policy for guidelines) (see also, Minn. Stat. § 260C.171)

However, the office is not required to notify the school if it is determined that notice would jeopardize an ongoing investigation.

325.5 ADVISEMENTS

When a juvenile is taken into custody on a warrant, the juvenile and his/her parent, guardian, or custodian, if present, shall immediately be informed of the existence of the warrant for immediate custody and, as soon as practicable, of the reasons why the juvenile is being taken into custody (Minnesota Rules of Juvenile Delinquency Procedure 4.03, Subd. 10).

If it is determined that a juvenile taken into custody is going to be placed into a secure detention facility or a shelter care facility, the deputy shall advise both the juvenile and the juvenile's parent, guardian, or custodian as soon as possible (Minn. Stat. § 260B.176, Subd. 3; Minn. Stat. § 260C.176, Subd. 3):

- (a) Of the reasons for custody and the reasons for placement.
- (b) Of the location of the facility unless there is reason to believe that disclosure would place the juvenile's health and welfare in immediate endangerment. If so, the disclosure shall not be made (Minn. Stat. § 260B.176, Subd. 5).
- (c) That the juvenile's parent, guardian, or custodian and attorney or guardian ad litem may make an initial visit to the facility at any time. Subsequent visits may also be made on a reasonable basis.
- (d) That the juvenile may telephone parents and an attorney or guardian ad litem immediately after being admitted to the facility and thereafter on a reasonable basis.
- (e) That the juvenile may not be detained for acts under Minn. Stat. § 260B.007, Subd. 6 for longer than 36 hours excluding weekends and holidays unless a petition has been filed pursuant to Minn. Stat. § 260B.178.
- (f) That the juvenile may not be detained under Minn. Stat. § 260C.175, Subd. 1, clause (1) or (2), item (ii) longer than 72 hours at a shelter care facility excluding weekends and holidays unless a petition has been filed pursuant to Minn. Stat. § 260C.178.
- (g) That the juvenile may not be detained for acts under Minn. Stat. § 260B.007, Subd. 6 for longer than 24 hours in an adult jail or municipal lockup excluding weekends and holidays or longer than six hours if the adult jail or municipal lockup is a standard metropolitan statistical area, unless a petition has been filed pursuant to Minn. Stat. § 260B.178 and a motion made to refer the juvenile for adult prosecution.
- (h) Of the date, time, and place of the detention hearing, if this information is available.
- (i) That the juvenile and the juvenile's parent, guardian, or custodian have the right to be present and to be represented by counsel, at the detention hearing and that if they cannot afford counsel it will be appointed at public expense.

325.6 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Office (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile or status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Dakota County Sheriff's

Office shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

325.7 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Dakota County Sheriff's Office shall ensure the following:

- (a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Dakota County Sheriff's Office more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Dakota County Sheriff's Office more than six hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care such as changing clothing or using the restroom without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the log.
- (d) There shall be no viewing devices such as peep holes or mirrors of which the juvenile is not aware. Therefore an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.
- (e) Juveniles shall have reasonable access to toilets and wash basins.
- (f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment including any special diet required for the health of the juvenile.
- (g) Juveniles shall have reasonable access to a drinking fountain or water.
- (h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
- (i) Juveniles should have privacy during family, guardian and/or lawyer visits.
- (j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Blankets should be provided as reasonably necessary.
- (l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.
- (m) Juveniles shall have adequate furnishings including suitable chairs or benches.
- (n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.

- (o) No discipline may be administered to any juvenile nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

325.7.1 CURFEW VIOLATIONS

Juveniles detained for curfew violations may be released in the field or brought to the station but shall only be released to their parent, legal guardian or responsible adult.

325.8 PERSONAL PROPERTY

The deputy taking custody of a juvenile offender or status offender at the Dakota County Sheriff's Office shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Dakota County Sheriff's Office.

325.9 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Minn. Stat. § 260B.181). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others.

Members of this office should not use secure custody for convenience when non-secure custody is or later becomes a reasonable option.

When reasonably practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

325.9.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.

Dakota County Sheriff's Office

Temporary Custody of Juveniles

- (b) Juveniles shall have constant auditory access to office members.
- (c) Initial placement into and removal from a locked enclosure shall be logged.
- (d) Random personal visual checks of the juvenile by a staff member no less than every 15 minutes shall occur.
 - 1. All checks shall be logged.
 - 2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Males and females shall not be placed in the same locked room.
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

325.10 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

The Watch Commander will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Dakota County Sheriff's Office. The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Sheriff and Investigation Division Supervisor.
- (b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the County attorney.
- (e) Evidence preservation.

325.11 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent and does consent to an interview or interrogation.

325.12 RESTRICTION ON PHOTOGRAPHING

Photographing of juveniles taken into custody will only occur with the consent of the juvenile court, except when the photograph is taken related to a violation of driving while impaired or is taken pursuant to the laws of arrest (Minn. Stat. § 260B.171, Subd. 5; Minn. Stat. § 260B.175; Minn. Stat. § 169A.20).

Adult Abuse

327.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Dakota County Sheriff's Office members as required by law (Minn. Stat. § 626.557).

327.1.1 DEFINITIONS

Definitions related to this policy include (Minn. Stat. § 626.5572):

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

327.2 POLICY

The Dakota County Sheriff's Office will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

327.3 MANDATORY NOTIFICATION

Members of the Dakota County Sheriff's Office shall notify the entity responsible for receiving such reports when they have reason to believe that a vulnerable adult is being or has been maltreated, or has sustained a physical injury which is not reasonably explained. Members shall also report suspected negligent care by a service or health care provider that resulted in injury or harm requiring the care of a physician (Minn. Stat. § 626.557).

For purposes of notification, a vulnerable adult is a person age 18 or older who has physical, mental or emotional disabilities that make it difficult for the person to care for or to protect him/herself from maltreatment. It also refers to adults who reside at a facility, or receive care at a facility or through home care (Minn. Stat. § 626.5572).

Maltreatment includes abuse, neglect and financial exploitation. Abuse can be physical, emotional or sexual. Financial exploitation may include any instance where vulnerable adults' money, assets or property are not used for their benefit or are stolen or kept from them (see Minn. Stat. § 626.5572 for full definitions).

327.3.1 NOTIFICATION PROCEDURE

Oral notification should be made as soon as possible, but in all cases within 24 hours (Minn. Stat. § 626.557; Minn. Stat. § 626.5572). To the extent possible, the following should be included in the notification:

- (a) The identity the vulnerable adult and any caregiver
- (b) The nature and extent of the suspected maltreatment
- (c) Any evidence of previous maltreatment

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Adult Abuse

- (d) The name and addresses of the person initiating the report or other witnesses
- (e) The time, date, and location of the incident
- (f) Any other information that might be helpful in investigating the suspected maltreatment

If notification of maltreatment is first made to the Dakota County Sheriff's Office, the member receiving the notification shall complete and forward the incident report to the entity responsible for receiving such reports.

327.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Minn. Stat. § 626.5571).

327.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated. Investigations should be initiated as soon as possible, but in all cases within 24 hours (Minn. Stat. § 626.557).

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Adult Abuse

- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

Assigned members shall initiate an investigation of vulnerable adult abuse as soon as possible, but in all cases within 24 hours when there is reason to believe a crime has been committed (Minn. Stat. § 626.557).

327.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the deputy should make reasonable attempts to contact an appropriate protective services agency. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the deputy should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the deputy shall ensure that the adult is delivered to an appropriate protective services agency or medical facility.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

327.7 INTERVIEWS

327.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should audio record the preliminary interview with a suspected adult abuse victim. Deputies should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Adult Abuse

327.7.2 DETAINING VICTIMS FOR INTERVIEWS

A deputy should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

327.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating deputy should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The deputy should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

327.9 STATE MANDATES AND OTHER RELEVANT LAWS

Minnesota requires or permits the following:

327.9.1 RECORDS RESPONSIBILITIES

The Records is responsible for:

- (a) Providing a copy of the adult abuse report to the applicable entity in the county responsible for receiving such reports as required by law.
- (b) Retaining the original adult abuse report with the initial case file.

327.9.2 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Minn. Stat. § 626.557).

327.10 TRAINING

The Office should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

Adult Abuse

Notification is mandatory for any acts of neglect, physical abuse, and sexual abuse that constitute a crime, whether or not the suspect had any relationship to or responsibility for the child (Minn. Stat. § 260E.12).

For purposes of notification, physical abuse includes injuries, mental injuries, or injuries that cannot be reasonably explained (e.g., punching, kicking, burning). Sexual abuse includes criminal

- (d) Approved investigation reports should be forwarded to the county social services agency as soon as practical.
- (e) When the child abuse occurred at a facility or by a person from a facility that requires a state license or a profession that requires a state license (e.g., foster homes, group homes, day care, educator), notification shall also be made to the agency responsible for licensing the facility or person (Minn. Stat. § 260E.11).

331.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child-appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.

- (d) Coordinate with other enforcement agencies, social service agencies, and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians, and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

331.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Deputies shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if deputies interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

331.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the deputy should make reasonable attempts to contact the county social services agency. Generally, removal of a child from his/her family,

guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the deputy should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the deputy shall ensure that the child is delivered to the county social services agency.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (Minn. Stat. § 260C.175):

- (a) When a court has issued an order for removal.
- (b) When a child is found in surroundings or conditions that pose an imminent threat to the child's health or welfare or that a peace officer reasonably believes pose an imminent threat to the child's health or welfare.
- (c) If an Indian child is a resident of a reservation or is domiciled on a reservation but temporarily located off the reservation, taking the child into custody under this clause shall be consistent with the Indian Child Welfare Act (25 USC § 1922).

331.6.1 NOTICE TO PARENT OR CUSTODIAN AND CHILD

Whenever a deputy takes a child into protective custody, the deputy shall notify the parent or custodian, and the child (age 10 years or older) that they may request that the child be placed with a relative instead of in a shelter care facility. The deputy also shall give the parent or custodian a list, published by the Minnesota Department of Human Services, of names, addresses, and telephone numbers of social services agencies that offer child welfare services. When placement with a relative is requested, the [officer/deputy] will coordinate with the responsible social services agency to ensure the child's safety and well-being in compliance with Minn. Stat. § 260C.181 (Minn. Stat. § 260C.175).

If the parent or custodian was not present when the child was removed from the residence, the list shall be left with an adult who is on the premises or left in a conspicuous place on the premises if no adult is present. If the deputy has reason to believe the parent or custodian is not able to read and understand English, the deputy must provide a list that is written in the language of the parent or custodian (Minn. Stat. § 260C.175; Minn. Stat. § 260C.181).

331.6.2 SAFE PLACE FOR NEWBORNS

A person may leave an unharmed newborn less than seven days old with the staff of a hospital, urgent care facility or ambulance service without being subject to prosecution (Minn. Stat. § 609.3785). The responsible social service agency is charged with addressing these matters but may contact law enforcement if child abuse is suspected (Minn. Stat. § 145.902; Minn. Stat. § 609.3785).

331.7 INTERVIEWS

331.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should record the preliminary interview with suspected child abuse victims. Deputies should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

331.7.2 DETAINING ABUSE VICTIMS FOR INTERVIEW

A deputy should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

331.7.3 NOTIFICATION TO PARENTS

Generally, deputies should cooperate with parents and guardians and seek consent prior to conducting interviews of children. However, when reasonably necessary, state law grants deputies the authority to interview a child who is the alleged victim of abuse or neglect, and any other children who currently reside or have resided with the alleged victim, without parental consent (Minn. Stat. § 260E.22, Subd. 1).

The interview may take place at school or at any facility or other place where the alleged victim or other children might be found, or the child may be transported to, and the interview conducted at, a place that is appropriate for the interview and has been designated by the local welfare agency or law enforcement agency. When it is possible and substantial child endangerment or sexual

abuse is alleged, the interview may take place outside the presence of the alleged offender and prior to any interviews of the alleged offender (Minn. Stat. § 260E.22).

The deputy shall notify the parent, legal custodian, or guardian that the interview occurred as soon as reasonably practicable after the interview, unless the juvenile court has determined that reasonable cause exists to withhold the information (Minn. Stat. § 260E.22).

331.7.4 INTERVIEWS AT SCHOOL

If deputies assigned to investigate a report of maltreatment determine that an interview should take place on school property, written notification of the intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property (Minn. Stat. § 260E.22, Subd. 7).

The investigating deputy shall determine who may attend the interview, although school officials may set reasonable conditions as to the time, place, and manner of the interview (Minn. Stat. § 260E.22, Subd. 7).

331.7.5 DOCUMENTING AND RECORDING INTERVIEWS

Any statement made by an alleged child abuse victim during the course of a criminal investigation shall be documented. The documentation of the interview must contain, at a minimum (Minn. Stat. § 260E.23):

- (a) The date, time, place, and duration of the interview.
- (b) The identity of the persons present at the interview.
- (c) A summary of the information obtained during the interview if it was not audio recorded.

Members should follow the written guidelines of the county attorney's office regarding recording interviews of a child abuse victim.

331.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating deputy should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The deputy should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

331.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

331.9.1 SUPERVISOR RESPONSIBILITIES

The Investigations supervisor should:

- (a) Work with professionals from the appropriate agencies, including the county social services agency, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when a deputy notifies the Investigations supervisor that the deputy has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social and other conditions that may affect the child.

331.9.2 DEPUTY RESPONSIBILITIES

Deputies responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

333.2 POLICY

The Dakota County Sheriff's Office does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. Center (NCIC) computer system. The two hour clock shall begin at the time the minimum data required is received. The agency must be able to document the time.

The investigating deputy will include a statement in the missing person/runaway report that specifies when the two hour clock begins. This report routes to the Dakota Communications Center (DCC) and the DCC enters this person into NCIC.

333.10.2 JUVENILES UP TO 17 YEARS OF AGE

Juveniles are to be entered into the system immediately, not to exceed two hours, upon receiving the minimum data required for entry into the National Crime Information Center (NCIC) computer system. The two hour clock shall begin at the time the minimum data required is received.

The documentation should be from a source such as a parent, legal guardian, next of kin, physician, or other authority source, including a neighbor or a friend. However, when such documentation is not reasonably attainable, a signed report by the investigating officer will suffice. For agencies using Electronic Records Management Systems (ERMS), some forms of signatures that are acceptable are:

- (a) Digitized signatures
- (b) Manual signatures scanned into the ERMS
- (c) The case officer's typed name into the report in the ERMS.

Public Alerts

335.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for alerting the public to important information and soliciting public aid when appropriate.

335.2 POLICY

Public alerts may be employed using the Emergency Alert System (EAS), local radio, television and press organizations and other groups to notify the public of incidents, or enlist the aid of the public, when the exchange of information may enhance the safety of the community. Various types of alerts may be available based upon each situation and the alert system's individual criteria.

335.3 RESPONSIBILITIES

335.3.1 EMPLOYEE RESPONSIBILITIES

Employees of the Dakota County Sheriff's Office should notify their supervisor, Watch Commander or Investigations Supervisor as soon as practicable upon learning of a situation where public notification, a warning or enlisting the help of the media and public could assist in locating a missing person, apprehending a dangerous person or gathering information.

335.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor apprised of the need for a public alert is responsible to make the appropriate notifications based upon the circumstances of each situation. The supervisor shall promptly notify the appropriate chain of command when any public alert is generated.

The supervisor in charge of the investigation to which the alert relates is responsible for the following:

- (a) Updating alerts
- (b) Canceling alerts
- (c) Ensuring all appropriate reports are completed
- (d) Preparing an after-action evaluation of the investigation to be forwarded to the Division Commander

335.4 AMBER ALERTS

America's Missing: Broadcast Emergency Response (AMBER) Alert™ is the recruitment of public assistance to locate an abducted child via a widespread media alert. Utilizing the assistance of local radio, television and press affiliates, the public will be notified of the circumstances of a child's abduction and how it can assist law enforcement in the child's recovery. The goal of the AMBER Alert program is the safe return of an abducted child by establishing an effective partnership between the community, the media and law enforcement through the Minnesota Crime Alert Network (Minn. Stat. § 299A.61 Subd. 1).

Dakota County SO Policy Manual

Public Alerts

335.4.1 CRITERIA

Any non-familial case in which an individual is abducted and the public can assist will trigger the activation of either the AMBER Alert and/or the Minnesota Crime Alert Network (MCAN) to inform the public and request its assistance in locating the individual.

The criteria for issuance of an Amber Alert are as follows:

- (a) A child 17 years of age or younger was abducted and there is reason to believe the victim is in imminent danger of serious bodily injury or death.
- (b) There is information available to disseminate to the general public that could assist with the safe recovery of the victim and/or the apprehension of the suspect.

An AMBER Alert should not be requested if there is no information to distribute.

335.4.2 PROCEDURE

The supervisor shall review the AMBER Alert checklist provided by the Bureau of Criminal Apprehension (BCA) to determine whether the abduction meets the AMBER Alert criteria.

As soon as possible, Dakota Communication Center personnel shall enter the child's name and other critical data into the National Crime Information Center (NCIC), with appropriate flags.

If the AMBER Alert criteria is met, the supervisor, Watch Commander or Investigations supervisor will notify the Operations Center at the BCA. The BCA will determine whether an AMBER Alert will be issued and, if so, will activate the Minnesota Emergency Alert System (EAS) through the Minnesota Department of Public Safety (DPS) Division of Homeland Security and Emergency Management (HSEM).

BCA will manage press notifications through the EAS.

As additional information becomes available, the BCA shall be apprised and they will disseminate the information, as appropriate.

When the child is found, or the alert should be cancelled for other reasons, the Investigations supervisor shall immediately notify BCA with the pertinent information.

335.5 MINNESOTA CRIME ALERT NETWORK (MCAN)

MCAN is a statewide communications network that enables law enforcement agencies to quickly alert the public (Minn. Stat. § 299A.61). In cases where the AMBER Alert criteria are not met, the supervisor shall issue a missing person alert through MCAN to notify the public and request information on the case (Minn. Stat. § 299C.53). Law enforcement agencies, businesses, schools, and community members participate in the network.

335.5.1 CRITERIA

MCAN is available for disseminating information regarding the commission of crimes, including information on missing and endangered children or vulnerable adults, or attempts to reduce theft and other crime.

Standards of Conduct

341.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Dakota County Sheriff's Office and are expected of all office members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this office or a member's supervisors.

341.1.1 STANDARDS OF CONDUCT FOR PEACE OFFICERS

The Dakota County Sheriff's Office adopts the Professional Conduct of Peace Officers model policy established and published by the Minnesota Board of Peace Officer Standards and Training Board (POST) (Minn. Stat. § 626.8457). This model policy applies to all peace officers of this office.

PROFESSIONAL CONDUCT OF PEACE OFFICERS MODEL POLICY

MN STAT 626.8457

I. POLICY

It is the policy of the Dakota County Sheriff's Office to investigate circumstances that suggest an officer has engaged in unbecoming conduct, and impose disciplinary action when appropriate.

II. PROCEDURE

This policy applies to all officers of this agency engaged in official duties whether within or outside of the territorial jurisdiction of this agency. Unless otherwise noted this policy also applies to off duty conduct. Conduct not mentioned under a specific rule but that violates a general principle is prohibited.

A. PRINCIPLE ONE

Peace officers shall conduct themselves, whether on or off duty, in accordance with the Constitution of the United States, the Minnesota Constitution, and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

1. Rationale: Peace officers conduct their duties pursuant to a grant of limited authority from the community. Therefore, officers must understand the laws defining the scope of their enforcement powers. Peace officers may only act in accordance with the powers granted to them.

2. Rules

a) Peace officers shall not knowingly exceed their authority in the enforcement of the law.

b) Peace officers shall not knowingly disobey the law or rules of criminal procedure in such areas as interrogation, arrest, detention, searches, seizures, use of informants, and preservation of evidence, except where permitted in the performance of duty under proper authority.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Standards of Conduct

- c) Peace officers shall not knowingly restrict the freedom of individuals, whether by arrest or detention, in violation of the Constitutions and laws of the United States and the State of Minnesota.
- d) Peace officers, whether on or off duty, shall not knowingly commit any criminal offense under any laws of the United States or any state or local jurisdiction.
- e) Peace officers will not, according to MN STAT 626.863, knowingly allow a person who is not a peace officer to make a representation of being a peace officer or perform any act, duty or responsibility reserved by law for a peace officer.

B. PRINCIPLE TWO

Peace officers shall refrain from any conduct in an official capacity that detracts from the public's faith in the integrity of the criminal justice system.

1. Rationale: Community cooperation with the police is a product of its trust that officers will act honestly and with impartiality. The peace officer, as the public's initial contact with the criminal justice system, must act in a manner that instills such trust.

2. Rules

- a) Peace officers shall carry out their duties with integrity, fairness and impartiality.
- b) Peace officers shall not knowingly make false accusations of any criminal, ordinance, traffic or other law violation. This provision shall not prohibit the use of deception during criminal investigations or interrogations as permitted under law.
- c) Peace officers shall truthfully, completely, and impartially report, testify and present evidence, including exculpatory evidence, in all matters of an official nature.
- d) Peace officers shall take no action knowing it will violate the constitutional rights of any person.
- e) Peace officers must obey lawful orders but a peace officer must refuse to obey any order the officer knows would require the officer to commit an illegal act. If in doubt as to the clarity of an order the officer shall, if feasible, request the issuing officer to clarify the order. An officer refusing to obey an order shall be required to justify his or her actions.
- f) Peace officers learning of conduct or observing conduct that is in violation of any law or policy of this agency shall take necessary action and report the incident to the officer's immediate supervisor who shall forward the information to the CLEO. If the officer's immediate supervisor commits the misconduct the officer shall report the incident to the immediate supervisor's supervisor.

C. PRINCIPLE THREE

Peace officers shall perform their duties and apply the law impartially and without prejudice or discrimination.

1. Rationale: Law enforcement effectiveness requires public trust and confidence. Diverse communities must have faith in the fairness and impartiality of their police. Peace officers must refrain from fostering disharmony in their communities based upon diversity and perform their

duties without regard to race, color, creed, religion, national origin, gender, marital status, or status with regard to public assistance, disability, sexual orientation or age.

2. Rules

a) Peace officers shall provide every person in our society with professional, effective and efficient law enforcement services.

b) Peace officers shall not allow their law enforcement decisions to be influenced by race, color, creed, religion, national origin, gender, marital status, or status with regard to public assistance, disability, sexual orientation or age.

D. PRINCIPLE FOUR

Peace officers shall not, whether on or off duty, exhibit any conduct which discredits themselves or their agency or otherwise impairs their ability or that of other officers or the agency to provide law enforcement services to the community.

1. Rationale: A peace officer's ability to perform his or her duties is dependent upon the respect and confidence communities have for the officer and law enforcement officers in general. Peace officers must conduct themselves in a manner consistent with the integrity and trustworthiness expected of them by the public.

2. Rules

a) Peace officers shall not consume alcoholic beverages or chemical substances while on duty except as permitted in the performance of official duties, and under no circumstances while in uniform, except as provided for in c).

b) Peace officers shall not consume alcoholic beverages to the extent the officer would be rendered unfit for the officer's next scheduled shift. A peace officer shall not report for work with the odor of an alcoholic beverage on the officer's breath.

c) Peace officers shall not use narcotics, hallucinogens, or other controlled substances except when legally prescribed. When medications are prescribed, the officer shall inquire of the prescribing physician whether the medication will impair the officer in the performance of the officer's duties. The officer shall immediately notify the officer's supervisor if a prescribed medication is likely to impair the officer's performance during the officer's next scheduled shift.

d) Peace officers, whether on or off duty, shall not engage in any conduct which the officer knows, or should reasonably know, constitutes sexual harassment as defined under Minnesota law, including but not limited to; making unwelcome sexual advances, requesting sexual favors, engaging in sexually motivated physical contact or other verbal or physical conduct or communication of a sexual nature.

e) Peace officers shall not commit any acts which constitute sexual assault or indecent exposure as defined under Minnesota law. Sexual assault does not include a frisk or other search done in accordance with proper police procedures.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Standards of Conduct

f) Peace officers shall not commit any acts which, as defined under Minnesota law, constitute (1) domestic abuse, or (2) the violation of a court order restraining the officer from committing an act of domestic abuse or harassment, having contact with the petitioner, or excluding the peace officer from the petitioner's home or workplace.

g) Peace officers, in the course of performing their duties, shall not engage in any sexual contact or conduct constituting lewd behavior including but not limited to, showering or receiving a massage in the nude, exposing themselves, or making physical contact with the nude or partially nude body of any person, except as pursuant to a written policy of the agency.

h) Peace officers shall avoid regular personal associations with persons who are known to engage in criminal activity where such associations will undermine the public trust and confidence in the officer or agency. This rule does not prohibit those associations that are necessary to the performance of official duties or where such associations are unavoidable because of the officer's personal or family relationships.

E. PRINCIPLE FIVE

Peace officers shall treat all members of the public courteously and with respect.

1. Rationale: Peace officers are the most visible form of local government. Therefore, peace officers must make a positive impression when interacting with the public and each other.

2. Rules

a) Peace officers shall exercise reasonable courtesy in their dealings with the public, other officers, superiors and subordinates.

b) No peace officer shall ridicule, mock, deride, taunt, belittle, willfully embarrass, humiliate, or shame any person to do anything reasonably calculated to incite a person to violence.

c) Peace officers shall promptly advise any inquiring citizen of the agency's complaint procedure and shall follow the established agency policy for processing complaints.

F. PRINCIPLE SIX

Peace officers shall not compromise their integrity nor that of their agency or profession by accepting, giving or soliciting any gratuity which could be reasonably interpreted as capable of influencing their official acts or judgments or by using their status as a peace officer for personal, commercial or political gain.

1. Rationale: For a community to have faith in its peace officers, officers must avoid conduct that does or could cast doubt upon the impartiality of the individual officer or the agency.

2. Rules

a) Peace officers shall not use their official position, identification cards or badges for: (1) personal or financial gain for themselves or another person; (2) obtaining privileges not otherwise available to them except in the performance of duty; and (3) avoiding consequences of unlawful or prohibited actions.

c) Peace officers shall refuse favors or gratuities which could reasonably be interpreted as capable of influencing official acts or judgments.

d) Unless required for the performance of official duties, peace officers shall not, while on duty, be present at establishments that have the primary purpose of providing sexually oriented adult entertainment. This rule does not prohibit officers from conducting walk-throughs of such establishments as part of their regularly assigned duties.

e) Peace officers shall:

not authorize the use of their names, photographs or titles in a manner that identifies the officer as an employee of this agency in connection with advertisements for any product, commodity or commercial enterprise;

maintain a neutral position with regard to the merits of any labor dispute, political protest, or other public demonstration while acting in an official capacity;

not make endorsements of political candidates while on duty or while wearing the agency's official uniform.

This section does not prohibit officers from expressing their views on existing, proposed or pending criminal justice legislation in their official capacity.

G. PRINCIPLE SEVEN

Peace officers shall not compromise their integrity, nor that of their agency or profession, by taking or attempting to influence actions when a conflict of interest exists.

1. Rationale: For the public to maintain its faith in the integrity and impartiality of peace officers and their agencies officers must avoid taking or influencing official actions

where those actions would or could conflict with the officer's appropriate responsibilities.

2. Rules

but not limited to initiating or furthering personal and/or intimate interactions of any kind with persons with whom the officer has had contact while on duty.

d) A peace officer shall not engage in any off-duty employment if the position compromises or would reasonably tend to compromise the officer's ability to impartially perform the officer's official duties.

H. PRINCIPLE EIGHT

Peace officers shall observe the confidentiality of information available to them due to their status as peace officers.

1. Rationale: Peace officers are entrusted with vast amounts of private and personal information or access thereto. Peace officers must maintain the confidentiality of such information to protect the privacy of the subjects of that information and to maintain public faith in the officer's and agency's commitment to preserving such confidences.

2. Rules

341.2 POLICY

The continued employment or appointment of every member of the Dakota County Sheriff's Office shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

Standards of Conduct

341.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or office policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, office policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. - (d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

341.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Minnesota constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

The preparing employee must determine whether the report will be available in time for appropriate action to be taken, such as investigating leads or a suspect is in custody.

Employees who dictate reports by any means shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident nor shall any employee make a false report orally or in writing. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. 347.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Sheriff or his/her authorized designee. The Sheriff is identified as the Responsible Authority for the Office pursuant to Minnesota Rules. However, in situations not warranting immediate notice to the Sheriff or his/her authorized designee and in situations where the Sheriff or his/her authorized designee or Chief Deputy have given prior approval, another designee may prepare and release information to the media in accordance with this policy and the applicable law.

347.2.1 MEDIA REQUEST

During regular business hours, any media request for information or access to a law enforcement situation shall be referred to the Sheriff or his/her authorized designee or Chief Deputy. If not available, it shall be referred to the Division Commander or Captain. Outside of regular business hours, the shift supervisor will determine the nature of the request and respond appropriately with data classified as public per Minnesota Statute §13.82 and articulated under section 347.4.

In certain instances, Command personnel may be on scene of an event outside of regular business hours. If available, they will coordinate the response to media requests. If the data request is for an incident that occurred on another shift, it should be referred to the appropriate Data Practices Compliance Liaison.

Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this office make any comment or release any official information to the media without prior approval from a supervisor or the designated Office media representative.
- (b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this office.
- (c) Under no circumstance should any member of this office make any comment(s) to the media regarding any law enforcement incident not involving this office without prior approval of the Sheriff or his/her authorized designee.

347.3 MEDIA ACCESS

- (c) No member of this office shall be required to submit to media visits or interviews without the consent of the involved employee.
- (d) Media interviews with individuals who are in custody shall not be permitted unless in compliance with a jail facility policy. Exceptions are only permitted with the approval of the Sheriff or his/her authorized designee and the express written consent of the person in custody.

All comments to the media shall be coordinated through a supervisor in accordance with section 347.2.1.

347.3.1 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft poses a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).

347.3.2 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of deputies and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media nor should media representatives be invited to be present at such actions except with the prior approval of the Sheriff.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Sheriff will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

347.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Office will respond upon request for information classified as public and should generally contain the following information (Minn. Stat. § 13.82):

Dakota County Sheriff's Office

347.4.1 STATE RESTRICTED INFORMATION

Outside Agency Assistance

353.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

353.2 POLICY

It is the policy of the Dakota County Sheriff's Office to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this office.

353.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to a supervisor for approval. Any such response to assist an outside agency may be considered for authorization regardless of whether an agreement for reciprocal aid under Minn. Stat. § 626.76, Subd. 1 exists. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this office, the supervisor may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this office.

Deputies may respond to a request for emergency assistance; however, they shall notify a supervisor of their activity as soon as practicable.

353.3.1 AGREEMENTS

The Office may, at the discretion of the Sheriff, establish an agreement with another law enforcement agency to (Minn. Stat. § 626.76, Subd.1):

- (a) Assist other peace officers in the line of their duty and within the course of their employment.
- (b) Exchange office peace officers with peace officers of another agency on a temporary basis.

353.3.2 INITIATED ACTIVITY

Any on-duty deputy who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Dakota County Sheriff's Office shall notify his/her supervisor or the Watch Commander and as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

353.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

Registered Predatory Offender

357.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Dakota County Sheriff's Office will address issues associated with certain offenders who are residing in the jurisdiction and how the Office will disseminate information and respond to public inquiries for information about registered offenders.

357.2 POLICY

It is the policy of the Dakota County Sheriff's Office to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

357.3 REGISTRATION

The supervisor tasked with Predatory Offender registration shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the office shall ensure that the registration information is provided to the Bureau of Criminal Apprehension (BCA) in accordance with Minn. Stat. § 243.166 within three days of the registration. Registration and updated information from a person who lacks a primary residence shall be forwarded within two days. Updated primary address information from any registered predatory offender shall also be forwarded within two days (Minn. Stat. § 243.166).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

357.3.1 REGISTRATION PROCESS

When an offender arrives to register with this office, the assigned investigator should:

- (a) Determine in what state the offense was committed.
- (b) Confirm the individual is required to register by reviewing the list of Minnesota offenses on the BCA's Predatory Offender Registration website or in the BCA Predatory Offender Registration (POR) Manual that is available on the BCA's secure website.
- (c) If a person is required to register, search the BCA's secure website to verify whether the offender is already registered and a DNA sample has been submitted.
- (d) If the offender is already registered, complete a Change of Information Form (available on the BCA's secure website).
- (e) If the offender is not registered, complete a POR Form (available at BCA's secure website).

Registered Predatory Offender

- (f) If the offender is from another state, contact the state (information for each state is listed on the BCA's website) and request a copy of the offender's original registration form, criminal complaint and sentencing documents.
 - 1. Documents obtained should be submitted to the BCA with a registration form.
 - 2. The BCA will determine if registration is required and inform the office and the offender.

Additional information regarding offender registration is available in the POR Manual or by contacting the Predatory Offender Unit by phone or through the BCA secure website.

357.3.2 GUIDELINES AND FORMS

The registration process shall be in accordance with Minn. Stat. § 243.166 and follow the guidelines implemented by the BCA. Forms used in the registration process are available from the secure website operated by the BCA. The BCA Predatory Offender Unit contacts can be reached at 651-793-7070. For information related to Community Notification review the MN Department of Corrections website at: <https://mn.gov/doc/community-supervision/community-notification/>

357.3.3 NOTIFICATION TO REGISTRANTS

The registration process established by the Investigations supervisor or designated Sergeant should include procedures for determining whether an individual requires notification of his/her requirement to register because the individual was not otherwise notified of the requirement by the sentencing court or assigned a corrections agent (Minn. Stat. § 243.166).

357.4 MONITORING OF REGISTERED OFFENDERS

The Investigations supervisor or designated Sergeant should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.
- (b) Review of information on the BCA secure website or the Department of Corrections Offender Information (DOC) website.
- (c) Contact with a registrant's parole or probation officer, if any.

Any discrepancies should be reported to BCA in writing.

The Investigations supervisor or designated Sergeant should also establish a procedure to routinely disseminate information regarding registered offenders to Dakota County Sheriff's Office personnel who have a need to know, including timely updates regarding new or relocated registrants.

357.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not make a public notification advising the community of a particular registrant's presence in the community without permission from the Sheriff. Members who believe notification is appropriate should promptly advise their supervisor. The supervisor should evaluate the request

Dakota County Sheriff's Office

and forward the information to the Sheriff if warranted. A determination will be made by the Sheriff based on statutory requirements, with the assistance of legal counsel as necessary, whether such a public alert should be made.

The Program Administration Supervisor shall release local registered offender information to residents in accordance with state law (Minn. Stat. § 244.052; Minn. Stat. § 243.166, Subd. 7; Minn. Stat. § 13.01 et seq.) and in compliance with a Minnesota Government Data Practices Act request.

357.5.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) Other cautionary notices included in the Minnesota Department of Correction's (DOC) material for public recipients.

357.5.2 MANDATORY DISSEMINATION

The Office shall provide and release predatory offender data, or updated data, obtained from the DOC based upon the offender's status of a Level 1, 2, or 3.

The Office shall continue to disclose data on an offender as required by law for as long as the offender is required to register under Minn. Stat. § 243.166.

Disclosure to the health care facility, home care provider, or hospice provider of the status of any registered predatory offender under Minn. Stat. § 243.166 who is receiving care shall be made by this office (Minn. Stat. § 244.052, Subd. 4c).

The Office shall provide an offender's change of status to the entities and individuals who were initially notified if the Office becomes aware that the area where notification was made is no longer where the offender resides, is employed, or is regularly found (Minn. Stat. § 244.052, Subd. 4).

357.5.3 LEVEL 1 DISCLOSURE

Data maintained by law enforcement may be subject to limited disclosure (Minn. Stat. § 244.052, Subd. 4) (refer to the DOC document "Confidential Fact Sheet - For Law Enforcement Agency Use Only" or other DOC guidance):

- (a) If this office learns that a person under its jurisdiction is subject to registration and desires consultation on whether the person is eligible for notification, the Office must contact the DOC. The DOC will review the governing law of the other state and, if comparable to Minnesota requirements, inform this office whether to proceed with community notification in accordance with the level assigned by the other state.

359.2 POLICY

The Dakota County Sheriff's Office recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this office to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

359.3 MINIMUM CRITERIA FOR NOTIFICATION

Most situations where the media show a strong interest are also of interest to the Sheriff or his/her authorized designee, Chief Deputy, and the affected Division Commander. The following list of incident types is provided as a guide for notification and is not intended to be all inclusive:

- Homicides.
- Traffic collisions with fatalities.
- Officer-involved shooting, whether on- or off-duty (See Officer-Involved Shooting Policy for special notifications).

- Death of a prominent Dakota County official.
- Arrest of Office employee or prominent Dakota official.
- Aircraft crash with major damage and/or injury or death.
- In-custody serious injuries, suicide attempts, or deaths.
- Any other incident, which has or is likely to attract significant media attention.

359.4.1 STAFF NOTIFICATION

Death Investigation

361.1 PURPOSE AND SCOPE

The investigation of cases involving death include those ranging from natural cause to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations cannot be emphasized enough.

Death investigations shall be conducted pursuant to Minn. Stat. § 390.005 through 390.252 if the county has an elected or appointed Medical Examiner (Minn. Stat. § 390.34).

361.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Emergency Medical Services shall be called in all suspected death cases unless the death is obvious (e.g., decapitated or decomposed). Peace officers are not authorized to pronounce death unless they are also Medical Examiners or Deputy Medical Examiners. A supervisor shall be notified in all death investigations.

361.2.1 MEDICAL EXAMINER REQUEST

The Medical Examiner shall be called for all deaths.

361.2.2 SEARCHING DEAD BODIES

The Medical Examiner or his/her assistants and authorized investigators are generally the only persons permitted to move, handle or search a dead body (Minn. Stat. § 390.221).

A deputy is permitted to make a reasonable search of an individual who it is reasonable to believe is dead, or near death, for information identifying the individual as an organ donor or as an individual who made a refusal. If a donor document is located, the Medical Examiner shall be promptly notified (Minn. Stat. § 525A.12).

Should exigent circumstances indicate to a deputy that any other search of a known dead body is warranted prior to the arrival of the Medical Examiner, the investigating deputy shall first obtain verbal consent from the Medical Examiner.

The Medical Examiner is required to release property or articles to law enforcement that are necessary for conducting an investigation unless reasonable basis exists pursuant to Minn. Stat. § 390.225 Subd. 2 to not release the property or articles (Minn. Stat. § 390.221).

Whenever reasonably possible, a witness, preferably a relative of the deceased or a member of the household, should be requested to remain nearby the scene and available to the deputy, pending the arrival of the Medical Examiner.

The name and address of this person shall be included in the narrative of the death report.

361.2.3 DEATH NOTIFICATION

Should a human death result from a fire, this office shall immediately notify the state fire marshal (Minn. Stat. § 299F.04 Subd. 5 (b)).

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Death Investigation

The Medical Examiners' Office will make notification of the deceased person. The Medical Examiners' Office may ask the Sheriff's Office to assist with notification. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Medical Examiner may be requested to make the notification. The Medical Examiner needs to know if notification has been made. Assigned investigators may need to talk to the next-of-kin.

If a deceased person has been identified as a missing person, this office shall attempt to locate family members and inform them of the death and the location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports and properly retained (Minn. Stat. § 390.25 Subd. 2 (b)).

361.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Medical Examiner arrives, the Medical Examiner will issue a "John Doe" or "Jane Doe" number for the report.

361.2.5 UNIDENTIFIED BODIES DATA ENTRY

As soon as reasonably possible, but no later than 30 working days after the date a death is reported to the Office, any information or items pertaining to identifying features of the unidentified body, dental records, fingerprints, any unusual physical characteristics, description of clothing or personal belongings found on or with the body, that are in the possession of DCSO shall be forwarded to the Medical Examiner for transmission to the BCA for eventual entry into systems designed to assist in the identification process, such as the Missing Children and Missing Persons Information Clearinghouse and the National Crime Information Center (NCIC) files (Minn. Stat. § 390.25 Subd. 2 (a)).

361.2.6 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

361.2.7 SUSPECTED HOMICIDE

If the initially assigned deputy suspects that the death involves a homicide or other suspicious circumstances, the deputy shall take steps to protect the scene and the Captain of Investigation shall be notified to determine the possible need for an investigator to respond to the scene for further immediate investigation.

If the on-scene supervisor, through consultation with the Investigation supervisor or assigned investigator, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The investigator of a homicide or suspicious-circumstances death may, with the approval of his/her supervisor, request the Medical Examiner to conduct physical examinations and tests and provide a report with the costs borne by the Office (Minn. Stat. § 390.251).

Identity Theft

363.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

363.2 REPORTING

- (a) A report shall be taken any time a person living within the jurisdiction of the Dakota County Sheriff's Office reports that he/she has been a victim of identity theft (Minn. Stat. § 609.527, Subd. 5). This includes:
 - 1. Taking a report even if the location of the crime is outside the jurisdiction of this office or has not been determined.
 - 2. Providing the victim with office information, as set forth in the Victim and Witness Assistance Policy. Deputies should encourage the individual to review the material, and assist with any questions.
- (b) A report should also be taken if a person living outside the office jurisdiction reports an identity theft that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box to facilitate the crime).

363.3 PREVENTATIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report as allowed by law (Minn. Stat. § 13C.016 Subd. 2). A victim may also access the Minnesota Attorney General's office for additional detailed information.

363.4 VICTIM DATA

The victim may be provided the Consent to Create an FBI Identity Theft File Form and a Notice About Providing Your Social Security Number. These completed forms should be submitted to the Records for appropriate filing and entry into the NCIC Identity Theft File. Forms and details are available on the Bureau of Criminal Apprehension identity theft website.

363.5 INFORMATION

The victim should also be encouraged to contact the Federal Trade Commission (FTC), which is responsible for receiving and processing complaints under the Identity Theft and Assumption Deterrence Act. The victim can contact the FTC online or by telephone. Additional information may be found at the U.S. Department of Justice (USDOJ) website.

363.6 IDENTITY THEFT REPORTING

The following details how the Dakota County Sheriff's Office handles reporting of identity theft. The Dakota County Sheriff's Office has a Joint Powers Agreement with the Dakota Communications Center (DCC) to enter and modify identity theft hot files.

The Dakota County Sheriff's Office will advise the Dakota Communications Center (DCC) to make an National Crime Information Center (NCIC) Identity Theft entry only if we are the agency that takes the identity theft complaint and the following criteria are met:

- (a) Someone is using a means of identification of the victim.
- (b) The identity of the victim is being used without the permission of the victim.
- (c) The victim's identity is being used or intended to be used to commit an unlawful activity.
- (d) The victim must sign a consent waiver, which can be found on the Criminal Justice Data Network (CJDN) Secure site, prior to the information being entered into the Identity Theft file.
- (e) Information on deceased persons may be entered into the file if it is deemed by the police officer that the victim's information has been stolen. No consent form is required with the entry of deceased person information.
- (f) If the Identity Theft file is going to contain the Social Security Number of the victim, our agency is required to inform the individual of this fact and they must sign the "Notice about Providing Your Social Security Number" form, which can be found on the CJDN Secure site.

- (d) When directed by a judge or a peace officer to arrest another person (Minn. Stat. § 629.403).

365.4 DEPUTY RESPONSIBILITIES

Any deputy presented with a private person wishing to make an arrest must determine whether there is reasonable cause to believe that such an arrest would be lawful.

- (a) Should any deputy determine that there is no reasonable cause to believe that a private person's arrest is lawful, the deputy should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.

1. Any deputy who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The deputy must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the deputy, the deputy should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever a deputy determines that there is reasonable cause to believe that a private person's arrest is lawful, the deputy may exercise any of the following options:
1. Take the individual into physical custody for booking.
 2. Release the individual upon a misdemeanor citation or pending formal charges.

365.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a Office Private Person's Arrest Form. If the person fails or refuses to do so the arrest subject shall be released unless the deputy has an independent reason to take the person into custody.

In addition to the Private Person's Arrest Form (and any other related documents, such as citations and booking forms), deputies shall complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

369.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

369.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Office to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations. This includes individuals who, because of difficulty in speaking or comprehending the English language, cannot fully understand any charges made against them, the seizure of their property, or they are incapable of presenting or assisting in the presentation of a defense (Minn. Stat. § 611.31).

Qualified bilingual member - A member of the Dakota County Sheriff's Office, designated by the Office, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

369.2 POLICY

It is the policy of the Dakota County Sheriff's Office to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Office will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

369.3 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Office will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Limited English Proficiency Services

provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by office members, or who may benefit from programs or services within the jurisdiction of the Office or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with office members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

369.4 TYPES OF LEP ASSISTANCE AVAILABLE

Dakota County Sheriff's Office members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Office will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Office will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept office-provided LEP services at no cost or they may choose to provide their own.

Office-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

369.5 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

369.6 AUDIO RECORDINGS

The Office may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

369.7 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established office procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Limited English Proficiency Services

non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this office is not available, personnel from other County departments, who have been identified by the Office as having the requisite skills and competence, may be requested.

369.8 AUTHORIZED INTERPRETERS

Any person designated by the Office to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the office case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this office and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

369.8.1 SOURCES OF AUTHORIZED INTERPRETERS

The Office may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this office or personnel from other County departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this office, and with whom the Office has a resource-sharing or other arrangement that they will interpret according to office guidelines.

Dakota County Sheriff's Office

369.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Office to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, office members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

369.9 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this office will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this office is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Office or some other identified source.

369.10 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Dakota County Sheriff's Office will take reasonable steps and will work with the Department of Employee Relations to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

369.10.1 EMERGENCY CALLS TO 9-1-1

Office members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Limited English Proficiency Services

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

369.11 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the deputy is unable to effectively communicate with an LEP individual.

If available, deputies should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

369.12 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, deputies should consider calling for an authorized interpreter in the following order:

- An authorized office member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

369.13 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

369.13.1 OTHER TIMING AND NOTIFICATION MANDATES

The investigating or arresting deputy shall immediately make necessary contacts to get an authorized interpreter for an in-custody LEP person at the earliest possible time in order to assist the person throughout the interrogation or taking of a statement. This applies even when the interrogation will be conducted by a bilingual member (Minn. Stat. § 611.32).

The following shall be explained to the LEP person with the assistance of the authorized interpreter (Minn. Stat. § 611.32):

- (a) All charges filed against the person
- (b) All procedures relating to the person's detainment and release
- (c) In the case of any seizure under the provisions of the Asset Forfeiture Policy:
 - 1. The possible consequences of the seizure
 - 2. The person's right to judicial review

369.13.2 OATH

Every authorized interpreter shall be administered and take the following oath prior to assisting in taking a statement related to a criminal matter from an in-custody LEP person (Min. Stat. § 611.33):

"I will make, to the best of my skill and judgment, a true interpretation to the disabled person being examined of all the proceedings, in a language which said person understands, and to repeat the statements, in the English language, of said person to the officials before whom the proceeding is taking place."

369.14 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

369.15 COMPLAINTS

The Office shall ensure that LEP individuals who wish to file a complaint regarding members of this office are able to do so. The Office may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this office.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

369.16 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this office are important to the ultimate success of more traditional law enforcement duties. This office will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

369.17 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Office will provide periodic training on this policy and related procedures, including how to access office-authorized telephonic and in-person interpreters and other available resources.

The Administrative Captain shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Administrative Captain shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

369.17.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Administrative Captain shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

371.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

371.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102). This includes those who, because of a hearing, speech or other communication disorder, cannot fully understand any charges made against them, the seizure of their property or they are incapable of presenting or assisting in the presentation of a defense (Minn. Stat. § 611.31).

Qualified Interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

371.2 POLICY

It is the policy of the Dakota County Sheriff's Office to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal and meaningful access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Office will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

371.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Sheriff shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by and directly responsible to the Patrol Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the County ADA coordinator regarding the Dakota County Sheriff's Office's efforts to ensure equal access to services, programs and activities.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Communications with Persons with Disabilities

- (b) Developing reports, new procedures, or recommending modifications to this policy.
- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to office services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Executive Director. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
 - 3. Type of services provided
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to office services, programs and activities.

371.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this office should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However in an emergency availability may factor into the type of aid used.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Communications with Persons with Disabilities

371.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation when a member knows or suspects an individual requires assistance to effectively communicate the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include for example exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Dakota County Sheriff's Office, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

371.6 TYPES OF ASSISTANCE AVAILABLE

Dakota County Sheriff's Office members shall never refuse to assist an individual with disabilities who is requesting assistance. The Office will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Office will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept office-provided auxiliary aids or services or they may choose to provide their own.

Office-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

Communications with Persons with Disabilities

371.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Office may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

371.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available by some means, even remotely, within a reasonable amount of time.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use office-approved procedures to request a qualified interpreter at the earliest reasonable opportunity and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

371.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time as needed for effective communication due to the slower nature of TTY and TDD communications.

The Office will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

Dakota County SO Policy Manual

Communications with Persons with Disabilities

371.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services such as ASL or SE, and have been approved by the Office to provide interpreter services.

Where qualified interpreters are unavailable to assist approved community volunteers who have demonstrated competence may be called upon when appropriate. However office members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

371.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

371.12 REPORTING

Whenever any member of this office is required to complete a report or other documentation and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Office or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

371.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Communications with Persons with Disabilities

The Office recognizes it would be virtually impossible to provide immediate access to complete communication services to every member of this office. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example it would be meaningless to verbally request consent to search if the deputy is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, deputies should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

371.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

371.14 CUSTODIAL INTERROGATIONS

In an effort to ensure the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this office will provide interpreter services before beginning an interrogation, unless exigent circumstances exist. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

To ensure that communications during custodial investigations are accurately documented and are admissible as evidence, as with all custodial interviews, interrogations should be

Dakota County Sheriff's Office

recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

371.14.1 OTHER TIMING AND NOTIFICATION MANDATES

The investigating or arresting deputy shall immediately make necessary contacts to get a qualified interpreter for a person in custody at the earliest possible time (Minn. Stat. § 611.32).

The following shall be explained with the assistance of the qualified interpreter (Minn. Stat. § 611.32):

- (a) All charges filed against the person
- (b) All procedures relating to the person's detainment and release
- (c) In the case of any seizure under the Asset Forfeiture Policy:
 - 1. The possible consequences of the seizure
 - 2. The person's right to judicial review

371.14.2 OATH

Every qualified interpreter shall be administered and take the following oath prior to assisting in taking a statement related to a criminal matter from an in-custody deaf or hard of hearing person (Minn. Stat. § 611.33):

"I will make, to the best of my skill and judgment, a true interpretation to the disabled person being examined of all the proceedings, in a language which said person understands, and to repeat the statements, in the English language, of said person to the officials before whom the proceeding is taking place."

371.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting deputy shall use office-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the deputy reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

371.16 COMPLAINTS

The Office shall ensure that individuals with disabilities who wish to file a complaint regarding members of this office are able to do so. The Office may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the office ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Office.

371.17 COMMUNITY OUTREACH

Pupil Arrest Reporting

373.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the procedures to follow when a pupil is arrested on school grounds and during school hours, or when a juvenile is arrested that still attends non post-secondary school.

373.2 PUPIL ARREST REPORTING

In the event a school pupil is arrested, the arresting deputy shall include the necessary information in the report to ensure that the Records notifies the chief administrative officer of the school, or an appropriate designee, of the pupil's arrest.

If there is probable cause to believe an incident involved alcohol or a controlled substance, the arresting deputy shall complete the appropriate form and submit the form with the report to the Records. The Records shall ensure the form is distributed to the chemical abuse pre-assessment team of the school within two weeks of the occurrence (Minn. Stat. § 121A.28).

373.2.1 PUPIL ARREST AFTER NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to notify the school prior to the arrest. Prior notification and assistance from the school, may reduce disruption to school operations and other students.

373.2.2 PUPIL ARREST BEFORE NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to arrest the pupil before notifying the school. This may be appropriate if the pupil is a flight risk, if prior notification will impede the investigation or if notification creates additional risks to students, faculty, the deputy or the public.

Proper notification to the school after the pupil's arrest should then be made when circumstances reasonably allow.

373.2.3 PARENTAL NOTIFICATION

Upon arrest, it is the arresting deputy's responsibility to ensure the parents of the arrested pupil are properly notified. Notification shall be made by the deputy, regardless of subsequent notifications by the juvenile detention facility. Notifications should be documented and include the charges against the pupil and where the pupil will be taken.

Biological Samples

374.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

374.2 POLICY

The Dakota County Sheriff's Office will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

374.3 PERSONS SUBJECT TO BIOLOGICAL SAMPLE COLLECTION

The following persons must submit a biological sample:

- (a) Adults who are subject to a court order requiring a biological sample after sentencing (Minn. Stat. § 609.117).
- (b) Juveniles who are subject to a court order requiring a biological sample after being adjudicated delinquent (Minn. Stat. § 609.117).

374.4 PROCEDURE

When an individual is required to provide a biological sample, a trained employee shall attempt to obtain the sample in accordance with this policy.

374.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the individual is required to provide a sample pursuant to Minn. Stat. § 609.117.
- (b) Verify that a biological sample has not been previously collected from the offender by querying the person's criminal history. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use the designated collection kit provided by the Minnesota Bureau of Criminal Apprehension to perform the collection and take steps to avoid cross contamination.

374.5 USE OF FORCE TO OBTAIN SAMPLES

If a person refuses to cooperate with the sample collection process, deputies should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order or approval of legal counsel and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

374.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the office's records retention schedule.

Child and Dependent Adult Safety

380.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this office.

This policy does not address the actions to be taken during the course of a child abuse or vulnerable adult investigation. These are covered in the Child Abuse and Adult Abuse.

380.2 POLICY

It is the policy of this office to mitigate, to the extent reasonably possible, the stressful experience individuals may have when a parent or caregiver is arrested. The Dakota County Sheriff's Office will endeavor to create a strong cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected.

380.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, deputies should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, deputies should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Deputies should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, deputies should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, deputies should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be nonproductive, the deputy at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Child and Dependent Adult Safety

380.3.1 AFTER AN ARREST

Whenever an arrest is made, the deputy should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Deputies should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), deputies should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 2. Except when a court order exists limiting contact, the deputy should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (b) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (c) Notify the county social services agency, if appropriate.
- (d) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting deputy should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

380.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

Dakota County Sheriff's Office

Child and Dependent Adult Safety

380.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting employee will document the following information:
1. Name
 2. Sex
 3. Age
 4. How, where and with whom or which agency the child was placed
- (b) For all arrests where dependent adults are present or living in the household, the reporting employee should document the following information about the dependent adult:
1. Name
 2. Sex
 3. Age
 4. Whether he/she reasonably appears able to care for him/herself
 5. Disposition or placement information if he/she is unable to care for him/herself

380.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling deputies, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

380.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling deputy should contact the appropriate welfare service or other office-approved social service entity to determine whether protective custody is appropriate (Minn. Stat. § 260C.007; Minn. Stat. § 260C.175).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the sheriff's facility, transported in a marked patrol car or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

Service Animals

382.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Dakota County Sheriff's Office recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

382.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

382.2 POLICY

It is the policy of the Dakota County Sheriff's Office to provide services and access to persons with service animals in the same manner as those without service animals. Office members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

382.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the public is allowed. Office members are expected to treat individuals with service animals with the same courtesy and respect that the Dakota County Sheriff's Office affords to all members of the public (see generally Minn. Stat. § 256C.02; Minn. Stat. § 363A.19).

382.3.1 REMOVAL

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, a deputy may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually. Past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this office are expected to provide all services as are reasonably available to an individual with the disability.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Service Animals

382.3.2 INQUIRY

If it is apparent or if a deputy is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the deputy should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal, and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

382.3.3 CONTACT

Service animals are not pets. Office members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

382.3.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this office should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner into all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, deputies should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice or the Minnesota Department of Human Rights.

382.4 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

Examples of the ways service animals may be used to provide assistance include:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.

However, the Office must not utilize the services of a volunteer in such a way that it would violate employment laws or labor agreements (Example: a detention deputy working as a deputy for reduced or no pay). Therefore, the Coordinator should consult the Department of Employee Relations prior to an employee serving in a volunteer capacity (29 CFR 553.30).

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Office. Whenever a rule, regulation or guideline in this manual refers to a licensed deputy, it shall also apply to a volunteer unless by its nature it is inapplicable.

384.2.7 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

384.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Office must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as, and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

384.4 DATA PRACTICES

When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Office.

384.7 EMERGENCY CALLOUT FOR VOLUNTEER PERSONNEL

Off-Duty Law Enforcement Actions

388.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place a deputy as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for deputies of the Dakota County Sheriff's Office with respect to taking law enforcement action while off-duty.

388.2 POLICY

Deputies generally should not initiate law enforcement action while off-duty. Deputies should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

When the safety of the public or the prevention of major property damage requires immediate action, deputies should first consider reporting and monitoring the activity and only take direct action as a last resort.

Deputies are not expected to place themselves in unreasonable peril. However, any licensed member of this office who becomes aware of an incident or circumstance that the member reasonably believes would justify the use of deadly force or result in significant property damage may take reasonable action to minimize or eliminate the threat. See the Use of Force Policy for additional guidance.

388.3 FIREARMS

Deputies of this office may carry firearms while off-duty in accordance with federal regulations, state law and office policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off-duty, deputies shall also carry their office-issued badge and identification.

Deputies should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any deputy who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the deputy's senses or judgment.

388.4 DECISION TO INTERVENE

There is no legal requirement for off-duty deputies to take law enforcement action. However, should deputies decide to intervene, they must evaluate whether the action is necessary or desirable and should take into consideration:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, Oleoresin Capsicum (OC) spray or a baton.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty deputy were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty deputy to be misidentified by other peace officers or members of the public.

Deputies should consider waiting for on-duty uniformed deputies to arrive and gather as much accurate intelligence as possible instead of immediately intervening.

388.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the deputy should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty deputy is on-scene and should be provided a description of the deputy if reasonably possible.

Whenever reasonably practicable, the deputy should loudly and repeatedly identify him/herself as an Dakota County Sheriff's Office deputy until acknowledged. Official identification should also be displayed.

388.4.2 INCIDENTS OF PERSONAL INTEREST

Deputies should refrain from handling incidents of personal interest (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, deputies should call the responsible agency to handle the matter.

388.4.3 NON-SWORN RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and reasonably practicable.

388.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed deputy in public, uniformed deputies should wait for acknowledgement by the non-uniformed deputy in case he/she needs to maintain an undercover capability.

388.5 REPORTING

Deputies should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Discipline Policy for Misuse of CJDN

389.1 PURPOSE AND SCOPE

CJDN - The Criminal Justice Data Communications Network is the overall system, which provides criminal justice agencies computer access to data stored on state and national systems.

Inquiries into the motor vehicle registration, driver license, criminal history or any other file in the MNJIS/NCIC systems will be performed for criminal justice purposes only.

Any employee misusing information or obtaining information for other than official criminal justice purposes from the Criminal Justice Data Network will be subject to disciplinary action.

389.2 MISUSE AND VIOLATIONS

When performing any file inquiries or making any entries into NCIC or MNJIS, it is important to remember that the data stored in MNJIS/NCIC is documented criminal justice information and this information must be protected to ensure correct, legal and efficient dissemination and use. The individual receiving a request for criminal justice information must ensure that the person requesting the information is authorized to receive the data. The stored data in NCIC and MNJIS is sensitive and should be treated accordingly, and unauthorized request or receipt of NCIC or MNJIS material could result in criminal proceedings.

When the Sheriff or his/her authorized designee or the TAC becomes aware that an employee of the Dakota County Sheriff's Office is using a CJDN terminal, CJDN terminal generated information, CJDN equipment, or CJDN access not in accordance with agency policies, state policies, or NCIC policies and said problem is not deemed merely operator error, the Sheriff, their designee, or the TAC shall promptly address the violation.

The Sheriff or their designee shall meet with the person who is alleged to have violated the policy and determine appropriate sanctions, which may include any or all of the standard discipline policies currently in place at the Dakota County Sheriff's Office including verbal reprimand, written reprimand, suspension, or termination. Intentional misuse of the CJDN system is a serious violation and the BCA will be informed of such violations. If criminal behavior is believed to have occurred, appropriate agencies will be notified for further investigation.

The specific situation in each case of misuse of the CJIS system will be looked at, with all circumstances considered when determining disciplinary actions. Consideration will be given to the extent of loss or injury to the system, agency, or other person upon release or disclosure of sensitive or classified information to an unauthorized individual. This also includes activities which result in unauthorized modification or destruction of system data, loss of computer system processing capability, or loss by theft of any computer system media including: chip ROM memory, optical or magnetic storage medium, hardcopy printout, etc. The TAC, with the Sheriff or his/her authorized designees approval may at any time terminate a staff person's access to the CJDN system for any rule violation.

CJIS/NCIC Hit Confirmation

391.1 PURPOSE AND SCOPE

This policy defines how the Dakota County Sheriff's Office will handle hot file confirmations as required by the FBI and BCA.

391.2 DEFINITIONS

CJIS/NCIC HIT - A Hit is a positive response from MNJIS and/or NCIC in which the person or property inquired about appears to match the person or property contained in the response. Queried subject appears to match the record subject.

Dakota Communications Center (DCC) - The agency in Dakota County that responds to Hit Confirmation Requests for the Dakota County Sheriff's Office during non-business hours.

391.3 HIT CONFIRMATION PROCESS

Agencies that enter records into MNJIS/NCIC must be available for hit confirmation 24 hours a day, every day of the year. Non-24-hour agencies must place either the ORI or the telephone number (including area code) of the 24-hour agency responsible for responding to a hit confirmation request in the MIS/ field of the hot file record.

During regular business hours the Dakota County Sheriff's Office handles hit confirmation requests concerning warrants. The Dakota Communications Center (DCC) handles all other types of hit confirmation requests 24 hours a day. The DCC handles warrant hit confirmation requests during not business hours.

NCIC policy requires an agency receiving a hit on another agency's MNJIS/NCIC record to contact the entering agency to confirm that the record is accurate and up to date.

If you have performed an inquiry and received a "Hit", use the following procedures:

- (a) Print or save an electronic copy of the Hit.
- (b) Immediately confirm with the arresting officer: Examine the Hit message and evaluate all information in the record and compare with the officer's description of the subject being stopped or property being recovered to insure that person or property matches the person or property described in the Hit.
- (c) Confirm the Hit with the originating agency. An inquiring agency that receives a hit must use the YQ message to request confirmation of a Hit. Use the appropriate pre-formatted screen.
 1. RNO - Request Number. Enter 1, 2, or 3 to indicate whether the Hit confirmation request is the 1st, 2nd, or 3rd request sent. When an agency requests a hit confirmation and fails to receive a response within the specified time (10 minutes or 1 hour), then it must send a second request for Hit confirmation, entering a 2 in the RNO field. The second request will be sent to the originating agency along with a copy that is automatically sent to the CTA in the state where the originating agency is located. If a second request is not responded to, then a third request must be sent with a 3 in the RNO field. This will cause the Hit

confirmation request to be sent to the originating agency along with copies that are automatically sent to the CTA in the state where the originating agency is located, as well as to NCIC.

2. PRI - Priority. The agency requesting confirmation of a Hit must determine if an URGENT (10 minute) or ROUTINE (1 hour) response is appropriate.
 3. Fill in any other appropriate fields before transmitting the request.
- (d) If the originating agency indicated that the Hit is not active, notify the requesting person. Do not arrest the subject or recover the property.
- (e) If the originating agency confirms that the Hit is still active and the subject is arrested, or property recovered, enter a Locate and save an electronic copy to the Warrant File.

391.4 HIT CONFIRMATION RESPONSE

If you receive a Hit confirmation, use the following procedures to respond.

- (a) Note the amount of time that you have to respond and make sure to respond within that time period.
- (b) Attempt to confirm the Hit by checking PCI or Incident Report to determine if the person is still wanted or property is still missing.
- (c) If you are unable to confirm the Hit, send a response with an explanation for not being able to confirm.
- (d) Use the appropriate YR message to respond. (Pre-formatted screen.)
 1. CON - Confirmation Status. Enter one of the following codes: Y - Yes, to positively confirm a Hit. N - No, to provide a negative response to the Hit confirmation P - In process, to indicate that you are in the process of confirming the Hit. E - Extradition, to indicate that the Hit is positive or valid but the agency is awaiting a decision on extradition.

391.5 DOCUMENTATION OF THE HIT CONFIRMATION PROCESS

All Hit confirmation teletypes should be retained, and precise notes should be made on the printout concerning how, when, and to whom the information was given. The printout should be kept in the case file. Documentation of the confirmed Hit is essential and may be critical to the success of defending a later claim of misidentification or false arrest.

Second Party Check Requirements - Hot Files

393.1 PURPOSE AND SCOPE

The policy documents how the Dakota County Sheriff's Office will do checks to ensure hot file entries are complete and accurate.

393.2 DEFINITIONS

Second Party Checking - Second party checking means that someone, other than the person making the record entry, checks the record for accuracy and completeness.

Hot Files - Hot files encompass the following major files; Articles, Boats, Guns, Securities, Vehicles, Wanted Persons, Missing Persons, Unidentified Persons, Foreign Fugitives, Violent Gangs and Terrorist Organizations, Violent Felons, Protection Order Persons, Stolen License Plate and U.S. Secret Service Protectees. At the state level, CJIS stores and maintains files on stolen vehicles, guns, articles and wanted persons. The CJIS system edits record entries made by Minnesota agencies before they are sent to the National Crime Information Center (NCIC) to insure that they meet appropriate field edit criteria.

393.3 SECOND PARTY CHECK PROCEDURES

This procedure is required for all Hot File entries and modifications to record entries. The person conducting a second party check on a hot file should first query the record and, if it is a warrant, the person should refer to the hit embedded in the record in the warrant computer system and proceed with the following steps:

- (a) Ensure that all appropriate sources were checked and queried for complete information. This may include Criminal History records, motor vehicle registrations, driver's license information and any other available sources. Make sure that this source material is kept with the case file and attached to the warrant in PCI. ie; QDP and CCH/III identification information.
- (b) Compare the information from the sources listed above against the record entered into MNJIS/NCIC to verify the accuracy of information in all fields of the hot file record.
- (c) Verify that all information was coded correctly with appropriate up-to-date NCIC codes.
- (d) Warrant support staff will correct any records that are inaccurate or coded incorrectly. For all other hot files, the Dakota County Sheriff's Office will notify the DCC to correct the record.
- (e) Verify that the record was "packed" with all available information.
- (f) Enter your name, date and time in the second party check fields in the computer system.

Supporting Documentation for Property Hot File Records

394.1 PURPOSE AND SCOPE

It is the responsibility of the sheriff's office to validate the hot file entry on these orders.

395.2 REQUIREMENTS

When the Dakota County Sheriff's Office receives an Order for Protection (OFP) or Order for Harassment (OFH), we will do the following:

This policy provides guidance to office members that affirms the Dakota County Sheriff's Office commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the office's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

402.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement.

This includes use of racial or ethnic stereotypes as factors in selecting whom to stop and search. It does not include law enforcement's use of race or ethnicity to determine whether a person matches a specific description of a particular subject (Minn. Stat. § 626.8471).

402.2 POLICY

The Dakota County Sheriff's Office is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this office to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group (Minn. Stat. § 626.8471, Subd. 3).

402.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit a deputy from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

402.4 MEMBER RESPONSIBILITIES

Every member of this office shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

402.4.1 INFORMATION TO BE PROVIDED

Deputies shall (Minn. Stat. § 626.8471, Subd. 3):

Dakota County Sheriff's Office

Bias-Based Policing

- (a) Introduce or identify themselves and state the reason for a contact as soon as practicable unless providing the information could compromise deputy or public safety.
- (b) Attempt to answer questions the person may have regarding the contact, including relevant referrals to other agencies when appropriate.
- (c) Explain the reason for the contact if it is determined the reasonable suspicion was unfounded.
- (d) When requested, provide their name and badge number and identify this office during routine stops.
- (e) When requested, deputies should inform a member of the public of the process to file a misconduct complaint for bias-based policing against a member of the Office, and that bias-based policing complaints may be made by calling the Attorney General's office (Minn. Stat. § 626.9514).

402.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

- (a) Supervisors should discuss any issues with the involved deputy and his/her supervisor in a timely manner.
 - 1. Supervisors should document these discussions, in the prescribed manner.
- (b) Supervisors should periodically review MAV recordings, portable audio/video recordings, Mobile Digital Computer (MDC) data and any other available resource used to document contact between deputies and the public to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this office who discloses information concerning bias-based policing.

402.6 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Professional Standards.

The Sheriff and supervisors should receive and review training materials prepared by the Board of Peace Officer Standards and Training (POST) (Minn. Stat. § 626.8471, Subd. 7).

Training should also include in-service training on recognizing and valuing community diversity and cultural differences, including implicit bias, as required by Minn. Stat. § 626.8469, Subd. 1.

Handcuffing and Restraints

403.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

403.2 POLICY

The Dakota County Sheriff's Office authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and office training. Restraint devices shall not be used to punish, to display authority or as a show of force.

403.3 USE OF RESTRAINTS

Only members who have successfully completed Dakota County Sheriff's Office-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, deputies should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

403.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of deputies and others. When deciding whether to remove restraints from a detainee, deputies should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

403.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety taking into consideration whether the person may resist, attempt escape, injure self or others, or damage property. Leg irons, waist chains, or wrist restraints behind the body should not be used. If wrist restraints are used, they should be applied in such a way that the pregnant woman may be able to protect herself and her fetus in the event of a forward fall.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, or others.

403.3.3 RESTRAINT OF INCARCERATED PREGNANT PERSONS

Restraints will not be used on inmates who are known to be pregnant unless based on an individualized determination that restraints are reasonably necessary to ensure the safety and security of the inmate, the staff of this or the medical facility, other inmates or the public. Should restraints be necessary, the restraints shall be the least restrictive available and the most reasonable under the circumstances (Minn. Stat. § 241.88).

Inmates who are known to be pregnant will not be handcuffed behind their backs or placed in waist restraints while being transported (Minn. Stat. § 241.88).

No inmate who is in labor, delivering or recovering (for at least three days) from a birth shall be restrained except when all of the following exist (Minn. Stat. § 241.88):

- (a) There is a substantial flight risk or some other extraordinary medical or security circumstance that dictates restraints be used to ensure the safety and security of the inmate, the staff of this or the medical facility, other inmates or the public.
- (b) A supervisor has made an individualized determination that such restraints are necessary to prevent escape or injury.
- (c) There is no objection from the treating medical care provider.
- (d) The restraints used are the least restrictive type and are used in the least restrictive manner.

The supervisor should, within 10 days, make written findings specifically describing the type of restraints used, the justification and the underlying extraordinary circumstances.

403.3.4 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the deputy has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the deputy or damage property.

403.3.5 NOTIFICATIONS

Whenever a deputy transports a person with the use of restraints other than handcuffs, the deputy shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the deputy reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

Dakota County SO Policy Manual

Handcuffing and Restraints

403.4 HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, deputies should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

403.5 SPIT HOODS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the deputy reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Deputies utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Deputies should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Deputies should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored until the spit hood is removed. Spit hoods shall be discarded after each use.

403.6 AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only office-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

403.6 LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the office shall be used.

In determining whether to use the leg restraint, deputies should consider:

- (a) Whether the deputy or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting deputy while handcuffed, kicking at objects or deputies).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

403.6.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, deputies should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the deputy arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by a deputy while in the leg restraint. The deputy should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The deputy should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by a deputy when requested by medical personnel. The transporting deputy should describe to medical personnel any unusual behaviors or other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

403.7 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the deputy shall document the details of the detention and the need for handcuffs or other restraints.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Handcuffing and Restraints

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The deputy should include, as appropriate:

- (a) The amount of time the suspect was restrained.
- (b) How the suspect was transported and the position of the suspect.
- (c) Observations of the suspect's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.

403.7 TRAINING

Subject to available resources, the Administrative Captain should ensure that deputies receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Office.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Crime and Disaster Scene Integrity

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

407.2 POLICY

It is the policy of the Dakota County Sheriff's Office to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

407.3 SCENE RESPONSIBILITY

The first deputy at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Deputies shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once a deputy has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the deputy shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

407.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

407.5 SEARCHES

Deputies arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once deputies are satisfied that no additional suspects are present and/or there are no injured

Dakota County Sheriff's Office

Crime and Disaster Scene Integrity

persons to be treated, those exigent circumstances will likely no longer exist. Deputies should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

407.5.1 CONSENT

When possible, deputies should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

407.6 EXECUTION OF HEALTH ORDERS

Any licensed member of this office may assist in the enforcement of all directives of the local health officer issued for the purpose of preventing the spread of any contagious, infectious, or communicable disease (Minn. Stat. § 144.4195, Subd. 2(c)).

SOUTH METRO SWAT

409.1 PURPOSE AND SCOPE

South Metro SWAT is comprised of two specialized teams: the Crisis Negotiation Team (CNT) and the Special Weapons and Tactics team (SWAT). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary.

409.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to South Metro SWAT are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a law enforcement response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to office personnel, allowing for appropriate on-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

409.2 POLICY

It is the policy of this office to utilize South Metro SWAT as our tactical response element. The South Metro SWAT oversight council has the responsibility to provide sufficient resources to maintain performance and capability. The South Metro SWAT Patrol Manual is attached to this manual as a reference.

409.3 MANAGEMENT/SUPERVISION OF SOUTH METRO SWAT

The commander of South Metro SWAT shall be selected by the South Metro SWAT governing board.

409.4 OPERATIONAL GUIDELINES FOR SOUTH METRO SWAT

The following procedures serve as guidelines for the operational deployment of South Metro SWAT. Generally, the SWAT team and the Crisis Negotiation Team will be activated together. It is recognized, however, that a tactical team may be used in a situation not requiring the physical presence of the Crisis Negotiation Team, such as warrant service operations. This shall be at the discretion of the South Metro SWAT Commander.

409.4.1 ON-SCENE DETERMINATION

The supervisor in charge at the scene of a particular event will assess whether South Metro SWAT should respond and notify the DCC if needed.

409.4.2 APPROPRIATE SITUATIONS FOR USE OF SOUTH METRO SWAT

The following are examples of incidents that may result in the activation of South Metro SWAT:

- (a) Barricaded suspects who refuse an order to surrender.
- (b) Incidents where hostages have been taken.
- (c) Cases of suicide threats.

SOUTH METRO SWAT

- (d) Arrests of dangerous persons.
- (e) Any situation where a South Metro SWAT response could enhance the ability to preserve life, maintain social order and ensure the protection of property.

409.4.3 OUTSIDE AGENCY REQUESTS

Requests by field personnel for assistance from outside agency crisis units must be directed to the South Metro SWAT Team Commander.

409.4.4 MULTI-JURISDICTIONAL SWAT OPERATIONS

The SWAT team, including relevant specialized units and supporting resources, should develop protocols, agreements, memorandums of understanding, collective bargaining agreements or working relationships to support multi-jurisdictional or regional responses.

- (a) If it is anticipated that multi-jurisdictional SWAT operations will regularly be conducted, SWAT multi-agency and multidisciplinary joint training exercises are encouraged.
- (b) Members of the Dakota County Sheriff's Office SWAT team shall operate under the policies and procedures of the Dakota County Sheriff's Office, and under the direction of the South Metro SWAT Team Commander, when working in a multi-agency situation.

409.4.5 MOBILIZATION OF SOUTH METRO SWAT

Through the DCC, the on-scene supervisor will request South Metro SWAT Team activation. A phone number will be provided to the South Metro SWAT Commander or designee so they can contact the on-scene supervisor directly. As soon as practicable, the on-scene supervisor should notify the Patrol Captain.

The supervisor on duty should advise the South Metro SWAT Commander with as much of the following information as is available at the time:

- (a) The number of suspects, known weapons and resources.
- (b) If the suspect is in control of hostages.
- (c) If the suspect is barricaded.
- (d) The type of crime involved.
- (e) If the suspect has threatened or attempted suicide.
- (f) The location and safe approach to the command post.
- (g) The extent of any perimeter and the number of deputies involved.
- (h) Any other important facts critical to the immediate situation, and whether the suspect has refused an order to surrender.

The South Metro SWAT Commander or supervisor will determine the number of personnel that will respond.

Dakota County SO Policy Manual

SOUTH METRO SWAT

409.4.6 FIELD UNIT RESPONSIBILITIES

While waiting for South Metro SWAT, field personnel should, if safe, practicable and if sufficient resources exist:

- (a) Establish an inner and outer perimeter.
- (b) Establish a command post outside of the inner perimeter.
- (c) Establish an arrest/response team. The team's actions may include:
 - 1. Securing any subject or suspect who may surrender.
 - 2. Taking action to mitigate a deadly threat or behavior.
- (d) Evacuate any injured persons or citizens in the zone of danger.
- (e) Attempt to establish preliminary communication with the suspect. Once South Metro SWAT has arrived, all negotiations should generally be halted to allow the negotiators and SWAT time to set up.
- (f) Be prepared to brief the South Metro SWAT Commander on the situation.
- (g) Plan for and stage anticipated resources.

409.4.7 ON-SCENE COMMAND RESPONSIBILITIES

Upon arrival of South Metro SWAT, the on scene supervisor shall brief the South Metro SWAT Commander and team supervisors. Upon review, it will be the Incident Commander's decision, with input from the South Metro SWAT Commander, whether to deploy the South Metro SWAT Team. Once the Incident Commander authorizes deployment, the South Metro SWAT Commander will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and support for South Metro SWAT. The Incident Commander and the South Metro SWAT Commander or designee shall maintain communications at all times.

409.4.8 COMMUNICATION WITH SOUTH METRO SWAT

Those persons who are not South Metro SWAT personnel should refrain from any non-emergency contact or from interference with any member of the unit during active negotiations. Negotiations require the utmost in concentration by involved personnel. All non-emergency communications shall be channeled through the South Metro SWAT Team Commander.

411.1.1 ELIGIBILITY

The Dakota County Sheriff's Office Ride-Along Program is offered to family, friends, Office volunteer members, law enforcement students, potential employment candidates and those employed within the County. A reasonable attempt will be made to accommodate interested persons. Any applicant may be disqualified with or without cause from participating in the program.

The following factors may be considered in disqualifying an applicant and are not limited to:

- Being under 18 years of age.
- Prior criminal history.
- Pending criminal action.
- Pending lawsuit against the Office.
- Denial by any supervisor.

411.1.2 AVAILABILITY

The Ride-Along Program is available any day of the week. The ride-along times are flexible however most last 4 hours or less. Exceptions to this schedule may be made as approved by the on-duty supervisor

411.2 PROCEDURE TO REQUEST A RIDE-ALONG

Deputies approved or assigned to conduct ride-alongs must have successfully completed probation.

Generally, ride-along requests will be approved and scheduled by a Sergeant. Prior to the ride-along, the participant will complete and sign a Ride-Along Waiver and Confidentiality Agreement. Information requested will include a current address and an emergency contact. If the rider is a minor, a parent or guardian signature is required.

The Patrol Sergeant shall conduct a security check on any person not known by a member of the DCSO and schedule a date based on staffing and availability.

If the ride-along is denied after the request has been made, a representative of the Office will contact the applicant and advise him/her of the denial.

Ride-Along Policy

411.2.1 PEACE OFFICER RIDE-ALONGS

Off-duty members of any other law enforcement agency are discouraged from riding along with on-duty deputies and should be allowed in limited instances, such as potential employment candidates. Prior approval must be obtained from the Patrol Sergeant assigned to that shift.

In the event that such a ride-along is permitted, the off-duty member shall not be considered on-duty and shall not represent him/herself as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

Off-duty members of this office are not allowed to ride along with on-duty deputies. Instances not considered a ride-along include squad transfers or travel to Office approved events such as training.

411.2.2 PROGRAM REQUIREMENTS

Once approved, ride-alongs will be allowed to ride no more than once every six months. An exception would apply to the following: Explorers, Chaplains, Interns, Mentor Students, Reserves, Citizen Academy participants, Sheriff's Office applicants and all others with approval of the Patrol Sergeant.

An effort will be made to ensure that no more than one will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the deputy's vehicle at a given time.

411.2.3 SUITABLE ATTIRE

Any person approved to ride-along is required to be suitably dressed in a collared shirt, blouse or jacket, slacks and shoes. Sandals, T-shirts, tank tops, shorts and ripped or torn jeans are not permitted. Hats and ball caps will not be worn in the Sheriff's vehicle. The shift supervisor may refuse a ride-along to anyone not properly dressed.

411.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK

All ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Minnesota Bureau of Criminal Apprehension Criminal History System check prior to approval (provided that the ride-along is not an employee of the Dakota County Sheriff's Office).

411.3 DEPUTY'S RESPONSIBILITIES

The deputy shall advise the shift supervisor that a ride-along is present in the vehicle before going into service. Deputies shall consider the safety of the ride-along at all times.

Deputies should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practicable have another squad respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride or is otherwise inappropriate should be immediately reported to the shift supervisor.

Upon completion of the ride-along, the Ride-Along Waiver and Confidentiality Agreement shall be returned to a Patrol Sergeant and forwarded to the Patrol Captain with any comments that may be offered by the deputy. The Patrol Captain will maintain the completed forms in a file.

411.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit participation. These instructions should include:

- (a) The rider will follow the directions of the deputy.
- (b) The rider will not become involved in any investigation, handling of evidence, discussions with victims or suspects or handling any equipment.
- (c) The rider may terminate the ride at any time and the deputy may return them to their home or to the initial meet location.
- (d) The deputy may terminate the ride-along and return the rider to their home or to the initial meet location if the ride-along interferes with the performance of any of the deputy's duties.
- (e) Riders may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety.
- (f) Deputies will not allow any riders to be present in any residence or situation that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other person.
- (g) Refer to Policy 315 regarding Pursuits with riders.

Hazardous Material Response

413.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees as a result of their exposure. To comply with Minnesota law, the following represents the policy of this office.

413.1.1 HAZARDOUS MATERIAL DEFINED

Hazardous material - Any refuse, sludge or other waste material or combinations of refuse, sludge or other waste materials in solid, semisolid, liquid or contained gaseous form, which, because of its quantity, concentration, or chemical, physical or infectious characteristics may (Minn. Stat. § 116.06 Subd. 11):

- (a) Cause or significantly contribute to an increase in mortality or an increase in serious irreversible or incapacitating reversible illness.
- (b) Pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, disposed of or otherwise managed.

413.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and other persons.

Fire departments and the Dakota County Special Operations Team are agencies trained and equipped to properly respond and mitigate most hazardous materials and biohazards.

Responders should not perform tasks or use equipment absent proper training. A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous material. Identification can be determined by placard, driver's manifest or statements from the person transporting the material
- (b) Request the DCC to notify the appropriate fire department and/or Special Operations Team.
- (c) Provide first aid to injured parties if it can be done safely and without contamination.
- (d) In coordination with local fire department, begin evacuation of the immediate and surrounding areas dependent on the material. Voluntary evacuation should be considered.
- (e) Request the DCC to contact the Minnesota Duty Officer (800-422-0798) or (651-649-5451).

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Hazardous Material Response

- (f) Responders should remain uphill and upwind of the hazard until a zone of entry and a decontamination area are established.

413.3 REPORTING EXPOSURE(S)

Office personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an Employee Accident Report that shall be forwarded via chain of command to their Division Commander. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the Employee Accident Report. The completed Employee Accident Report should be forward to Dakota County Risk Management within 48 hours.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to an incident report.

413.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Office will be obtained through the appropriate fire department.

Hostage and Barricade Incidents

415.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where deputies have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the deputies by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that deputies encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

415.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

415.2 POLICY

It is the policy of the Dakota County Sheriff's Office to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

415.3 COMMUNICATION

When circumstances permit, initial responding deputies should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Deputies should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, office-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

415.3.1 EMERGENCY COMMUNICATION

A supervisor with probable cause to believe that a person is being unlawfully confined may order a telephone company to cut, reroute, or divert telephone lines for the purpose of establishing and controlling communications with a suspect (Minn. Stat. § 609.774).

415.4 FIRST RESPONDER CONSIDERATION

First responding deputies should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding deputy should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding deputy shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The deputy shall continually evaluate the situation, including the level of risk to deputies, to the persons involved and to bystanders, and the resources currently available.

The handling deputy should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

415.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, deputies handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Office, such as command officers and the Sheriff or his/her authorized designee.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

- (k) Establish a command post.

415.4.2 HOSTAGE SITUATION

Deputies presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that deputies react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- Provide responding emergency personnel with a safe arrival route to the location.
- Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- Coordinate pursuit or surveillance vehicles and control of travel routes.
- Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- Determine the need for and notify the appropriate persons within and outside the Office, such as command officers and the Sheriff or his/her authorized designee.
- If necessary and available, establish a tactical or exclusive radio frequency for the incident.

415.5 SUPERVISOR RESPONSIBILITY

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Hostage and Barricade Incidents

and assume the role of Incident Commander until properly relieved. This includes requesting a South Metro SWAT response if appropriate and apprising the South Metro SWAT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the County during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.
- (i) Identify a media staging area outside the outer perimeter and have the Sheriff or his/her authorized designee or a designated temporary media representative provide media access in accordance with the Media Relations Policy
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

415.6 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling deputy at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

417.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Dakota County Sheriff's Office in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

417.2 POLICY

It is the policy of the Dakota County Sheriff's Office to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

417.3 RECEIPT OF BOMB THREAT

Office members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established office evidence procedures.

The member receiving the bomb threat should ensure that their supervisor is immediately advised and informed of the details. This will enable them to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

417.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

417.4.1 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Dakota County Sheriff's Office that is not the property of this office, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the responsible supervisor deems appropriate.

417.4.2 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

Response to Bomb Calls

417.5 PRIVATE FACILITY OR PROPERTY

When a member of this office receives notification of a bomb threat at a location in the County of Dakota, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied, and if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting sheriff's assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that their supervisor is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

417.5.1 ASSISTANCE

The Watch Commander should be notified when sheriff's assistance is requested. The Watch Commander will make the decision whether the Office will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including sheriff's control over the facility.

Should the Watch Commander determine that the Office will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:

Dakota County Sheriff's Office

Response to Bomb Calls

1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request sheriff's assistance to clear the interior of a building, based upon the circumstances and known threat, deputies may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

417.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 1. Two-way radios
 2. Cell phones
 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Watch Commander including:
 1. The time of discovery.
 2. The exact location of the device.
 3. A full description of the device (e.g., size, shape, markings, construction).
 4. The anticipated danger zone and perimeter.
 5. The areas to be evacuated or cleared.

417.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding deputies. As in other catastrophic events, a rapid response may help to minimize injury

Response to Bomb Calls

to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

417.7.1 CONSIDERATIONS

Deputies responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

417.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional office personnel, such as investigators
- Field supervisor
- Watch Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

417.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

417.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The supervisor should assign deputies to protect the crime scene area, which could extend over a long

Dakota County Sheriff's Office

Dakota County SO Policy Manual

distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Civil Commitments

419.1 PURPOSE AND SCOPE

This policy provides guidelines for when deputies may place an individual in protective custody and request a 72-hour hold under the Minnesota Commitment and Treatment Act (Minn. Stat. § 253B.051).

419.2 POLICY

It is the policy of the Dakota County Sheriff's Office to protect the public and individuals through legal and appropriate use of the 72-hour hold process.

419.3 AUTHORITY

A deputy, having probable cause to believe that any individual because of mental illness, chemical dependency, or public intoxication is in danger of injuring him/herself or others if not immediately detained, may take, or cause to be taken, the individual to an appropriate treatment facility for a 72-hour evaluation (Minn. Stat. § 253B.051, Subd. 1).

The deputy shall make written application for admission of the individual to an appropriate treatment facility. The application shall contain the deputy's reasons for and circumstances under which the individual was taken into custody. If danger to specific individuals is a basis for the requested emergency hold, the statement must include identifying information for those individuals to the extent reasonably practicable. The deputy shall also provide the office contact information for purposes of receiving notice if the individual is released prior to the 72-hour admission or leaves the facility without consent. The facility shall make a copy of the statement available to the individual taken into custody (Minn. Stat. § 253B.051, Subd. 1).

419.3.1 VOLUNTARY EVALUATION

If deputies encounter an individual who may qualify for a 72-hour hold, they may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the individual so desires, the deputies should:

- (a) Transport the individual to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to the Minnesota Commitment and Treatment Act.
- (b) If at any point the individual changes his/her mind regarding voluntary evaluation, deputies should proceed with the application for a 72-hour hold, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

419.4 CONSIDERATIONS AND RESPONSIBILITIES

Any deputy handling a call involving an individual who may qualify for a 72-hour hold should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Civil Commitments

- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade deputies from taking reasonable action to ensure the safety of the deputies and others.

419.5 TRANSPORTATION

When transporting any individual for a 72-hour hold, the transporting deputy should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Deputies may transport individuals in a patrol unit. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of a deputy during the transport, Watch Commander approval is required before transport commences.

419.5.1 TYPE OF TRANSPORTATION

When transporting any individual on a Minn. Stat. § 253B.051 admission, and if reasonably practicable, deputies should not be in uniform and should not use a vehicle visibly marked as a law enforcement vehicle (Minn. Stat. § 253B.051, Subd. 1(e)).

419.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the deputy will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the deputy should provide the staff member with the written application for a 72-hour hold and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting deputy should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the deputy may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, deputies will not apply facility-ordered restraints.

419.7 DOCUMENTATION

The deputy should complete an application for emergency admission, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The deputy should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

419.8 CRIMINAL OFFENSES

Deputies investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody for purposes of a 72-hour hold should resolve the criminal matter by issuing a warning or a citation, as appropriate.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Civil Commitments

When an individual who may qualify for a 72-hour hold has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the deputy should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 72-hour hold.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 72-hour hold.

In the supervisor's judgment, the individual may be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this office to regain custody of the individual, office resources (e.g., posting a guard) and other relevant factors in making this decision.

419.9 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a 72-hour hold, the handling deputies should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Deputies should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Deputies are cautioned that a search warrant may be needed before entering a residence or other place to search unless lawful warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling deputies should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

419.10 TRAINING

This office will endeavor to provide office-approved training on interaction with mentally disabled persons, 72-hour holds and crisis intervention.

Citation Releases

421.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Dakota County Sheriff's Office with guidance on when to release adults who are suspected offenders on a citation for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

This policy also provides guidance on when a court orders that a person be released.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Abuse Policy.

421.2 POLICY

The Dakota County Sheriff's Office will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a citation, when authorized to do so.

421.3 RELEASE

A suspected offender shall be released on issuance of a citation:

- (a) When the offender has been arrested without a warrant and either a prosecutor or district court judge orders that the offender should be released (Minn. R. Crim. P. 4.02; Minn. R. Crim. P. 6.01).
 1. Release is not required if a reviewing supervisor determines that the offender should be held pursuant to Minn. R. Crim. P. 6.01 Subd. 1.
- (b) When the offender is charged with a petty or fine-only misdemeanor (Minn. R. Crim. P. 6.01).
- (c) In misdemeanor cases unless it reasonably appears to the arresting deputy that the offender will (Minn. R. Crim. P. 6.01):
 1. Cause bodily injury to him/herself or another if he/she is not detained.
 2. Continue engaging in criminal conduct.
 3. Not respond to a citation.
- (d) When the offender is from another state which has a reciprocal agreement with Minnesota unless the offense is (Minn. Stat. § 169.91):
 1. One which would result in the revocation of the offender's driver's license under Minnesota law upon conviction.
 2. A violation of a highway weight limitation.
 3. A violation of a law governing the transportation of hazardous materials.
 4. That the offender was driving without a valid driver's license.

Dakota County Sheriff's Office

Citation Releases

421.4 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, deputies should consider:

- (a) The type of offense committed.
- (b) The known criminal history of the suspected offender.
- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense.
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

421.5 FISH AND GAME AND ENVIRONMENT-RELATED OFFENSES

In the case of game and fish laws or other environment-related offenses, as specified in Minn. Stat. § 97A.211, deputies should release the offender unless there is reason to believe that criminal conduct will continue or that the offender will not respond as required by the citation (Minn. Stat. § 97A.211).

Foreign Diplomatic and Consular Representatives

423.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Dakota County Sheriff's Office extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

423.2 POLICY

The Dakota County Sheriff's Office respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

423.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. - (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

423.4 ENFORCEMENT ACTION

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

Rapid Response and Deployment

425.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist deputies in situations that call for rapid response and deployment.

425.2 POLICY

The Dakota County Sheriff's Office will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Office in protecting themselves or others from death or serious injury.

425.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding deputies shall consider reasonable options to reduce, prevent or eliminate the threat. Deputies must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, deputies shall take immediate action, if reasonably possible, while requesting additional assistance.

When deciding on a course of immediate action deputies should consider:

- (a) How to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (c) Whether the suspect can be contained or denied access to victims.
- (d) Whether the deputies have the ability to effectively communicate with other personnel or resources.
- (e) Whether planned tactics can be effectively deployed.
- (f) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Rapid Response and Deployment

In a case of a barricaded suspect with no hostages and no immediate threat to others, deputies should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

425.4 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

425.5 PLANNING

The Emergency Preparedness Coordinator should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

Immigration Violations

429.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Dakota County Sheriff's Office relating to immigration and interacting with federal immigration officials.

429.2 POLICY

It is the policy of the Dakota County Sheriff's Office that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this office in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

429.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Minnesota constitutions.

429.4 DETENTIONS

A deputy should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

A deputy who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the deputy may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the deputy has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

A deputy is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

A deputy should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

Immigration Violations

429.4.1 SUPERVISOR RESPONSIBILITIES

When notified that a deputy has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

429.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, a deputy should not notify federal immigration officials when booking arrestees at a county jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

429.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this office should be directed to a supervisor. The Office may provide available support services, such as traffic control or peacekeeping efforts.

429.7 INFORMATION SHARING

No member of this office will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in office records
- (c) Exchanging such information with any other federal, state, or local government entity

429.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a Criminal warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

429.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Immigration Violations

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigations supervisor assigned to oversee the handling of any related case.

The Investigations supervisor should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

Rifles

432.1 PURPOSE AND SCOPE

To more effectively and accurately address the increasing level of firepower and body armor utilized by criminal suspects, the Dakota County Sheriff's Office will make patrol rifles available to qualified deputies as an additional and more immediate tactical resource.

432.2 RIFLE

432.2.1 DEFINITION

Rifle - An authorized short barreled rifle which is owned by the Office and which is made available to properly trained and qualified deputies as a supplemental resource to their duty handgun or less lethal shotgun. No personally owned rifles, carbines, or short barreled rifles may be carried for patrol duty unless pre-approved in writing by the Firearms Supervisor and the Sheriff.

432.3 SPECIFICATIONS

The authorized rifle issued by the Office is the Sig Sauer 516CQB 10" SBR (Short barreled rifle) with suppressor. These do not include precision rifles used by MAAG or those used in ceremonial purposes.

432.4 RIFLE MAINTENANCE

- (a) Primary responsibility for ensuring maintenance of rifles shall fall on the firearms supervisor or instructors, who shall inspect and service each patrol rifle on an annual basis.
- (b) Each deputy carrying a rifle may be required to field strip and clean an assigned patrol rifle as needed.
- (c) Each deputy shall be responsible for promptly reporting any damage or malfunction of an assigned rifle to a supervisor, the firearms supervisor, or instructor.
- (d) Any rifle found to be unserviceable shall also be clearly identified as non-serviceable, including details regarding the unserviceable condition.
- (e) Each rifle shall be subject to inspection by a supervisor, the firearms instructor, or instructor at any time.
- (f) No modification shall be made to any rifle without prior written authorization from the firearms supervisor.

432.5 TRAINING

Deputies shall not carry or utilize the rifle unless they have successfully completed Office training. This training shall consist of an initial three-hour patrol rifle user's course and qualification score with a certified firearms instructor. Deputies shall thereafter be required to successfully complete annual training and firearms proficiency qualification conducted by a certified patrol rifle instructor.

Any deputy who fails to qualify or who fails to successfully complete one or more Office-sanctioned training/qualification sessions within a calendar year will no longer be authorized to carry the patrol rifle without successfully retaking the initial patrol deputies user's course and qualification.

432.6 DEPLOYMENT OF THE RIFLE

Deputies may deploy the rifle in any circumstance where the deputy can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the rifle may include, but are not limited to:

- (a) Situations where the deputy reasonably anticipates an armed encounter.
- (b) When a deputy is faced with a situation that may require the delivery of accurate and effective fire at an extended range.
- (c) Situations where a deputy reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When a deputy reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage.
- (e) When a deputy reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When appropriate to aid in the dispatch of an animal.

432.7 DISCHARGE OF THE RIFLE

The discharge of the rifle shall be governed by the Use of Force Policy and the Shooting Policy.

432.8 PATROL READY

Any qualified deputy carrying a rifle in the field shall maintain the weapon in a patrol ready condition until deployed. A rifle is considered in a patrol ready condition when it has been inspected by the assigned deputy, confirming that the chamber is empty, the slide is forward, the dust cover is closed, the safety is in the on position, and a fully loaded magazine is inserted into the magazine well.

432.9 RIFLE STORAGE

- (a) When not in use, rifles will be locked and secured in the Office vehicles, gun lockers, or office armory.
- (b) The firearms supervisor will maintain a record of rifle assignments. All deputies shall immediately report to the firearms supervisor any interdepartmental transfers of rifles.
- (c) In-service rifles should be secured in the vehicle gun lock or in a case in a double locked trunk.

Aircraft Accidents

434.1 PURPOSE AND SCOPE

The purpose of this policy is to provide office members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Operations Plan and Hazardous Material Response policies.

434.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

434.2 DEPUTY RESPONSIBILITY

Deputies should treat an aircraft crash site as a crime scene until it is determined that such is not the case.

If a military aircraft is involved, additional dangers, such as live ordnance, may be present. The scene may require additional security due to the potential presence of confidential/ classified equipment or information. The scene could be declared a National Defense Area by the military.

The duties of the field deputy at the scene of an aircraft crash include the following:

- (a) Determine the nature and extent of the crash.
- (b) Request additional personnel and other resources to respond as needed.
- (c) Provide assistance for the injured parties until the arrival of fire department personnel and/or other emergency personnel.
- (d) Cordon off and contain the area to exclude unauthorized individuals as soon as practicable.
- (e) Provide crowd control and other assistance until directed otherwise by a supervisor.
- (f) Ensure the appropriate Medical Examiner's Office is notified if a death occurs.

Entering an aircraft or tampering with parts or debris is only permissible for the purpose of removing injured or trapped occupants, protecting the wreckage from further damage or protecting the public from danger. If reasonably possible, the investigating authority should first be consulted before entering or moving any aircraft or any crash debris. Photographs or sketches of the original positions should be made whenever feasible.

The fire department will be responsible for control of the injured parties and ensuring the crash scene has been rendered safe for containment. Thereafter, sheriff's personnel will be responsible for preserving the scene until relieved by the investigating authority. Once the scene is relinquished to the investigating authority, personnel from this agency may assist in containment of the scene

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Aircraft Accidents

until the investigation is completed or assistance is no longer needed. An airline service worker or an airport official may respond to the scene to assist the on-scene commander with technical expertise, should it be needed during the operation.

434.3 NATIONAL TRANSPORTATION SAFETY BOARD

The National Transportation Safety Board (NTSB) has the primary responsibility for investigating crashes involving civilian aircraft. In the case of a military aircraft incident, the appropriate branch of the military will be involved in the investigation. The NTSB is concerned with several aspects of a crash as described in this section.

Every effort should be made to preserve the scene to the extent reasonably possible in the condition in which it was found until such time as NTSB or other authorized personnel arrive to take charge of the scene.

Military personnel will respond to assist the on-scene commander with any military aircraft involved, regardless of any injury or death.

If the crash did not result in a death or injury and the NTSB elects not to respond, the pilot or owner may assume control of the aircraft.

Removal of the wreckage shall be done under the guidance of the NTSB or military authorities or, if the NTSB is not responding for an on-site investigation, at the discretion of the pilot or the owner

434.4 NOTIFICATIONS

When an aircraft accident is reported to this office, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

434.5 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Medical Examiner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Aircraft Accidents

- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this office will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene office supervisor should ensure the accident is still appropriately investigated and documented.

434.6 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.
- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

434.7 DOCUMENTATION

All aircraft accidents occurring within the County of Dakota shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of DCSO members deployed to assist; other County resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

434.7.1 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

434.7.2 WRECKAGE

When reasonably safe, members should:

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Aircraft Accidents

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

434.8 MEDIA RELATIONS

The Sheriff or authorized designee should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The Sheriff or authorized designee should coordinate with other involved entities before the release of information.

Field Training Officer Program

436.1 PURPOSE AND SCOPE

It is the policy of this office to assign all new sheriff's deputies to a structured Field Training and evaluation process that is designed to prepare the new deputy to perform in their assignment and to acquire all of the skills needed to operate in a safe, productive and professional manner.

436.2 FIELD TRAINING OFFICER - SELECTION AND TRAINING

The Field Training Officer (FTO) is an experienced deputy trained in the art of supervising, training and evaluating entry-level and lateral sheriff's deputies in the application of their previously acquired knowledge and skills.

436.2.1 SELECTION PROCESS

FTOs will be selected based on the following requirements:

- (a) Desire to be an FTO.
- (b) Demonstrated ability as a positive role model.
- (c) Evaluation by supervisors and current FTOs.
- (d) Possess an FTO certificate of completion from a Minnesota POST Board-approved course.

436.3 FIELD TRAINING OFFICER PROGRAM SUPERVISOR

The Field Training Officer Program Supervisor will be selected by the Patrol Division Commander or designee.

The responsibilities of the FTO Program Supervisor include the following:

- (a) Assignment of trainees to FTOs.
- (b) Conduct FTO meetings.
- (c) Maintain and ensure FTO/trainee performance evaluations are completed.
- (d) Maintain, update and issue the Field Training Manual to each trainee.
- (e) Monitor individual FTO performance.
- (f) Monitor overall FTO Program.
- (g) Develop ongoing training for FTOs.

436.4 TRAINEE DEFINED

Trainee - Any entry level or lateral sheriff's deputy newly appointed to the Dakota County Sheriff's Office who possesses a Minnesota POST license or is eligible to be licensed.

436.5 REQUIRED TRAINING

Entry level deputies shall be required to successfully complete the Field Training Program.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Field Training Officer Program

The training period for lateral deputies may be modified depending on the trainee's demonstrated performance and level of experience, but shall consist of a minimum of eight weeks.

The required training will take place on at least two different shifts and with at least two different FTOs if reasonably possible.

436.5.1 FIELD TRAINING MANUAL

Each new deputy will be issued a Field Training Manual at the beginning of his/her field training and evaluation process. This manual is an outline of the subject matter and skills necessary to properly function as a deputy with the Dakota County Sheriff's Office. The deputy shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations enacted by the Dakota County Sheriff's Office.

436.6 EVALUATIONS

Evaluations are an important component of the training process and shall be completed as outlined below.

436.6.1 FIELD TRAINING OFFICER

The FTO will be responsible for the following:

- (a) Reviewing the daily observation reports and shift debriefing sheet with the trainee each day.
- (b) Completing a weekly performance summary on the assigned trainee at the end of each phase of training.
- (c) Signing off all completed training tasks contained in the Field Training Manual, and evaluating the performance of the assigned trainee.

436.6.2 FIELD TRAINING ADMINISTRATOR

The Field Training Supervisor will hold periodic meetings with all FTOs to ensure understanding and compliance with the requirements of the Field Training Program.

436.7 DOCUMENTATION

All documentation of the Field Training and Evaluation Process will be retained in the deputy's training files and will consist of the following:

- (a) Daily Trainee Performance Evaluations.
- (b) End of phase evaluations.

Contacts and Temporary Detentions

440.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

440.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When a deputy contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the deputy is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the deputy's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Video Recorder (MVR) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by deputies in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the [officer_deputy], the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, a deputy has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When a deputy intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when a deputy actually restrains a person's freedom of movement.

440.2 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, a deputy may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the deputy's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Dakota County Sheriff's Office to strengthen community involvement, community awareness, and problem identification.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Contacts and Temporary Detentions

440.2.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the deputy should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the deputy.

440.2.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may be lost or the integrity of their statements compromised with the passage of time, deputies should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available personnel for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When reasonably feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, deputies should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by office personnel.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a office vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if reasonably available, prior to transport.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Contacts and Temporary Detentions

440.3 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the deputy's training and experience, a deputy may pat a suspect's outer clothing for weapons if the deputy has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the deputy to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single deputy.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone deputy. A cover deputy should be positioned to ensure safety and should not be involved in the search.

440.4 PHOTO REVIEW POLICY

Any person who has been the subject of a field photograph or an FI by this office during any contact other than an arrest and requests to view non-confidential data shall be shown the data immediately if possible, or within 10 days of the date of the request, excluding Saturdays, Sundays and legal holidays. No charge may be assessed for display of the data, and if desired the person shall be informed of the content and meaning of that data (Minn. Stat. § 13.04 Subd. 3). The request to view the photograph/FI data shall be directed to a Data Practices Liaison, who will ensure that the status of the photograph or FI is properly reviewed according to this policy as described below.

440.4.1 REVIEW PROCESS

Upon receipt of such a written request, the Sheriff or designee will permit the individual to appear in person. Any minor should be accompanied by a parent or legal guardian for a review of the status of the photograph/FI unless the minor has made a request that the photograph/FI not be reviewed by the parent or guardian pursuant to Minn. R. 1205.0500.

Such a meeting will be scheduled during regular business hours no longer than 10 days of the receipt of the request.

A meeting for the review of the status of any non-arrest photograph/FI is simply an informal opportunity for the individual to meet to review the data.

440.5 POLICY

The Dakota County Sheriff's Office respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the deputy, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the deputy based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

440.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, deputies should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, deputies should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by office members.
 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if reasonably available, prior to transport.

Criminal Organizations

442.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Dakota County Sheriff's Office appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

442.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

442.2 POLICY

The Dakota County Sheriff's Office recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this office to collect and share relevant information while respecting the privacy and legal rights of the public.

442.3 CRIMINAL INTELLIGENCE SYSTEMS

No office member may create, submit to or obtain information from a criminal intelligence system unless the Sheriff has approved the system for office use.

Any criminal intelligence system approved for office use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for office use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

442.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this office, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records. Any supporting documentation

for an entry shall be retained by the Records in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records are appropriately marked as intelligence information. The Program Administration Supervisor may not purge such documents without the approval of the designated supervisor.

442.3.2 ENTRIES INTO CRIMINAL GANG INVESTIGATIVE DATA SYSTEM

It is the designated supervisor's responsibility to approve the entry of any information into the criminal gang investigative data system maintained by the Minnesota Bureau of Criminal Apprehension and authorized by Minn. Stat. § 299C.091. Entries may be made if the individual is 14 years of age or older and the Office documents the following:

- (a) The Office has reasonable suspicion to believe that the individual has met at least three of the criteria or identifying characteristics of gang membership, developed by the Violent Crime Coordinating Council.
- (b) The individual has been convicted of a gross misdemeanor or felony, or has been adjudicated or has a stayed adjudication as a juvenile for an offense that would be a gross misdemeanor or felony if committed by an adult.

442.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the office-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

442.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible office supervisor.
- (b) Should not be originals that would ordinarily be retained by the Records or Property Room, but should be copies of, or references to, retained documents such as copies of reports, field interview (FI) forms, Dispatch records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

442.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

442.5 INFORMATION RECOGNITION

Office members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Office supervisors who utilize an authorized criminal intelligence system should work with the Administrative Captain to train members to identify information that may be particularly relevant for inclusion.

442.6 RELEASE OF INFORMATION

Office members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to office members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

442.7 CRIMINAL STREET GANGS

The Investigations supervisor should ensure that there are an appropriate number of office members who can:

Criminal Organizations

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with identification of criminal street gangs, criminal street gang members and patterns of criminal gang activity.
- (b) Coordinate with other agencies in the region regarding criminal street gang crimes and information.
- (c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

- (a) The protection of civil liberties.
- (b) Participation in a multi-agency criminal intelligence system.
- (c) Submission of information into a multi-agency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- (d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- (e) The review and purging of temporary information files.

Mobile Fleet Camera System

445.1 PURPOSE AND SCOPE

The Dakota County Sheriff's Office ("DCSO") has equipped marked patrol cars with Mobile Fleet Camera systems to provide records of events and assist deputies in the performance of their duties. This policy provides guidance on the use of these systems.

445.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the Mobile Fleet Camera System to transmit or store video or audio data in an active mode.

Mobile Fleet Camera System refers to a system installed in DCSO vehicles that captures and records audio and video signals capable of being stored digitally and reviewed. The system includes at a minimum a camera and microphone..

Law Enforcement Operator (LEO) - Primarily a licensed peace officer but on occasion may be a non-licensed representative of the DCSO who is authorized and assigned to operate Mobile Fleet Camera System equipped vehicles to the extent consistent with Minn. Stat. § 169.98.

MGDPA - The Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13

Mobile Fleet Camera System Administrator- The administrator designated by the Sheriff to carry out the duties contained in this policy and statutory responsibilities governing the Mobile Fleet Camera Systems.

Recorded media or Data- Audio-video signals recorded or digitally stored on a storage device or portable media.

County Sanctioned Devices- devices that are not owned by the County but may instead be used by employees or associates of the County for County business use.

445.2 POLICY

The DCSO may provide its LEOs with access to the fleet camera system for use during the performance of their official duties. The use of the Mobile fleet camera system is intended to enhance the mission of the DCSO by accurately capturing public interactions. Safety is the primary consideration for the use and activation of the Mobile Fleet Camera System.

445.3 ACTIVATION OF MOBILE FLEET CAMERA SYSTEM

The Mobile Fleet Camera System system is designed to turn on whenever the unit's front emergency lights are activated, the vehicle speed exceeds a designated speed, or the vehicle meets a designated g-force threshold. The system remains on until turned off manually. The audio and video record simultaneously. LEOs are encouraged to narrate events using the audio recording, so as to provide the best documentation for pretrial and courtroom presentation. In some

circumstances it is not possible to capture images of the incident due to conditions or location of the camera.

445.3.1 ACTIVATION

LEOs must activate their Mobile Fleet Camera System under the following circumstances

- (a) Performing a function test of the Mobile Fleet Camera System before and at the end of shift to ensure it is operating properly. If the mobile fleet camera system does not automate automatically, the LEO shall record his/her name, badge number, and the current date and time at the beginning and end of a shift, regardless of whether any activity is recorded.
- (b) Audio video equipment will automatically activate when the vehicle's front emergency lights are activated, the vehicle exceeds a designated speed threshold, or the vehicle meets a designated g-force threshold;
- (c) Any other circumstance where the LEO believes that a recording of an incident would potentially yield information leaving evidentiary value, unless such recording is otherwise prohibited;
- (d) During all law enforcement-related encounters and activities with the public including, but not limited to responding to calls for service or assistance, pursuits, Terry Stops of motorists or pedestrians, arrests, and searches pursuant to a lawful arrest;
- (e) During any police-citizen contact that becomes adversarial or requires the use of force.

445.3.2 PROHIBITED USE

The Mobile Fleet Camera System shall not be used to record non-work related personal activity. The Mobile Fleet Camera system will not be intentionally activated to record conversations of fellow employees without their knowledge during routine, non-enforcement related activities.

- (a) Programming non-County sanctioned devices, including but not limited to computers and mobile devices, to access or view Mobile Fleet Camera System data;
- (b) Using non-County sanctioned or personally owned devices for audio or video recording purposes while on-duty without the express consent of a supervisor. Any LEO who uses a non-County sanctioned device for DCSO-related activities, after express permission from a supervisor, must comply with the provisions of this policy, including retention and release requirements;
- (c) Using the mobile fleet camera system and recording media for personal use;
- (d) Making personal copies of recordings created while on-duty or while acting in their official capacity;
- (e) Using the mobile fleet camera system to record other DCSO personnel during non-enforcement related activities unless such recording is authorized as part of an administrative criminal investigation;
- (f) Accessing, duplicating, or distributing mobile fleet camera system recordings for non-business reasons including, but not limited to, uploading mobile fleet camera data recorded or maintained by the DCSO to public and social media websites; and

Mobile Fleet Camera System

- (g) Using the mobile fleet camera system for the purposes of embarrassment or ridicule.

445.3.3 CESSATION OF RECORDING

Once the Mobile Fleet Camera System is activated it should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported, or when the LEO reasonably believes that additional recording will no longer provide data of evidentiary value. Recording may cease if:

- (a) The LEO is simply waiting for a tow truck or a family member to arrive or other similar situations.
- (b) The incident or event is of such duration that the Mobile Fleet Camera System may be deactivated to conserve recording times
- (c) The LEO does not reasonably believe that deactivation will result in the loss of critical documentary information.
- (d) After the initial citizen contact or traffic stop, the LEO may determine, at his or her own discretion, that it is unlikely that further information or evidence will be available through use of the system. In these cases, the LEO may stop the system. The LEO may also restart the system at any time during his or her contact.
- (e) LEOs will acknowledge the use of recording equipment if asked. In the event of this disclosure, the incident should be recorded until its completion.

445.3.4 SUPERVISOR RESPONSIBILITIES

Supervisors are responsible for:

- (a) Ensuring that LEOs are properly trained and supervised in the use of the Fleet Camera System per this policy, written procedures and governing law;
- (b) Determining the corrective action when a report of a malfunctioning fleet camera system or system failure is made;
- (c) Reporting the malfunction or system failure to the Mobile Fleet Camera System Administrator;
- (d) Ensuring that the fleet camera systems recorded media is properly uploaded when an incident arises that requires the immediate retrieval of the fleet camera systems recorded media (e.g., serious crime scenes, peace officer-involved shootings, department-involved collisions) and prompt notification of the upload to the Mobile Fleet Camera System Administrator; and
- (e) Randomly reviewing and documenting Mobile Fleet Camera System usage and access at least once per month to ensure compliance with this policy and to identify any performance areas in which additional training or guidance is required.

445.4 ACCESS TO MOBILE FLEET CAMERA SYSTEM DATA

Access to the Mobile Fleet Camera System by data subjects and the public. DCSO personnel must refer members of the media or public seeking access to the fleet camera data to the data

practices liaison, who will process the request in accordance with the MGDPA, this policy, county policies and procedures, and other applicable laws

- (a) All Mobile Fleet Camera System data are subject to the provisions of the MGDPA. Dissemination outside of the DCSO is strictly prohibited except to the extent permitted or required under the MGDPA, Pease Officer Disciplinary Procedures Act, or other applicable law.
- (b) **Access to Mobile Fleet Camera System data by DCSO personnel.** DCSO personnel may access and view stored fleet camera system recordings only when there is a legitimate business need for doing so. For purposes of this section, a legitimate business need includes the following:
 - 1. For use when preparing reports or statements or providing testimony;
 - 2. By DCSO personnel or supervisors to assess proper functioning of the Mobile Fleet Camera System;
 - 3. By DCSO investigators assigned to a related criminal investigation, or after approval of a supervisor, for official investigations;
 - 4. By a supervisor investigating a specific complaint or report of personnel conduct;
 - 5. By a supervisor to assess DCSO LEO performance and Mobile Fleet Camera System policy compliance;
 - 6. As permitted in the Officer-Involved Shootings and Deaths Policy 311;
 - 7. By a Field Training Officer to assess performance; or
 - 8. For data administration purposes, including responding to a request for data under the MGDPA.
 - 9. DCSO personnel must document their reasons for accessing stored fleet camera system data in the manner provided within the database at the time of each access.
 - 10. DCSO personnel seeking access to the fleet camera system data when there is not a legitimate business need must make a request for the fleet camera system data in the same manner as any member of the public.
 - 11.
- (c) **Other authorized access to Mobile Fleet Camera System data.** DCSO personnel may display portions of the fleet system data to witnesses as necessary for purposes of investigation. DCSO personnel should generally limit these displays in order to protect against the incidental disclosure of individuals whose identities are not public. Protection against incidental disclosure could involve, for instance, showing only a portion of the video, showing only screen shots, muting the audio, or playing audio but not displaying video.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

- (f) Proper activation, deactivation, termination, cessation and pausing of the Mobile Fleet Camera System.
- (g) It is the LEO's responsibility to download all recorded video from the Mobile Fleet Camera System. All recorded video should be downloaded no later than the end of their shift rotation into the DCSO's designated records management system. If video is needed for charging purposes the following day, all mobile fleet cameras system data shall be downloaded prior to the end of shift. If unable to download recorded video as required per this policy a supervisor shall be notified.
- (h) Documenting the reason for deactivating the Mobile Fleet Camera System in a written report or another official record, including any instance where the Mobile Fleet Camera System malfunctioned or the DCSO personnel deactivated the Mobile Fleet Camera System before the end of the encounter.

445.6 DATA SECURITY SAFEGUARDS AND MISCELLANEOUS COMPLIANCE

The DCSO employs data security safeguards that, at a minimum, meet the requirements of the MGDPA and other applicable law. The DCSO will maintain more detailed security and storage safeguards in procedures that are specific to the selected mobile fleet camera system.

445.6.1 RETENTION OF RECORDINGS

- (a) Mobile Fleet Camera System data having evidentiary value must be retained for the period specified in the DCSO's records retention schedule.
- (b) When the Mobile Fleet Camera System data is subject to multiple retention periods, it must be maintained for the longest applicable period.

- (d) Authorizing deactivation of the Mobile Fleet Camera System in situations covered under Section 445.3.3;
- (e) Ensuring that the Mobile Fleet Camera System is properly uploaded when an incident arises that requires the immediate retrieval of the Mobile Fleet Camera System recorded media (e.g., serious crime scenes, peace officer-involved shootings, department-involved collisions) and prompt notification of the upload to the Mobile Fleet Camera System Administrator; and
- (f)

445.9 COMPLIANCE

Violations of this policy may constitute misconduct and subject DCSO personnel to disciplinary action up to and including termination. The unauthorized access to or disclosure of the mobile fleet camera system data may constitute misconduct and subject DCSO personnel to disciplinary action up to and including termination, and criminal penalties, pursuant to Minn. Stat. 13.09. Any DCSO personnel who accesses, releases, or uses mobile fleet camera system recordings not in accordance with this policy will be subject to disciplinary action (see, the 341 Standards of Conduct and the 809 Protected Information policies). Supervisors and the Mobile Fleet Camera System Administrator must monitor compliance with this policy.

Mobile Data Computer Use

447.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Computer(MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between office members and Dispatch.

447.2 POLICY

Dakota County Sheriff's Office members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

447.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any office technology system (see the Information Technology Use Policy for additional guidance).

447.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Office. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

447.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Mobile Data Computer Use

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

447.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Watch Commander or other office-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the sheriff's radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

447.6 EQUIPMENT CONSIDERATIONS

447.6.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the sheriff's radio.

447.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Portable Audio/Video Recorders

449.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this office while in the performance of their duties (Minn. Stat. § 626.8473). Portable audio/video recording devices include all recording systems whether body-worn, hand-held, or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews, or interrogations conducted at any Dakota County Sheriff's Office facility, undercover operations, wiretaps, or eavesdropping (concealed listening devices).

449.1.1 DEFINITIONS

Definitions related to this policy include:

Portable recording system - A device worn by a member that is capable of both video and audio recording of the member's activities and interactions with others or collecting digital multimedia evidence as part of an investigation and as provided in Minn. Stat. § 13.825.

449.2 POLICY

The Dakota County Sheriff's Office may provide members with access to portable recorders for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Office by accurately capturing contacts between members of the Office and the public.

449.3 MEMBER PRIVACY EXPECTATION

All recordings made by members on any office-issued device at any time or while acting in an official capacity of this office, regardless of ownership of the device, shall remain the property of the Office. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

449.4 ACTIVATION OF THE AUDIO/VIDEO RECORDER

This policy is not intended to describe every possible situation in which the recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The recorder should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
- (c) Self-initiated activity in which a member would normally notify Dispatch
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Portable Audio/Video Recorders

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

449.4.1 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

449.5 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark the recordings in accordance with procedure and document the existence of the recording in any related case report.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an under-cover officer or confidential informant.
- (g) The recording or portions of the recording may be protected under the Minnesota Data Practices Act.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

449.6 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) By a supervisor as part of internal audits and reviews as required by Minn. Stat. § 626.8473.
- (b) Upon approval by a supervisor, by any member of the Office who is participating in an official investigation, such as a personnel complaint, administrative investigation, or criminal investigation.

- (e) In compliance with the Minnesota Data Practices Act request, if permitted or required by the Act, including pursuant to Minn. Stat. § 13.82, Subd. 15, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that are clearly offensive to common sensibilities should not be publicly released unless disclosure is required by law or order of the court (Minn. Stat. § 13.82, Subd. 7; Minn. Stat. § 13.825, Subd. 2).

449.7 COORDINATOR

The Sheriff or the authorized designee should designate a coordinator responsible for (Minn. Stat. § 626.8473; Minn. Stat. § 13.825):

- (a) Establishing procedures for the security, storage, and maintenance of data and recordings.
 - 1. The coordinator should work with the Custodian of Records and the member assigned to coordinate the use, access, and release of protected information to ensure that procedures comply with requirements of the Minnesota Government Data Practices Act (MGDPA) and other applicable laws (Minn. Stat. § 13.01 et seq.) (see the Protected Information and the Records Maintenance and Release policies).
 - 2. The coordinator should work with the Custodian of Records to identify recordings that must be retained for a specific time frame under Minnesota law (e.g., firearm discharges, certain use of force incidents, formal complaints).
- (b) Establishing procedures for accessing data and recordings.
 - 1. These procedures should include the process to obtain written authorization for access to non-public data by DCSO members and members of other governmental entities and agencies.
- (c) Establishing procedures for logging or auditing access.
- (d) Establishing procedures for transferring, downloading, tagging, or marking events.

- (g) Notifying the Bureau of Criminal Apprehension (BCA) in a timely manner when new equipment is obtained by the Dakota County Sheriff's Office that expands the type or scope of surveillance capabilities of the office's portable recorders.

449.8 PROHIBITED USE OF AUDIO/VIDEO RECORDERS

Members are prohibited from using office-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with office-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate office business purposes. All such recordings shall be retained at the Office.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for office-related activities shall comply with the provisions of this policy, including retention and release requirements and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

449.9 RETENTION OF RECORDINGS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

If an individual captured in a recording submits a written request, the recording shall be retained for an additional time period. The coordinator should be responsible for notifying the individual prior to destruction of the recording (Minn. Stat. § 13.825).

Members shall not alter, erase, or destroy any recordings before the end of the applicable records retention period (Minn. Stat. § 626.8473).

If the individual requests a copy of the recording and does not have the consent of other non-law enforcement individuals captured on the recording, the identity of those individuals must be blurred or obscured sufficiently to render the subject unidentifiable prior to release. The identity of on-duty peace officers may not be obscured unless their identity is protected under Minn. Stat. § 13.82, Subd. 17.

449.10 ACCOUNTABILITY

Any member who accesses or releases recordings without authorization may be subject to discipline (see the Standards of Conduct and the Protected Information policies) (Minn. Stat. § 626.8473).

Body Worn Camera Recorders (Deputies and Park Rangers)

450.1 PURPOSE AND SCOPE

This policy provides guidelines for the use, management, access, storage, retrieval and retention of audio-visual media recorded by Body Worn Camera(s) ("BWC") systems as prescribed by law. Compliance with these guidelines is mandatory, but it is recognized that Employees must also attend to other primary duties and the safety of all concerned, sometimes in circumstances that are tense, uncertain and rapidly evolving. This policy applies to all Dakota County Sheriff's Office (DCSO) personnel. Deputies, Park Rangers, their supervisors, BWC Administrator, and DCSO personnel as contemplated by this policy with legitimate work-related access. The Sheriff or Sheriff's designee may supersede this policy to individual deputies by providing specific instructions or standard operating procedures for BWC use in official duties other than patrol.

This policy does not apply to audio/video recordings of interviews or interrogations conducted at any DCSO facilities, jail, undercover operations, wiretaps or eavesdropping (concealed listening devices) unless captured by a BWC device.

- (a) All recordings made by Employees on the BWC at any time are the property of the DCSO.
- (b) Employees have no expectation of privacy or ownership interest in the content of the BWC recordings.
- (c) Employees have no affirmative duty to inform people that a BWC is being operated or that they are being recorded. However, if the BWC is activated, Employees have an affirmative duty to acknowledge that it is activated if asked, and in the event of this disclosure, the encounter must continue to be recorded until the encounter has concluded. During the encounter, Employee may deactivate the BWC under those circumstances outlined in section 449.9. Employees may not inform people that the BWC is activated, if it is not.
- (d) At no time are Employees expected to jeopardize his/her safety or the safety of others in order to activate a BWC. However, the BWC should be activated in accordance with this policy as soon as reasonably practicable.

- (e) Using their BWC to record other DCSO personnel during non-enforcement related activities, such as during pre-and-post-shift time in locker rooms, during meal breaks, or during other private conversations, unless such recording is authorized as part of an administrative or criminal investigation;
- (f) Accessing, duplicating, or distributing BWC recordings for non-business reasons including, but not limited to, uploading BWC data recorded or maintained by the DCSO to public and social media websites; and
- (g) Using the BWC for the purpose of embarrassment or ridicule.

450.8 ACTIVATION

450.8.1 MANDATORY ACTIVATION

Employees who are wearing a BWC must activate the BWC:

- (a) During all law enforcement-related encounters and activities with the public including, but not limited to, responding to calls for service or assistance, pursuits, Terry stops of motorists or pedestrians, arrests, and searches pursuant to a lawful arrest;
- (b) During entry in the execution of a search warrant; and
- (c) During any police-citizen contact that becomes adversarial or requires the use of force.

Employees need not activate the BWC when it is unsafe, impossible, or impracticable to do so, but such instances must be documented as specified in this policy.

450.8.2 DISCRETIONARY ACTIVATION

Employees may, in the exercise of sound discretion, activate the BWC:

- (a) During any police-public encounter not governed by Section 449.8.1(a) if there is reason to believe the recording would potentially yield information having evidentiary value, unless such recording is otherwise expressly prohibited;
- (b) To take recorded statements when the Employees primary recording device is unavailable or inoperable from persons believed to be victims of or witnesses to crimes, or the persons suspected of committing crimes, after first considering the needs of the investigation and circumstances pertaining to the victim, witness, or suspect;
- (c) To record the transportation and physical transfer of persons in the Employees custody to hospitals, detox and mental health care facilities, juvenile detention centers, and jails if the Employee anticipates witnessing a criminal event or being involved in or witnessing an adversarial encounter or use-of-force incident; and
- (d) At any time the Employee believes it would be appropriate or valuable to activate the BWC in accordance with this policy.

450.8.3 PROHIBITED ACTIVATION

Employees are prohibited from activating the BWC:

- (a) When there is medical care being provided, unless there is reason to believe the recording would document information having evidentiary value, including responding

to an apparent mental health crisis or event, as necessary to document any use of force and the basis for it; and

- (b) All prohibited uses under Section 450.7.

450.9 DEACTIVATION GUIDELINES

- (a) Once the BWC system is activated it should remain on until the incident has concluded. For these purposes conclusion of an incident has occurred when all arrests have been made or when the Employee reasonably believe that additional recording will no longer provide data of evidentiary value.
- (b) The BWC may be deactivated if the incident or event is of such duration that the BWC is deactivated to conserve recording times and/or battery life.
- (c) The BWC may be deactivated whenever it reasonably appears to Employee that an individual's privacy may outweigh any legitimate law enforcement interest in recording. Request from the public to stop recording based on privacy concerns should be considered using these same criteria. Recording should resume when privacy is no longer an issue unless the circumstances no longer fit the criteria for recording.
- (d) Employees may temporarily pause the recording or mute the audio to exchange information with other law enforcement officers or legal counsel. Employees may obstruct the BWC lens to avoid capturing images of undercover officers, informants, or citizens when based on the training, experience, and judgment of the Employee, a recording would not be appropriate or consistent with this policy. The intention to pause and resume the recording (or to mute the audio or obstruct the lens) will be noted by the Employee either verbally on the BWC or in a written report.
- (e) In an officer-involved shooting or use-of-force incident that results in substantial bodily harm, the BWC will remain activated until the supervisor on scene authorizes deactivation.

Deactivation must be documented in accordance with Section 450.5(g) of this policy.

450.10 DATA SECURITY SAFEGUARDS AND MISCELLANEOUS COMPLIANCE

- (a) The DCSO employs data security safeguards that, at a minimum, meet the requirements of the MGDPA and other applicable law. The DCSO will maintain more detailed security and storage safeguards in procedures that are specific to the selected BWC system, and as required for BWCs worn by Deputies.
- (b) The DCSO will maintain backups of BWC data.
- (c) The DCSO will require audit and logging capabilities for its selected BWC system.
- (d) The DCSO will maintain logs that include, at minimum, the following information: the date and time BWC data were collected and the applicable classification of the data.
- (e) DCSO personnel must not intentionally edit, alter, or erase any BWC recording unless otherwise expressly authorized by the Sheriff, the Sheriff's designee, or this policy.
- (f) The DCSO will establish procedures for accessing data and recordings. For Deputy BWCs, these procedures must include the process to obtain written authorization by

Dakota County Sheriff's Office

Dakota County SO Policy Manual

the Sheriff or the Sheriff's designee for access to non-public data by DCSO personnel and members of other governmental entities and agencies for a legitimate, specified law enforcement purpose.

- (g) The DCSO will establish procedures for transferring, downloading, tagging or marking events.
- (h) For Deputy-issued BWCs, the DCSO will prepare an independent biennial audit as required in Minn. Stat. § 13.825, subd. 9.

450.11 RETENTION OF RECORDINGS

A. Deputy BWC

1. By law, a Deputy BWC data must be retained for a minimum period of 90 days. There are no exceptions for erroneous recordings or non-evidentiary data.
2. BWC data that document the discharge of a firearm by a Deputy in the course of duty, other than for training or the killing of a sick, injured, or dangerous animal, must be maintained for a minimum period of one year.
3. BWC data that document the use of force by a Deputy that results in substantial bodily harm must be maintained for a minimum period of one year.
4. If a formal complaint is made against a Deputy related to an incident, the BWC data documenting that incident must be maintained for a minimum period of one year.
5. If an individual captured in a Deputy BWC recording submits a written request, the BWC recording must be retained for an additional time period as requested, but not to exceed 180 days. The DCSO will notify the requestor upon receipt of the request that the recording will be retained for a specific time period, after which it will be destroyed unless a new written request is received or it is being retained for a longer period in accordance with applicable law and/or this policy.

B. Park Ranger BWC

1. The DCSO is not required by law to retain Park Ranger BWC data for any minimum retention period

C. Other Retention

1. Other BWC data which has evidentiary value or which constitutes an official record must be retained for the period specified in the DCSO's records retention schedule.
2. When a particular BWC recording is subject to multiple retention periods, it must be retained for the longest applicable period.

450.12 BWC DATA CLASSIFICATION AND ACCESS

450.12.1 DEPUTY BWC CLASSIFICATION

- (a) **Deputy-BWC Data subjects.** Under Minnesota law, the following are considered data subjects for purposes of administering access to Deputy-BWC data:

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Body Worn Camera Recorders (Deputies and Park Rangers)

1. Any person or entity whose image or voice is documented in the data;
 2. The Deputy who collected the data; and
 3. Any other Deputy whose voice or image is documented in the data, regardless of whether they can be identified by the recording.
- (b) **Deputy-BWC data are presumptively private or nonpublic.** Deputy-BWC recordings are classified as private or nonpublic data, unless there is a specific law that provides otherwise. As a result:
1. Deputy-BWC data pertaining to individuals as defined in Minn. Stat. § 13.02, subd. 8 (i.e. natural person, but not a business) are presumed to be private data;
 2. Deputy-BWC data not on individuals (e.g. a business, agency) are presumed to be nonpublic data;
 3. Some Deputy-BWC data are classified as confidential (see, (c) below); and
 4. Some Deputy-BWC data are classified as public (see, (d) below).
- (c) **Deputy-BWC Confidential data.** Deputy-BWC data that are collected or created as part of an active criminal investigation are governed by Minn. Stat. § 13.82, subd. 7 and are classified as "confidential" or "protected nonpublic data". This classification takes precedence over the "private" classification listed above and "public" classifications listed below.
- (d) **Deputy-BWC Public data.** The following Deputy-BWC data are public:
1. Data that document the discharge of a firearm by a peace officer in the course of duty, other than for training or the killing of an animal that is sick, injured or dangerous;
 2. Data that document the use of force by a peace officer that result in substantial bodily harm;
 3. Data that a data subject requests to be made accessible to the public, subject to redaction. Data on any subject (other than a peace officer) who has not consented to the public release must be redacted. In addition, any data on undercover officers must be redacted; and
 4. Data that are public personnel data under Minn. Stat. § 13.43, subd. 2(5).

Exception: If another provision of MGDPA classifies data as private or otherwise not public, the data retains that other classification. For instance, data that reveals protected identities under Minn. Stat. 13.82, subd. 17 (e.g., certain victims, witnesses and others) or other applicable law must not be released even if it would otherwise fit into one of the public categories listed above.

Exception: The Sheriff may withhold otherwise public data if it is clearly offensive to common sensibilities.

450.12.2 PARK RANGER BWC CLASSIFICATION

- (a) Data captured by a BWC worn by a Park Ranger is classified pursuant to the Minnesota Government Data Practices Act, in particular Minn. Stat. § 13.82 (law enforcement data).

450.12.3 ACCESS TO BWC DATA

- (a) **Access to BWC data by data subjects and the public.** DCSO personnel must refer members of the media or public seeking access to BWC data to the DCSO data practices liaison, who will process the request in accordance with the MGDPA, this policy, County policies and procedures, and other applicable laws. In particular, for data requests for BWC data captured by a Deputy:

1. An individual must be allowed to view (inspection only, no copying) recorded Deputy-BWC data about him or herself and other data subjects in the recording, but access must not be granted:
 - (a) if the data were collected or created as part of an active investigation; or
 - (b) to portions of the data that the DCSO would otherwise be prohibited by law from disclosing to the person seeking access, such as portions that would reveal identities protected by Minn. Stat. § 13.82, subd. 17.
2. Unless the data are part of an active investigation, an individual data subject may obtain a copy of the recording, subject to the following guidelines on redaction:
 - (a) data on other individuals in the recording who do not consent to the release must be redacted;
 - (b) data that would identify undercover officers must be redacted; and
 - (c) data on other Deputies who are not undercover, and who are on duty and engaged in the performance of official duties, may not be redacted.

- (b) **Access to BWC data by DCSO personnel.** DCSO personnel may access and view stored BWC recordings only when there is a legitimate business need for doing so. Compliance with this paragraph satisfies the requirement for the Sheriff or designee to authorize such access in writing. For purposes of this section, a legitimate business need includes the following:

1. For use when preparing reports or statements or providing testimony;
2. By Employees or supervisors to assess proper functioning of the BWC system;
3. By DCSO investigators assigned to a related criminal investigation, or after approval of a supervisor, for official investigations;
4. By a supervisor investigating a specific complaint or report of Employees misconduct.
5. By a supervisor to assess Employee performance and BWC policy compliance,
6. As permitted in the Officer-Involved Shootings and Deaths Policy 311;
7. By a Field Training Officer to assess performance; or

Dakota County Sheriff's Office

8. For data administration purposes, including responding to a request for data under the MGDPA.
 9. DCSO personnel must document their reasons for accessing stored BWC data in the manner provided within the database at the time of each access.
 10. DCSO personnel seeking access to BWC data when there is not a legitimate business need must make a request for the BWC data in the same manner as any member of the public.
- (c) **Other authorized access to Deputy-BWC data.** Deputies may display portions of BWC footage to witnesses as necessary for purposes of investigation. Deputies should generally limit these displays in order to protect against the incidental disclosure of individuals whose identities are not public. Protecting against incidental disclosure could involve, for instance, showing only a portion of the video, showing only screen shots, muting the audio, or playing audio but not displaying video.

Pursuant to Minn. Stat. § 13.825, subd. 8, not public Deputy-BWC recordings may be shared with other law enforcement agencies only for legitimate law enforcement purposes that are documented at the time of the disclosure and authorized by the Sheriff or his/her designee in writing, and are in accordance with written procedures.

450.13 COMPLIANCE

Violations of this policy may constitute misconduct and subject DCSO personnel to disciplinary action up to and including termination. The unauthorized access to or disclosure of BWC data may constitute misconduct and subject DCSO personnel to disciplinary action up to and including termination, and criminal penalties, pursuant to Minn. Stat. § 13.09. Any DCSO personnel who accesses, releases, or uses BWC recordings not in accordance with this policy will be subject to disciplinary action (see, the Standards of Conduct Policy, currently Policy 341, and the Protected Information Policy, currently Policy 809). Supervisors and the BWC Administrator must monitor compliance with this policy.

Bicycle Patrol Unit

453.1 PURPOSE AND SCOPE

The Dakota County Sheriff's Office has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase deputy visibility. A bicycle's quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

453.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. The use of the patrol bicycle will emphasize its mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Office needs and as staffing levels allow.

453.3 TRAINING

Participants in the program must complete an initial Office-approved bicycle-training course after acceptance into the program. Periodically, bicycle patrol deputies should receive in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

Bicycle patrol deputies may be required to qualify with their duty firearm while wearing bicycle safety equipment, including the helmet and riding gloves.

453.4 UNIFORMS AND EQUIPMENT

Deputies shall wear the office-approved uniform and safety equipment while operating the office bicycle. Safety equipment includes office-approved helmet, protective eyewear and approved footwear.

The bicycle patrol uniform consists of the standard short-sleeve uniform shirt or other office-approved shirt with office badge and patches, and office-approved bicycle patrol pants or shorts.

Bicycle patrol deputies shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Deputies will be responsible for obtaining the necessary forms, medical equipment, citation books, bike repair equipment and other office equipment needed while on bicycle patrol.

- (b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not necessary before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents.
- (d) No member of this office shall operate ALPR equipment or access ALPR data without first completing office-approved training.
- (e) No ALPR operator may access confidential office, state or federal data unless authorized to do so.

ALPR data not related to an active criminal investigation must be destroyed no later than 60 days from the date of collection with the following exceptions (Minn. Stat. § 13.824):

- (a) Exculpatory evidence - Data must be retained until a criminal matter is resolved if a written request is made from a person who is the subject of a criminal investigation asserting that ALPR data may be used as exculpatory evidence.
- (b) Address Confidentiality Program - Data related to a participant of the Address Confidentiality Program must be destroyed upon the written request of the participant. ALPR data already collected at the time of the request shall be destroyed and future related ALPR data must be destroyed at the time of collection. Destruction can be deferred if it relates to an active criminal investigation.

All other ALPR data should be retained in accordance with the established records retention schedule.

459.5.1 LOG OF USE

A public log of ALPR use will be maintained that includes (Minn. Stat. § 13.824):

- (a) Specific times of day that the ALPR collected data.
- (b) The aggregate number of vehicles or license plates on which data are collected for each period of active use and a list of all state and federal public databases with which the data were compared.
- (c) For each period of active use, the number of vehicles or license plates related to:
 - 1. A vehicle or license plate that has been stolen.
 - 2. A warrant for the arrest of the owner of the vehicle.
 - 3. An owner with a suspended or revoked driver's license or similar category.
 - 4. Active investigative data.
- (d) For an ALPR at a stationary or fixed location, the location at which the ALPR actively collected data and is installed and used.

A publicly accessible list of the current and previous locations, including dates at those locations, of any fixed ALPR or other surveillance devices with ALPR capability shall be maintained. The list may be kept from the public if the data is security information as provided in Minn. Stat. § 13.37, Subd. 2.

459.6 ACCOUNTABILITY

All saved data will be closely safeguarded and protected by both procedural and technological means. The Dakota County Sheriff's Office will observe the following safeguards regarding access to and use of stored data (Minn. Stat. § 13.824; Minn. Stat. § 13.05):

- (a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.

- (c) Biennial audits and reports shall be completed pursuant to Minn. Stat. § 13.824, Subd. 6.
- (d) Breaches of personal data are addressed as set forth in Minn. Stat. § 13.055.

- (b) The request is reviewed by a Data Practices Liaison and approved before the request is fulfilled.
 - 1. A release must be based on a reasonable suspicion that the data is pertinent to an active criminal investigation.
- (c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy.

Criminal Conduct on School Buses

466.1 PURPOSE AND SCOPE

Criminal conduct on school buses has been identified by the legislature as a critical component for the safety and security of the community. The primary purpose of this policy is to provide deputies guidance in responding to reports of alleged criminal conduct on school buses. This office, in cooperation with any other law enforcement agency that may have concurrent jurisdiction over the alleged offense, is responsible for responding to all reports of criminal misconduct on school buses in this jurisdiction.

This policy is not intended to interfere with or replace school disciplinary policies that relate to student misconduct on school buses (Minn. Stat. § 169.4581).

466.2 COMMUNITY COOPERATION

The Dakota County Sheriff's Office shall work with and consult with school officials, transportation personnel, parents and students to respond to these incidents to protect student safety and deal appropriately with those who violate the law.

466.3 PROCEDURE

This office shall respond to all criminal misconduct on school buses within the jurisdiction of this office regardless of the source of the report. Deputies should take reasonable actions to complete the following:

- (a) Provide for the safety of any person involved in the incident or present at the incident.
- (b) Coordinate any appropriate care.
- (c) Investigate reports of crimes committed on school buses using the same procedures as followed in other criminal investigations as appropriate for juveniles and/or adults.
- (d) Issue citations, release pending further investigation, or apprehend and transport individuals committing crimes on school buses to the extent authorized by law.
- (e) Submit reports regarding the incident for review, approval and consideration for prosecution.
- (f) Complete follow-up and additional investigation as reasonably necessary to prepare a case pertaining to criminal conduct on school buses as required for prosecution.
- (g) Provide information to the relevant school regarding the incident as required or authorized by law.

Public Recording of Law Enforcement Activity

467.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this office. In addition, this policy provides guidelines for situations where the recordings may be evidence.

467.2 POLICY

The Dakota County Sheriff's Office recognizes the right of persons to lawfully record members of this office who are performing their official duties. Members of this office will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

467.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the deputies.
 - 4. Being so close to the activity as to interfere with a deputy's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the deputies, him/herself or others.

467.4 DEPUTY RESPONSE

Deputies should promptly request a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, deputies should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, deputies or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, a deputy could advise the person that he/she may continue observing and recording from the sidewalk across the street.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Public Recording of Law Enforcement Activity

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, deputies shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

467.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the deputy and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of office members, such as how and where to file a complaint.

467.6 SEIZING RECORDINGS AS EVIDENCE

Deputies should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a office-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property Room Policy.

Medical Aid and Response

468.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

468.2 POLICY

It is the policy of the Dakota County Sheriff's Office that all deputies and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

468.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Medical Aid and Response

468.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Deputies should search any person who is in custody before releasing that person to EMS for transport.

A deputy should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

468.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, a deputy shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the deputy should consider proceeding with a 72-hour hold in accordance with the Civil Commitments Policy.

If a deputy believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The deputy may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the deputy will require the person to be transported to the nearest medical facility. In such cases, the deputy should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

468.5.1 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the deputy has reason to believe the arrestee is feigning injury or illness, the deputy should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the deputy should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Deputies shall not transport an arrestee to a hospital without a supervisor's approval.

468.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Conducted Energy Device policies.

468.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Patrol Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Office should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One office member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

468.8 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Only deputies who receive training in the recognition of signs of opiate overdose and the use of opiate antagonists may administer opioid overdose medication (Minn. Stat. § 626.8443). Deputies may administer opioid overdose medication in accordance with protocol specified by the physician who prescribed the overdose medication for use by the deputy (Minn. Stat. § 151.37; Minn. Stat. § 604A.04).

468.8.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Deputies who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Deputies should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Administrative Sergeant.

468.8.2 OPIOID OVERDOSE MEDICATION REPORTING

Any deputy administering opioid overdose medication should detail its use in an appropriate report.

468.8.3 OPIOID OVERDOSE MEDICATION TRAINING

The Administrative Sergeant should ensure training is provided to deputies authorized to administer opioid overdose medication (Minn. Stat. § 151.37; Minn. Stat. § 626.8443).

468.8.4 OPIOID OVERDOSE MEDICATION SUPPLY

The Sheriff or the authorized designee shall ensure there is a sufficient supply of opioid overdose medication available for use.

Trained deputies shall have at least two unexpired doses of opioid overdose medication readily available while on-duty (Minn. Stat. § 626.8443). Deputies shall replace expended doses of opioid overdose medication as soon as practical.

Suspicious Activity Reporting

469.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

469.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

469.2 POLICY

The Dakota County Sheriff's Office recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

469.3 RESPONSIBILITIES

The Investigation Captain and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for office participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigation Captain include, but are not limited to:

- (a) Remaining familiar with those databases available to the Office that would facilitate the purpose of this policy.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Office.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Office conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

469.4 REPORTING AND INVESTIGATION

Any office member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to the responsible agency in a timely manner.

Civil Disputes

470.1 PURPOSE AND SCOPE

This policy provides members of the Dakota County Sheriff's Office with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Abuse Policy will address specific legal mandates related to domestic violence court orders. References in this policy to "court orders" apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Minnesota law.

470.2 POLICY

The Dakota County Sheriff's Office recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this office will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

470.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters. For extended periods of time, parties should be directed to make arrangements with the Civil Division.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Civil Disputes

470.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for a deputy to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating deputy should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor.

470.4.1 STANDBY REQUESTS

Deputies responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Deputies should not order the other party to allow entry or the removal of any items.

Absent extenuating circumstances, if the other party is not present at the location, the member should not allow entry into the location or the removal of property from the location.

470.5 VEHICLES AND PERSONAL PROPERTY

Deputies may be faced with disputes regarding possession or ownership of vehicles or other personal property. Deputies may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, deputies should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

470.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Medical Cannabis

471.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this office with guidelines for investigating the possession or use of medical cannabis under Minnesota's medical cannabis laws.

471.1.1 DEFINITIONS

Definitions related to this policy include (Minn. Stat. § 152.22):

Medical cannabis - Any species of the genus cannabis plant, or any mixture or preparation of them, including whole plant extracts and resins in the form of a liquid, oil, pill, or dried raw cannabis that is properly packaged and labeled with:

- (a) The name and address of the authorized manufacturer.
- (b) The patient's registry identification number, name, date of birth, and address.
- (c) The chemical composition of medical cannabis.
- (d) Recommended dosage.
- (e) Directions for use.
- (f) Batch number.
- (g) Date of manufacture.

Patient - A Minnesota resident who has been diagnosed with a qualifying medical condition by a health care practitioner and who has met any other requirements for patients under Minn. Stat. § 152.22 et seq.

Caregiver - A person who has been approved by the Minnesota Commissioner of Health to assist a patient who is unable to self-administer medication or acquire medical cannabis from a distribution facility, and who is authorized to assist the patient with the use of medical cannabis.

471.2 POLICY

It is the policy of the Dakota County Sheriff's Office to prioritize resources to avoid making arrests related to medical cannabis that the arresting deputy reasonably believes would not be prosecuted by state or federal authorities.

Minnesota medical cannabis laws are intended to provide protection from prosecution to those who use or possess medical cannabis for medical purposes. The Dakota County Sheriff's Office will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under Minnesota law and the resources of the Office.

471.3 INVESTIGATION

Investigations involving the possession or use of cannabis generally fall into one of two categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a person claims to be a patient or caregiver.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Medical Cannabis

471.3.1 INVESTIGATIONS WITH NO MEDICAL CLAIM

In any investigation involving the possession, delivery, production, or use of a cannabis product or drug paraphernalia where no person claims that the cannabis is used for medicinal purposes, the deputy should proceed with a criminal investigation if the amount is greater than permitted for personal use under Minn. Stat. § 342.09. A medicinal claim may be raised at any time, so deputies should document any statements and observations that may be relevant to whether the cannabis was possessed or produced for medicinal purposes.

471.3.2 INVESTIGATIONS INVOLVING A PATIENT OR CAREGIVER

Arrest shall not be made for the possession of medical cannabis by a patient, a caregiver or the parent or legal guardian of a patient (Minn. Stat. § 152.32).

Possession of medical cannabis properly packaged and labeled by an authorized manufacturer should suffice for verification of a person's status as a patient. The possession of medical cannabis registry verification from the Minnesota Department of Health should also suffice for verification a person's status as a patient or caregiver (Minn. Stat. § 152.22; Minn. Stat. § 152.27).

471.3.3 EXCEPTIONS

This policy does not apply to the following offenses. Deputies may take enforcement action if the person (Minn. Stat. § 152.23):

- (a) Possesses or engages in the use of medical cannabis on a school bus or van, on the grounds of any preschool or primary or secondary school, in any correctional facility, or on the grounds of any child care facility or home daycare.
- (b) Vaporizes or smokes medical cannabis on any form of public transportation, where the vapor or smoke would be inhaled by a non-patient minor child, or in any public place or a place of employment.
- (c) Operates any motor vehicle, aircraft, train, or motorboat, or works on transportation property, equipment, or facilities while under the influence of medical cannabis.

471.4 PROPERTY ROOM RESPONSIBILITIES

The Property Room supervisor or designee shall ensure that medical cannabis, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical cannabis is not destroyed. Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property Room supervisor shall as soon as practicable return to the person from whom it was seized any medical cannabis, drug paraphernalia or other related property.

The Property Room supervisor or designee may not destroy medical cannabis except upon receipt of a court order.

The Property Room supervisor or designee may release medical cannabis to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigations supervisor.

Medical Cannabis

471.5 REPORTING

Deputies aware of a person experiencing a negative medical condition or a death related to a cannabis overdose, including as a result of an unauthorized access to medical cannabis, must contact the Minnesota Department of Health's Office of Medical Cannabis within five business days. If discovered as part of an ongoing investigation, the report must be made within 72 hours of the conclusion of the investigation (Minn. R. 4770.4002; Minn. R. 4770.4004).

Deputies having reasonable suspicion of unauthorized possession of medical cannabis or of violations of cannabis laws by individuals authorized to possess medical cannabis, must report to the Office of Medical Cannabis using the designated online form. Reports related to unauthorized possession must be submitted within 72 hours, unless discovered as part of an ongoing investigation, in which case reporting must be made within 72 hours of the conclusion of the investigation. Reports of violations by persons authorized to possess medical cannabis must be submitted within 15 days (Minn. R. 4770.4010).

First Amendment Assemblies

472.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

472.2 POLICY

The Dakota County Sheriff's Office respects the rights of people to peaceably assemble. It is the policy of this office not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

472.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills, leafleting and loitering. However, deputies shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors deputies may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Deputies should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless a deputy is placing a person under lawful arrest.

Supervisors should continually observe office members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

472.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating office performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

472.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding deputy should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

472.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

472.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

472.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for the following:

- (a) Command assignments, chain of command structure, roles, and responsibilities
- (b) Staffing and resource allocation
- (c) Management of criminal investigations
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields)
 1. Uniforms must display the Office name and a unique personal identifier.
 2. A protocol for keeping record of any deputies on scene who are not in compliance with uniform requirements due to exigent circumstances.
- (e) Deployment of specialized resources
- (f) Event communications and interoperability in a multijurisdictional event
- (g) Liaison with demonstration leaders and external agencies
- (h) Liaison with County government and legal staff
- (i) Media relations
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief, and transportation
- (k) Traffic management plans
- (l) First aid and emergency medical service provider availability
- (m) Prisoner transport and detention
- (n) Review of policies regarding public assemblies and use of force in crowd control
- (o) Parameters for declaring an unlawful assembly (as defined by Minn. Stat. § 609.705)
- (p) Arrest protocol, including management of mass arrests
- (q) Protocol for recording information flow and decisions

- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force
- (s) Protocol for handling complaints during the event
- (t) Parameters for the use of body-worn cameras and other portable recording devices

472.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

472.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, the Incident Commander or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress (at least two routes when possible). A reasonable time to disperse should be allowed following a dispersal order.

Additionally, the dispersal order must include:

- (a) The name and rank of the person and the agency giving the order.
- (b) The reasons for the declaration.
- (c) How long the participants have to comply.

The dispersal announcements should be repeated after commencement of the initial dispersal order so that participants understand that they must leave the area.

If, after a crowd disperses pursuant to a declaration of unlawful assembly and subsequently participants assemble at a different geographic location where the participants are engaged in non-violent and lawful First Amendment activity, such an assembly cannot be dispersed unless it

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

First Amendment Assemblies

has been determined that it is an unlawful assembly, and a new declaration of unlawful assembly has been made.

472.6.1 MINNESOTA POST GUIDELINES ON UNLAWFUL ASSEMBLY

The mere failure to obtain a permit, such as a parade permit or sound permit, is not a sufficient basis to declare an unlawful assembly.

The fact that some of the demonstrators or organizing groups have engaged in violent or unlawful acts on prior occasions or demonstrations is not grounds for declaring an assembly unlawful.

Whenever possible, the unlawful behavior of a few participants must not result in the majority of peaceful protestors being deprived of their First Amendment rights, unless other participants or deputies are threatened with dangerous circumstances.

472.7 USE OF FORCE

Use of force is governed by current office policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to harm deputies, themselves or others, or will result in substantial property loss or damage (see the Control Devices and the Conducted Energy Device policies).

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this office shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

472.8 ARRESTS

The Dakota County Sheriff's Office should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

First Amendment Assemblies

- (a) Reasonable measures to address the safety of deputies and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Citation Releases Policy).

472.9 MEDIA RELATIONS

The Sheriff or his/her designee should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

472.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

472.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment, and supply records
- (e) Incident, arrest, use of force, injury, and property damage reports
- (f) Photographs, audio/video recordings, Dispatch records/tapes
- (g) Media accounts (print and broadcast media)
- (h) Record of any unlawful assembly declarations

472.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with County legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

First Amendment Assemblies

- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

472.12 TRAINING

Office members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Office should, when practicable, train with its external and mutual aid partners.

472.13 ADDITIONAL INCIDENT COMMANDER RESPONSIBILITIES

The Incident Commander is responsible for maintaining familiarity with the Minnesota model policy on Public Assembly and First Amendment Activity and incorporating additional protocols as appropriate for the office's preparedness in addressing:

- (a) Approved devices, tactics, and munitions.
- (b) Accessibility to the public assembly or demonstration by media representatives and other observers.
- (c) Additional documentation requirements, if any.

Crisis Intervention Incidents

473.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires a deputy to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

473.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

473.2 POLICY

The Dakota County Sheriff's Office is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Office will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

473.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

Crisis Intervention Incidents

473.4 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to deputies; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit a deputy's authority to use reasonable force when interacting with a person in crisis.

Deputies are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

A deputy responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup deputies and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the deputy.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

473.5 DE-ESCALATION

Deputies should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Crisis Intervention Incidents

- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding deputies generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

473.6 RESPONSE TO PERSONS IN CRISIS

There may be incidents involving a person who is not a threat to members or the community that a responding deputy or supervisor believes can be handled more safely through the means of tactical disengagement. Tactical disengagement is a decision made to leave, delay contact, delay custody or plan to make contact at a different time and under safer circumstances for all involved according to the information readily available at the time. Whereas, de-escalation is the decision made to passively monitor as a situation is unfolding and to bring a safe resolution without the need to leave, delay contact, or delay custody and approach at a different time.

It is important to provide individuals who are in crisis, displaying signs of mental illness or severe emotional distress with the same rights, dignity and access to law enforcement and other government and community services as are provided to all citizens, but without compromising the safety of the individual, citizens, or the deputies involved in the incident. The legal authority to take a person into custody does not override law enforcement discretion to pursue a safer course of action.

If deputies determine tactical disengagement may be appropriate and a safer course of action, they shall contact the Watch Commander to brief them about the incident. The Watch Commander on duty must respond to the scene when the decision is made to utilize tactical disengagement. If no immediate threat is present, deputies should attempt to gather as much information as possible about the individual from family, friends, witnesses, or Dakota County Crisis.

If, after attempting contact and de-escalation techniques, the Watch Commander determines that the person is not known or reasonably believed to be a threat to others and that further interaction with the individual may result in an increased risk to the person, the public, or deputies, the Watch Commander should develop a plan for disengagement.

Tactical Disengagement Considerations:

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Crisis Intervention Incidents

If a subject is not responding or cooperative, does not present a known or reasonably believed threat to deputies or others, and the Watch Commander determines that an immediate arrest is not required, the supervisor should proceed as follows:

- (a) Verbally brief the Patrol Captain about the incident.
- (b) Attempt to use all appropriate and available department resources to safely resolve the situation.
- (c) Involve Dakota County Crisis as a means of intervention.
- (d) Ensure that the family members, friends, and the subject (if applicable) are provided information about resources and services available to them, as reasonably possible under the circumstances. Additional basic needs should also be considered which may include
- (e) After reasonable attempts are made to contact the subject without resolution, the supervisor should order deputies to withdraw from the area.

Utilizing tactical disengagement, deputies should not:

- (a) Escalate or make forced entry into the location.
- (b) Close distance on the person while attempting tactical disengagement, unless a change in circumstances make a closer intervention appropriate to safely make contact with the subject.
- (c) Force entry to arrest the subject for pending misdemeanor charges or misdemeanor warrants. This does not prevent the subject from being charged out of custody.
- (d) Force entry to enforce civil commitment or emergency examination orders.
- (e) Require family, friends, or others involved to leave the area.

Reporting Requirements for Tactical Disengagement:

When deputies utilize tactical disengagement, the Watch Commander must create an incident report documenting the following:

- (a) Details of the call
- (b) Reasons for disengagement
- (c) Actions taken to deescalate or mitigate the situation
- (d) Actions taken to promote safety
- (e) Follow-up plans and referrals made
- (f) Flagged address for safety bulletin

The Watch Commander for the incident will ensure that deputies write appropriate incident and supplemental reports, Body Worn Camera and digital recordings are saved, victim/witness statements are taken, and all pertinent documents and other associated video related to the incident are placed in the case file.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Crisis Intervention Incidents

473.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the deputy should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous sheriff's response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

473.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

473.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to office reporting procedures or other official mental health or medical proceedings.

473.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS

Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Crisis Intervention Incidents

- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, a deputy should be promptly summoned to provide assistance.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventative patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on collision data, enforcement activity records, traffic volume, traffic conditions and crime data. This office provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in collision situations but also in terms of traffic-related needs including crime data.

500.2 TRAFFIC DEPUTY DEPLOYMENT

Several factors are considered in the development of deployment schedules for deputies of the Dakota County Sheriff's Office. Information provided by the Minnesota Office of Traffic Safety (OTS) is a valuable resource for traffic collision occurrences and therefore deputy deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All deputies assigned to patrol or traffic enforcement functions will emphasize enforcement of collision-causing violations during periods of high-collision incidence and at locations of occurrence. All deputies will take directed enforcement action on request, and random enforcement action when appropriate, against violators as a matter of routine. Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This office does not establish ticket quotas and the number of citations issued by any deputy shall not be used when evaluating deputy performance (Minn. Stat. § 169.985; Minn. Stat. § 299D.08). The visibility and quality of a deputy's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Traffic Function and Responsibility

500.3.2 TRAFFIC CITATIONS

Traffic citations may be issued when a deputy believes it is appropriate. It is essential that deputies fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Deputies should provide the following information at a minimum:

- (a) Explanation of the violation or charge.
- (b) The court contact information.

500.3.3 TRAFFIC CITATION COURT JURISDICTION

A deputy who issues a traffic citation shall ensure that the citation is properly directed to the court having jurisdiction (Minn. Stat. § 169.91 Subd. 3).

500.4 HIGH-VISIBILITY VESTS

The Office has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of office members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; Minn. R. 5205.0030).

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.4.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, collision investigations, lane closures and while at disaster scenes, or any time high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, deputies should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plain clothes deputy might benefit from being readily identified as a deputy.

500.4.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in each Office vehicle. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored in the vehicle.

A supervisor will be advised when a vest needs replacement or is damaged.

Traffic Collisions

502.1 PURPOSE AND SCOPE

The public safety responsibilities of law enforcement include responding to traffic collisions, providing aid and assistance, documentation of the incident and identification of criminal activity.

The Dakota County Sheriff's Office prepares traffic collision reports in compliance with Minn. Stat. § 169.09 and as a public service makes traffic collision information available to the public.

502.2 CALL RESPONSE

Deputies should respond without delay when dispatched to a traffic collision. A traffic collision with injuries reported may include a Code 3 response if the deputy reasonably believes such a response is appropriate.

502.3 RESPONSE

Upon arriving at the scene, the responding member should assess the need for additional resources and summon assistance as appropriate. Generally, the member initially dispatched to the scene will be responsible for the investigation and report, if required, unless responsibility is reassigned by a supervisor.

A supervisor should be called to the scene when the incident:

- (a) Is within the jurisdiction of this office and there is:
 - 1. A life-threatening injury.
 - 2. A fatality.
 - 3. A County vehicle involved.
 - 4. A County official or employee involved.
 - 5. Involvement of an on- or off-duty member of this office.
- (b) Is within another jurisdiction and there is:
 - 1. A County of Dakota vehicle involved.
 - 2. A County of Dakota official involved.
 - 3. Involvement of an on-duty member of this office.

502.3.1 MEMBER RESPONSIBILITIES

Upon arriving at the scene, the responding member should consider and appropriately address:

- (a) Traffic direction and control
- (b) Proper placement of emergency vehicles, cones, roadway flares or other devices if available to provide protection for members, the public and the scene.
- (c) First aid for any injured parties if it can be done safely.
- (d) The potential for involvement of hazardous materials.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Traffic Collisions

- (e) The need for additional support as necessary (e.g., traffic control, emergency medical services, fire department, HAZMAT, tow vehicles).
- (f) Clearance and cleanup of the roadway.

502.4 TAKING ENFORCEMENT ACTION

Deputies typically cannot make an arrest for a misdemeanor that did not occur in their presence. After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of Minnesota law led to the collision, deputies may issue a traffic citation or a misdemeanor citation to the offending driver.

Incidents involving more serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced immediately, or as the investigation allows. If a driver subject to enforcement is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

502.5 MINIMUM REPORTING REQUIREMENTS

A collision report shall be taken when:

- (a) A fatality, any injury (including complaint of pain), impaired driving or hit and run is involved.
- (b) An on-duty member of the County of Dakota is involved.
- (c) The collision results in any damage to any County-owned or leased vehicle.
- (d) The collision involves any other public agency driver or vehicle.
- (e) There is damage to public property.
- (f) There is damage to any vehicle to the extent that towing is required.
- (g) Prosecution or follow-up investigation is contemplated.
- (h) Directed by a supervisor.

502.5.1 MODIFICATIONS TO TRAFFIC COLLISION REPORTS

A change or modification of a written report prepared by a peace officer that alters a material fact in the report may be made only by the peace officer who prepared the report. A written supplemental report may be made by any authorized employee.

502.6 INVESTIGATION

When a traffic collision meets minimum reporting requirements the investigation should include, at a minimum:

- (a) Identification and interview of all involved parties.
- (b) Identification and interview of any witnesses.
- (c) A determination of whether a violation of law has occurred and the appropriate enforcement action.
- (d) Identification and protection of items of apparent evidentiary value.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Traffic Collisions

- (e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on the appropriate forms.

502.6.1 INVESTIGATION BY OUTSIDE LAW ENFORCEMENT AGENCY

The Watch Commander or on-duty Watch Commander should request that the Minnesota Department of Public Safety or other outside law enforcement agency investigate and complete a traffic collision investigation when a life-threatening injury or fatal traffic collision occurs within the jurisdiction of the Dakota County Sheriff's Office and involves:

- (a) An on- or off-duty member of the Office.
 - 1. The involved member shall complete the office traffic collision form. If the member is unable to complete the form, the supervisor shall complete it.
- (b) An on-or off-duty official or employee of the County of Dakota.

Office members shall promptly notify a supervisor when any office vehicle is involved in a traffic collision. The collision investigation and report shall be completed by the agency having jurisdiction.

502.6.2 COMMERCIAL VEHICLE COLLISIONS

Commercial vehicle collisions additionally require notification to the Minnesota State Patrol if the collision results in (Minn. Stat. § 169.783):

- (a) A fatality.
- (b) Bodily injury to a person who, as a result of the injury, immediately receives medical treatment away from the scene of the collision.
- (c) One or more vehicles incurring disabling damage as a result of the collision, requiring the vehicle to be transported away from the scene by tow truck or other motor vehicle.

A waiver or inspection by a state trooper or other authorized person is required before a person may drive a commercial motor vehicle that was involved in such a collision (Minn. Stat. § 169.783).

502.6.3 ADVISING OTHER PARTIES WHEN SHERIFF'S OFFICE EMPLOYEES ARE INVOLVED IN A TRAFFIC CRASH

When a Sheriff's Office employee is involved in a traffic crash with a person not a member of the Sheriff's Office, the employee shall urge the person to remain at the scene of the crash until the arrival of the supervisor. If the person insists on leaving or requires hospitalization, the employee shall obtain:

- (a) The person's name, address, and telephone number.
- (b) The location where he/she may be interviewed.
- (c) Vehicle and driver's license information.
- (d) The name, address, and telephone number of the vehicle's registered owner or other damaged party.
- (e) Insurance information (company, policy number, address, and agent telephone number).

Traffic Collisions

502.7 ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of a traffic law contributed to the collision, authorized members should issue a citation or arrest the offending driver, as appropriate.

More serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter, or other felonies, shall be enforced. If a driver who is subject to enforcement action is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

502.7.1 CRASH REVIEW PANEL

The Crash Review Panel is established to examine all crashes involving Sheriff's Office employees who are operating county-owned vehicles. The panel will be comprised of both sworn and civilian staff from the Sheriff's Office and Dakota County's Risk Management and Fleet Management Departments.

The involved employee's supervisor will submit all reports to the chair of the Crash Review Panel within 48 hours.

Intentional contact with another vehicle, including Precision Immobilization Technique, blocking-in or ramming does not require reports to be submitted to the Crash Review Panel. These exposures are considered a deliberate emergency action and will be handled by the Pursuit Review Committee.

The Division Commander of the involved employee shall be notified by the responding supervisor of the circumstances and action(s) taken.

Vehicle Towing

510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Dakota County Sheriff's Office and under the authority of Minn. Stat. § 168B.035.

510.2 STORAGE AND IMPOUNDS

Vehicles may be towed for violations of Minn. Stat. § 168B.035.

Vehicles may be moved or removed from a highway when in violation of Minn. Stat. § 169.32(a) or when left unattended upon any street or highway or upon any bridge or causeway or in any tunnel where such vehicle constitutes an obstruction to traffic (Minn. Stat. § 169.33).

The responsibilities of those employees storing or impounding a vehicle are as follows:

510.2.1 COMPLETION OF VEHICLE IMPOUND AND INVENTORY REPORT

Office members requesting towing of a vehicle shall complete a Tow Report, including a description of property within the vehicle if accessible. A copy is electronically submitted to the tow agency and the Sheriff's office records division.

Records staff shall promptly enter pertinent data from the completed Tow Report into the Minnesota Justice Information Services (MNJIS).

510.2.2 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the deputy shall have the driver select a towing company, if reasonably possible, and shall relay the request for the specified towing company to the dispatcher.

If the owner is incapacitated or for any reason it is necessary for the Office to assume responsibility for a vehicle involved in a collision, the deputy shall request the dispatcher to call a company selected from the list of towing companies. The deputy will then conduct an inventory and store the vehicle using a Tow Report.

510.2.3 DRIVING A NON-CITY VEHICLE

Vehicles that have been towed by or at the direction of the Sheriff's Office should not be driven by sheriff's personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

510.2.4 RECORDS DIVISION RESPONSIBILITIES

Personnel shall promptly enter pertinent data from the completed Tow Report form into the stolen vehicle system. Approved forms shall be promptly filed so that they are immediately available for release or review should inquiries be made.

Upon recovery of a vehicle reported stolen to another agency, the Deputy or the DCC is to promptly inform the agency that the vehicle is recovered, where it is located and when it can be released to the owner (Minn. Stat. § 169.042 Subd. 1).

Vehicle Towing

510.3 TOWING SERVICES

The County of Dakota periodically selects one or more firms to act as official tow services:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles and the removal of vehicles obstructing traffic in violation of state or local regulations.

510.4 TOWING AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, and there are no available passengers to make reasonable transport arrangements, it is the policy of this office to provide reasonable safekeeping by towing the arrestee's vehicle. A vehicle shall be towed whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be towed. For example, the vehicle would present a traffic hazard if it were not removed, or the vehicle is located in a high-crime area and is susceptible to theft or damage if left at the scene.

510.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the Tow Report. This includes the trunk, engine compartment and any compartments or containers, if they are closed and/or locked and we have a key to open the container. Members conducting inventory searches should be as thorough and accurate as practicable in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while the owner is in sheriff's custody, to provide for the safety of deputies and the public, and to protect the Office against fraudulent claims of lost, stolen or damaged property.

510.6 PRESERVATION OF EVIDENCE

A deputy who removes a vehicle pursuant to Minn. Stat. § 168B.035 is required to take reasonable and necessary steps to preserve evidence. If there is probable cause to believe that a vehicle or its contents constitute any evidence which tends to show that a criminal offense has been committed, or that a particular person has committed a criminal offense, deputies shall ensure that all legally required and reasonably necessary efforts are taken to preserve the evidence. Such evidence is to be provided safe storage and preserved until released to the owner or otherwise disposed of according to law.

510.7 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, deputies should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cellular telephone, prescriptions) that are not considered evidence or contraband.

Vehicle Towing

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

Impaired Driving

514.1 PURPOSE AND SCOPE

This policy provides guidance to those office members who play a role in the detection and investigation of driving while impaired (DWI).

514.2 POLICY

The Dakota County Sheriff's Office is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Minnesota's impaired driving laws.

514.3 CHEMICAL TESTS

A person implies consent under Minnesota law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Minn. Stat. § 169A.51, Subd. 1):

- (a) The arresting deputy has probable cause to believe the person was driving, operating or in physical control of a vehicle while impaired as defined by Minn. Stat. § 169A.20.
- (b) The deputy has probable cause to believe that the person is DWI and has been involved in a vehicle accident resulting in property damage, personal injury or death.
- (c) The deputy has probable cause to believe that the person is DWI and the person has refused to take the preliminary screening test provided for by Minn. Stat. § 169A.41.
- (d) The person was administered a preliminary screening test and the results indicated an alcohol concentration of 0.08 or more.
- (e) The deputy has probable cause to believe the person was driving, operating or in physical control of a commercial motor vehicle with the presence of any alcohol in the person's body.

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the deputy should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

514.3.1 BREATH SAMPLES

The assigned staff member should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Deputies obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Watch Commander.

514.3.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Minn. Stat. § 169A.51, Subd. 7). The blood draw should be witnessed by the assigned deputy. No deputy, even if properly certified, should perform this task.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Impaired Driving

Deputies should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility and office evidence procedures.

If an arrestee cannot submit to a blood test because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

514.3.3 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The deputy shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by a deputy or jail staff member of the same sex as the person giving the sample. The arrestee tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility and office evidence procedures.

514.3.4 STATUTORY NOTIFICATIONS

At the time that the deputy requests the person to submit to a breath test the deputy must inform the person that (Minn. Stat. § 169A.51, Subd. 2):

- (a) Minnesota law requires that he/she take the test.
- (b) Refusal to take the test is a crime.
- (c) He/she has the right to consult with an attorney unless it would unreasonably delay administration of the test.

At the time that the deputy directs a person to submit to a blood or urine test pursuant to a warrant, the person must be informed that a refusal to submit to a blood or urine test is a crime (Minn. Stat. § 171.177, Subd. 1 and Subd. 2).

514.4 REFUSALS

When an arrestee refuses to provide a chemical sample deputies should:

- (a) Advise the arrestee of the requirement to provide a sample (Minn. Stat. § 169A.51; Minn. Stat. § 171.177, Subd. 1).
- (b) Audio- and/or video-record the admonishment and the response when it is legal and practicable.
- (c) Document the refusal in the appropriate report.

514.4.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, deputies shall personally serve the notice of intention to revoke upon the person and invalidate the person's license in such a way that no identifying information is destroyed and immediately return the license to the person (Minn. Stat. § 169A.52, Subd. 7; Minn. Stat. § 171.177, Subd. 8).

514.4.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who does not consent to a chemical test when any of the following conditions exist (Minn. Stat. § 169A.51, Subd. 3):

- (a) A search warrant has been obtained.
- (b) The deputy can articulate that exigent circumstances exist and the deputy has probable cause to believe that the person has committed DWI, including vehicular homicide or injury (Minn. Stat. § 169A.52, Subd. 1; Minn. Stat. § 171.177, Subd. 13). Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy delay in obtaining a blood sample due to a collision investigation or medical treatment of the person.

514.4.3 FORCED BLOOD SAMPLE

A forced sample may not be taken except in DWI cases involving vehicular homicide or injury (Minn. Stat. § 171.177, Subd. 13). In those cases, if a person indicates by word or action that he/she will physically resist a blood draw, the deputy should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another deputy), and attempt to persuade the person to submit to such a sample without physical resistance.
 - 1. This dialogue should be recorded on audio and/or video when reasonably practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure that the forced blood draw is recorded on audio and/or video when reasonably practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.

2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, deputies are expected to use sound judgment and perform the duties of a supervisor, as set forth above.

514.4.4 WARRANTS FOR CONTROLLED SUBSTANCES OR INCAPACITATION

A blood or urine test may be required pursuant to a warrant if the deputy has probable cause to believe that (Minn. Stat. § 169A.51, Subd. 4):

- (a) The person's impairment is due to a controlled substance, an intoxicating substance, or cannabis or hemp-related product that is not subject to testing by a breath test.
- (b) A controlled substance listed in Schedule I or II or its metabolite (other than a cannabis or hemp-related product or tetrahydrocannabinols), is present in the person's body.
- (c) The person is unconscious or incapacitated to the point that the deputy providing the breath test advisory, administering the breath test, or serving the search warrant has a good faith belief that the person is mentally or physically unable to comprehend the advisory or otherwise voluntarily submit to the chemical tests.

If a person objects to the blood or urine test as directed by the warrant or deputy, the deputy should offer the other type of test if the person is conscious. Action may be taken against a person refusing to submit to a blood or urine test only if an alternate test of blood or urine, as applicable, was offered (Minn. Stat. § 169A.51, Subd. 4; Minn. Stat. § 171.177, Subd. 2).

514.5 ARREST AND INVESTIGATION

514.5.1 RIGHT TO ATTORNEY CONTACTS

A person has a limited right to consult with an attorney prior to submitting to a chemical test. This right is limited to the extent that it cannot unreasonably delay administration of the test (Minn. Stat. § 169A.51, Subd. 2).

514.5.2 ARREST AUTHORITY

A deputy may arrest a person without a warrant and without regard to whether the offense was committed in the deputy's presence if there is probable cause to believe the person committed (Minn. Stat. § 169A.40):

- (a) A DWI offense (Minn. Stat. § 169A.20).
- (b) An alcohol- or cannabis-related driving offense involving a school bus or a Head Start bus (Minn. Stat. § 169A.31).
- (c) An underage drinking and driving offense (Minn. Stat. § 169A.33).

514.5.3 DEPUTY RESPONSIBILITIES

If a deputy requests that a person submit to a chemical test and the person refuses such request, the deputy shall report such refusal to the Commissioner of the Department of Public Safety (DPS) and the appropriate prosecuting attorney (Minn. Stat. § 169A.52, Subd. 1; Minn. Stat. § 171.177, Subd. 3).

If a person refuses to submit to a test or in the alternative submits to a test and the results indicate a prohibited alcohol concentration, the deputy shall immediately give notice to the person that his/her driving privilege will be revoked and shall (Minn. Stat. § 169A.52, Subd. 7; Minn. Stat. § 171.177, Subd. 8):

- (a) Issue the person a temporary license effective for only seven days.
 - 1. Deputies are not required to issue a person a temporary license if the person's driving privilege is under withdrawal by DPS or if the person is unlicensed.
- (b) Send the notification of this action to the Commissioner of the DPS along with the certification that there was probable cause to believe the person had been driving, operating or in physical control of a motor vehicle while impaired, and that the person either refused to submit to a test or submitted to a test and the results indicated a prohibited alcohol concentration or drug presence.

Test results of a person that indicate a prohibited alcohol concentration or drug presence shall be forwarded to the Commissioner of the DPS and the appropriate prosecuting attorney (Minn. Stat. § 169A.52, Subd. 2).

514.5.4 PRELIMINARY SCREENING TEST

A deputy who has reason to believe the person was driving, operating or in physical control of a motor vehicle while impaired, may require the person to provide a sample of the person's breath for a preliminary screening test using a device approved by the DPS Commissioner (Minn. Stat. § 169A.41, Subd. 1).

The deputy must use the results of the preliminary screening test for the purpose of deciding whether to arrest the person and require further chemical testing pursuant to Minn. Stat. § 169A.51 (Minn. Stat. § 169A.41, Subd. 2).

514.5.5 ADDITIONAL TESTING

A deputy shall permit a person required to submit to a chemical test to have a qualified person of his/her own choosing administer a separate chemical test (Minn. Stat. § 169A.51, Subd. 7(b)). The separate chemical test shall:

- (a) Be conducted at the place where the person is in custody.
- (b) Be conducted after the deputy has administered the statutorily mandated test.
- (c) Impose no expense to the state.

514.5.6 ADDITIONAL REQUIREMENTS FOR BREATH SAMPLES

All breath samples requested in accordance with this policy shall be obtained in accordance with Minn. Stat. § 169A.51, Subd. 5.

514.6 TRAINING

The assigned training supervisor should ensure that deputies participating in the enforcement of DWI laws receive regular training. Training should include at minimum current laws on impaired driving, investigative techniques and rules of evidence pertaining to DWI investigations. The training supervisor should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

516.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the collection of data, the procedure for dismissal, correction and voiding of traffic citations.

516.2 RESPONSIBILITIES

The Watch Commander shall be responsible for the development and design of all Interim Directive traffic citations in compliance with state law (Minn. Stat. § 169.99 and Minn. Stat. § 169.999 Subd. 3).

516.2.1 DATA COLLECTION

The Records should maintain information relating to traffic stops in which a citation is issued and to arrests resulting from those traffic stops, including information relating to:

- (a) The race or ethnicity of the individual detained.
- (b) Whether a search was conducted and, if so, whether the person detained consented to the search.

The Records should submit an annual report to the Sheriff of the information collected to assist in the implementation and administration of the Office's Bias-Based Policing Policy required by state law (Minn. Stat. § 626.8471 Subd. 4).

516.3 DISMISSAL OF TRAFFIC CITATIONS

Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the deputy's supervisor. If approved, the citation will be forwarded to the court with a request for dismissal. All recipients of traffic citations whose request for dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should a deputy determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the deputy may request the prosecutor to dismiss the citation. Upon dismissal of the traffic citation by the court, the deputy shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Patrol Division Commander for review.

Members of the Office should provide a report or other verification to the owner of a stolen vehicle that may have received a citation during the time of the theft for the purpose of dismissing the citation (Minn. Stat. § 169.042 Subd. 2).

516.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Watch Commander.

516.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the deputy issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor.

516.6 DISPOSITION OF TRAFFIC CITATIONS

Upon separation from employment with this office, all employees issued traffic citation books shall return any unused citations to their supervisor .

516.7 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency and the type of offense should be considered before issuing the juvenile a citation.

- (a) When any juvenile is issued a citation for a drug or alcohol violation, or a juvenile 16 years of age or older is issued a citation for an adult court traffic offense, the deputy shall follow the arrest procedures prescribed in Minn. Stat. § 169.91 and shall make reasonable effort to notify the child's parent or guardian of the violation and the nature of the charge. Notifications should be documented (Minn. Stat. § 260B.225 Subd. 3).
- (b) When any juvenile is issued a citation for a major traffic offense, the deputy is required to file a signed copy of the citation, as provided in Minn. Stat. § 169.91, with the juvenile court of the county in which the violation occurred. The citation serves as a petition providing the juvenile court jurisdiction (Minn. Stat. § 260B.225 Subd. 5).

Abandoned Vehicle Violations

524.1 PURPOSE AND SCOPE

This policy provides procedures for the removal, recording and storage of vehicles abandoned in violation of abandoned vehicle laws, under the authority of Minn. Stat. § 168B.04.

524.1.1 DEFINITION

Pursuant to Minnesota statutes, a vehicle is abandoned if:

- (a) The motor vehicle has remained illegally for more than 48 hours on any government-owned or -controlled property, or for more than four hours on that property when properly posted (Minn. Stat. § 168B.011 Subd. 2 (1)).
- (b) The motor vehicle has been properly tagged by a deputy and abandoned for four hours on any highway (Minn. Stat. § 168B.04, Subd. 2 (b) (1)).

Stat. § 168B.04 Subd. 2 (b) (2)).

524.2 MARKING VEHICLES

Vehicles on public roadways suspected of being abandoned in violation of Minnesota abandoned vehicle laws shall be marked with a marker and documented via the computer aided dispatch (CAD) system. No case number is required at this time.

A visible chalk, crayon or paint mark should be placed on the rear window or left rear tire tread at the fender level unless the vehicle is missing tires or other vehicle conditions or weather prevent marking.

If a marked vehicle has been moved or the markings have been removed during a four or 24-hour investigation period, the vehicle shall be marked again for either the four or 24-hour abandonment violation.

524.2.1 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a tow report and incident report shall be completed by the deputy authorizing the storage of the vehicle.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY

It is the policy of the Dakota County Sheriff's Office to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INITIAL INVESTIGATION

600.3.1 DEPUTY RESPONSIBILITIES

A deputy responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the deputy shall:
 - 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
 - 4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 - 5. Collect any evidence.
 - 6. Take any appropriate law enforcement action.
 - 7. Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Investigation and Prosecution

600.4.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of a person who is suspected of having committed a criminal offense should be electronically recorded (audio/video or both as available) in its entirety, including any information or discussion about the person's rights and any waiver of those rights. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a non-custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigations supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.5 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

Investigation and Prosecution

The Domestic Abuse, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.6 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, deputies should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, deputies should take reasonable steps to prepare for such seizure and use the resources that are available.

600.7 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this office. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using office equipment.

Information obtained via the Internet should not be archived or stored in any manner other than office-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.7.1 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Deputies should seek legal counsel before any such interception.

600.8 ELECTRONIC BENEFIT TRANSFER (EBT) CARDS

Deputies shall make a report any time they arrest a person who possesses more than one welfare Electronic Benefit Transfer (EBT) card. The investigating deputies shall forward this report to the Minnesota Department of Human Services within 30 days of the arrest. The report shall include all of the following (Minn. Stat. § 626.5533):

- (a) The name, address and driver's license or state identification card number of the suspect
- (b) The number on each EBT card and name, if any
- (c) The date and location of any alleged offense
- (d) Any other information the Minnesota Department of Human Services may require on related state forms

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The Dakota County Sheriff's Office adopts the Investigations of Sexual Assault model policy established and published by the Minnesota Board of Peace Officer Standards and Training (MN POST) (Minn. Stat. § 626.8442).

[See attachment: Model Sexual Assault Investigation Policy 03-03-21.pdf](#)

601.2 COPY OF SUMMARY

The Investigations supervisor shall ensure that the victim of a sexual assault who reports an incident to this office is provided with a copy of the written summary of the allegation. If the incident occurred outside the jurisdiction of the Dakota County Sheriff's Office, a copy of the written summary shall also be provided to the law enforcement agency where the incident occurred. If the Dakota County Sheriff's Office learns that both the victim and the accused are members of the Minnesota National Guard, the Office shall provide a copy of the summary to the Bureau of Criminal Apprehension (Minn. Stat. § 609.3459).

Asset Forfeiture

606.1 ASSET FORFEITURE

This policy is being adopted pursuant to Minnesota law governing forfeiture actions and the requirements of Minnesota Statute 609.531, Subd. 8 (a) and (d), and applies to forfeiture actions initiated by the Dakota County Sheriff's Office under Minnesota state law.

The pursuit of forfeiture actions under Minnesota law is an important process to ensure that those involved in criminal activity are not allowed to keep the proceeds of their crimes and to seize property used to facilitate the commission of a crime. It is important that such actions be done in accordance with the law and with respect for the rights of the person(s) from whom the property is seized. All property seized by the Dakota County Sheriff's Office pursuant to forfeiture should be processed in accordance with these guidelines. This forfeiture policy is in addition to and incorporates any existing forfeiture policy as contained in the Dakota County Sheriff's Office Policy and Procedures Manual.

Forfeiture Guidelines

1. Purpose of Forfeiture

Under Minnesota law, forfeiture must be liberally constituted to carry out the following remedial purposes:

- a. to enforce the law;
- b. to deter crime;
- c. to reduce the economic incentive to engage in criminal enterprise;
- d. to increase the pecuniary loss resulting from the detection of criminal activity; and
- e. to forfeit property unlawfully used or acquired during the commission of an offense.

2. Applicable Law

Civil forfeitures can occur under Minnesota State law in accordance with the following statutes:

- a. Minnesota Statute 84.7741 Off Highway Vehicles;
- b. Minnesota Statute 97A Game and Wildlife Violations;
- c. Minnesota Statute 169A.63 Driving While Impaired Violations;
- d. Minnesota Statute 609.531 Controlled Substances and Other Designated Offenses; and
- e. Minnesota Statute 609.762 Gambling Violations.

3. Best Practices in Pursuing, Seizing, and Tracking Forfeitures

A. The recovery of unlawfully obtained proceeds of criminal activity and the elimination of the instrumentalities used to commit crimes are the principal goals of forfeiture.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Asset Forfeiture

B. Forfeiture proceedings should not be initiated if to do so would jeopardize the effective investigation and prosecution of criminal activity, officer safety, the integrity of ongoing investigations, or the due process rights of citizens.

C. The United States and Minnesota Constitutions, as well as state and federal statutes, prohibit the improper use of personal characteristics such as race, color, creed, national origin, gender, religion, marital status, disability, sexual orientation, or age to target individuals for law enforcement action, including forfeiture seizures.

D. The employment or salary of any member of the Dakota County Sheriff's Office shall not depend upon the level of seizures or forfeitures he or she personally achieves.

E. Where multiple agencies in a geographic region have jurisdiction to pursue forfeiture, every reasonable effort should be made to cooperate to advance the public interest and avoid duplication of effort in pursuing forfeiture actions.

F. The Dakota County Sheriff's Office shall ensure that its asset forfeiture program provides for: (a) written documentation of the seizure and items seized; (b) independent prosecutorial review of the circumstances and propriety of the seizure; (c) timely notice of seizure to interest holders of seized property; and (d) timely resolution of ownership claims and a prompt release of property to those entitled to the return of the property.

G. All seized property shall be held in the same manner as evidence pending completion of the forfeiture action. Cash shall be deposited with Dakota County Financial Services, unless there are special circumstances which require that it not be deposited and it is approved by the Sheriff or his/her authorized designee or Chief Deputy or their designee and the County Attorney (or other prosecuting agency). The Dakota County Sheriff's Office shall use reasonable diligence to secure the property and prevent waste to preserve value for successful claimants, crime victims and the agencies to which the distribution of forfeited property is made.

H. To ensure adequate compliance with Minnesota law and the fair and just pursuit of forfeiture actions, there should be prompt notification to the County Attorney (or other prosecuting agency) of the seizure of the money or property and a timely forward of all reports pertaining thereto to the County Attorney (or other prosecuting agency).

I. When retaining forfeited property for official law enforcement use, the Dakota County Sheriff's Office shall ensure that the property is subject to internal controls consistent with those applicable to property acquired through the normal appropriations process.

J. Property should not be used for law enforcement purposes prior to it being forfeited. Once forfeited, all property should be used and disposed of in a manner consistent with applicable law and with the use and disposition of similar property by the Dakota County Sheriff's Office. Sale of forfeited property must be conducted in a commercially reasonable manner and in compliance with all applicable laws, which include a prohibition of sale or transfer of property to an officer or employee of the Dakota County Sheriff's Office or to a person related to the officer or employee by blood or marriage.

K. The retention of forfeited property for official use as provided for in Minnesota Statute 609.5315, subd. 1(a)(8) and subd. 3, and Division 169A.63, subd. 10(a)(2), shall be approved by the Sheriff or his/her authorized designee or Chief Deputy or their designee.

L. Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control with regular reviews or audits of all deposits and expenditures. Records of forfeitures should be kept for a minimum of six years.

M. The Dakota County Sheriff's Office shall be in compliance with all reporting and auditing requirements as contained in Minnesota law and maintain records and other necessary accounting practices to comply with the requirements.

N. The seizing, tracking, reporting, and disbursing of assets must be carried out in compliance with state statutes and guidelines. The forfeiture coordinator shall be responsible for the tracking, reporting, and sale of forfeited property and the prompt disbursement of forfeiture funds. Disbursements shall comply with state laws.

4. Seizure Notice, Receipt, and Report Procedures

A. Administrative seizures of property may be initiated by the law enforcement agency under the circumstances provided for in Minnesota Statutes. When any property is seized for administrative forfeiture, the officer making the seizure must prepare a "Notice of Seizure and Intent to Forfeit Property" and comply with the following:

1. The officer shall identify all persons known to have an ownership, possessory, or security interest in the property to be forfeited.

2. Information as to the ownership, possessory, or security interest in the property shall be forwarded to the County Attorney (or other prosecuting agency) responsible for bringing the forfeiture action.

3. The officer assigned to the case shall have the "Notice of Seizure and Intent to Forfeit Property" personally served on the person(s) in possession of the property at the time of its seizure and any person(s) known to have an ownership interest in the property in compliance with Minnesota law. The notice may be served on registered owners and lien holders by certified mail. The notice shall be dated and will be attached to or sealed inside the self-sealable transparent evidence bag for viewing from the outside. The officers will input the currency card information into the electronic evidence module. An electronic record of the currency card will be placed into the case file. Bulk money seizures may require additional time to count and may be transported to a financial institution for counting, upon approval by the Sheriff or his/her authorized designee or Chief Deputy and signed by the officer conducting the seizure. If the property is seized from multiple individuals, a separate notice shall be completed for each individual. A copy of the notice shall be given to the individual served.

4. The title to seized motor vehicles shall be "flagged" with the Department of Public Safety to designate its seizure for forfeiture.

5. In cases involving administrative forfeiture of United States currency, a copy of the "Notice of Seizure and Intent to Forfeit Property" verifying service shall be submitted to the forfeiture coordinator and included in the case file.

B. For all seizures of property for forfeiture by the Dakota County Sheriff's Office, the officer making the seizure shall prepare the following:

1. Receipt for Property Seized for Forfeiture

A receipt identifying property seized for forfeiture shall be provided to person(s) in possession of the property or left in the place where the property was found, if reasonably possible, at the time of seizure.

2. Referral

A referral form shall be forwarded, along with all relevant investigative reports, receipts, and any Notice of Seizure and Intent to Forfeit Property forms, to the forfeiture coordinator or their designee and the County Attorney (or other prosecuting agency) responsible for the forfeiture.

3. Incident Report

A written incident report describing the seizure shall be prepared. The report should at a minimum identify the time and date, location, all persons (law enforcement and non-law enforcement) who participated in or were present during the seizure, and a description of items seized.

5. Property and Evidence Reporting

A. Currency

1. All seized currency will be counted at the time it is seized by two officers. The officers will complete a Dakota County Sheriff's Office Currency Card. Both officers will be required to sign the currency card. The original currency card or their designee. Examination of seized funds for expended official funds, day and time of seizure (weekends/holidays), and preparation for forensic examination may be factors that extend the time for delivering seized money to the evidence technician. Any unusual factors that extend the delivery to the evidence technician shall be documented.

2. Any unsealing and re-sealing of seized money shall be documented and included in the chain of custody.

3. The officer shall place the seized money into the Dakota County Sheriff's Office evidence locker and the evidence technician shall then promptly deposit with Dakota County Financial Services, who will verify the count. The seized money will be designated for deposit into the Dakota County Sheriff's Office forfeiture fund. Money seized for forfeiture shall not remain in the evidence locker as evidence unless there are special circumstances which require that it not be deposited and it is approved by the Sheriff or his/her authorized designee or Chief Deputy or their designee and the County Attorney (or other prosecuting agency).

4. If any discrepancies are discovered, the Sheriff or his/her authorized designee shall be immediately notified and shall initiate an appropriate investigation.

5. The officer will advise the forfeiture coordinator of the cash seizure and forward all related reports as soon as practical.

B. Jewelry/Precious Metals/Precious Stones

Jewelry, precious metals, and precious stones shall be secured in a sealed evidence bag with the case file identification clearly visible. The property will be placed into the evidence locker and then promptly transferred to a secured location by the evidence technician. If the jewelry, precious metals, or stones are subject to forfeiture, the officer will advise the forfeiture coordinator and forward all related reports as soon as practical.

C. Firearms

Firearms shall be unloaded prior to placement into the evidence locker. If the firearms and/or ammunition are subject to forfeiture, the case officer will advise the forfeiture coordinator and forward all related reports as soon as practical.

D. Conveyance Devices

1. Vehicles impounded by an officer during the course of an investigation shall be towed and stored with a towing and storage business authorized by the Dakota County Sheriff's Office.

2. For any vehicle impounded by an officer, the contents therein shall be inventoried for the safety and protection of the owner's property. When practical and not needed as evidence in a criminal case or forfeiture case, the officer shall release the owner's property which is easily portable and of value which the owner wishes to retain in his/her possession. The remaining items shall remain in the vehicle after inventory. Whenever an officer impounds a vehicle, he/she shall examine the passenger compartment, the glove compartment, and the trunk, whether or not it is locked. Any containers, such as boxes or suitcases, unless locked with no means to open without force, found within the vehicle shall be opened.

3. If the vehicle is subject to forfeiture, the officer will advise the forfeiture coordinator and forward all related reports as soon as practical. The Dakota County Sheriff's Office shall maintain a log of all pending forfeited vehicles, whether impounded or released to the registered owner upon surrender of vehicle's original certificate of title and payment of all fees for its seizure and towing by the owner.

6. Training

All new officers or employees of the Dakota County Sheriff's Office shall review and sign off on the Dakota County Sheriff's Office Policy. During the field training process, officers review forfeiture policy procedures. Officers will receive forfeiture training by the County Attorney. This training will include best practices for timely and fair resolution of forfeiture cases, notice to interest holders, the release of seized property where appropriate, the resolution of claims of innocent ownership,

situations in which forfeiture should not be pursued, and any statutory changes. This training will occur at the discretion of the County Attorney's Office and in compliance with its policy.

7. Situations In Which Forfeiture Should Not Be Pursued

There are situations where a forfeiture action should not be pursued notwithstanding the broad remedial purposes for which forfeitures are authorized by Minnesota law (see Divisions 1 and 2 above). Forfeitures should not be pursued in cases where there exists a substantial factual or statutory impediment, a valid defense, or extenuating circumstances justifying the remission or mitigation of forfeiture of property from individuals in accordance with Minnesota Statute 609.531, Subd. 7. The determination not to pursue a forfeiture action shall be made by the forfeiture coordinator after reviewing all of the relevant facts pertaining to the situation and after consulting with the County Attorney (or other prosecuting agency).

The Dakota County Sheriff's Office shall follow any policy of the County Attorney (or other prosecuting agency) which establishes minimum thresholds for value of property seized for forfeiture.

The following minimum forfeiture thresholds are established for forfeitures initiated by or subject to review by the Dakota County Attorney's Office:

- a. Vehicles and other conveyance devices must have a net retail value of \$2,000.00 or more, except in Driving While Intoxicated or fleeing cases, which may be forfeited regardless of value at the discretion of the County Attorney. Vehicles related to drug cases need to have a felony level offense and the value of the drug needs to be at least \$100.00 or more.
- b. Cash/cash equivalents must have a value of \$300.00 or more.
- c. Personal property, including jewelry, must have a net retail value of \$500.00 or more.
- d. Real property must have a net market value of \$2,000.00 or more.

Firearms and other dangerous weapons used in the commission of a criminal offense will be subject to forfeiture irrespective of their value.

Forfeiture of any item whose value is below the Dakota County Attorney's Office minimum threshold requires review by the forfeiture coordinator and approval of the Dakota County Attorney or designee.

8. Updates to Forfeiture Guidelines

This forfeiture policy shall be updated whenever necessary to conform to changes in Minnesota law or whenever changes are deemed advisable by the County Attorney.

Informants

608.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

608.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Dakota County Sheriff's Office for law enforcement purposes. This also includes a person agreeing to supply information to the Dakota County Sheriff's Office for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

608.2 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Sheriff, Division Commander, Investigations supervisor or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as sheriff's deputies, employees or agents of the Dakota County Sheriff's Office, and that they shall not represent themselves as such.
- (d) The relationship between office members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Investigations supervisor.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Deputies shall not meet with informants in a private place unless accompanied by at least one additional deputy or with prior approval of the Investigations supervisor.
 - 1. Deputies may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, deputies shall arrange for the presence of another deputy.
- (g) In all instances when office funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.

Dakota County Sheriff's Office

Informants

- (h) Since the decision rests with the appropriate prosecutor, deputies shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

608.2.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Office and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of a deputy.
- (c) The informant reveals to suspects the identity of a deputy or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this office to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of deputies or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

Eyewitness Identification

610.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this office employ eyewitness identification techniques (Minn. Stat. § 626.8433).

610.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process -Any field identification, live lineup or photographic identification.

Field identification -A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup -A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY

This office will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES

Deputies should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating deputy should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Investigations supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time, and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
- (k) Any other direction to meet the requirements of the POST model policy.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.5.1 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

When conducting a live lineup, the member presenting the lineup should not be involved in the investigation or know the identity of the suspect (Minn. Stat. § 626.8433).

When conducting a photographic lineup, if practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Eyewitness Identification

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating deputy should contact the appropriate prosecuting attorney before proceeding.

610.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the deputy should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, deputies should bring the witness to the location of the suspect, rather than bring the suspect to the witness.
- (e) A person should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the suspects one at a time.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Eyewitness Identification

- (g) A person in a field identification should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies an individual as the perpetrator, deputies should not conduct any further field identifications with other witnesses for that suspect. In such instances deputies should document the contact information for any additional witnesses for follow up, if necessary.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report. Witness comments of how certain he/she is of the identification or non-identification should be quoted in the report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

610.6.1 DOCUMENTATION RELATED TO RECORDINGS

The member conducting the lineup should document the reason that an audio and/or video recording was not obtained, if applicable.

Brady Material Disclosure

612.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

612.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** - Information known or possessed by the Dakota County Sheriff's Office that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY

The Dakota County Sheriff's Office will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Dakota County Sheriff's Office will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Office will identify and disclose to the prosecution potentially exculpatory information as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Deputies must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If a deputy learns of potentially incriminating or exculpatory information any time after submission of a case, the deputy or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the deputy should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If a deputy is unsure whether evidence or facts are material, the deputy should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Office case file.

612.4 DISCLOSURE OF REQUESTED INFORMATION

If *Brady* information is located, the following procedure shall apply:

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Dakota County SO Policy Manual

Brady Material Disclosure

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and office member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or County Attorney should then be requested to file a motion in order to initiate an in-camera review by the court.
 - 1. If no motion is filed, the Custodian of Records should work with the appropriate counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection to address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that data ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use and further dissemination of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in the member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

612.5 INVESTIGATING BRADY ISSUES

If the Office receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING

Office personnel should receive periodic training on the requirements of this policy.

612.7 BRADY PROCESS

The Sheriff shall select a member of the Office to coordinate requests for *Brady* information.

The responsibilities of the coordinator include but are not limited to:

- (a) Working with the appropriate prosecutors' offices and the County Attorney's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.
- (b) Maintaining a current list of members who have *Brady* information in their files or backgrounds.

Unmanned Aerial System (UAS) Operations

613.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial vehicle (UAV) and for the storage, retrieval and dissemination of images and data captured by the UAV as required by Minnesota Statutes Sections 13.82, 626.19 and other applicable law.

613.1.1 DEFINITIONS

Definitions related to this policy include:

Unmanned UAV

“Unmanned Aerial Vehicle” or “UAV” means an aircraft that is operated without the possibility of direct human intervention from within or on the aircraft.

Government Entity

“Government entity” means a state agency, statewide system, or political subdivision, except it does not include a law enforcement agency as it relates to UAV’s.

Law Enforcement Agency

“Law enforcement agency” has the meaning given in Minnesota Statute Section 626.84, subdivision 1.

613.2 POLICY

Unmanned aerial vehicle may be utilized to enhance the Office’s mission of protecting lives and property when other means and resources are not available or are less effective. In addition, the UAV will be used for training and other governmental entity related purposes as outlined by Minnesota Statute Section 626.19. Any use of the UAV shall be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

613.3 PROGRAM COORDINATOR

The Sheriff will appoint a program coordinator who will be responsible for the management of the UAV program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

- Ensuring the UAV model that is purchased is in compliance with FAA regulations.
- Ensuring the UAV is adequately registered (including timely renewals and updating of information) and marked and that there is adequate proof of ownership.
- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current.
- Ensuring that all authorized operators and required observers have completed all required FAA and office-approved training in the operation, applicable laws, policies and procedures regarding the use of the UAV.

Unmanned Aerial System (UAS) Operations

- Developing uniform protocols for submission and evaluation of requests to deploy the UAV, including urgent requests made during ongoing or emerging incidents. Deployment of a UAV require authorization from the on-duty supervisor as well as the Program Coordinator or Chief Pilot.
- Implementing a system for public notification of the UAV deployment.
- Developing an operation protocol governing the deployment and operation of the UAV including, but not limited to, safety oversight, use of visual observers, establishment of lost link procedures and communication with air traffic control facilities.
- Developing protocol to fully document all missions according to Minnesota Statute Section 629.19, subdivision 5.
- Developing a UAV inspection maintenance and record-keeping protocol to ensure continuing airworthiness of the UAV's, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored and retrieved in a manner that ensure its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody. Generally, data collected by a UAV is private data on individuals or nonpublic data.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules and statutory requirements. This includes deleting data collected for a law enforcement purpose as soon as possible, and no later than seven days after collection, unless the data is part of an active criminal investigation.
- Facilitating law enforcement access to images and data captured by the UAV.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring the training program and deployment of the UAV.
- Report to the Commissioner of Public Safety, by January 15 each year, as mandated by Minnesota Statute Section 626.19, subdivision 12. This includes reporting the number of times a UAV was deployed without a search warrant including each date of deployment and the authorized use under Minnesota Statute Section 626.19, subdivision 3 and the total cost of the UAV program.

613.4 AUTHORIZE USE OF UAV

The use of the UAV must comply with the statutory and Federal Aviation Administration (FAA) requirements. A law enforcement agency's authority to use a UAV is specifically defined by Minnesota Statute Section 626.19, which also includes several limitations.

Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person

would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAV operations.

Only authorized operators who have completed the required training shall be permitted to operate the UAV.

UAV operators must check for any Temporary Flight Restrictions (TFRs) prior to flight.

Use of the UAV and vision enhancement technology (e.g., thermal and other imaging equipment) is permissible with a signed search warrant or under the following circumstance in absence of a warrant in accordance with Minnesota Statute Section 626.19, subdivision 3:

- (a) During or in the aftermath of an emergency that involved the risk of death or bodily harm to a person.
- (b) Over a public event where there is a heightened risk to the safety of participants or bystanders.
- (c) To counter the risk of terrorist attacks by a specific individual or organization if a credible intelligence indicates a risk.
- (d) To prevent the loss of life and property in natural or man-made disasters and to facilitate operational planning, rescue, and recovery operations in the aftermath of these disasters.
- (e) To conduct a threat assessment in anticipation of a specific event.
- (f) To collect information from a public area if there is reasonable suspicion of criminal activity.
- (g) To collect information for crash reconstruction purposes after a serious or deadly collision occurring on a public road.
- (h) Over a public area for officer training or public relations purposes.
- (i) For purposes unrelated to law enforcement at the request of a government entity provided that the government entity makes the request in writing to the law enforcement agency and specifies the reason for the request and proposed period of use.

Request for UAV operations from a non-law enforcement governmental entity must be provided in writing to the Sheriff, or his designee and include the location, date, time, and reason for the request.

UAV operators must comply with all Federal Aviation Administration requirements and guidelines.

613.5 PROHIBITED USE OF UAV

The UAV shall not be used:

Unmanned Aerial System (UAS) Operations

- (a) For facial recognition or other biometric-matching technology unless expressly authorized by a warrant.
- (b) To collect data on public protests or demonstrations unless expressly authorized by a warrant or an exception applies under Minnesota Statute Section 626.19 subdivision 3.

613.6 DATA CLASSIFICATION; RETENTION OF DATA

Minnesota State Statutes Section 626.19 and Chapter 13 governs all data collected, created or maintained by the UAV.

Any use of the UAV must be documented by a formal report connected to a unique case number. This report shall provide a factual basis for the use of the UAV and document the qualifying authorized use as defined in Minnesota Statute Section 626.19, subdivision 3, unless a search warrant was issued which specified the use of the UAV.

Any UAV data collected may be made accessible to any person, agency, or the public at the discretion of the Sheriff or his designee if determined that the access will aid the law enforcement process, promote public safety, or dispel widespread rumor or unrest in accordance with Minnesota Statute Section 13.82, subdivision 15.

Any data collected by the UAV and maintained by the Sheriff's Office for a law enforcement purpose shall be deleted as soon as possible but in not circumstances later than seven days after collection, unless the data is part of an active criminal investigation.

Vehicle Use

706.1 PURPOSE AND SCOPE

This policy establishes a system of accountability to ensure County-owned vehicles are used appropriately. For the purposes of this policy, "County-owned" includes any vehicle owned, leased or rented by the County.

706.2 POLICY

The Office provides vehicles for official business use and may assign take-home vehicles based on its determination of operational efficiency, economic impact to the Office, tactical deployments and other considerations.

706.2.1 SHIFT ASSIGNED VEHICLES

Members who use a fleet vehicle other than their assigned vehicle as part of their work assignment shall ensure that the vehicle is properly checked in and out by sending an email to the fleet manager or designee.

Members assigned a permanent vehicle should be issued keys for their assigned vehicle.

706.4 ENFORCEMENT ACTIONS

When driving an assigned vehicle to and from work outside of the jurisdiction of the Dakota County Sheriff's Office, a deputy should be prepared to perform any function he/she would be expected to perform while on-duty. (see the Off-Duty Law Enforcement Actions Policy and the Law Enforcement Authority Policy).

Deputies may render public assistance (e.g., to a stranded motorist) when deemed prudent.

Deputies shall, at all times while driving a County-owned vehicle, be armed, appropriately attired and carry their office-issued identification. Deputies should also ensure that office radio or other electronic communication capabilities are maintained to the extent reasonably feasible.

Supervisors shall make periodic inspections of vehicles assigned to members under their command to ensure the vehicles are being maintained in accordance with policy.

Assigned Vehicle Policy

708.1 PURPOSE AND SCOPE

The Office may assign a vehicle to specific staff members . This policy shall not be construed to create or imply any contractual obligation by the Sheriff's Office to assign vehicles and such assignment is at the discretion of the Sheriff. Assigned vehicles have demonstrated a long-term fiscal and service benefit to the County. Vehicles are provided better care during operation and storage and accumulate fewer service miles and hours of operation. This vehicle assignment results in an extended vehicle service life over pool vehicle assignment. Vehicles subsequently require less frequent replacement and reduced frequency of transfer and replacement of support equipment (radios, emergency, safety equipment). Ultimately per-mile operational costs are reduced.

708.2 LOGISTICS

The Office recognizes that the placement of all patrol vehicles in one location or a select few locations renders an increased risk of fleet damage due to act of nature or disaster (e.g., hail damage, tornado, floods, snowstorms) as well as planned or opportunity-based intentional damage and vandalism, domestic destruction and/or terrorism. These conditions could render the entire Office fleet unavailable for deployment.

708.3 DEFINITION

Assigned Vehicle - Includes, but is not limited to, any marked or unmarked vehicle, including recreation safety vehicles or trailers, provided by the Office for the purpose of the job duties required by public safety or emergency response duties or essential job functions.

708.4 ASSIGNMENT OF VEHICLES

Assignment of Sheriff's Office vehicles shall be governed solely by the County and the Office under the discretion of the Sheriff.

708.4.1 ELIGIBILITY

Eligibility for assignment of a vehicle requires the deputy to be in good standing with the Office.

708.4.2 ASSIGNMENT GUIDELINES AND USE CRITERIA

Guidelines for assignment determination and criteria for use of assigned vehicles include the following:

- (a) The location of the deputy's home, nature of the deputy's duties, job description and essential functions and employment status. Residence in the County is a prime consideration.
- (b) The Sheriff retains the right to assign/revoke any or all assigned vehicles.
- (c) Vehicles shall be operated in accordance with Office policy, applicable County policy and state law.

- (i) The assignment of vehicles may be suspended when the deputy is unable to perform his/her regular assignment.
- (j) Deputies who live outside the County and assigned a vehicle may be required to secure or garage the vehicle at a designated location at the discretion of the Sheriff or designee.

 - 1. In circumstances when a deputy has been placed on call by the Sheriff or designee and there is a high possibility the deputy will be called back to duty.
 - 2. When the deputy is performing a work-related function while off-duty, including vehicle maintenance or travelling to or from a work-related activity or function.
 - 3. At the discretion of the Sheriff or designee.
- (m) Deputies are prohibited from operating a County-owned vehicle when on- or off-duty if the deputy is or has been consuming alcohol.
- (n) Whenever operating vehicles owned by the Office whether on- or off-duty the deputy will carry and have accessible his/her duty firearm and be prepared to perform any function they would be expected to perform while on duty.
- (o) The two-way communications radio, MDC and Global Positioning Satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation, unless it would interfere with a specific work function, such as surveillance.

- (p) Deputies shall ensure all weapons are secure while the vehicle is unattended.
- (q) Unattended vehicles are to be locked and secure at all times. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine environmental safety and charging).
- (r) When in operation, the deputy must be prepared and reasonably available to respond to an emergency. If deputies are summoned to, or involved in, a law enforcement activity, they shall notify dispatch of their response or activity and should continue the action until cancelled or concluded.

The Sheriff or designee may make exceptions to these provisions.

708.5 VEHICLE ALTERATIONS

Alterations of any type to any vehicles requires prior written authorization of the Sheriff or designee.

708.6 DEPUTY MAINTENANCE RESPONSIBILITIES

Deputies will be responsible for the upkeep of their assigned vehicle. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

- (a) Vehicles should be fueled at the end of each shift to prepare for an emergency response at the next use.
- (b) Upon start of shift check tires, all safety and emergency equipment, interior and exterior to verify the vehicle is in a safe operating condition and prepared for routine and emergency service.
- (c) At the start and end of any use, inspect the vehicle for any damage. If damage is discovered, advise your immediate supervisor.
- (d) Vehicle is kept clean both inside and out as is reasonable and all work-related and issued equipment is in the vehicle. The appearance of the vehicle reflects directly upon the deputy and the entire Office.
- (e) Ensure all scheduled vehicle maintenance and car washes are performed as necessary at a facility approved by the Office. The Office shall be notified of problems with Office-owned vehicles and approve any major repairs before they are performed.
- (f) Vehicle maintenance should not be delayed and should be coordinated in advance when reasonably possible for completion during a deputy's regular duty time to minimize cost to the County. If unanticipated circumstances thwart such advance planning, the deputy should arrange an alternative for timely vehicle maintenance with their supervisor. Vehicle maintenance during off-duty time resulting in overtime pay should be avoided and is warranted only in unusual circumstances after prior approval of a supervisor.

Chapter 8 - Support Services

Vitals™ Mobile App

800.1 VITALS™

PURPOSE

To improve communication and interaction between members of the community and law enforcement, Dakota County supports law enforcement's use of a mobile App owned by Vitals™, a private company, to share information about vulnerable individuals.

Caregivers of vulnerable individuals of all ages with invisible medical conditions such as autism, epilepsy, post-traumatic stress disorder, or dementia, among others, may voluntarily provide information about the vulnerable individual to Vitals™. In turn, Vitals™ shares that information with law enforcement deputies to inform deputies on how best to communicate and interact with the vulnerable individual when responding to an incident or as part of an investigation involving that vulnerable individual.

POLICY

When available and safe to use, deputies may access information about vulnerable individuals through the Vitals™ mobile app for law enforcement purposes. Because the safety of deputies must always remain paramount, law enforcement deputies should only access and view the information provided through the mobile App when it would not compromise safety.

DEFINITIONS

"Data" as it relates to this policy is information a caregiver voluntarily provides to Vitals™ as part of an agreement between Vitals™ and the caregiver with the understanding that any data the caregiver provides to Vitals™ may be shared with law enforcement deputies to carry out their law enforcement duties and could eventually become public. The types of information a caregiver may share includes but is not limited to the following: photograph; name; diagnosis; anxiety triggers; preferred ways to be approached; and preferred de-escalation tactics. Caregivers may update and change this information as frequently as desired. Vitals™ stores the information it collects from caregivers in the Cloud, but states it does not access, review, or verify accuracy of the information. Because the type and scope of information provided by caregivers is voluntary and at the caregiver's discretion, law enforcement deputies should not rely on this information as official medical information and should consult with medical professionals when necessary.

"Vitals Beacon" is a device Vitals™ assigns to each vulnerable individual. The Vitals Beacon transmits a notification to law enforcement deputies with an active mobile App who are present within 50-80 feet of the vulnerable individual. An officer will no longer have access to information about the vulnerable individual once the officer is beyond 80 feet from the vulnerable individual; in the event an officer needs to retrieve data s/he previously accessed through the mobile App, Vitals™ has stated it does not have access to and cannot retrieve that data.

"Mobile App" is a software application owned by Vitals™ that can be downloaded to authorize deputies on his/her mobile phone.

PROCEDURES

The Sheriff or his/her designee will select which law enforcement deputies will have access to the mobile App, and share the names of those authorized deputies with Vitals™. Those deputies will be trained on how to use the mobile App and on the proper use of and access to information through the mobile App. After an officer has been approved to download the App and has received proper training, the officer may begin using the mobile App for law enforcement purposes. Once the mobile App is successfully installed, an officer will receive a notification of a vulnerable individual when the officer is within a 50-80 feet radius of a vulnerable individual with a Vitals Beacon—the Vitals Beacon will transmit a signal and send a notification to the officer's mobile App.

Deputies may set their notification preferences based on their personal preferences. Notification preferences can also be used to turn-off notifications when the officer is off-duty. Because the mobile App is always running once installed, deputies must ensure their use of and access to information through the mobile App is only for law enforcement purposes and in compliance with Dakota County and Sheriff's Office policies and procedures.

A responding officer should document information accessed through the mobile App that is relevant to the incident in his/her incident or investigative report. Once documented or otherwise recorded, that data will be subject to Chapter 13 of the Minnesota Data Practices Act and other privacy laws regulating government data.

Such property shall not be released until one party has obtained a court order or other proof of the undisputed right to the involved property.

All parties should be advised that their claims are civil. In extreme situations, legal counsel for the Office may be asked to file an interpleader in court to resolve the disputed claim.

801.6.8 RELEASE AND DISPOSAL OF FIREARMS

A firearm may not be released until it has been verified that the person receiving the weapon is not prohibited from receiving or possessing the weapon by 18 USC § 922.

The Office shall make best efforts for a period of 90 days after the seizure of an abandoned or stolen firearm to protect the firearm from harm and return it to the lawful owner (Minn. Records Division Procedures

803.1 PURPOSE AND SCOPE

The Program Administrative Supervisor shall maintain the Office Records Procedures Manual on a current basis to reflect the procedures being followed within the Records. Policies and procedures that apply to all employees of this office are contained in this chapter.

803.2 FILE ACCESS AND SECURITY

All reports including, but not limited to, incident, supplement, follow-up, evidence and all reports related to a case shall be maintained in a secure area within the Records, accessible only to authorized Records personnel on the N: drive.

803.2.1 REQUESTING ORIGINAL REPORTS

Original records will be created and maintained in eForms. The authoring deputy will create an incident report the same day (shift) the incident is reported. The Patrol Sergeant (Sergeant) will review and approve or reject the report in a timely manner.

Once the report has been approved by a Captain, a Program Services Assistant (PSA) will review the report and make any necessary edits/corrections and either give administrative approval or reject the report in a timely manner.

The approved report is pushed electronically to the Records Management System (RMS), as well as the N: drive for records retention. The PSA will ensure the report is pushed into the RMS System correctly and will approve the report in the RMS System. Any supplemental forms tied to a case will follow the same procedure.

Once all of the case reports are pushed to the N: drive, the PSA will name the case folder per standard. Any photos, videos, etc., will be added to the case folder on the N: drive. If additional supplemental reports are added at a later date, the same steps will be followed with the supplement being added to the original case folder on the N: drive.

When appropriate, the PSA will forward copies of the reports to the County Attorney's Office via checking the appropriate box in eForms. Entire case folders can be forwarded to the appropriate attorney when requested via case transfer in Criminal Justice Information Integration Network (CJIIN).

Any other record not addressed in this policy shall not be subject to release where such record is classified as other than public data. All public data shall be released as required by the MGDPA (Minn. Stat. § 13.03, Subd. 1).

807.6 SUBPOENAS AND DISCOVERY REQUESTS

Any member who receives a subpoena duces tecum or discovery request for data should promptly contact their supervisor and the Program Administrative Supervisor or Administrative Correctional Captain for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested data.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the County Attorney, County Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Office so that a timely response can be prepared.

807.7.2 ORDERS OF EXPUNGEMENT

The Program Administrative Supervisor, Administrative Correctional Captain or designee shall expunge such records as ordered by the court. Records may include, but are not limited to, a record of arrest, investigation, detention or conviction. Once expunged, members shall respond to any inquiry as though the record did not exist.

Upon request by the individual whose records are to be expunged, the Program Administrative Supervisor, Administrative Correctional Captain or designee must send a letter at an address provided by the individual confirming the receipt of the expungement order and that the record has been expunged (Minn. Stat. § 609A.03, Subd. 8).

Expunged records may be opened only by court order (Minn. Stat. § 609A.03, Subd. 7).

Expunged records of conviction may be opened for purposes of evaluating a prospective employee of the Office without a court order.

The Program Administrative Supervisor, Administrative Correctional Captain or designee shall inform any law enforcement, prosecution or corrections authority, upon request, of the existence of a sealed record and of the right to obtain access to it.

807.8 MAINTENANCE OF CLOSED RECORDS

Records such as offense reports, arrest reports, juvenile records or other sensitive records shall be secured in such a manner as to reasonably protect them from unauthorized disclosure. Closed records shall be kept separate from public records and shall remain confidential.

Stat. § 13.05; Minn. Stat. § 299C.40).

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

809.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Program Administration Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Office may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of deputies, other office members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

809.5.1 REVIEW OF CHRI

Members of this office shall refer individuals seeking access to CHRI to the Minnesota BCA (Minn. Stat. § 13.87, Subd. 1(b)).

809.7 TRAINING

All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

809.8 SECURITY BREACHES

In the event of an actual or potential breach of the security or other unauthorized acquisition of private or confidential information, the Sheriff or designee shall ensure an investigation into the breach is made. Upon completion of the investigation and final disposition of any disciplinary action, a report containing the facts and result of the investigation shall be prepared. If the breach was conducted by an employee, contractor or agent of Dakota, the report must include a description of the type of data that was breached, the number of individuals whose information was breached, the disposition of any related disciplinary action, and the identity of the employee determined to be responsible for the breach (Minn. Computers and Digital Evidence

811.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

811.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Deputies should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front, back and surrounding desktop or office setup, specifically including cable connections to other items. Look for a telephone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery.
- (e) Label each item with case number and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Log all computer items into the Property Room. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, deputies should document the following in related reports:
 1. Where the computer was located and whether it was in operation.
 2. Who was using it at the time.

Computers and Digital Evidence

3. Who claimed ownership.
4. If it can be determined, how it was being used.

811.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Deputies should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should be done by someone specifically trained in processing computers for evidence.

811.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, discs, memory cards, flash memory, or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) Copy of report(s) involving the computer.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation or other legal authority for examination.
- (c) A listing of the items to search for (e.g., photographs, financial records, E-mail, documents).
- (d) A forensic copy of the media will be made, and subsequent forensic examination of the copy will be conducted by a trained digital forensic examiner.

811.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CDs, DVDs, tapes, memory cards or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation, contact a detective assigned to the Electronic Crime Unit.
- (b) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (c) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day. Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

811.4 SEIZING PCDS

Personal communication devices such as cellular telephones, smart phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Deputies should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Try to ascertain from the owner whether the device is password protected or pattern locked. If it is, attempt to get the password or pattern from the owner.
- (c) Remove the battery from the device. If the device has an internal battery, power the device off.
- (d) Seize charging units when feasible.

820.3 DEPUTY RESPONSIBILITIES

Deputies may be dispatched to animal-related calls and should take appropriate actions to control the situation. Due to the hazards of handling animals without proper equipment, responding deputies generally should not attempt to capture and pick up any animal until they have the proper equipment. The following are examples of when a deputy may consider acting before they have proper equipment:

- (a) When there is a threat to the public safety.
- (b) When an animal has bitten someone, deputies should take measures to confine the animal and prevent further injury.
- (c) When an animal is creating a traffic hazard.
- (d) When the owner/handler has been arrested and there is no other alternative placement for the animal.
- (e) When an animal is gravely injured.

A deputy may remove, shelter and care for any animal that is not properly sheltered from cold, heat or inclement weather, or any animal not properly fed and watered or provided with suitable food and drink, in circumstances that threaten the life of the animal (Minn. Stat. § 343.29 Subd. 1). If a dog is taken into custody, it shall be transported to the approved animal shelter .

The animal pick-up form must be completely filled out.

820.3.3 ANIMAL BITES TO HUMANS

- Should an investigation involve inmates who have disabilities or who have limited English proficiency, the first responder shall not rely on inmate interpreters, inmate readers or other types of inmate assistants, except in limited circumstances where an extended delay in obtaining an interpreter could compromise inmate safety, the performance of first responder duties or the fact-finding investigation of sexual abuse or sexual harassment allegations (28 CFR 115.16).

- If an alleged inmate victim is transferred to a jail, prison or medical facility, the Office shall, as permitted by law, inform the receiving facility of the incident and the inmate's potential need for medical or social services, unless the inmate requests otherwise (28 CFR 115.65).

902.5.2 CONCLUSIONS AND FINDINGS

902.5.4 SEXUAL ABUSE AND SEXUAL HARASSMENT BETWEEN STAFF AND INMATES

902.6 PROTECTIVE CUSTODY

Anti-Retaliation

1008.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1008.2 POLICY

The Dakota County Sheriff's Office has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1008.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

- Refusing to hire or denying a promotion.

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Sheriff or the County Director of Employee Relations.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1008.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Internal Investigations for investigation pursuant to the Personnel Complaints Policy.

1008.8 RECORDS RETENTION AND RELEASE

The Program Administration Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

1010.5 CHEMICAL DEPENDENCY TREATMENT

If a deputy is informally admitted to a treatment facility or program pursuant to Minn. Stat. § 253B.04 for chemical dependency he/she is not eligible to possess a pistol, unless the deputy possesses a certificate from the head of the treatment facility discharging or provisionally discharging the deputy from the treatment facility (Minn. Bloodborne Pathogen Exposure Control Plan

1016.1 COUNTY POLICY 5420 SUMMARY

Dakota County recognizes the need to establish safeguards to protect its employees against the occupational health hazards related to bloodborne pathogens, such as Human Immunodeficiency Virus (HIV), Hepatitis B Virus (HBV), Hepatitis C Virus (HCV). Dakota County's Bloodborne Pathogen policy aims to reduce the risk of occupational exposure to bloodborne pathogens by promoting a safe work environment and safe work practices. To accomplish this goal the County departments with a potential of exposure have developed Exposure Control Plans that outline hazard assessments, specific work practice controls, and engineering controls to identify and reduce the occupational risk of exposure to bloodborne pathogens. When necessary, the County will also provide appropriate treatment and counseling should an employee be exposed to bloodborne pathogens

1016.2 PURPOSE AND SCOPE

The purpose of this exposure control plan is to:

- Eliminate or minimize employee occupational exposure to blood or certain other body fluids;
- Comply with Dakota County policy and State and Federal regulations and statutes
- Promote good work practices

1016.2.1 DEFINITIONS

Definitions related to this policy include:

Bloodborne Pathogens: Pathogenic microorganisms that are present in human blood and can cause disease in humans. These include, but are not limited to, Hepatitis B Virus (HBV), Hepatitis C Virus (HCV) and Human Immunodeficiency Virus (HIV).

Contaminated: The presence or the reasonably anticipated presence of blood or other potentially infectious materials (OPIM) on an item or surface.

Decontamination: The use of physical or chemical means to remove, inactivate, or destroy bloodborne pathogens on a surface or items to the point where they are no longer capable of transmitting infectious particles and the surface or item is rendered safe for handling, use, or disposal.

Engineering Controls: Technology and devices (e.g., sharps disposal containers and sharps with engineered sharps injury protections) that isolate or remove bloodborne pathogens hazards from the workplace.

Exposure Incident: A specific eye, mouth, other mucous membrane, non-intact skin, or parenteral contact with blood or other potentially infectious materials (OPIM) that results from the performance of an employee's duties.

Handwashing Facilities: Facilities providing an adequate supply of running potable water, soap, and single use towels or hot air drying machines.

HBV: Hepatitis B virus.

HCV: Hepatitis C Virus (chronic hepatitis)

HIV: Human immunodeficiency virus.

Occupational Exposure: Reasonably anticipated skin, eye, mucous membrane, or parenteral contact with blood or other potentially infectious materials (OPIM) that may result from the performance of an employee's duties.

Other Potentially Infectious Materials (OPIM): (1) The following human body fluids: semen, vaginal secretions, cerebrospinal fluid, synovial fluid, pleural fluid, pericardial fluid, peritoneal fluid, amniotic fluid, any body fluid that is visibly contaminated with blood, and all body fluids in situations where it is difficult or impossible to differentiate between body fluids; and (2) any unfixed tissue or organ (other than intact skin) from a human (living or dead).

Parenteral: Piercing mucous membranes or the skin barrier through such events as needle sticks, human bites, cuts, and abrasions.

Personal Protective Equipment (PPE): Specialized clothing or equipment worn by an employee for protection against a hazard. General work clothes are not considered to be personal protective equipment.

Regulated Waste: Liquid or semi-liquid blood or OPIM; contaminated items that would release blood or OPIM in a liquid or semi-liquid state if compressed; items that are caked with dried blood or OPIM and are capable of releasing these materials during handling; and contaminated sharps.

Sharps: Devices that can penetrate the skin, including, but not limited to, needles, lancets and other tools or equipment with exposed sharp edges that may puncture.

Sharps with engineered sharps injury protections: Sharps with a built-in safety feature or mechanism that effectively reduces the risk of an exposure incident.

Source Individual: any individual, living or dead, whose blood or OPIM may be a source of occupational exposure to the employee,

Sterilization: The use of a physical or chemical procedure to destroy all microbial life, including highly resistant bacterial endospores.

Universal Precautions: An approach to infection control. According to the concept of Universal Precautions, all human blood and OPIM are treated as if known to be infectious for HIV, HBV, and other bloodborne pathogens. See description in Appendix A.

Work Practice Controls: Workplace practices and procedures that reduce the likelihood of exposure by altering the manner in which a task is performed.

Workplace Practice Controls

The following work practices are followed to reduce occupational exposure:

1. Universal Precautions.

Dakota County Sheriff's Office

Dakota County SO Policy Manual

Bloodborne Pathogen Exposure Control Plan

- Universal Precautions are observed to prevent contact with blood or other potentially infected material (OPIM). All blood or OPIM is considered infectious regardless of the perceived infection status of the source individual. Under circumstances in which differentiation between body fluid types is difficult or impossible, all body fluids are considered potentially infectious materials. Work practices involving blood or OPIM are performed in a manner that minimizes splashing, spraying, spattering, and generation of droplets of these substances.

2. Use of Gloves and other PPE.

- Personal Protective Equipment may include depending on extent of possible exposure: non-latex gloves, safety glasses, protective eye shields, CPR masks, face masks and paper coveralls. Gloves and other appropriate PPE are located on equipment belts, vehicles and workstations.
- Gloves shall be worn when it can be reasonably anticipated that the employee may have hand contact with blood, other potentially infectious materials, mucous membranes, and non-intact skin; and when handling or touching contaminated items or surfaces.
 - (a)
 - Disposable (single use) gloves shall not be washed or decontaminated for re-use and shall be replaced as soon as practical when contaminated or as soon as feasible if they are torn, punctured, or when their ability to function as a barrier is compromised.
 - Utility gloves may be decontaminated for re-use if the integrity of the glove is not compromised; however, they must be discarded if they are cracked, peeling, torn, punctured, or exhibit other signs of deterioration or when their ability to function as a barrier is compromised. disposed of according to Disposal of Other Non-regulated Waste or Regulated Waste instructions, depending on whether or not meets definition of “regulated waste”).
 - Personal protective equipment will be considered “appropriate” only if it does not permit blood or other potentially infectious materials to pass through to or reach the employee’s work clothes, street clothes, undergarments, skin, eyes, mouth, or other mucous membranes under normal conditions of use and for the duration of time which the protective equipment will be used.
 - Appropriate personal protective equipment in the appropriate sizes is readily accessible at the work site or is issued without cost to employees.
 - The department will repair or replace personal protective equipment as needed to maintain its effectiveness, at no cost to the employee.
 - All personal protective equipment shall be removed prior to leaving the work area.
 - Any clothing penetrated by blood or other potentially infectious materials will be removed immediately or as soon as feasible, sprayed with disinfectant and laundered. When other personal protective equipment is removed, it shall be placed in an appropriately in a container for the storage, washing, decontamination, or disposal.
 - Masks, in combination with eye protection devices, such as goggles or glasses with solid side shields or chin-length face shields, shall be worn whenever splashes, spray,

spatter, or droplets of blood or other potentially infectious materials may be generated and eye, nose, or mouth contamination can be reasonably anticipated.

3. Routine Handwashing and Mucous Membrane Cleaning.

- Handwashing facilities are readily assessable and provided in office settings.
- Hands and other skin surfaces are washed with soap and running water according to the following procedure immediately or as soon as feasible when they are visibly soiled, after contact with blood or other potentially infectious material or after removal of gloves or other PPE:
 - Wet hands and apply soap (liquid soap preferred)
 - Rub lathered hands vigorously for 20 seconds, washing all skin surfaces, including backs of hands, wrists, between fingers, and under fingernails
 - Rinse hands well under running water, hold hands higher than elbows to prevent resoiling hands
 - Dry hands thoroughly using paper towel, clean cloth towel, or air hand dryer
 - Turn off faucet using towel (if towel not available, use elbow or back of hand)
- When readily-available adequate handwashing facilities are not available, either a waterless antiseptic hand cleaner or antiseptic towelettes is used; when antiseptic hand cleaners or towelettes are used, hands are washed with soap and running water as soon as feasible.
- Mucous Membrane Cleansing Following Contact With Blood or OPIM. Immediately or as soon as feasible following contact with blood or OPIM, mucous membranes are flushed with water.

4. Handling of Infectious Materials and Housekeeping.

- **Handling of Contaminated Sharps:** Remove contaminated sharp and dispose of in the sharp container. Contaminated sharps are not bent, recapped, or removed, unless no alternative is feasible or such action is required by a specific procedure; if necessary, a mechanical device or a one-handed technique is used.
 - Contaminated sharps shall be discarded as soon as feasible in sharp containers. These are red coded plastic containers labeled with biohazard labeling.
 - During use, containers for contaminated sharps shall be:
 - Easily accessible to personnel and located as close as is feasible to the immediate area where sharps are used or can be reasonably anticipated to be found;
 - Maintained upright throughout use; and
 - Replaced routinely and not allowed to overflow.
 - When moving containers of contaminated sharps from the area of use, the containers shall be:

- Closed immediately prior to removal or replacement to prevent spillage or protrusion of contents during handling, storage, transport, or shipping;
- Placed in a secondary container if leakage is possible. The second container shall be closable and constructed to contain all contents and prevent leakage during handling, storage, transport, or shipping, and color-coded according to biohazard labeling of the standard.
- Reusable sharps containers shall not be opened, emptied, or cleaned manually or in any other manner which would expose employees to the risk of percutaneous injury.
- Disposable sharps containers may be opened from the temporarily closed position, but may not be emptied or cleaned.
- **Handling of Regulated Waste:** Gloves are worn when handling regulated waste. Broken glassware which may be contaminated is not picked up directly with the hands; it is cleaned up using mechanical means, such as a brush and dustpan, tongs, or forceps. Regulated waste shall be placed in containers which are:
 - Closable and closed prior to removal to prevent spillage or protrusion of contents during handling, storage, transport, or shipping;
 - Constructed to contain all contents and prevent leakage of fluids during handling, storage, transport, or shipping;
 - Labeled or color-coded in accordance with the biohazard labeling of the Standard. Regulated waste that has been decontaminated need not be labeled or color-coded.
 - If outside contamination of the regulated waste container occurs, it shall be placed in a second container of the same above criteria.
- **Disposal of non-regulated Waste:** Non-regulated waste is disposed of into bins, pails, cans, or similar receptacles lined with plastic liner. Each plastic liner is sealed closed and disposed of in a trash compactor, or dumpster on site.
- **Cleaning and Decontamination:** Equipment and the work surfaces are to be maintained in a clean and sanitary condition. Equipment (guns, badges etc.), and the worksite which are contaminated with blood or other potentially infectious materials shall be decontaminated with disinfectant immediately or as soon as feasible. Contaminated work surfaces shall be decontaminated after completion of a procedure and at the end of the work shift if the surface may have been contaminated since the last cleaning. Cleaning and decontamination are done with proper gloves on.
 - Disinfectant is available in the following areas:
 - Jail Medical Unit
 - Jail Intake
 - Downstairs Storage
 - Spill Kits: Spill kits for the building are ordered from Facilities Management. Spill kits should also be available in each of the squad cars and by first aid boxes.

- Protective coverings, such as plastic wrap, aluminum foil, or imperviously-backed absorbent paper used to cover equipment and environment surfaces shall be removed and replaced as soon as feasible when they become overtly contaminated during the shift.
- All bins, pails, cans, and similar receptacles intended for reuse which have a reasonable likelihood for becoming contaminated with blood or other potentially infectious materials shall be inspected and decontaminated on a regularly scheduled basis and cleaned and decontaminated immediately or as soon as feasible upon visible contamination.
- Broken glass or other sharps which may be contaminated will not be picked up directly with the hands; it shall be picked up using mechanical means, such as a brush and dust pan, tongs, or forceps.
- **General Pre-Cautions:** Eating, drinking, smoking, applying cosmetics or lip balm, and handling contact lenses is prohibited in work areas where there is a reasonable likelihood of occupational exposure.
- **Food and Drink Storage:** Food and drink shall not be kept in or on refrigerators, freezers, shelves, cabinets, countertops, or bench tops where blood or other potentially infectious materials are present.
- **Evidence collection and source blood transport:** Specimens of blood or other potentially infectious materials shall be placed in a container which prevents leakage during collection, handling, processing, storage, transport, or shipping.
 - The container used for this purpose shall be labeled or color-coded with biohazard identification according to the requirements of the OSHA Standard and will be closed prior to being stored, transported, or shipped.
 - If outside contamination of the primary container occurs, the primary container shall be placed within the second container, which prevents leakage during handling, processing, storage, transport, or shipping, and is labeled or color coded according to the requirements of the Standard.
 - If the specimen could puncture the primary container, the primary container shall be placed within a secondary container which is puncture-resistant and conforms to the Standard.
- **Handling of Inmate Clothing Penetrated by Blood or Other Potentially Infectious Materials:**
 - Any inmate clothing penetrated by blood or other potentially infectious materials will be removed immediately or as soon as feasible. The contaminated clothing will be handled in a double bag method by placing it in a Biohazard bag, tying it and then placing it in another Biohazard bag and tying it. The inmate's identifying information, date, and the name and badge number of the deputy handling the property will be affixed to the outer bag. The bag will be placed in a property bag in the property room.

- The inmate will be advised of the contamination in order to arrange for his property to be released to a family member or friend. On release, the inmate will be given indigent clothing to wear and the sealed bag if their property has not been picked up prior to release.
- **Handling of Inmate Money Penetrated by Blood or Other Potentially Infectious Materials:**
 - Any inmate money penetrated by blood or other potentially infectious materials will be counted and will be handled in a double bag method by placing it in a Biohazard bag, tying it and then placing it in another Biohazard bag and tying it. The inmate's identifying information, amount of money, date, and the name and badge number of the deputy handling the property will be affixed to the outer bag.
 - The money will not be deposited on the inmate's account (our local bank refuses to take contaminated money). The Biohazard bag will be placed in a safe in the Property Room. A yellow notification form that states "Subject has contaminated money in the Property Room safe, please contact the Jail Supervisor upon release to retrieve the money to return to the inmate." will be placed in the inmate's property bag.

5. Laundry guidelines shall be followed as outlined below:

- Contaminated laundry shall be handled as little as possible with a minimum of agitation.
- Contaminated laundry shall be placed in bags or containers in the location where it was used and shall not be sorted or rinsed in the location of use.
- Whenever contaminated laundry is wet and presents a reasonable likelihood of soak-through or leakage from the bag or container, the laundry shall be placed and transported in bags or containers with the biohazard labeling which prevent soak-through and/or leakage of fluids to the exterior.
- Employees who have contact with contaminated laundry shall wear protective gloves or other appropriate personal protective equipment.
- Spray with disinfectant and let stand for 10 minutes
- Launder using normal procedures.

1016.5 HEPATITIS B VACCINATION

Hepatitis B vaccine and the vaccination series are available to all employees who have occupational exposure and post-exposure evaluation and follow-up is available to all employees who have had an exposure incident See County policy 5420.

1016.5.1 HEPATITIS B VACCINE DECLINATION

During the Pre-employment physical, the employee is given an opportunity to receive the Hepatitis B Vaccination. If they decline they must sign a Hepatitis B Vaccination Declination statement below:

Dakota County Sheriff's Office

I understand that, due to my occupational exposure to blood or other potentially infectious materials, I may be at risk of acquiring Hepatitis B Virus (HBV) infection. I have been given the opportunity to be vaccinated with Hepatitis B vaccine, at no charge to myself. However, I decline Hepatitis B vaccination at this time. I understand that, by declining this vaccine, I continue to be at risk of acquiring Hepatitis B, a serious disease. If, in the future, I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with Hepatitis B vaccine, I can receive the vaccination series at no charge to me.

1016.6 POST EXPOSURE FOLLOW UP

Following a report of an exposure incident the employee and supervisor will review instructions attached to the back of Bloodborne Pathogen Exposure Packets. The packets contain all forms necessary to conduct post-exposure procedures. More packets can be ordered through Risk Management. Employees and Supervisors should follow the below directions:

- Post exposure Procedure
 - Employee notifies immediate supervisor or another manager within the Dakota County Sheriff's Office. Supervisor/manager contacts the health care provider to notify the provider of the need for follow-up of a bloodborne pathogen exposure within 2-hour time period. In a life-threatening emergency, or in other situations when no supervisor/manager can be contacted in time to assure that the employee receives follow-up within the 2-hour time period, the employee seeks medical attention and notifies the supervisor/manager as soon as possible after seeking medical care.
 - Supervisor reports the incident to Risk Management by calling, x 8361. During evening or night shifts, leave a message stating the name of employee exposed, type of exposure and treating clinic.
 - The following clinic should be used for bloodborne pathogen exposures:
 - Regina Emergency Room/Medical Center, 1285 Nininger Road, Hastings, 651-480-4100 or 651-480-4200. Supervisor should refer the employee to Regina Emergency Room whenever possible.
 - After the clinic appointment:
 - Employee provides supervisor with the Report of Workability from the clinic, completed Part I and Part II of Bloodborne Exposure Report Form and Physician Affidavit or Qualified Physician Affidavit (if source denies consent).
 - Employee is responsible for scheduling follow up appoints as directed by physician.
 - Supervisor sends copy of Bloodborne Pathogen Exposure Report Form and Employee Accident Form to Risk Management within 24 hours. Email to Risk Management group or Fax to 438-8455.
- Source Blood:

- The source individual's blood needs to be collected at the same clinic as the employees so that the doctor can review both results and consult with the employee and source individual.
- It shall be tested as soon as feasible and after consent is obtained in order to determine Hepatitis B virus (HBV) and Human Immunodeficiency Virus (HIV) infectivity.
- When the source individual is already known to be infected with HBV or HIV, testing for the source individual's HBV or HIV status need not be repeated.
- Results of the source individual's testing shall be made available to the exposed employee and the employee shall be informed of applicable laws and regulations concerning disclosure of the identity and infection status of the source individual.
- Collection and testing of blood for HBV and HIV serological status will comply with them following:

The exposed employee's blood shall be collected as soon as feasible and tested for HBV and HIV serological status after consent is obtained; and

If the employee consents to baseline blood collection, but does not given consent at that time for HIV serologic testing, the sample shall be preserved for at least 90 days. If, within 90 days of the exposure incident, the employee elects to have the baseline sample tested, such testing shall be done as soon as feasible.

1016.7 COMMUNICATION OF HAZARDS TO EMPLOYEES

Biohazard Warning labels shall be affixed to containers of regulated waste, refrigerators and freezers containing blood or other potentially infectious material, and other containers used to store, transport, or ship blood or other potentially infectious materials. These labels shall be fluorescent orange or red. Red bags or red containers may be substituted for labels. Individual containers of blood or other potentially infectious materials should be placed in a labeled container during storage, transport, shipment, or disposal.

1016.8 INFORMATION AND TRAINING

All employees with occupational exposure shall participate in a training program at the time of initial assignment to tasks where occupational exposure may occur and at least every 12 months thereafter. Additional training shall be provided when changes, such as modification of tasks or procedures or institution of new tasks or procedures, affect the employee's occupational exposure. Smoking and Tobacco Use

1018.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Dakota County Sheriff's Office facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1018.2 POLICY

The Dakota County Sheriff's Office recognizes that tobacco use is a health risk and can be offensive to others.

Smoking and tobacco use is prohibited by members and visitors in all office facilities, buildings and vehicles, and as is further outlined in this policy (Minn. Stat. § 144.414).

Smoking and tobacco use by members is prohibited anytime members are in public view representing the [DepartmentOffice].

It shall be the responsibility of each member to ensure that no person under his/her supervision smokes or uses any tobacco product inside [CityCounty] facilities and vehicles.

Dakota County Facilities Management should ensure that proper signage is in place for notice of areas where tobacco use is restricted (Minn. R. 4620.0500).

The purpose of this procedure is to provide guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members and employees of this office (Minn. R. 6700.2200).

Regardless of the source of an allegation of misconduct, all such matters will be investigated pursuant to state law and any applicable collective bargaining agreement. Personnel Complaints

1020.2.1 AVAILABILITY OF COMPLAINT FORMS

Personnel complaint forms will be made available upon request from any member of the command staff.

1020.2.2 SOURCE OF COMPLAINTS

Complaints will be accepted from the following:

- (a) A Office employee becoming aware of alleged misconduct shall immediately notify a supervisor.
- (b) A supervisor receiving a complaint from any source alleging misconduct of an employee which, if true, could result in disciplinary action.
- (c) Anonymous complaints and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (d) A complaint received by the Minnesota POST Board alleging a violation of a statute or rule that the board is empowered to enforce (Minn. R. 6700.1600).

1020.2.3 ACCEPTANCE OF COMPLAINTS

All written complaints will be courteously accepted by any employee and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed verbally either in person or by telephoning the Office and will be accepted by any supervisor. If a supervisor is not immediately available to take a verbal complaint, the receiving employee shall obtain contact information sufficient for the supervisor to recontact the complainant. The supervisor upon recontact of the complainant shall complete and submit the personnel complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained. The following should be considered before taking a complaint:

- (a) Complaints shall not be prepared unless the alleged misconduct or job performance is of a nature which, if true, would normally result in disciplinary action.
- (b) When an uninvolved supervisor or the Watch Commander determines that the reporting person is satisfied that his/her complaint required nothing more than an explanation regarding the proper/improper implementation of Office policy or procedure, a complaint need not be taken.
- (c) When the complainant is intoxicated to the point where his/her credibility appears to be unreliable, identifying information should be obtained and the person should be provided with a personnel complaint form to be completed and submitted at a later time. However, if the intoxicated person insists on filing the complaint, the complaint shall be taken and properly processed.
- (d) Depending on the urgency and seriousness of the allegations involved, complaints from juveniles should generally be taken only with parents or guardians present and

Personnel Complaints

after the parents or guardians have been informed of the circumstances prompting the complaint.

1020.2.4 COMPLAINT DOCUMENTATION

When a personnel complaint form is completed in person, the complainant should legibly write a detailed narrative of his/her complaint. If circumstances indicate that this is not feasible, the complaint may be dictated to the receiving supervisor. In an effort to ensure accuracy in any complaint, it is recommended that a recorded statement be obtained from the reporting party. A refusal by a party to be recorded shall not alone be grounds to refuse to accept a complaint. Whether handwritten or dictated, the complainant's signature should be obtained at the conclusion of the statement. The complainant should be provided with a copy of his/her own original personnel complaint.

Formal complaints of alleged misconduct not reported in person shall be documented by a supervisor on a personnel complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

A supervisor shall document informal complaints and communicate them as needed.

1020.3 INITIAL SUPERVISOR RESPONSIBILITIES

A supervisor who becomes aware of alleged misconduct or receives a formal complaint shall take reasonable steps to prevent aggravation of the situation.

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the employee's immediate supervisor, unless the supervisor was involved in or witnessed the alleged incident. The Sheriff or authorized designee may, however, direct that another supervisor investigate it. The supervisor shall be responsible for the following:

- (a) A supervisor receiving a formal complaint involving allegations of a potentially serious nature shall ensure that the Patrol Sergeant, Division Captain, Division Commander, Chief Deputy, and Sheriff or his/her authorized designee are notified as soon as practicable.
- (b) A supervisor receiving or initiating any formal complaint shall ensure that a personnel complaint form has been completed as fully as possible. The original complaint form will then be directed to the Division Captain of the accused employee, via the chain of command, who will forward a copy of the complaint to the Sheriff or his/her authorized designee, will take any appropriate action and/or forward the complaint to the Internal Investigations for further action.
 1. During the preliminary investigation of any complaint, the supervisor should make every reasonable effort to obtain names, addresses and telephone numbers of additional witnesses.
 2. If injuries to the complainant are part of the complainant's allegation, immediate medical attention, if appropriate, should be provided and photographs of alleged injuries as well as accessible areas of non-injury should be taken.

Personnel Complaints

3. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the employee's Division Commander or the Sheriff or his/her authorized designee, who will initiate appropriate action.
- (c) A supervisor dealing with an accused employee shall ensure that the procedural rights of the employee are followed pursuant to state and federal law as well as the appropriate collective bargaining agreement.
- (d) When the nature of a personnel complaint relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination, the supervisor receiving the complaint shall promptly contact the Department of Employee Relations and the Chief Deputy or Sheriff or his/her authorized designee for direction regarding his/her role in investigation and/or addressing the complaint.

1020.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Watch Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Captain of Investigations, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Captain of Investigations, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1020.4 ASSIGNMENT TO ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature or when circumstances practically dictate that it would impose an unreasonable risk to the Office, the employee, other employees or the public, a supervisor may temporarily assign the accused employee to inactive duty pending completion of the investigation or the filing of administrative charges.

1020.4.1 ADMINISTRATIVE LEAVE

An employee placed on administrative leave may be subject to the following guidelines:

- (a) An employee placed on administrative leave may continue to receive regular pay and benefits pending the imposition of any discipline.
- (b) An employee placed on administrative leave may be required by a supervisor to relinquish any badge, Office identification, assigned weapon(s) and any other Office equipment.

Dakota County Sheriff's Office

Personnel Complaints

- (c) An employee placed on administrative leave may be ordered to refrain from taking any action as a Office employee or in an official capacity. The employee shall be required to continue to comply with all policies and lawful orders of a supervisor.
- (d) An employee placed on administrative leave may be temporarily reassigned to a different shift and/or assignment during the pendency of the investigation and the employee may be required to remain available for contact at all times during such shift and report as ordered.
- (e) It shall be the responsibility of the assigning supervisor to promptly notify the employee's Division Captain, Commander, Chief Deputy and the Sheriff or his/her authorized designee.
- (f) At such time as any employee placed on administrative leave is returned to full and regular duty, the employee shall be returned to his/her regularly assigned shift with all badges, identification card and other equipment returned.

1020.5 ALLEGATIONS OF CRIMINAL CONDUCT

Where an employee of the Office is accused of criminal conduct, a separate supervisor, assigned investigator or outside law enforcement agency shall be assigned to investigate the criminal allegations apart from any administrative investigation. A separate administrative investigation may parallel a criminal investigation and/or any prosecution but is not recommended to start until after the criminal investigation is completed.

The Sheriff or his/her authorized designee shall be notified as soon as practicable when an employee is formally accused of criminal conduct. In the event of serious criminal allegations, the Sheriff or his/her authorized designee may request a criminal investigation by an outside law enforcement or prosecutorial agency be conducted parallel to or preceding the administrative investigation.

An employee accused of criminal conduct shall be provided with all rights and privileges afforded to a civilian under the state and federal constitutions and the applicable collective bargaining agreement and the employee may not be administratively ordered to provide any information to a criminal investigator.

No information or evidence administratively compelled from an employee may be provided to a criminal investigator.

Any law enforcement agency is authorized to release information concerning the arrest or detention of a peace officer which has not led to a conviction. However, no disciplinary action shall be taken against the accused employee based solely on an arrest or crime report. An independent administrative investigation shall be conducted based upon the allegations in the report in accordance with Office policy, state law and the collective bargaining agreements in effect.

1020.6 ADMINISTRATIVE INVESTIGATION WITH THE EMPLOYEE

Investigations of a minor nature may be assigned to the employee's supervisor provided the supervisor was not involved as a witness or an alleged participant in the incident. Allegations

Whether conducted by a supervisor or an assigned member of the Internal Investigations, the following procedures shall be followed with regard to the accused employee(s) in compliance with the Peace Officer Discipline Procedures Act (Minn. Stat. § 626.89):

- (a) The Investigator shall not be a person who is the complainant, the ultimate decision maker regarding disciplinary action, or a person who has any personal involvement regarding the alleged misconduct.
- (b) Prior to obtaining a statement, the Office must:
 - 1. Provide the employee the name and rank of the officer in charge of the investigation and the officers who will conduct any interrogation.
 - 2. Provide the employee the date, time and place of interrogation or hearing.

- (d) Interviews of accused employees shall be conducted during reasonable work hours of the employee and, if the employee is off duty, the employee shall be compensated (Minn. Stat. § 626.89, Subd. 7).
- (e) Off-duty interviews should only be conducted based on the seriousness of the investigation and other factors requiring that time is of the essence.
- (f) A formal statement will be taken at the employee's usual place of work or at a place agreed upon by the accused employee. An investigator may not interview an employee at that person's home without the employee's prior permission (Minn. Stat. § 626.89, Subd. 4).
- (g) No more than two interviewers should ask questions of an accused employee to prevent confusion or misunderstandings.

of that recorded interview shall be provided upon request or prior to any subsequent interview (Minn. Stat. § 626.89, Subd. 8).

- (k) Before a formal statement is taken, the employee shall be advised in writing or on the record that admissions made may be used as evidence of misconduct or a basis for discipline (Minn. Stat. § 626.89, Subd. 10).
- (l) If the allegations involve potential criminal conduct, the employee shall be advised of his/her constitutional rights. This admonishment shall be given administratively whether the employee was advised of these rights during any separate criminal investigation.
- (m) All employees whose formal statement is taken shall have the right to have a representative or attorney of his/her choosing during any interrogation (Minn. Stat. § 626.89, Subd. 9). To maintain the integrity of each individual employee's statement, involved employees shall not consult or meet with representatives or attorneys collectively or in groups prior to being interviewed.
- (n) All employees shall provide complete and truthful responses to questions posed during interviews.
- (o) An employee may not be compelled nor requested to submit to a polygraph examination or be required to produce financial records (Minn. Stat. § 626.89, Subd. 11).

Assigned lockers and storage spaces may only be administratively searched in the employee's presence, with the employee's consent, with a valid search warrant or where the employee has been given reasonable notice that the search will take place.

1020.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
 - 2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer shall record all interviews of members and witnesses. The member may also record the interview. 1020.7 DISPOSITION OF PERSONNEL COMPLAINTS

Each allegation shall be classified with one of the following dispositions based on a finding of fact and considering the totality of circumstances:

Unfounded - When the investigation discloses that the alleged act(s) did not occur or did not involve Office personnel. Additionally, complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred, but that the act was justified, lawful and/or proper.

Not Sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the employee.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct. Evidence in a sustained complaint will be weighed by a preponderance of the factual evidence.

If an investigation discloses misconduct or improper job performance which was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1020.8 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint shall proceed with due diligence. Recognizing that factors such as witness availability and the complexity of allegations will affect each case, every effort should be made to complete each investigation and impose any disciplinary action within a reasonable period following receipt.

Personnel Complaints

If the nature of the allegation dictates that confidentiality is necessary to maintain the integrity of the investigation, the involved employee need not be notified of the pending investigation unless and until the employee is interviewed or formally charged.

Upon completion, the report should be forwarded to the Sheriff or his/her designee through the chain of command of the involved employee.

The Sheriff may accept or modify the classification and recommendation for disciplinary action contained in the report.

Stat. § 214.10 Subd. 10).

1020.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Dakota County Sheriff's Office may release information concerning the arrest or detention of any member, including a deputy, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

The Sheriff may postpone making a decision on an administrative investigation until any related criminal charges are resolved. The complainant and involved member should be informed of this decision.

1020.9.1 SUSTAINED COMPLAINTS

Before being placed in the peace officer's file, the employee will have an opportunity to read and initial the comment or document. If the peace officer submits a written response, the response will be attached to the comment or document (Minn. Stat. § 626.89, Subd. 13).

1020.10 POST INVESTIGATION PROCEDURES

Employees wishing to appeal the investigative findings and/or the discipline issued must follow the current collective bargaining agreement grievance procedures.

The Sheriff or the authorized designee shall notify POST of certain deputy personnel events, including but not limited to:

- (a) A termination or resignation of a deputy who is the subject of an internal or criminal investigation due to alleged misconduct regardless of whether the investigation has been initiated or completed, or whether the deputy was criminally charged (Minn. Stat. § 626.8457, Subd. 4).

Seat Belts

1022.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in office vehicles (Minn. Stat. § 169.686).

1022.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 (Minn. Stat. § 169.685).

1022.2 POLICY

It is the policy of the Dakota County Sheriff's Office that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1022.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this office while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Office, are properly restrained (Minn. Stat. § 169.686).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the office member or the public. Members must be prepared to justify any deviation from this requirement.

1022.3.1 TRANSPORTING CHILDREN

An approved child passenger safety seat system should be used for all children younger than 8 years of age and shorter than 4 feet 9 inches tall (Minn. Stat. § 169.685 Subd. 5 (b)).

However, if a child passenger restraint is not available, a deputy may transport the child using the standard seat belt (Minn. Stat. § 169.685 Subd. 6 (a) (2)).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance which requires careful seating and positioning of seat belts. Due to this reduced clearance, children and the child passenger safety seat system or booster seat should be secured properly in the front seat of these vehicles, provided this positioning meets the vehicle and the child passenger safety seat system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the passenger side air bag should be deactivated. If this is not possible, deputies should consider arranging alternative transportation.

1022.4 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

When practical, suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any office vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

1022.5 INOPERABLE SEAT BELTS

Office vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Office vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Sheriff.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1022.6 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

Body Armor

1024.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY

It is the policy of the Dakota County Sheriff's Office to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.3 ISSUANCE OF BODY ARMOR

The Sheriff or his designee shall ensure that body armor is issued to all deputies when the deputy begins service at the Dakota County Sheriff's Office and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Sheriff or his/her designee shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1024.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Deputies shall only wear agency-approved body armor.
- (b) Deputies shall wear body armor any time they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Deputies may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when a deputy is taking part in Office range training.
- (e) A deputy may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1024.3.2 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions.

Dakota County Sheriff's Office

Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

1024.4 FIREARMS INSTRUCTOR RESPONSIBILITIES

The Rangemaster should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Office approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates deputies about the safety benefits of wearing body armor.

1047.2 PROGRAM ADVISORS

The Program Advisors will be responsible for tracking the job performance of explorers as well as making their individual assignments throughout the Office. Modified-Duty Assignments

The purpose of this policy is to establish procedures for assigning employees to modified duty. Temporary modified-duty assignments may be available to employees who have incurred a duty-related illness or injury and due to restrictions or limitations are unable to perform their regular assigned duties. Non-duty related illnesses or injuries may also be considered for eligibility in accordance with this policy. Eligibility for modified-duty assignment is subject to the approval of the Sheriff or designee.

Modified-duty assignments are intended to provide an employee with the ability to continue working within the limits of his/her restrictions and limitations on a temporary basis while providing the Office with a productive employee during the interim period.

In instances of work-related disabilities, temporary or permanent, the Office will engage in a good faith interactive process to consider reasonable employment accommodations.

1053.2 POLICY

Modified duty - A temporary limited-term assignment not requiring performance of the full range of duties associated with the regular job classification. Modified-duty also may be termed as light-duty assignments.

1053.3 GENERAL CONSIDERATIONS

Modified-duty assignments are a management prerogative and not an employee right. Modified-duty assignments shall be subject to continuous reassessment dependent upon office need and the employee's ability to perform in a modified-duty capacity.

An injured employee may be assigned to a modified-duty position outside of his/her normal assignment or duties if it becomes available. If the injury or illness is not duty related the employee shall be given the option to either accept the position or continue to draw on applicable sick and/or flex leave or other leave accounts as applicable.

- (a) If an employee cannot adequately perform in a modified-duty assignment, such assignment may be terminated.
- (b) The lack of office need or a change in priorities may result in the employee's removal from or modification of a modified-duty assignment.
- (c) Management may place conditions as deemed appropriate upon any modified-duty assignment.

1053.4 PROCEDURE

Employees may request assignment to modified-duty by providing a signed statement from their health care provider describing their restrictions, limitations and expected duration to the Sheriff or designee. The statement must also indicate if the employee requires any workplace accommodations, mobility aids or medical devices.

The Sheriff or designee will determine what modified-duty assignments may be available based on the needs of the Office, the limitations of the employee and the suitability of the employee to work a particular assignment. Requests for a modified-duty assignment of 20 hours or less may be approved and facilitated by the Sheriff or designee. Assignments of longer duration are subject to the approval of the Sheriff or designee.

1053.4.1 MODIFIED-DUTY SCHEDULES

The schedules of employees assigned to modified-duty may be adjusted to suit medical appointments or Office needs at the discretion of the Sheriff or designee.

The employee and his/her supervisors should be informed in writing of the schedule, assignment, limitations and restrictions as determined by the employee's health care provider.

1053.4.2 ACCOUNTABILITY

The employee's supervisor shall coordinate efforts to ensure proper time accountability and shall provide documentation of shift/assignment and details.

- (a) Employees on modified duty are responsible for coordinating required doctor visits and physical therapy appointments in advance with their supervisor to appropriately account for any duty time taken. Doctor visits and appointments for treatment of injuries or illnesses that are not work related shall be arranged during off-duty time or otherwise charged to the employee's sick and/or flex leave.
- (b) Employees shall promptly submit a status report for each visit to their treating health care provider and shall immediately notify their supervisor of any change in restrictions or limitations as determined by their health care provider. An employee assigned to a modified-duty assignment shall provide a duty status report to his/her supervisor no less than once every 30 days while the employee is on modified duty.
- (c) Supervisors shall keep the Division Captain apprised of the employee's status and ability to perform the modified-duty assignment. Modified-duty assignments that extend beyond 60 days will require a written status report and a request for an extension to the Sheriff or designee, with an update of the employee's current status and anticipated date of return to regular duty. Extensions require approval of the Sheriff or designee.
- (d) When it is determined that an employee on modified duty will return to regular duty, the Dakota County Employee Relations will advise the Sheriff or designee. All training and certification necessary for return to duty shall be reviewed and updated as necessary.

1053.4.3 MEDICAL EXAMINATIONS

The Office reserves the right to require, prior to returning to full-duty status, a fitness-for-duty examination of any employee assigned to a modified-duty assignment or of any employee having been on such assignment. Such examinations shall be at the expense of the Office.

Prior to returning to full-duty status, employees shall be required to provide a statement signed by their health care provider indicating that they are medically cleared to perform the basic and essential job functions of their assignment without restriction or limitation.

1053.5 ACCOUNTABILITY

Pregnancy shall be treated as any other medical condition for purposes of this policy. Modifications of duty assignments based upon pregnancy shall be based upon the process and criteria established within this policy as approved by the Sheriff and/or his/her designee.

If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted consistent with the County's Personnel Rules and Regulations regarding family and medical care leave.

1053.6 MEDICAL EXAMINATIONS

Probationary employees who are assigned to a temporary modified-duty assignment shall have their probation extended by a period of time equal to the employee's assignment to modified duty.

1053.7 PREGNANCY

Employees assigned to modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided the certification, training or qualifications are not in conflict with any limitations or restrictions. Employees who are assigned to modified duty shall inform their supervisor of any inability to maintain any certification, training or qualifications.

Employee Speech, Expression and Social Networking

1057.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balance of employee speech and expression with the needs of the Office.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, about matters of public concern such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1057.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, wikis, video and other file sharing sites.

1057.2 POLICY

Because public employees occupy a trusted position in the community their statements have the potential to contravene the policies and performance of this office. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this office be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public the Dakota County Sheriff's Office will carefully balance the individual employee's rights against the organization's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1057.3 SAFETY

Employees should carefully consider the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of Dakota County Sheriff's Office employees such as posting personal information in a public forum can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be expected to compromise the safety of any employee, employee's family or associates or persons that this agency has had professional contact with such as crime victims or staff of other organizations. Examples of the type of information that could reasonably be expected to compromise safety include:

- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Office. For example a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen to jeopardize employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Dakota County Sheriff's Office.
- (f) Use or disclosure, through whatever means, of any not public data, photograph, video or other recording obtained or accessible as a result of employment with the Office for financial or personal gain or data classified as not public by state or federal law or any disclosure of such materials without the express authorization of the Sheriff or the authorized designee.

 2. During authorized breaks; such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1057.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or deputy associations, employees may not represent the Dakota County Sheriff's Office or identify themselves in any way that could be reasonably perceived as representing the Dakota County Sheriff's Office in order to do any of the following, unless specifically authorized by the Sheriff:

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or deputy associations, on political subjects and candidates at all times while off-duty. However employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Members forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any office technology system (see the Information Technology Use Policy for additional guidance).

1057.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Sheriff or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Office or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Office.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Office.

1057.7 TRAINING

POST Licensing

1059.1 PURPOSE AND SCOPE

Maintaining a valid POST license is a critical element of a deputy's ability to continue their employment and is their sole professional responsibility. Every licensed deputy is required to complete the continuing education requirements to maintain a valid license every three years (Minn. R. § 6700.0900; Minn. R. 6700.1000).

1059.2 RENEWAL SCHEDULE

Licensee required hours of continuing credit are (Minn. R. 6700.1000, Subd. 3):

Workplace Accident and Injury Reduction

1060.1 POLICY

Refer to Dakota County Policy 5500 regarding A Workplace and Injury Reduction (AWAIR) Program.

Line-of-Duty Deaths

1061.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Dakota County Sheriff's Office in the event of the death of a member occurring in the line of duty and to direct the Office in providing proper support for the member's survivors.

The Sheriff may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1061.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing their assigned duties.

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1061.2 POLICY

It is the policy of the Dakota County Sheriff's Office to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this office to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1061.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Watch Commander and Dispatch.
 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Watch Commander or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Sheriff or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the

Dakota County Sheriff's Office

temporary Hospital Liaison) and the Office Liaison as soon as practicable (see the Notifying Survivors section and the Office Liaison and Hospital Liaison subsections in this policy).

1061.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Sheriff or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Sheriff, Watch Commander or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Office Chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in office vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities, and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends, or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting childcare or other immediate needs.
- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes, and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

- (l) Document the survivors' names and contact information, as well as the time and location of notification. This information should be forwarded to the Office Liaison.

Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

PROFESSIONAL CONDUCT OF PEACE OFFICERS MODEL POLICY

MN STAT 626.8457

I. POLICY

It is the policy of the Dakota County Sheriff's Office to investigate circumstances that suggest an officer has engaged in unbecoming conduct, and impose disciplinary action when appropriate.

II. PROCEDURE

This policy applies to all officers of this agency engaged in official duties whether within or outside of the territorial jurisdiction of this agency. Unless otherwise noted this policy also applies to off duty conduct. Conduct not mentioned under a specific rule but that violates a general principle is prohibited.

A. PRINCIPLE ONE

Peace officers shall conduct themselves, whether on or off duty, in accordance with the Constitution of the United States, the Minnesota Constitution, and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

1. Rationale: Peace officers conduct their duties pursuant to a grant of limited authority from the community. Therefore, officers must understand the laws defining the scope of their enforcement powers. Peace officers may only act in accordance with the powers granted to them.

2. Rules

- a)** Peace officers shall not knowingly exceed their authority in the enforcement of the law.
- b)** Peace officers shall not knowingly disobey the law or rules of criminal procedure in such areas as interrogation, arrest, detention, searches, seizures, use of informants, and preservation of evidence, except where permitted in the performance of duty under proper authority.
- c)** Peace officers shall not knowingly restrict the freedom of individuals, whether by arrest or detention, in violation of the Constitutions and laws of the United States and the State of Minnesota.
- d)** Peace officers, whether on or off duty, shall not knowingly commit any criminal offense under any laws of the United States or any state or local jurisdiction.
- e)** Peace officers will not, according to MN STAT 626.863, knowingly allow a person who is not a peace officer to make a representation of being a peace officer or perform any act, duty or responsibility reserved by law for a peace officer.

B. PRINCIPLE TWO

Peace officers shall refrain from any conduct in an official capacity that detracts from the public's faith in the integrity of the criminal justice system.

1. Rationale: Community cooperation with the police is a product of its trust that officers will act honestly and with impartiality. The peace officer, as the public's initial contact with the criminal justice system, must act in a manner that instills such trust.

2. Rules

- a)** Peace officers shall carry out their duties with integrity, fairness and impartiality.
- b)** Peace officers shall not knowingly make false accusations of any criminal, ordinance, traffic or other law violation. This provision shall not prohibit the use of deception during criminal investigations or interrogations as permitted under law.
- c)** Peace officers shall truthfully, completely, and impartially report, testify and present evidence, including exculpatory evidence, in all matters of an official nature.
- d)** Peace officers shall take no action knowing it will violate the constitutional rights of any person.

e) Peace officers must obey lawful orders but a peace officer must refuse to obey any order the officer knows would require the officer to commit an illegal act. If in doubt as to the clarity of an order the officer shall, if feasible, request the issuing officer to clarify the order. An officer refusing to obey an order shall be required to justify his or her actions.

f) Peace officers learning of conduct or observing conduct that is in violation of any law or policy of this agency shall take necessary action and report the incident to the officer's immediate supervisor who shall forward the information to the CLEO. If the officer's immediate supervisor commits the misconduct the officer shall report the incident to the immediate supervisor's supervisor.

C. PRINCIPLE THREE

Peace officers shall perform their duties and apply the law impartially and without prejudice or discrimination.

1. Rationale: Law enforcement effectiveness requires public trust and confidence. Diverse communities must have faith in the fairness and impartiality of their police. Peace officers must refrain from fostering disharmony in their communities based upon diversity and perform their duties without regard to race, color, creed, religion, national origin, gender, marital status, or status with regard to public assistance, disability, sexual orientation or age.

2. Rules

a) Peace officers shall provide every person in our society with professional, effective and efficient law enforcement services.

b) Peace officers shall not allow their law enforcement decisions to be influenced by race, color, creed, religion, national origin, gender, marital status, or status with regard to public assistance, disability, sexual orientation or age.

D. PRINCIPLE FOUR

Peace officers shall not, whether on or off duty, exhibit any conduct which discredits themselves or their agency or otherwise impairs their ability or that of other officers or the agency to provide law enforcement services to the community.

1. Rationale: A peace officer's ability to perform his or her duties is dependent upon the respect and confidence communities have for the officer and law enforcement officers in general. Peace officers must conduct themselves in a manner consistent with the integrity and trustworthiness expected of them by the public.

2. Rules

a) Peace officers shall not consume alcoholic beverages or chemical substances while on duty except as permitted in the performance of official duties, and under no circumstances while in uniform, except as provided for in c).

b) Peace officers shall not consume alcoholic beverages to the extent the officer would be rendered unfit for the officer's next scheduled shift. A peace officer shall not report for work with the odor of an alcoholic beverage on the officer's breath.

c) Peace officers shall not use narcotics, hallucinogens, or other controlled substances except when legally prescribed. When medications are prescribed, the officer shall inquire of the prescribing physician whether the medication will impair the officer in the performance of the officer's duties. The officer shall immediately notify the officer's supervisor if a prescribed medication is likely to impair the officer's performance during the officer's next scheduled shift.

d) Peace officers, whether on or off duty, shall not engage in any conduct which the officer knows, or should reasonably know, constitutes sexual harassment as defined under Minnesota law, including but not limited to; making unwelcome sexual advances, requesting sexual favors, engaging in sexually motivated physical contact or other verbal or physical conduct or communication of a sexual nature.

e) Peace officers shall not commit any acts which constitute sexual assault or indecent exposure as defined under Minnesota law. Sexual assault does not include a frisk or other search done in accordance with proper police procedures.

f) Peace officers shall not commit any acts which, as defined under Minnesota law, constitute (1) domestic abuse, or (2) the violation of a court order restraining the officer from committing an act of domestic abuse or harassment, having contact with the petitioner, or excluding the peace officer from the petitioner's home or workplace.

g) Peace officers, in the course of performing their duties, shall not engage in any sexual contact or conduct constituting lewd behavior including but not limited to, showering or receiving a massage in the nude, exposing themselves, or making physical contact with the nude or partially nude body of any person, except as pursuant to a written policy of the agency.

h) Peace officers shall avoid regular personal associations with persons who are known to engage in criminal activity where such associations will undermine the public trust and confidence in the officer or agency. This rule does not prohibit those associations that are necessary to the performance of official duties or where such associations are unavoidable because of the officer's personal or family relationships.

E. PRINCIPLE FIVE

Peace officers shall treat all members of the public courteously and with respect.

1. Rationale: Peace officers are the most visible form of local government. Therefore, peace officers must make a positive impression when interacting with the public and each other.

2. Rules

a) Peace officers shall exercise reasonable courtesy in their dealings with the public, other officers, superiors and subordinates.

b) No peace officer shall ridicule, mock, deride, taunt, belittle, willfully embarrass, humiliate, or shame any person to do anything reasonably calculated to incite a person to violence.

c) Peace officers shall promptly advise any inquiring citizen of the agency's complaint procedure and shall follow the established agency policy for processing complaints.

F. PRINCIPLE SIX

Peace officers shall not compromise their integrity nor that of their agency or profession by accepting, giving or soliciting any gratuity which could be reasonably interpreted as capable of influencing their official acts or judgments or by using their status as a peace officer for personal, commercial or political gain.

1. Rationale: For a community to have faith in its peace officers, officers must avoid conduct that does or could cast doubt upon the impartiality of the individual officer or the agency.

2. Rules

a) Peace officers shall not use their official position, identification cards or badges for: (1) personal or financial gain for themselves or another person; (2) obtaining privileges not otherwise available to them except in the performance of duty; and (3) avoiding consequences of unlawful or prohibited actions.

b) Peace officers shall not lend to another person their identification cards or badges or permit these items to be photographed or reproduced without approval of the chief law enforcement officer.

c) Peace officers shall refuse favors or gratuities which could reasonably be interpreted as capable of influencing official acts or judgments.

d) Unless required for the performance of official duties, peace officers shall not, while on duty, be present at establishments that have the primary purpose of providing sexually oriented adult entertainment. This rule does not prohibit officers from conducting walk-throughs of such establishments as part of their regularly assigned duties.

e) Peace officers shall:

- not authorize the use of their names, photographs or titles in a manner that identifies the officer as an employee of this agency in connection with advertisements for any product, commodity or commercial enterprise;

- maintain a neutral position with regard to the merits of any labor dispute, political protest, or other public demonstration while acting in an official capacity;
- not make endorsements of political candidates while on duty or while wearing the agency's official uniform.

This section does not prohibit officers from expressing their views on existing, proposed or pending criminal justice legislation in their official capacity.

G. PRINCIPLE SEVEN

Peace officers shall not compromise their integrity, nor that of their agency or profession, by taking or attempting to influence actions when a conflict of interest exists.

1. Rationale: For the public to maintain its faith in the integrity and impartiality of peace officers and their agencies officers must avoid taking or influencing official actions where those actions would or could conflict with the officer's appropriate responsibilities.

2. Rules

a) Unless required by law or policy a peace officer shall refrain from becoming involved in official matters or influencing actions of other peace officers in official matters impacting the officer's immediate family, relatives, or persons with whom the officer has or has had a significant personal relationship.

b) Unless required by law or policy a peace officer shall refrain from acting or influencing official actions of other peace officers in official matters impacting persons with whom the officer has or has had a business or employment relationship.

c) A peace officer shall not use the authority of their position as a peace officer or information available to them due to their status as a peace officer for any purpose of personal gain including but not limited to initiating or furthering personal and/or intimate interactions of any kind with persons with whom the officer has had contact while on duty.

d) A peace officer shall not engage in any off-duty employment if the position compromises or would reasonably tend to compromise the officer's ability to impartially perform the officer's official duties.

H. PRINCIPLE EIGHT

Peace officers shall observe the confidentiality of information available to them due to their status as peace officers.

1. Rationale: Peace officers are entrusted with vast amounts of private and personal information or access thereto. Peace officers must maintain the confidentiality of such information to protect the privacy of the subjects of that information and to maintain public faith in the officer's and agency's commitment to preserving such confidences.

2. Rules

a) Peace officers shall not knowingly violate any legal restriction for the release or dissemination of information.

b) Peace officers shall not, except in the course of official duties or as required by law, publicly disclose information likely to endanger or embarrass victims, witnesses or complainants.

c) Peace officers shall not divulge the identity of persons giving confidential information except as required by law or agency policy.

I. APPLICATION

Any disciplinary actions arising from violations of this policy shall be investigated in accordance with MN STAT 626.89, Peace Officer Discipline Procedures Act and the law enforcement agency's policy on Allegations of Misconduct as required by *MN RULES* 6700.2000 to 6700.2600.

PB Rev 01/2011

Model Sexual Assault Investigation Policy 2019.pdf

I. PURPOSE

The purpose of this policy is to provide employees with guidelines for responding to reports of sexual assault. This agency will strive:

- a) To afford maximum protection and support to victims of sexual assault or abuse through a coordinated program of law enforcement and available victim services with an emphasis on a victim centered approach;
- b) To reaffirm peace officers' authority and responsibility to conducting thorough preliminary and follow up investigations and to make arrest decisions in accordance with established probable cause standards;
- c) To increase the opportunity for prosecution and victim services.

II. POLICY

It is the policy of the Dakota County Sheriff's Office to recognize sexual assault as a serious problem in society and to protect victims of sexual assault by ensuring its peace officers understand the laws governing this area. Sexual assault crimes are under-reported to law enforcement and the goal of this policy is in part to improve victim experience in reporting so that more people are encouraged to report.

All employees should take a professional, victim-centered approach to sexual assaults, protectively investigate these crimes, and coordinate with prosecution in a manner that helps restore the victim's dignity and autonomy. While doing so, it shall be this agency's goal to decrease the victim's distress, increase the victim's understanding of the criminal justice system and process, and promote public safety.

Peace officers will utilize this policy in response to sexual assault reported to this agency. This agency will aggressively enforce the laws without bias and prejudice based on race, marital status, sexual orientation, economic status, age, disability, gender, religion, creed, or national origin.

 - (7) persons involved in a significant romantic or sexual relationship
- F. **Sexual Assault Medical Forensic Examination:** An examination of a sexual assault patient by a health care provider, ideally one who has specialized education and clinical experience in the collection of forensic evidence and treatment of these patients.
- G. **Victim Advocate:** A Sexual Assault Counselor defined by Minn. Stat. 595.02, subd. 1(k) and/or Domestic Abuse Advocate as defined by Minn. Stat. 595.02, subd. 1(1) who provide confidential advocacy services to victims of sexual assault and domestic abuse. Victim advocates as defined provide coverage in all counties in Minnesota. Minnesota Office of Justice Programs (MN OJP) can assist departments in locating their local victim advocacy agency for the purposes outlined in this policy.
- H. **Victim Centered:** A victim-centered approach prioritizes the safety, privacy and well-being of the victim and aims to create a supportive environment in which the victim's rights are respected and in which they are treated with dignity and respect. This approach acknowledges and respects a victims' input into the criminal justice response and recognizes victims are not responsible for the crimes committed against them.
- I. **Vulnerable Adult:** any person 18 years of age or older who:
- (1) is a resident inpatient of a facility as defined in Minn. Stat. 626.5572. Subd. 6;

- (2) receives services at or from a facility required to be licensed to serve adults under sections [245A.01](#) to [245A.15](#), except that a person receiving outpatient services for treatment of chemical dependency or mental illness, or one who is committed as a sexual psychopathic personality or as a sexually dangerous person under chapter 253B, is not considered a vulnerable adult unless the person meets the requirements of clause (4);
- (3) receives services from a home care provider required to be licensed under sections [144A.43](#) to [144A.482](#); or from a person or organization that exclusively offers, provides, or arranges for personal care assistance services under the medical assistance program as authorized under sections [256B.0625, subdivision 19a, 256B.0651](#) to [256B.0654](#), and [256B.0659](#); or
- (4) regardless of residence or whether any type of service is received, possesses a physical or mental infirmity or other physical, mental, or emotional dysfunction:
 - (i) that impairs the individual's ability to provide adequately for the individual's own care without assistance, including the provision of food, shelter, clothing, health care, or supervision; and
 - (ii) because of the dysfunction or infirmity and the need for assistance, the individual has an impaired ability to protect the individual from maltreatment.

IV. PROCEDURES

A. Communications Personnel Response/Additional Actions by Responding Deputies

Communications personnel and/or law enforcement deputies should inform the victim of ways to ensure critical evidence is not lost, to include the following:

- 1) Suggest that the victim not bathe, or clean him or herself if the assault took place recently.
- 2) Recommend that if a victim needs to relieve themselves, they should collect urine in a clean jar for testing, and should avoid wiping after urination.
- 3) Asking the victim to collect any clothing worn during or after the assault and if possible, place in a paper bag, instructing the victim not to wash the clothing (per department policy).
- 4) Reassure the victim that other evidence may still be identified and recovered even if they have bathed or made other physical changes.

B. Initial Officer Response

When responding to a scene involving a sexual assault, deputies shall follow standard incident response procedures. In addition, when interacting with victims, deputies shall do the following:

- 1) Recognize that the victim experienced a traumatic incident and may not be willing or able to immediately assist with the criminal investigation.

- 2) The deputy shall attempt to determine the location/jurisdiction where the assault took place.
- 3) Explain the reporting process including the roles of the first responder, investigator, and anyone else with whom the victim will likely interact during the course of the investigation.
- 4) Officers are encouraged to connect the victim with local victim advocates as soon as possible. Inform the victim that there are confidential victim advocates available to address any needs they might have and to support them through the criminal justice system process. Provide the victim with contact information for the local victim advocate. Upon victim request the deputy can offer to contact local victim advocate on behalf of the victim.
- 5) Ask about and document signs and symptoms of injury, to include strangulation. Deputies shall attempt to obtain a signed medical release from the victim.
- 6) Ensure that the victim knows they can go to a designated facility for a forensic medical exam. Offer to arrange for transportation for the victim.
- 7) Identify and attempt to interview potential witnesses to the sexual assault and/or anyone the victim told about the sexual assault.
- 8) Request preferred contact information for the victim for follow-up.

C. Victim Interviews

This agency recognizes that victims of sexual assault due to their age or physical, mental or emotional distress, are better served by utilizing trauma informed interviewing techniques and strategies. Such interview techniques and strategies eliminate the duplication of interviews and use a question and answer interviewing format with questioning nondirective as possible to elicit spontaneous responses.

In recognizing the need for non-traditional interviewing techniques for sexual assault victims, deputies should consider the following:

- Offer to have a confidential victim advocate present (if possible) if the victim would benefit from additional support during the process
- Whenever possible, conduct victim interviews in person
- Make an effort to conduct the interview in a welcoming environment
- Let the victim share the details at their own pace
- Recognize victims of trauma may have difficulty remembering incidents in a linear fashion and may remember details in days and weeks following the assault
- After the initial interview, consider reaching out to the victim within a few days, after at least one sleep cycle to ask if they remember any additional details.

- Depending on the victim, additional interviews might be needed to gather additional information. Offer support from a victim advocate to the victim to help facilitate engagement with the investigative process and healing.
- Some victims do remember details vividly and might want to be interviewed immediately.
- During initial and subsequent victim interviews, deputies should note the following information as victims share it, recognizing that a victim may not be able to recall all the details of the assault during a particular interview.
 - 1) Whether the suspect was known to the victim
 - 2) How long the victim knew the suspect
 - 3) The circumstances of their meeting and if there is any indication of the use of drugs or alcohol to facilitate the sexual assault
 - 4) The extent of their previous or current relationship
 - 5) Any behavioral changes that led the situation from one based on consent to one of submission, coercion, fear, or force
 - 6) Specific actions, statements, and/or thoughts of both victim and suspect immediately prior, during, and after assault
 - 7) Relevant communication through social media, email, text messages, or any other forms of communication

D. Special Considerations—Minors and Vulnerable Adults/Domestic Abuse Victims

1. Minors and Vulnerable Adults

This agency recognizes that certain victims, due to their age or a physical, mental, or emotional distress, are better served by utilizing interview techniques and strategies that eliminate the duplication of interviews and use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. Members of this agency will be alert for victims who would be best served by the use of these specialized interview techniques. Deputies, in making this determination, should consider the victim's age, level of maturity, communication skills, intellectual capacity, emotional state, and any other observable factors that would indicate specialized interview techniques would be appropriate for a particular victim. When a deputy determines that a victim requires the use of these specialized interview techniques, the deputy should follow the guidance below.

- a. Deputies responding to reports of sexual assaults involving these sensitive population groups shall limit their actions to the following:
 - (1) Ensuring the safety of the victim;
 - (2) Ensuring the scene is safe;
 - (3) Safeguarding evidence where appropriate;
 - (4) Collecting any information necessary to identify the suspect; and
 - (5) Addressing the immediate medical needs of individuals at the scene

- b. Initial responding deputies should not attempt to interview the victim in these situations, but should instead attempt to obtain basic information and facts about the situation, including the jurisdiction where the incident occurred and that a crime most likely occurred. Deputies should seek to obtain this information from parents, caregivers, the reporting party, or other adult witnesses, unless those individuals are believed to be the perpetrators.
- c. Deputies responding to victims with special considerations must comply with the mandated reporting requirements of Minnesota Statute 626.556 and 626.557, as applicable. Deputies investigating cases involving victims with special considerations should coordinate these investigations with the appropriate local human services agency where required. Any victim or witness interviews conducted with individuals having special considerations must be audio and video recorded whenever possible. All other interviews must be audio recorded whenever possible.

Not all sexual assaults of minor victims require a mandatory report to social services. This policy recognizes that in certain cases, notifying and/or the involvement of a parent/guardian can cause harm to the minor and/or impede the investigation. Deputies responding to the sexual assault of a minor victim that does not trigger a mandated report under Minn. Stat. 626.556 should assess for the impact on the victim and the investigation if parents/guardians were notified before making a decision to involve them.

- d. Deputies should obtain necessary contact information for the victim's caregiver, guardian or parents and where the victim may be located at a later time. Deputies should advise the victim and/or any accompanying adult(s), guardians or caregivers that an investigating detective will follow up with information on a forensic interview.
 - e. The deputy should advise the victim's caregiver, guardian or parent that if the victim starts to talk about the incident they should listen to them but not question them as this may influence any future statements.
2. Victims of Domestic Abuse
- Deputies responding to a report of sexual assault committed against a family and household member must also follow the requirements and guidelines in this agency's domestic abuse policy and protocol, in addition to the guidelines in this policy.

E. Protecting Victim Rights

- 1) Confidentiality: Deputies should explain to victims the limitations of confidentiality in a criminal investigation and that the victim's identifying information is not accessible to the public, as specified in Minn. Stat. section 13.82, subd. 17(b)
- 2) Crime Victim Rights: Deputies must provide the following information to the victim:
 - a. Crime victim rights and resource information required to be provided to all victims as specified by Minn. Stat. section 611A.02, subd. 2(b)
 - b. If the suspect is a family or household member to the victim, crime victim rights and resource information required to be provided to domestic abuse victims, as specified by Minn. Stat. section 629.341, subd. 3.
 - c. The victim's right to be informed of the status of a sexual assault examination kit upon request as provided for under Minn. Stat. section 611A.27, subd. 1.
 - d. Pursuant to Minn. Stat. 611A.26, subd. 1, no law enforcement agency or prosecutor shall require that a complainant of a criminal sexual conduct or sex trafficking offense submit to a polygraph examination as part of or a condition to proceeding with the investigation, charging or prosecution of such offense.
- 3) Other information: Deputies should provide to the victim the agency's crime report/ICR number, and contact information for the reporting deputy and/or investigator or person handling the follow up.
- 4) Language access: All deputies shall follow agency policy regarding limited English proficiency.

F. Evidence Collection

- 1) Considerations for Evidence Collection
Deputies shall follow this agency's policy on crime scene response. In addition, deputies may do the following:
 - a. Collect evidence regarding the environment in which the assault took place, including indications of isolation and soundproofing. The agency should consider utilizing their agency or county crime lab in obtaining or processing the scene where the assault took place. This should be in accordance to any/all other policies and procedures relating to evidence collections.
 - b. Document any evidence of threats or any communications made by the suspect, or made on behalf of the suspect, to include those made to individuals other than the victim.

- c. In situations where it is suspected that drugs or alcohol may have facilitated the assault, deputies should assess the scene for evidence such as drinking glasses, alcohol bottles or cans, or other related items.
- d. If the victim has declined or a medical forensic exam will not be conducted, the deputies should obtain victim consent and attempt to take photographs of visible physical injuries, including any healing or old injuries. Victim should be given directions about how to document any bruising or injury that becomes evidence later after these photographs are taken.

G. Sexual Assault Medical Forensic Examinations

- 1) Prior to the sexual assault medical forensic examination the assigned detective should do the following:
 - a. Ensure the victim understands the purpose of the sexual assault medical forensic exam and its importance to both their general health and wellness and to the investigation. Offer assurance to the victim that they will not incur any out-of-pocket expenses for forensic medical exams and provide information about evidence collection, storage and preservation in sexual assault cases.
 - b. Provide the victim with general information about the procedure, and encourage them to seek further detail and guidance from the forensic examiner, health care professional, or a victim advocate. Deputies and detectives cannot deny a victim the opportunity to have an exam.
 - c. Detectives should be aware and if necessary, relay to victims who do not want to undergo an exam that there might be additional treatments or medications they are entitled to even if they do not want to have an exam done or have evidence collected. Victims can seek that information from a health care provider or a victim advocate. If possible, transport or arrange transportation for the victim to the designated medical facility.
 - d. Ask the victim for a signed release for access to medical records from the exam.
- 2) Deputies/detectives should not be present during any part of the exam, including during the medical history.
- 3) Following the exam, evidence collected during the exam shall be handled according to the requirements of agency policy and Minnesota Statute 299C.106.

H. Contacting and Interviewing Suspects

Prior to contacting the suspect, detectives should consider the following:

- 1) Conduct a background and criminal history check specifically looking for accusations, criminal charges, and convictions for interconnected crimes, especially crimes involving violence.
- 2) Consider conducting a pretext or confrontational call or messaging depending on jurisdictional statutes. Involvement of a victim should be based on strong

consideration of the victim's emotional and physical state. A victim advocate should be present whenever possible to offer support.

- 3) When possible, an attempt would be made to interview the suspect in person.
- 4) In situations where suspects do not deny that a sexual act occurred, but rather assert that it was with the consent of the victim, officers should do the following:
 - a. Collect evidence of past communication, including but not limited to all relevant interaction (including social media) between the suspect and victim.
 - b. Identify events that transpired prior to, during, and after the assault in an effort to locate additional witnesses and physical locations that might lead to additional evidence.
- 5) For sexual assaults involving strangers, detectives should focus investigative efforts on the collection of video, DNA, and other trace evidence used for analysis to identify the perpetrator (handle evidence collection per agency policy).

I. Forensic Examination and/or the Collection of Evidence from the Suspect

Note: A suspect's forensic examination and/or the collection of evidence from a suspect may be done by either an investigating deputy/detective, Forensic Medical Examiner, or the agency/county crime lab personnel.

- 1) Prior to or immediately after the preliminary suspect interview, photograph any injuries.
- 2) Determine whether a sexual assault medical forensic examination should be conducted.
- 3) Ask for the suspect's consent to collect evidence from their body and clothing. However, detectives should consider obtaining a search warrant, with specific details about what evidence will be collected, and should be prepared in advance to eliminate the opportunity for the suspect to destroy or alter evidence if consent is denied.
- 4) During the suspect's sexual assault medical forensic examination, the detective, evidence technician, or forensic examiner should do the following:
 - a. Strongly consider penile swabbing, pubic hair combings, and collection of other potential DNA evidence;
 - b. Collect biological and trace evidence from the suspect's body;
 - c. Document information about the suspect's clothing, appearance, scars, tattoos, piercings, and other identifiable marks;
 - d. Seize all clothing worn by the suspect during the assault, particularly any clothing touching the genital area;
 - e. Document the suspect's relevant medical condition and injuries.

J. Role of the Supervisor

Supervisors may do the following:

- 1) Assist deputies/detectives investigating incidents of sexual assault when possible or if requested.
- 2) Provide guidance and direction as needed.
- 3) Review sexual assault reports to ensure that necessary steps were taken during initial response and investigations.

K. Case Review/Case Summary

A supervisor should ensure cases are reviewed on an on-going basis. The review process should include an analysis of:

- 1) Case dispositions
- 2) Decisions to collect evidence
- 3) Submissions of evidence for lab testing
- 4) Interviewing decisions

III. PROCEDURES

A. Initial Suitability Determination

An initial suitability determination must be conducted on any individual being considered for a role as a CI. The initial suitability determination includes the following:

1. An officer requesting use of an individual as a CI must complete an Initial Suitability Report. The report must be submitted to the appropriate individual or entity, as determined by the agency chief executive, to review for potential selection as a CI. The report must include sufficient detail regarding the risks and benefits of using the individual so that a sound determination can be made. The following information must be addressed in the report, where applicable:
 - a. Age, sex, and residence
 - b. Employment status or occupation
 - c. Affiliation with legitimate businesses and illegal or suspicious enterprises
 - d. Extent to which potential information, associations, or other assistance could benefit a present or future investigation
 - e. Relationship with the target of an investigation
 - f. Motivation in providing information or assistance
 - g. Risk of adversely affecting an existing or future investigation
 - h. Extent to which provided information can be corroborated
 - i. Prior record as a witness
 - j. Criminal history, to include whether he or she is the subject of a pending investigation, is under arrest, or has been charged with a crime
 - k. Risk to the public or as a flight risk
 - l. Consultation with the individual's probation, parole, or supervised release agent, if any
 - m. Consideration and documentation of the individual's diagnosis of mental illness, substance use disorder, traumatic brain injury, or disability; and consideration and documentation of the individual's history of mental illness, substance use disorder, traumatic brain injury or disability
 - n. Relationship to anyone in law enforcement
 - o. Risk of physical harm to the potential CI or their immediate family or relatives for cooperating with law enforcement
 - p. Prior or current service as a CI with this or another law enforcement organization
2. Prior to an individual's use as a CI, a supervisor or other designated authority must review the Initial Suitability Report and determine if the individual is authorized to serve as a CI.
3. Any prospective or current CI must be excluded from engaging in a controlled buy or sale of a controlled substance if the prospective or current CI:
 - a. is receiving in-patient treatment or partial-hospitalization treatment administered by a licensed service provider for a substance use disorder or mental illness; or
 - b. is participating in a treatment-based drug court program or treatment court; except that
 - c. the prospective or current CI may provide confidential information while receiving treatment, participating in a treatment-based drug court program or treatment court.

4. Documentation and special consideration must be made of the risks involved in engaging a prospective or current CI in the controlled buy or sale of a controlled substance if the individual is known, or has reported, to have experienced a drug overdose in the previous 12 months.
5. Any prospective or current CI who is known to abuse substances, or is at risk for abusing substances, should be provided referral to prevention or treatment services.
6. Any prospective or current CI that has a physical or mental illness that impairs the ability of the individual to understand instructions and make informed decisions should be referred to a mental health professional or other appropriate medical professional, or a case manager/social worker from the county social services agency, or other substance abuse and mental health services.
7. Each CI's suitability must be reviewed every 6 months, at a minimum, during which time the CI's overseeing agent must submit a Continuing Suitability Report addressing the foregoing issues in III.A.1.a-p, and III.A.3-6, where applicable. An initial suitability determination must be conducted on a reactivated CI regardless of the length of inactivity.
8. Any information that may negatively affect a CI's suitability during the course of their use must be documented in the CI's file and forwarded to the appropriate authorized personnel as soon as possible.
9. Supervisors must review informant files regularly with the overseeing agent and must attend debriefings of CIs periodically as part of the informant management process. If a CI is active for more than 12 months, a supervisory meeting with the CI must be conducted without the overseeing agent.
10. CI contracts must be terminated, and the CI file placed in inactive status when the CI has not been utilized for 6 months or more.

B. Exigent Confidential Informants

1. Certain circumstance arise when an individual who has been arrested is willing to immediately cooperate and perform investigative activities under the direction of an overseeing agent. In these circumstances, the initial suitability determination can be deferred and an individual may be utilized as a CI for a period not to exceed 12 hours from the time of arrest if:
 - a. The individual is not excluded from utilization as a CI under III.A(3)(a-c) of this policy; and
 - b. There is compelling public interest or exigent circumstances exist that demand immediate utilization of the individual as a CI and any delay would significantly and negatively affect any investigation; and
 - c. A supervisor has reviewed and approved the individual for utilization as a CI under these circumstances.
2. Upon the conclusion of the 12-hour window, or at any time before, an initial suitability determination must be conducted before the individual engages in any further CI activities.

C. Special CI Approval Requirements

Certain individuals who are being considered for use as a CI require special review and approval. In all instances, the agency's chief executive or their designee and the office of the prosecutor or county attorney should be consulted prior to the use of these individuals as CIs. These individuals include the following:

1. Juveniles
 - a. Use of a juvenile under the age of 18 for participating in a controlled buy or sale of a controlled substance or contraband may be undertaken only with the written authorization of the individual's parent(s) or guardian(s), except that the juvenile informant may provide confidential information.

- b. Authorization for such use should be granted only when a compelling public interest can be demonstrated, *except that*
 - c. Juveniles under the guardianship of the State may not be used as a CI.
2. Individuals obligated by legal privilege of confidentiality.
3. Government officials.

D. General Guidelines for Overseeing CIs

General guidelines for overseeing CIs are as follows:

1. CIs must be treated as assets of the agency, not the individual overseeing agent.
2. No promises or guarantees of preferential treatment within the criminal justice system will be made to any informant without prior approval from the prosecuting authority.
3. CIs must not be used without authorization of the agency through procedures identified in this policy.
4. CIs must not be used to gather information purely of a political nature or for other information-gathering efforts that are not connected with a criminal investigation.
5. Under no circumstances must an informant be allowed access to restricted areas or investigators' work areas within a law enforcement agency.
6. All CIs must sign and abide by the provisions of the agency's CI agreement.
7. Any physical or mental illness that impairs the CI's ability to knowingly contract or otherwise protect the informant's self-interest must be taken into consideration before the CI signs the agreement.
8. The CI's overseeing agent must discuss each of the provisions of the agreement with the CI, with particular emphasis on the following:
 - a. CIs may voluntarily initiate deactivation, whereupon the protocols outlined in section E of this policy must be followed.
 - b. CIs are not law enforcement officers. They have no arrest powers, are not permitted to conduct searches and seizures, and may not carry a weapon while performing activities as a CI.
 - c. CIs found engaging in any illegal activity beyond what is authorized by the agency and conducted while under the supervision of an overseeing agent, will be subject to prosecution.
 - d. CIs are prohibited from engaging in actions or activities that could be deemed entrapment. The meaning of the term and implications of such actions must be explained to each CI.
 - e. CIs are prohibited from engaging in self-initiated information or intelligence gathering without agency direction and approval. The CI must not take any actions in furtherance of an investigation without receiving specific instruction(s) from the overseeing agent or agency.
 - f. Every reasonable effort will be taken to ensure the confidentiality of the CI but, upon judicial order, he or she may be required to testify in open court.
 - g. CIs may be directed to wear a listening and recording device.
 - h. CIs must be required to submit to a search before and after a controlled purchase.

- i. CIs who participate in unplanned or unanticipated activities or meet with a subject(s) under investigation in a location outside of the jurisdictional boundary of the handling agency must promptly report that activity or meeting to their overseeing agents.
9. CI activity outside jurisdictional boundaries:
 - a. Investigators handling CIs who engage in operational activity in locations outside the jurisdictional boundaries of the agency must coordinate with counterparts in law enforcement agencies that have jurisdiction in that location where the CI will operate before any activity occurs, or in a timely manner after unanticipated activity occurs and is brought to the attention of the overseeing agent.
 - b. Any decision to defer or delay notice to or coordinate with an outside agency having jurisdiction in the area where a CI has or may operate must be documented, reviewed, and approved by the agency's chief executive or their designee.
10. Officers must take the utmost care to avoid conveying any confidential investigative information to a CI, such as the identity of other CIs, surveillance activities, or search warrants, other than what is necessary and appropriate for operational purposes.
11. No member of this agency must knowingly maintain a social relationship with a CI, or otherwise become personally involved with a CI beyond actions required in the performance of duty.
12. Members of this agency must not solicit, accept gratuities from, or engage in any private business transaction with a CI.
13. Meetings with a CI must be conducted in private with another officer or agent present and with at least one officer or agent of the same sex, except when not practical. The meeting location should minimize the potential for discovery of the informant's cooperation and provide sufficient space to complete necessary administrative duties. The meetings must be documented and subsequently entered into the individual's CI file.
14. Overseeing agents must develop and follow a communications strategy and plan with the CI that minimizes, to the greatest extent possible, the risk of discovery or compromise of the relationship between the agency and the CI. This plan should also aim to prevent the detection, compromise, or interception of communications between the overseeing agent and the CI.
15. Procedures must be instituted to assist CIs with concealing their identity and maintaining their safety. Care should be given not to expose CIs to unnecessary safety risks.
16. Preceding or following every buy or sale of controlled substances, overseeing agents must screen the CI for any personal safety or mental health concerns, risk of substance abuse, and/or potential relapse in any substance abuse recovery.
 - a. At the request of the CI, or if the overseeing agent deems it necessary, reasonable efforts should be taken to provide the CI with referral to substance abuse and/or mental health services.
 - b. Overseeing agents must document:
 - i. the screening,
 - ii. any referral to services provided to, or requested by, the CI, and
 - iii. any refusal by the CI to participate in the screening and/or any refusal by the CI to accept referral to services. Reasons for the CI's refusal must be documented, where applicable.
 - c. No part of this subsection supersedes MN Stat. 253B.05, sub.2.

17. Reasonable protective measures must be provided for a CI when any member of this agency knows or should have known of a risk or threat of harm to a person serving as a CI and the risk or threat of harm is a result of the informant's service to this agency.
18. Overseeing agents must:
 - a. evaluate and document the criminal history and propensity for violence of target offenders; and
 - b. to the extent allowed, provide this information to the CI if there is a reasonable risk or threat of harm to the CI as a result of the CI's interaction with the target offender.
19. Reasonable efforts and precautions must be made to help protect the identity of a CI during the time the person is acting as an informant.
20. Whenever possible, officers must corroborate information provided by a CI and document efforts to do so.
21. The name of a CI must not be included in an affidavit for a warrant unless judicial authority is obtained to seal the document from the public record or the CI is a subject of the investigation upon which the affidavit is based.
22. Overseeing agents are responsible for ensuring that information of potential value to other elements of the agency is provided promptly to authorized supervisory personnel and/or other law enforcement agencies as appropriate.
23. Individuals leaving employment with the agency have a continuing obligation to maintain as confidential the identity of any CI and the information he or she provided unless obligated to reveal such identity or information by law or court order.

E. Establishment of an Informant File System

An informant file system must be established as follows:

1. The agency chief executive must designate a file supervisor who must be responsible for developing and maintaining master CI files and an indexing system.
2. A file must be maintained on each CI deemed suitable by the agency.
3. An additional Unreliable Informant File must be established for CIs deemed unsuitable during initial suitability determinations or at a later time.
4. Each file must be coded with an assigned informant control number for identification within the indexing system and must include the following information, where applicable:
 - a. Name, aliases, and date of birth
 - b. Height, weight, hair color, eye color, race, sex, scars, tattoos, or other distinguishing features

5. CI files must be maintained in a separate and secured area.
 6. The file supervisor must ensure that information concerning CIs is strictly controlled and distributed only to officers and other authorities who have a need and a right to such information.
 7. CI File Review
 - a. Sworn personnel may review an individual's CI file only upon the approval of the agency's chief executive or their designee.
 - b. The requesting officer must submit a written request explaining the need for review. A copy of this request, with the officer's name, must be maintained in the individual's CI file.
 - c. Officers must not remove, copy, or disseminate information from the CI file.
 - d. CI files must be reviewed only in designated areas of the law enforcement facility and returned as soon as possible to their secure file location.
 - e. All disclosures or access to CI files must be recorded by the file supervisor, to include information such as the requesting officer or agency, the purpose of access or disclosure, the information conveyed, and the date and time of access or dissemination.
 - f. No portion of an individual's CI file must be entered into any other electronic or related database without controls sufficient to exclude access to all but authorized personnel with a need and a right to know.

F. Deactivation of Confidential Informants

A CI deactivation procedure must be established as follows:

1. The overseeing agent must complete a deactivation form that includes, at minimum, the following:
 - a. The name of the agency.
 - b. The name of the CI.
 - c. The control number of the CI, where applicable.
 - d. The date of deactivation.
 - e. The reason for deactivation.
 - f. A notification that contractual agreements regarding monetary re-numeration, criminal justice assistance, or other considerations, specified or not, are terminated.
 - g. A notification that the agency will provide and assist the CI with referral to health services for assistance with any substance abuse disorder and/or physical, mental, or emotional health concerns, as requested or accepted by the CI.
 - h. A signature by the CI or documentation indicating the reason(s) why the CI was unable or unwilling to sign the form.

- i. A signature by the overseeing agent.
2. All reasonable efforts must be taken to maintain the safety and anonymity of the CI after deactivation.

G. Monetary Payments

Monetary payments must be managed as follows:

1. All monetary compensation paid to CIs must be commensurate with the value of the information or assistance provided to the agency.
2. All CI payments must be approved in advance by the officer in charge of confidential funds.
3. Officers must provide accounting of monies received and documentation for confidential funds expended. Any documentation of monies paid or received should not contain the true identity of the informant but should use the CI's control number.
4. Two officers must be present when making payments or providing funds to CIs.
5. The appropriate individual, as designated by the agency's chief executive, must ensure that the process for authorization, disbursement, and documentation of CI payments, as well as the accounting and reconciliation of confidential funds, is consistent with agency policy.
6. If a CI is authorized to work with another law enforcement or prosecutorial agency, financial payments must be coordinated between the agencies in a manner that is proportionate to the assistance rendered to each agency and consistent with provision III.F.1. of this policy.
7. Written records of receipts are retained, or justification for the exception is documented when a written receipt is not available.

EYEWITNESS IDENTIFICATION PROCEDURES MODEL POLICY

Minn. Stat. 626.8433

POLICY:

Officers shall adhere to the procedures for conducting eyewitness identifications set forth in this policy, in order to maximize the reliability of identifications, minimize erroneous identifications, and gather evidence that conforms to contemporary eyewitness identification protocols. Photo arrays and line-ups will be conducted by displaying the suspect and fillers sequentially using a blind or blinded administration.

Purpose:

It is the purpose of this policy to establish guidelines for eyewitness identification procedures involving show-ups, photo arrays, and line-ups. Erroneous eyewitness identifications have been cited as the factor most frequently associated with wrongful convictions. Therefore, in addition to eyewitness identification, all appropriate investigative steps and methods should be employed to uncover evidence that either supports or eliminates the suspect identification.

Definitions:

Show-up: The presentation of a suspect to an eyewitness within a short time frame following the commission of a crime to either confirm or eliminate him or her as a possible perpetrator. Show-ups, sometimes referred to as field identifications, are conducted in a contemporaneous time frame and proximity to the crime.

Line-up: The process of presenting live individuals to an eyewitness for the purpose of identifying or eliminating suspects.

Photo Array: A means of presenting photographs to an eyewitness for the purpose of identifying or eliminating suspects.

Administrator: The law enforcement official conducting the identification procedure.

Blinded Presentation: The administrator may know the identity of the suspect, but does not know which photo array member is being viewed by the eyewitness at any given time.

Confidence Statement: A statement in the witness's own words taken immediately after an identification is made stating his or her level of certainty in the identification.

Filler: A live person, or a photograph of a person, included in an identification procedure who is not considered a suspect.

Sequential: Presentation of a series of photographs or individuals to a witness one at a time.

Simultaneous: Presentation of a series of photographs or individuals to a witness all at once.

Procedure:

1. Show-ups

The use of show-ups should be avoided whenever possible in preference to the use of a lineup or photo array procedure. However, when circumstances require the prompt presentation of a suspect to a witness, the following guidelines shall be followed to minimize potential suggestiveness and increase reliability.

- a. Document the witness's description of the perpetrator prior to conducting the show up.
- b. Conduct a show-up only when the suspect is detained within a reasonably time frame after the commission of the offense and within a close physical proximity to the location of the crime.
- c. Do not use a show-up procedure if probable cause to arrest the suspect has already been established.
- d. If possible, avoid conducting a show-up when the suspect is in a patrol car, handcuffed, or physically restrained by officers, unless safety concerns make this impractical.
- e. Caution the witness that the person he or she is about to see may or may not be the perpetrator—and it is equally important to clear an innocent person. The witness should also be advised that the investigation will continue regardless of the outcome of the show-up.
- f. Do not conduct the show-up with more than one witness present at a time.
- g. Separate witnesses and do not allow communication between them before or after conducting a show-up.
- h. If one witness identifies the suspect, use a line-up or photo array for remaining witnesses.
- i. Do not present the same suspect to the same witness more than once.

- j. Do not require show-up suspects to put on clothing worn by, speak words uttered by, or perform other actions of the perpetrator.
- k. Officers should scrupulously avoid words or conduct of any type that may suggest to the witness that the individual is or may be the perpetrator.
- l. Ask the witness to provide a confidence statement.
- m. Remind the witness not to talk about the show-up to other witnesses until police or prosecutors deem it permissible.
- n. Videotape the identification process using an in-car camera or other recording device when feasible.
- o. Document the time and location of the show-up, the officers present, the result of the procedure, and any other relevant information.

Line-up and Photo Array Procedures

2. Basic Procedures for Conducting a Line-up or Photo Array

- a. Line-ups will not typically be utilized for investigations, unless conducting a photo array is not possible.
- b. Whenever possible, a blind presentation shall be utilized. In cases where a blind presentation is not feasible for a photo array, a blinded presentation should be used. Live line-ups must be conducted using a blind presentation.
- c. The line-up or photo array should consist of a minimum of six individuals or photographs. Use a minimum of five fillers and only one suspect.
- d. Fillers should be reasonably similar in age, height, weight, and general appearance and be of the same sex and race, in accordance with the witness's description of the offender.
- e. Avoid the use of fillers who so closely resemble the suspect that a person familiar with the suspect might find it difficult to distinguish the suspect from the fillers.
- f. Create a consistent appearance between the suspect and the fillers with respect to any unique or unusual feature (e.g., scars, tattoos, facial hair) used to describe the perpetrator by artificially adding or concealing that feature on the fillers.
- g. If there is more than one suspect, include only one in each line-up or photo array.

- h. During a blind presentation, no one who is aware of the suspect's identity should be present during the administration of the photo array. However, during a line-up, the suspect's attorney should be present.
- i. Place suspects in different positions in each line-up or photo array, both across cases and with multiple witnesses in the same case.
- j. Witnesses should not be permitted to see or be shown any photos of the suspect prior to the line-up or photo array.
- k. The witness shall be given a copy of the following instructions prior to viewing the line-up or photo array and the administrator shall read the instructions aloud before the identification procedure.

You will be asked to look at a series of individuals.

The perpetrator may or may not be present in the identification procedure.

It is just as important to clear innocent persons from suspicion as it is to identify guilty parties.

I don't know whether the person being investigated is included in this series.

Sometimes a person may look different in a photograph than in real life because of different hair styles, facial hair, glasses, a hat or other changes in appearance. Keep in mind that how a photograph was taken or developed may make a person's complexion look lighter or darker than in real life.

You should not feel that you have to make an identification. If you do identify someone, I will ask you to describe in your own words how certain you are.

The individuals are not configured in any particular order.

If you make an identification, I will continue to show you the remaining individuals or photos in the series.

Regardless of whether you make an identification, we will continue to investigate the incident.

Since this is an ongoing investigation, you should not discuss the identification procedures or results

- l. The line-up or photo array should be shown to only one witness at a time; officers should separate witnesses so they will not be aware of the responses of other witnesses.
- m. Multiple identification procedures should not be conducted in which the same witness views the same suspect more than once.
- n. Officers should scrupulously avoid the use of statements, cues, casual comments, or providing unnecessary or irrelevant information that in any manner may influence the witnesses' decision-making process or perception.
- o. Following an identification, the administrator shall ask the witness to provide a confidence statement and document the witness's response.
- p. The administrator shall ask the witness to complete and sign an Eyewitness Identification Procedure Form.
- q. Line-up and photo array procedures should be video or audio recorded whenever possible. If a procedure is not recorded, a written record shall be created and the reason for not recording shall be documented. In the case of line-ups that are not recorded, agents shall take and preserve a still photograph of each individual in the line-up.

3. Photographic Arrays

a. Creating a Photo Array

1. Use contemporary photos.
2. Do not mix color and black and white photos.
3. Use photos of the same size and basic composition.
4. Never mix mug shots with other photos and ensure consistent appearance of photograph backgrounds and sizing.
5. Do not include more than one photo of the same suspect.
6. Cover any portions of mug shots or other photos that provide identifying information on the subject – and similarly cover other photos used in the array.
7. Where the suspect has a unique feature, such as a scar, tattoo, or mole or distinctive clothing that would make him or her stand out in the photo array, filler photographs should include that unique feature either by selecting fillers who have the same features themselves or by altering the photographs of fillers to the extent necessary to achieve a consistent appearance.
8. Fillers should not be reused in arrays for different suspects shown to the same witness.

b. Conducting the Photo Array

1. The photo array should be preserved, together with full information about the identification process as part of the case file and documented in a report.

2. If a blind administrator is not available, the administrator shall ensure that a blinded presentation is conducted using the following procedures.
 - a. Place the suspect and at least five filler photos in separate folders for a total of six (or more depending on the number of fillers used).
 - b. The administrator will take one folder containing a known filler and place it to the side. This will be the first photo in the series. The administrator should then shuffle the remaining folders (containing one suspect and the remainder of fillers) such that he or she cannot see how the line-up members are ordered. These shuffled folders will follow the first filler photo. The stack of photos is now ready to be shown to the witness.
 - c. The administrator should position himself or herself so that he or she cannot see inside the folders as they are viewed by the witness.
3. The witness should be asked if he or she recognizes the person in the photo before moving onto the next photo. If an identification is made before all of the photos are shown, the administrator should tell the witness that he or she must show the witness all of the photos and finish showing the sequence to the witness, still asking after each photo if the witness recognizes the person in the photo.
4. If possible, the array should be shown to the witness only once. If, upon viewing the entire array the witness asks to see a particular photo or the entire array again, the witness should be instructed that he or she may view the entire array only one additional time. If a second viewing is permitted, it must be documented.

4. Line-ups

- a. Conducting the Line-up
 1. Live line-ups shall be conducted using a blind administrator.
 2. Ensure that all persons in the line-up are numbered consecutively and are referred to only by number.
- b. The primary investigating officer is responsible for the following:
 1. Scheduling the line-up on a date and at a time that is convenient for all concerned parties, to include the prosecuting attorney, defense counsel, and any witnesses.
 2. Ensuring compliance with any legal requirements for transfer of the subject to the line-up location if he or she is incarcerated at a detention center.
 3. Making arrangements to have persons act as fillers.
 4. Ensuring that the suspect's right to counsel is scrupulously honored and that he or she is provided with counsel if requested. Obtaining proper documentation of any waiver of the suspect's right to counsel.
 5. Allowing counsel representing the suspect sufficient time to confer with his or her client prior to the line-up and to observe the manner in which the line-up is conducted.

Adopted by Minnesota POST Board January 24.pdf

I. PURPOSE

The purpose of this policy is to provide employees with guidelines for responding to reports of sexual assault. This agency will strive:

- a)** To afford maximum protection and support to victims of sexual assault or abuse through a coordinated program of law enforcement and available victim services with an emphasis on a victim centered approach;
- b)** To reaffirm peace officers' authority and responsibility to conducting thorough preliminary and follow up investigations and to make arrest decisions in accordance with established probable cause standards;
- c)** To increase the opportunity for prosecution and victim services.

II. POLICY

It is the policy of the Dakota County Sheriff's Office to recognize sexual assault as a serious problem in society and to protect victims of sexual assault by ensuring its peace officers understand the laws governing this area. Sexual assault crimes are under-reported to law enforcement and the goal of this policy is in part to improve victim experience in reporting so that more people are encouraged to report.

All employees should take a professional, victim-centered approach to sexual assaults, protectively investigate these crimes, and coordinate with prosecution in a manner that helps restore the victim's dignity and autonomy. While doing so, it shall be this agency's goal to decrease the victim's distress, increase the victim's understanding of the criminal justice system and process, and promote public safety.

Peace officers will utilize this policy in response to sexual assault reported to this agency. This agency will aggressively enforce the laws without bias and prejudice based on race, marital status, sexual orientation, economic status, age, disability, gender, religion, creed, or national origin.

Minnesota Office of Justice Programs (MN OJP) can assist departments in locating their local victim advocacy agency for the purposes outlined in this policy.

H. Victim Centered: A victim-centered approach prioritizes the safety, privacy and well-being of the victim and aims to create a supportive environment in which the victim's rights are respected and in which they are treated with dignity and respect. (ii) because of the dysfunction or infirmity and the need for assistance, the individual has an impaired ability to protect the individual from maltreatment.

IV. PROCEDURES

A. Communications Personnel Response/Additional Actions by Responding Officers

Communications personnel and/or law enforcement officers should inform the victim of ways to ensure critical evidence is not lost, to include the following:

- 1) Suggest that the victim not bathe, or clean him or herself if the assault took place recently.
- 2) Recommend that if a victim needs to relieve themselves, they should collect urine in a clean jar for testing, and should avoid wiping after urination.
- 3) Asking the victim to collect any clothing worn during or after the assault and if possible, place in a paper bag, instructing the victim not to wash the clothing (per department policy).
- 4) Reassure the victim that other evidence may still be identified and recovered even if they have bathed or made other physical changes.

B. Initial Officer Response

When responding to a scene involving a sexual assault, officers shall follow standard incident response procedures. In addition, when interacting with victims, officers shall do the following:

- 1) Recognize that the victim experienced a traumatic incident and may not be willing or able to immediately assist with the criminal investigation.

- 2) The officer shall attempt to determine the location/jurisdiction where the assault took place.
- 3) Explain the reporting process including the roles of the first responder, investigator, and anyone else with whom the victim will likely interact during the course of the investigation.
- 4) Officers are encouraged to connect the victim with local victim advocates as soon as possible. Inform the victim that there are confidential victim advocates available to address any needs they might have and to support them through the criminal justice system process. Provide the victim with contact information for the local victim advocate. Upon victim request the officer can offer to contact local victim advocate on behalf of the victim.
- 5) Ask about and document signs and symptoms of injury, to include strangulation. Officers shall attempt to obtain a signed medical release from the victim.
- 6) Ensure that the victim knows they can go to a designated facility for a forensic medical exam. Offer to arrange for transportation for the victim.
- 7) Identify and attempt to interview potential witnesses to the sexual assault and/or anyone the victim told about the sexual assault.
- 8) Request preferred contact information for the victim for follow-up.

C. Victim Interviews

This agency recognizes that victims of sexual assault due to their age or physical, mental or emotional distress, are better served by utilizing trauma informed interviewing techniques and strategies. Such interview techniques and strategies eliminate the duplication of interviews and use a question and answer interviewing format with questioning nondirective as possible to elicit spontaneous responses.

In recognizing the need for non-traditional interviewing techniques for sexual assault victims, officers should consider the following:

- Offer to have a confidential victim advocate present (if possible) if the victim would benefit from additional support during the process

- Whenever possible, conduct victim interviews in person
- Make an effort to conduct the interview in a welcoming environment
- Let the victim share the details at their own pace
- Recognize victims of trauma may have difficulty remembering incidents in a linear fashion and may remember details in days and weeks following the assault
- After the initial interview, consider reaching out to the victim within a few days, after at least one sleep cycle to ask if they remember any additional details.
- Depending on the victim, additional interviews might be needed to gather additional information. Offer support from a victim advocate to the victim to help facilitate engagement with the investigative process and healing.
- Some victims do remember details vividly and might want to be interviewed immediately.
- During initial and subsequent victim interviews, officers should note the following information as victims share it, recognizing that a victim may not be able to recall all the details of the assault during a particular interview.

- 1) Whether the suspect was known to the victim
- 2) How long the victim knew the suspect
- 3) The circumstances of their meeting and if there is any indication of the use of drugs or alcohol to facilitate the sexual assault
- 4) The extent of their previous or current relationship
- 5) Any behavioral changes that led the situation from one based on consent to one of submission, coercion, fear, or force
- 6) Specific actions, statements, and/or thoughts of both victim and suspect immediately prior, during, and after assault
- 7) Relevant communication through social media, email, text messages, or any other forms of communication

D. Special Considerations—Minors and Vulnerable Adults/Domestic Abuse Victims

1. Minors and Vulnerable Adults

This agency recognizes that certain victims, due to their age or a physical, mental, or emotional distress, are better served by utilizing interview techniques and strategies that eliminate the duplication of interviews and use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. Members of this agency will be alert for victims who would be best served by the use of these specialized interview techniques. Officers, in making this determination, should consider the victim's age, level of maturity, communication skills, intellectual capacity, emotional state, and any other observable factors that would indicate specialized interview techniques would be appropriate for a particular victim. When an officer determines that a victim requires the use of these specialized interview techniques, the officer should follow the guidance below.

a. Officers responding to reports of sexual assaults involving these sensitive population groups shall limit their actions to the following:

- (1) Ensuring the safety of the victim;
- (2) Ensuring the scene is safe;
- (3) Safeguarding evidence where appropriate;
- (4) Collecting any information necessary to identify the suspect; and
- (5) Addressing the immediate medical needs of individuals at the scene

b. Initial responding officers should not attempt to interview the victim in these situations, but should instead attempt to obtain basic information and facts about the situation, including the jurisdiction where the incident occurred and that a crime most likely occurred. Officers should seek to obtain this information from parents, caregivers, the reporting party, or other adult witnesses, unless those individuals are believed to be the perpetrators.

c. Officers responding to victims with special considerations must comply with the mandated reporting requirements of Minnesota Statute Section 260E.06 and 626.557, as applicable. Officers investigating cases involving victims with special considerations should coordinate these investigations with the appropriate local human services agency where required. Any victim or

witness interviews conducted with individuals having special considerations must be audio and video recorded whenever possible. All other interviews must be audio recorded whenever possible.

Not all sexual assaults of minor victims require a mandatory report to social services. This policy recognizes that in certain cases, notifying and/or the involvement of a parent/guardian can cause harm to the minor and/or impede the investigation. Officers responding to the sexual assault of a minor victim that does not trigger a mandated report under Minnesota Statute Section 260E.22 should assess for the impact on the victim and the investigation if parents/guardians were notified before making a decision to involve them.

d. Officers should obtain necessary contact information for the victim's caregiver, guardian or parents and where the victim may be located at a later time. Officers should advise the victim and/or any accompanying adult(s), guardians or caregivers that an investigating officer will follow up with information on a forensic interview.

e. The officer should advise the victim's caregiver, guardian or parent that if the victim starts to talk about the incident they should listen to them but not question them as this may influence any future statements.

2. Victims of Domestic Abuse

Officers responding to a report of sexual assault committed against a family and household member must also follow the requirements and guidelines in this agency's domestic abuse policy and protocol, in addition to the guidelines in this policy.

E. Protecting Victim Rights

1) Confidentiality: Officers should explain to victims the limitations of confidentiality in a criminal investigation and that the victim's identifying information is not accessible to the public, as specified in Minn. Stat. section 13.82, subd. 17(b)

2) Crime Victim Rights: Officers must provide the following information to the victim:

- a. Crime victim rights and resource information required to be provided to all victims as specified by Minn. Stat. section 611A.02, subd. 2(b)
- b. If the suspect is a family or household member to the victim, crime victim rights and resource information required to be provided to domestic abuse victims, as specified by Minn. Stat. section 629.341, subd. 3.
- c. The victim's right to be informed of the status of a sexual assault examination kit upon request as provided for under Minn. Stat. section 611A.27, subd. 1.
- d. Pursuant to Minn. Stat. 611A.26, subd. 1, no law enforcement agency or prosecutor shall require that a complainant of a criminal sexual conduct or sex trafficking offense submit to a polygraph examination as part of or a condition to proceeding with the investigation, charging or prosecution of such offense.

3) Other information: Officers should provide to the victim the agency's crime report/ICR number, and contact information for the reporting officer and/or investigator or person handling the follow up.

4) Language access: All officers shall follow agency policy regarding limited English proficiency.

F. Evidence Collection

1) Considerations for Evidence Collection

Officers shall follow this agency's policy on crime scene response. In addition, officers may do the following:

- a. Collect evidence regarding the environment in which the assault took place, including indications of isolation and soundproofing. The agency should consider utilizing their agency or county crime lab in obtaining or processing the scene where the assault took place. This should be in

accordance to any/all other policies and procedures relating to evidence collections.

b. Document any evidence of threats or any communications made by the suspect, or made on behalf of the suspect, to include those made to individuals other than the victim.

c. In situations where it is suspected that drugs or alcohol may have facilitated the assault, officers should assess the scene for evidence such as drinking glasses, alcohol bottles or cans, or other related items.

d. If the victim has declined or a medical forensic exam will not be conducted, the officer should obtain victim consent and attempt to take photographs of visible physical injuries, including any healing or old injuries. Victim should be given directions about how to document any bruising or injury that becomes evidence later after these photographs are taken.

G. Sexual Assault Medical Forensic Examinations

1) Prior to the sexual assault medical forensic examination the investigating officer should do the following:

a. Ensure the victim understands the purpose of the sexual assault medical forensic exam and its importance to both their general health and wellness and to the investigation. Offer assurance to the victim that they will not incur any out-of-pocket expenses for forensic medical exams and provide information about evidence collection, storage and preservation in sexual assault cases.

b. Provide the victim with general information about the procedure, and encourage them to seek further detail and guidance from the forensic examiner, health care professional, or a victim advocate. Officers and investigators cannot deny a victim the opportunity to have an exam.

c. Officers should be aware and if necessary, relay to victims who do not want to undergo an exam that there might be additional treatments or

medications they are entitled to even if they do not want to have an exam done or have evidence collected. Victims can seek that information from a health care provider or a victim advocate. If possible, transport or arrange transportation for the victim to the designated medical facility.

d. Ask the victim for a signed release for access to medical records from the exam.

2) Officers should not be present during any part of the exam, including during the medical history.

3) Following the exam, evidence collected during the exam shall be handled according to the requirements of agency policy and Minnesota Statute 299C.106.

H. Contacting and Interviewing Suspects

Prior to contacting the suspect, officers should consider the following:

1) Conduct a background and criminal history check specifically looking for accusations, criminal charges, and convictions for interconnected crimes, especially crimes involving violence.

2) Consider conducting a pretext or confrontational call or messaging depending on jurisdictional statutes. Involvement of a victim should be based on strong consideration of the victim's emotional and physical state. A victim advocate should be present whenever possible to offer support.

3) When possible, an attempt would be made to interview the suspect in person.

4) In situations where suspects do not deny that a sexual act occurred, but rather assert that it was with the consent of the victim, officers should do the following:

a. Collect evidence of past communication, including but not limited to all relevant interaction (including social media) between the suspect and victim.

b. Identify events that transpired prior to, during, and after the assault in an effort to locate additional witnesses and physical locations that might lead to additional evidence.

5) For sexual assaults involving strangers, officers should focus investigative efforts

on the collection of video, DNA, and other trace evidence used for analysis to identify the perpetrator (handle evidence collection per agency policy).

I. Forensic Examination and/or the Collection of Evidence from the Suspect

Note: A suspect's forensic examination and/or the collection of evidence from a suspect may be done by either an investigating officer/investigator, Forensic Medical Examiner, or the agency/county crime lab personnel.

- 1) Prior to or immediately after the preliminary suspect interview, photograph any injuries.
- 2) Determine whether a sexual assault medical forensic examination should be conducted.
- 3) Ask for the suspect's consent to collect evidence from their body and clothing. However, officers/investigators should consider obtaining a search warrant, with specific details about what evidence will be collected, and should be prepared in advance to eliminate the opportunity for the suspect to destroy or alter evidence if consent is denied.
- 4) During the suspect's sexual assault medical forensic examination, the investigator, evidence technician, or forensic examiner should do the following:
 - a. Strongly consider penile swabbing, pubic hair combings, and collection of other potential DNA evidence;
 - b. Collect biological and trace evidence from the suspect's body;
 - c. Document information about the suspect's clothing, appearance, scars, tattoos, piercings, and other identifiable marks;
 - d. Seize all clothing worn by the suspect during the assault, particularly any clothing touching the genital area;
 - e. Document the suspect's relevant medical condition and injuries.

J. Role of the Supervisor

Supervisors may do the following:

- 1) Assist officers investigating incidents of sexual assault when possible or if requested by an officer.

2) Provide guidance and direction as needed.

3) Review sexual assault reports to ensure that necessary steps were taken during initial response and investigations.

K. Case Review/Case Summary

A supervisor should ensure cases are reviewed on an on-going basis. The review process should include an analysis of:

1) Case dispositions

2) Decisions to collect evidence

3) Submissions of evidence for lab testing

4) Interviewing decisions

I. PURPOSE

The purpose of this policy is to provide employees with guidelines for responding to reports of sexual assault. This agency will strive:

- a) To afford maximum protection and support to victims of sexual assault or abuse through a coordinated program of law enforcement and available victim services with an emphasis on a victim centered approach;
- b) To reaffirm peace officers' authority and responsibility to conducting thorough preliminary and follow up investigations and to make arrest decisions in accordance with established probable cause standards;
- c) To increase the opportunity for prosecution and victim services.

II. POLICY

It is the policy of the _____ (law enforcement agency) to recognize sexual assault as a serious problem in society and to protect victims of sexual assault by ensuring its peace officers understand the laws governing this area. Sexual assault crimes are under-reported to law enforcement and the goal of this policy is in part to improve victim experience in reporting so that more people are encouraged to report.

All employees should take a professional, victim-centered approach to sexual assaults, protectively investigate these crimes, and coordinate with prosecution in a manner that helps restore the victim's dignity and autonomy. While doing so, it shall be this agency's goal to decrease the victim's distress, increase the victim's understanding of the criminal justice system and process, and promote public safety.

Peace officers will utilize this policy in response to sexual assault reported to this agency. This agency will aggressively enforce the laws without bias and prejudice based on race, marital status, sexual orientation, economic status, age, disability, gender, religion, creed, or national origin.

IV. PROCEDURES

A. Communications Personnel Response/Additional Actions by Responding Officers

Communications personnel and/or law enforcement officers should inform the victim of ways to ensure critical evidence is not lost, to include the following:

- 1) Suggest that the victim not bathe, or clean him or herself if the assault took place recently.
- 2) Recommend that if a victim needs to relieve themselves, they should collect urine in a clean jar for testing, and should avoid wiping after urination.
- 3) Asking the victim to collect any clothing worn during or after the assault and if possible, place in a paper bag, instructing the victim not to wash the clothing (per department policy).
- 4) Reassure the victim that other evidence may still be identified and recovered even if they have bathed or made other physical changes.

B. Initial Officer Response

When responding to a scene involving a sexual assault, officers shall follow standard incident response procedures. In addition, when interacting with victims, officers shall do the following:

- 1) Recognize that the victim experienced a traumatic incident and may not be willing or able to immediately assist with the criminal investigation.

- 2) The officer shall attempt to determine the location/jurisdiction where the assault took place.
- 3) Explain the reporting process including the roles of the first responder, investigator, and anyone else with whom the victim will likely interact during the course of the investigation.
- 4) Officers are encouraged to connect the victim with local victim advocates as soon as possible. Inform the victim that there are confidential victim advocates available to address any needs they might have and to support them through the criminal justice system process. Provide the victim with contact information for the local victim advocate. Upon victim request the officer can offer to contact local victim advocate on behalf of the victim.
- 5) Ask about and document signs and symptoms of injury, to include strangulation. Officers shall attempt to obtain a signed medical release from the victim.
- 6) Ensure that the victim knows they can go to a designated facility for a forensic medical exam. Offer to arrange for transportation for the victim.
- 7) Identify and attempt to interview potential witnesses to the sexual assault and/or anyone the victim told about the sexual assault.
- 8) Request preferred contact information for the victim for follow-up.

C. Victim Interviews

This agency recognizes that victims of sexual assault due to their age or physical, mental or emotional distress, are better served by utilizing trauma informed interviewing techniques and strategies. Such interview techniques and strategies eliminate the duplication of interviews and use a question and answer interviewing format with questioning nondirective as possible to elicit spontaneous responses.

In recognizing the need for non-traditional interviewing techniques for sexual assault victims, officers should consider the following:

- Offer to have a confidential victim advocate present (if possible) if the victim would benefit from additional support during the process
- Whenever possible, conduct victim interviews in person
- Make an effort to conduct the interview in a welcoming environment
- Let the victim share the details at their own pace
- Recognize victims of trauma may have difficulty remembering incidents in a linear fashion and may remember details in days and weeks following the assault
- After the initial interview, consider reaching out to the victim within a few days, after at least one sleep cycle to ask if they remember any additional details.

- Depending on the victim, additional interviews might be needed to gather additional information. Offer support from a victim advocate to the victim to help facilitate engagement with the investigative process and healing.
- Some victims do remember details vividly and might want to be interviewed immediately.
- During initial and subsequent victim interviews, officers should note the following information as victims share it, recognizing that a victim may not be able to recall all the details of the assault during a particular interview.
 - 1) Whether the suspect was known to the victim
 - 2) How long the victim knew the suspect
 - 3) The circumstances of their meeting and if there is any indication of the use of drugs or alcohol to facilitate the sexual assault
 - 4) The extent of their previous or current relationship
 - 5) Any behavioral changes that led the situation from one based on consent to one of submission, coercion, fear, or force
 - 6) Specific actions, statements, and/or thoughts of both victim and suspect immediately prior, during, and after assault
 - 7) Relevant communication through social media, email, text messages, or any other forms of communication

D. Special Considerations—Minors and Vulnerable Adults/Domestic Abuse Victims

1. Minors and Vulnerable Adults

This agency recognizes that certain victims, due to their age or a physical, mental, or emotional distress, are better served by utilizing interview techniques and strategies that eliminate the duplication of interviews and use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. Members of this agency will be alert for victims who would be best served by the use of these specialized interview techniques. Officers, in making this determination, should consider the victim's age, level of maturity, communication skills, intellectual capacity, emotional state, and any other observable factors that would indicate specialized interview techniques would be appropriate for a particular victim. When an officer determines that a victim requires the use of these specialized interview techniques, the officer should follow the guidance below.

- a. Officers responding to reports of sexual assaults involving these sensitive population groups shall limit their actions to the following:
 - (1) Ensuring the safety of the victim;
 - (2) Ensuring the scene is safe;
 - (3) Safeguarding evidence where appropriate;
 - (4) Collecting any information necessary to identify the suspect; and
 - (5) Addressing the immediate medical needs of individuals at the scene

- b. Initial responding officers should not attempt to interview the victim in these situations, but should instead attempt to obtain basic information and facts about the situation, including the jurisdiction where the incident occurred and that a crime most likely occurred. Officers should seek to obtain this information from parents, caregivers, the reporting party, or other adult witnesses, unless those individuals are believed to be the perpetrators.
- c. Officers responding to victims with special considerations must comply with the mandated reporting requirements of Minnesota Statute Section 260E.06 and 626.557, as applicable. Officers investigating cases involving victims with special considerations should coordinate these investigations with the appropriate local human services agency where required. Any victim or witness interviews conducted with individuals having special considerations must be audio and video recorded whenever possible. All other interviews must be audio recorded whenever possible.

Not all sexual assaults of minor victims require a mandatory report to social services. This policy recognizes that in certain cases, notifying and/or the involvement of a parent/guardian pursuant to 260E.22 can cause harm to the minor and/or impede the investigation. Officers responding to the sexual assault of a minor victim that does not trigger a mandated report under Minnesota Statute Section 260E.06 should assess for the impact on the victim and the investigation if parents/guardians were notified before making a decision to involve them.

- d. Officers should obtain necessary contact information for the victim's caregiver, guardian or parents and where the victim may be located at a later time. Officers should advise the victim and/or any accompanying adult(s), guardians or caregivers that an investigating officer will follow up with information on a forensic interview.
 - e. The officer should advise the victim's caregiver, guardian or parent that if the victim starts to talk about the incident they should listen to them but not question them as this may influence any future statements.
2. Victims of Domestic Abuse
Officers responding to a report of sexual assault committed against a family and household member must also follow the requirements and guidelines in this agency's domestic abuse policy and protocol, in addition to the guidelines in this policy.

E. Protecting Victim Rights

- 1) Confidentiality: Officers should explain to victims the limitations of confidentiality in a criminal investigation and that the victim's identifying information is not accessible to the public, as specified in Minn. Stat. section 13.82, subd. 17(b)
- 2) Crime Victim Rights: Officers must provide the following information to the victim:
 - a. Crime victim rights and resource information required to be provided to all victims as specified by Minn. Stat. section 611A.02, subd. 2(b)
 - b. If the suspect is a family or household member to the victim, crime victim rights and resource information required to be provided to domestic abuse victims, as specified by Minn. Stat. section 629.341, subd. 3.
 - c. The victim's right to be informed of the status of a sexual assault examination kit upon request as provided for under Minn. Stat. section 611A.27, subd. 1.
 - d. Pursuant to Minn. Stat. 611A.26, subd. 1, no law enforcement agency or prosecutor shall require that a complainant of a criminal sexual conduct or sex trafficking offense submit to a polygraph examination as part of or a condition to proceeding with the investigation, charging or prosecution of such offense.
- 3) Other information: Officers should provide to the victim the agency's crime report/ICR number, and contact information for the reporting officer and/or investigator or person handling the follow up.
- 4) Language access: All officers shall follow agency policy regarding limited English proficiency.

F. Evidence Collection

- 1) Considerations for Evidence Collection
Officers shall follow this agency's policy on crime scene response. In addition, officers may do the following:
 - a. Collect evidence regarding the environment in which the assault took place, including indications of isolation and soundproofing. The agency should consider utilizing their agency or county crime lab in obtaining or processing the scene where the assault took place. This should be in accordance to any/all other policies and procedures relating to evidence collections.
 - b. Document any evidence of threats or any communications made by the suspect, or made on behalf of the suspect, to include those made to individuals other than the victim.

- c. In situations where it is suspected that drugs or alcohol may have facilitated the assault, officers should assess the scene for evidence such as drinking glasses, alcohol bottles or cans, or other related items.
- d. If the victim has declined or a medical forensic exam will not be conducted, the officer should obtain victim consent and attempt to take photographs of visible physical injuries, including any healing or old injuries. Victim should be given directions about how to document any bruising or injury that becomes evidence later after these photographs are taken.

G. Sexual Assault Medical Forensic Examinations

- 1) Prior to the sexual assault medical forensic examination the investigating officer should do the following:
 - a. Ensure the victim understands the purpose of the sexual assault medical forensic exam and its importance to both their general health and wellness and to the investigation. Offer assurance to the victim that they will not incur any out-of-pocket expenses for forensic medical exams and provide information about evidence collection, storage and preservation in sexual assault cases.
 - b. Provide the victim with general information about the procedure, and encourage them to seek further detail and guidance from the forensic examiner, health care professional, or a victim advocate. Officers and investigators cannot deny a victim the opportunity to have an exam.
 - c. Officers should be aware and if necessary, relay to victims who do not want to undergo an exam that there might be additional treatments or medications they are entitled to even if they do not want to have an exam done or have evidence collected. Victims can seek that information from a health care provider or a victim advocate. If possible, transport or arrange transportation for the victim to the designated medical facility.
 - d. Ask the victim for a signed release for access to medical records from the exam.
- 2) Officers should not be present during any part of the exam, including during the medical history.
- 3) Following the exam, evidence collected during the exam shall be handled according to the requirements of agency policy and Minnesota Statute 299C.106.

H. Contacting and Interviewing Suspects

Prior to contacting the suspect, officers should consider the following:

- 1) Conduct a background and criminal history check specifically looking for accusations, criminal charges, and convictions for interconnected crimes, especially crimes involving violence.
- 2) Consider conducting a pretext or confrontational call or messaging depending on jurisdictional statutes. Involvement of a victim should be based on strong

consideration of the victim's emotional and physical state. A victim advocate should be present whenever possible to offer support.

- 3) When possible, an attempt would be made to interview the suspect in person.
- 4) In situations where suspects do not deny that a sexual act occurred, but rather assert that it was with the consent of the victim, officers should do the following:
 - a. Collect evidence of past communication, including but not limited to all relevant interaction (including social media) between the suspect and victim.
 - b. Identify events that transpired prior to, during, and after the assault in an effort to locate additional witnesses and physical locations that might lead to additional evidence.
- 5) For sexual assaults involving strangers, officers should focus investigative efforts on the collection of video, DNA, and other trace evidence used for analysis to identify the perpetrator (handle evidence collection per agency policy).

I. Forensic Examination and/or the Collection of Evidence from the Suspect

Note: A suspect's forensic examination and/or the collection of evidence from a suspect may be done by either an investigating officer/investigator, Forensic Medical Examiner, or the agency/county crime lab personnel.

- 1) Prior to or immediately after the preliminary suspect interview, photograph any injuries.
- 2) Determine whether a sexual assault medical forensic examination should be conducted.
- 3) Ask for the suspect's consent to collect evidence from their body and clothing. However, officers/investigators should consider obtaining a search warrant, with specific details about what evidence will be collected, and should be prepared in advance to eliminate the opportunity for the suspect to destroy or alter evidence if consent is denied.
- 4) During the suspect's sexual assault medical forensic examination, the investigator, evidence technician, or forensic examiner should do the following:
 - a. Strongly consider penile swabbing, pubic hair combings, and collection of other potential DNA evidence;
 - b. Collect biological and trace evidence from the suspect's body;
 - c. Document information about the suspect's clothing, appearance, scars, tattoos, piercings, and other identifiable marks;
 - d. Seize all clothing worn by the suspect during the assault, particularly any clothing touching the genital area;
 - e. Document the suspect's relevant medical condition and injuries.

J. Role of the Supervisor

Supervisors may do the following:

- 1) Assist officers investigating incidents of sexual assault when possible or if requested by an officer.
- 2) Provide guidance and direction as needed.
- 3) Review sexual assault reports to ensure that necessary steps were taken during initial response and investigations.

K. Case Review/Case Summary

A supervisor should ensure cases are reviewed on an on-going basis. The review process should include an analysis of:

- 1) Case dispositions
- 2) Decisions to collect evidence
- 3) Submissions of evidence for lab testing
- 4) Interviewing decisions

In recognizing the need for non-traditional interviewing techniques for sexual assault victims, officers should consider the following:

D. Special Considerations—Minors and Vulnerable Adults/Domestic Abuse Victims

1. Minors and Vulnerable Adults

This agency recognizes that certain victims, due to their age or a physical, mental, or emotional distress, are better served by utilizing interview techniques and strategies that eliminate the duplication of interviews and use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. Members of this agency will be alert for victims who would be best served by the use of these specialized interview techniques. Officers, in making this determination, should consider the victim's age, level of maturity, communication skills, intellectual capacity, emotional state, and any other observable factors that would indicate specialized interview techniques would be appropriate for a particular victim. When an officer determines that a victim requires the use of these specialized interview techniques, the officer should follow the guidance below.

- a. Officers responding to reports of sexual assaults involving these sensitive population groups shall limit their actions to the following:
 - (1) Ensuring the safety of the victim;
 - (2) Ensuring the scene is safe;
 - (3) Safeguarding evidence where appropriate;
 - (4) Collecting any information necessary to identify the suspect; and
 - (5) Addressing the immediate medical needs of individuals at the scene

- b. Initial responding officers should not attempt to interview the victim in these situations, but should instead attempt to obtain basic information and facts about the situation, including the jurisdiction where the incident occurred and that a crime most likely occurred. Officers should seek to obtain this information from parents, caregivers, the reporting party, or other adult witnesses, unless those individuals are believed to be the perpetrators.
- c. Officers responding to victims with special considerations must comply with the mandated reporting requirements of Minnesota Statute Section 260E.06 and 626.557, as applicable. Officers investigating cases involving victims with special considerations should coordinate these investigations with the appropriate local human services agency where required. Any victim or witness interviews conducted with individuals having special considerations must be audio and video recorded whenever possible. All other interviews must be audio recorded whenever possible.

Not all sexual assaults of minor victims require a mandatory report to social services. This policy recognizes that in certain cases, notifying and/or the involvement of a parent/guardian can cause harm to the minor and/or impede the investigation. Officers responding to the sexual assault of a minor victim that does not trigger a mandated report under Minnesota Statute Section 260E.22 should assess for the impact on the victim and the investigation if parents/guardians were notified before making a decision to involve them.

- d. Officers should obtain necessary contact information for the victim's caregiver, guardian or parents and where the victim may be located at a later time. Officers should advise the victim and/or any accompanying adult(s), guardians or caregivers that an investigating officer will follow up with information on a forensic interview.
 - e. The officer should advise the victim's caregiver, guardian or parent that if the victim starts to talk about the incident they should listen to them but not question them as this may influence any future statements.
2. Victims of Domestic Abuse
Officers responding to a report of sexual assault committed against a family and household member must also follow the requirements and guidelines in this agency's domestic abuse policy and protocol, in addition to the guidelines in this policy.

E. Protecting Victim Rights

- 1) Confidentiality: Officers should explain to victims the limitations of confidentiality in a criminal investigation and that the victim's identifying information is not accessible to the public, as specified in Minn. Stat. section 13.82, subd. 17(b)
- 2) Crime Victim Rights: Officers must provide the following information to the victim:
 - a. Crime victim rights and resource information required to be provided to all victims as specified by Minn. Stat. section 611A.02, subd. 2(b)
 - b. If the suspect is a family or household member to the victim, crime victim rights and resource information required to be provided to domestic abuse victims, as specified by Minn. Stat. section 629.341, subd. 3.
 - c. The victim's right to be informed of the status of a sexual assault examination kit upon request as provided for under Minn. Stat. section 611A.27, subd. 1.
 - d. Pursuant to Minn. Stat. 611A.26, subd. 1, no law enforcement agency or prosecutor shall require that a complainant of a criminal sexual conduct or sex trafficking offense submit to a polygraph examination as part of or a condition to proceeding with the investigation, charging or prosecution of such offense.
- 3) Other information: Officers should provide to the victim the agency's crime report/ICR number, and contact information for the reporting officer and/or investigator or person handling the follow up.
- 4) Language access: All officers shall follow agency policy regarding limited English proficiency.

F. Evidence Collection

- 1) Considerations for Evidence Collection

Officers shall follow this agency's policy on crime scene response. In addition, officers may do the following:

 - a. Collect evidence regarding the environment in which the assault took place, including indications of isolation and soundproofing. The agency should consider utilizing their agency or county crime lab in obtaining or processing the scene where the assault took place. This should be in accordance to any/all other policies and procedures relating to evidence collections.
 - b. Document any evidence of threats or any communications made by the suspect, or made on behalf of the suspect, to include those made to individuals other than the victim.

- c. In situations where it is suspected that drugs or alcohol may have facilitated the assault, officers should assess the scene for evidence such as drinking glasses, alcohol bottles or cans, or other related items.
- d. If the victim has declined or a medical forensic exam will not be conducted, the officer should obtain victim consent and attempt to take photographs of visible physical injuries, including any healing or old injuries. Victim should be given directions about how to document any bruising or injury that becomes evidence later after these photographs are taken.

G. Sexual Assault Medical Forensic Examinations

- 1) Prior to the sexual assault medical forensic examination the investigating officer should do the following:
 - a. Ensure the victim understands the purpose of the sexual assault medical forensic exam and its importance to both their general health and wellness and to the investigation. Offer assurance to the victim that they will not incur any out-of-pocket expenses for forensic medical exams and provide information about evidence collection, storage and preservation in sexual assault cases.
 - b. Provide the victim with general information about the procedure, and encourage them to seek further detail and guidance from the forensic examiner, health care professional, or a victim advocate. Officers and investigators cannot deny a victim the opportunity to have an exam.
 - c. Officers should be aware and if necessary, relay to victims who do not want to undergo an exam that there might be additional treatments or medications they are entitled to even if they do not want to have an exam done or have evidence collected. Victims can seek that information from a health care provider or a victim advocate. If possible, transport or arrange transportation for the victim to the designated medical facility.
 - d. Ask the victim for a signed release for access to medical records from the exam.
- 2) Officers should not be present during any part of the exam, including during the medical history.
- 3) Following the exam, evidence collected during the exam shall be handled according to the requirements of agency policy and Minnesota Statute 299C.106.

H. Contacting and Interviewing Suspects

Prior to contacting the suspect, officers should consider the following:

- 1) Conduct a background and criminal history check specifically looking for accusations, criminal charges, and convictions for interconnected crimes, especially crimes involving violence.

- 2) Consider conducting a pretext or confrontational call or messaging depending on jurisdictional statutes. Involvement of a victim should be based on strong consideration of the victim's emotional and physical state. A victim advocate should be present whenever possible to offer support.
- 3) When possible, an attempt would be made to interview the suspect in person.
- 4) In situations where suspects do not deny that a sexual act occurred, but rather assert that it was with the consent of the victim, officers should do the following:
 - a. Collect evidence of past communication, including but not limited to all relevant interaction (including social media) between the suspect and victim.
 - b. Identify events that transpired prior to, during, and after the assault in an effort to locate additional witnesses and physical locations that might lead to additional evidence.
- 5) For sexual assaults involving strangers, officers should focus investigative efforts on the collection of video, DNA, and other trace evidence used for analysis to identify the perpetrator (handle evidence collection per agency policy).

I. Forensic Examination and/or the Collection of Evidence from the Suspect

Note: A suspect's forensic examination and/or the collection of evidence from a suspect may be done by either an investigating officer/investigator, Forensic Medical Examiner, or the agency/county crime lab personnel.

- 1) Prior to or immediately after the preliminary suspect interview, photograph any injuries.
- 2) Determine whether a sexual assault medical forensic examination should be conducted.
- 3) Ask for the suspect's consent to collect evidence from their body and clothing. However, officers/investigators should consider obtaining a search warrant, with specific details about what evidence will be collected, and should be prepared in advance to eliminate the opportunity for the suspect to destroy or alter evidence if consent is denied.
- 4) During the suspect's sexual assault medical forensic examination, the investigator, evidence technician, or forensic examiner should do the following:
 - a. Strongly consider penile swabbing, pubic hair combings, and collection of other potential DNA evidence;
 - b. Collect biological and trace evidence from the suspect's body;
 - c. Document information about the suspect's clothing, appearance, scars, tattoos, piercings, and other identifiable marks;
 - d. Seize all clothing worn by the suspect during the assault, particularly any clothing touching the genital area;
 - e. Document the suspect's relevant medical condition and injuries.

J. Role of the Supervisor

Supervisors may do the following:

- 1) Assist officers investigating incidents of sexual assault when possible or if requested by an officer.
- 2) Provide guidance and direction as needed.
- 3) Review sexual assault reports to ensure that necessary steps were taken during initial response and investigations.

K. Case Review/Case Summary

A supervisor should ensure cases are reviewed on an on-going basis. The review process should include an analysis of:

- 1) Case dispositions
- 2) Decisions to collect evidence
- 3) Submissions of evidence for lab testing
- 4) Interviewing decisions

Model Sexual Assault Investigation Policy.pdf

I. PURPOSE

The purpose of this policy is to provide employees with guidelines for responding to reports of sexual assault. This agency will strive:

- a) To afford maximum protection and support to victims of sexual assault or abuse through a coordinated program of law enforcement and available victim services with an emphasis on a victim centered approach;
- b) To reaffirm peace officers' authority and responsibility to conducting thorough preliminary and follow up investigations and to make arrest decisions in accordance with established probable cause standards;
- c) To increase the opportunity for prosecution and victim services.

II. POLICY

It is the policy of the _____ (law enforcement agency) to recognize sexual assault as a serious problem in society and to protect victims of sexual assault by ensuring its peace officers understand the laws governing this area. Sexual assault crimes are under-reported to law enforcement and the goal of this policy is in part to improve victim experience in reporting so that more people are encouraged to report.

All employees should take a professional, victim-centered approach to sexual assaults, protectively investigate these crimes, and coordinate with prosecution in a manner that helps restore the victim's dignity and autonomy. While doing so, it shall be this agency's goal to decrease the victim's distress, increase the victim's understanding of the criminal justice system and process, and promote public safety.

Peace officers will utilize this policy in response to sexual assault reported to this agency. This agency will aggressively enforce the laws without bias and prejudice based on race, marital status, sexual orientation, economic status, age, disability, gender, religion, creed, or national origin.

IV. PROCEDURES

A. Communications Personnel Response/Additional Actions by Responding Officers

Communications personnel and/or law enforcement officers should inform the victim of ways to ensure critical evidence is not lost, to include the following:

- 1) Suggest that the victim not bathe, or clean him or herself if the assault took place recently.
- 2) Recommend that if a victim needs to relieve themselves, they should collect urine in a clean jar for testing, and should avoid wiping after urination.
- 3) Asking the victim to collect any clothing worn during or after the assault and if possible, place in a paper bag, instructing the victim not to wash the clothing (per department policy).
- 4) Reassure the victim that other evidence may still be identified and recovered even if they have bathed or made other physical changes.

B. Initial Officer Response

When responding to a scene involving a sexual assault, officers shall follow standard incident response procedures. In addition, when interacting with victims, officers shall do the following:

- 1) Recognize that the victim experienced a traumatic incident and may not be willing or able to immediately assist with the criminal investigation.

- 2) The officer shall attempt to determine the location/jurisdiction where the assault took place.
- 3) Explain the reporting process including the roles of the first responder, investigator, and anyone else with whom the victim will likely interact during the course of the investigation.
- 4) Officers are encouraged to connect the victim with local victim advocates as soon as possible. Inform the victim that there are confidential victim advocates available to address any needs they might have and to support them through the criminal justice system process. Provide the victim with contact information for the local victim advocate. Upon victim request the officer can offer to contact local victim advocate on behalf of the victim.
- 5) Ask about and document signs and symptoms of injury, to include strangulation. Officers shall attempt to obtain a signed medical release from the victim.
- 6) Ensure that the victim knows they can go to a designated facility for a forensic medical exam. Offer to arrange for transportation for the victim.
- 7) Identify and attempt to interview potential witnesses to the sexual assault and/or anyone the victim told about the sexual assault.
- 8) Request preferred contact information for the victim for follow-up.

C. Victim Interviews

This agency recognizes that victims of sexual assault due to their age or physical, mental or emotional distress, are better served by utilizing trauma informed interviewing techniques and strategies. Such interview techniques and strategies eliminate the duplication of interviews and use a question and answer interviewing format with questioning nondirective as possible to elicit spontaneous responses.

In recognizing the need for non-traditional interviewing techniques for sexual assault victims, officers should consider the following:

- Offer to have a confidential victim advocate present (if possible) if the victim would benefit from additional support during the process
- Whenever possible, conduct victim interviews in person
- Make an effort to conduct the interview in a welcoming environment
- Let the victim share the details at their own pace
- Recognize victims of trauma may have difficulty remembering incidents in a linear fashion and may remember details in days and weeks following the assault
- After the initial interview, consider reaching out to the victim within a few days, after at least one sleep cycle to ask if they remember any additional details.

- Depending on the victim, additional interviews might be needed to gather additional information. Offer support from a victim advocate to the victim to help facilitate engagement with the investigative process and healing.
- Some victims do remember details vividly and might want to be interviewed immediately.
- During initial and subsequent victim interviews, officers should note the following information as victims share it, recognizing that a victim may not be able to recall all the details of the assault during a particular interview.
 - 1) Whether the suspect was known to the victim
 - 2) How long the victim knew the suspect
 - 3) The circumstances of their meeting and if there is any indication of the use of drugs or alcohol to facilitate the sexual assault
 - 4) The extent of their previous or current relationship
 - 5) Any behavioral changes that led the situation from one based on consent to one of submission, coercion, fear, or force
 - 6) Specific actions, statements, and/or thoughts of both victim and suspect immediately prior, during, and after assault
 - 7) Relevant communication through social media, email, text messages, or any other forms of communication

D. Special Considerations—Minors and Vulnerable Adults/Domestic Abuse Victims

1. Minors and Vulnerable Adults

This agency recognizes that certain victims, due to their age or a physical, mental, or emotional distress, are better served by utilizing interview techniques and strategies that eliminate the duplication of interviews and use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. Members of this agency will be alert for victims who would be best served by the use of these specialized interview techniques. Officers, in making this determination, should consider the victim's age, level of maturity, communication skills, intellectual capacity, emotional state, and any other observable factors that would indicate specialized interview techniques would be appropriate for a particular victim. When an officer determines that a victim requires the use of these specialized interview techniques, the officer should follow the guidance below.

- a. Officers responding to reports of sexual assaults involving these sensitive population groups shall limit their actions to the following:
 - (1) Ensuring the safety of the victim;
 - (2) Ensuring the scene is safe;
 - (3) Safeguarding evidence where appropriate;
 - (4) Collecting any information necessary to identify the suspect; and
 - (5) Addressing the immediate medical needs of individuals at the scene

- b. Initial responding officers should not attempt to interview the victim in these situations, but should instead attempt to obtain basic information and facts about the situation, including the jurisdiction where the incident occurred and that a crime most likely occurred. Officers should seek to obtain this information from parents, caregivers, the reporting party, or other adult witnesses, unless those individuals are believed to be the perpetrators.
- c. Officers responding to victims with special considerations must comply with the mandated reporting requirements of Minnesota Statute 626.556 and 626.557, as applicable. Officers investigating cases involving victims with special considerations should coordinate these investigations with the appropriate local human services agency where required. Any victim or witness interviews conducted with individuals having special considerations must be audio and video recorded whenever possible. All other interviews must be audio recorded whenever possible.

Not all sexual assaults of minor victims require a mandatory report to social services. This policy recognizes that in certain cases, notifying and/or the involvement of a parent/guardian can cause harm to the minor and/or impede the investigation. Officers responding to the sexual assault of a minor victim that does not trigger a mandated report under Minn. Stat. 626.556 should assess for the impact on the victim and the investigation if parents/guardians were notified before making a decision to involve them.

- d. Officers should obtain necessary contact information for the victim's caregiver, guardian or parents and where the victim may be located at a later time. Officers should advise the victim and/or any accompanying adult(s), guardians or caregivers that an investigating officer will follow up with information on a forensic interview.
 - e. The officer should advise the victim's caregiver, guardian or parent that if the victim starts to talk about the incident they should listen to them but not question them as this may influence any future statements.
2. Victims of Domestic Abuse
- Officers responding to a report of sexual assault committed against a family and household member must also follow the requirements and guidelines in this agency's domestic abuse policy and protocol, in addition to the guidelines in this policy.

E. Protecting Victim Rights

- 1) Confidentiality: Officers should explain to victims the limitations of confidentiality in a criminal investigation and that the victim's identifying information is not accessible to the public, as specified in Minn. Stat. section 13.82, subd. 17(b)
- 2) Crime Victim Rights: Officers must provide the following information to the victim:
 - a. Crime victim rights and resource information required to be provided to all victims as specified by Minn. Stat. section 611A.02, subd. 2(b)
 - b. If the suspect is a family or household member to the victim, crime victim rights and resource information required to be provided to domestic abuse victims, as specified by Minn. Stat. section 629.341, subd. 3.
 - c. The victim's right to be informed of the status of a sexual assault examination kit upon request as provided for under Minn. Stat. section 611A.27, subd. 1.
 - d. Pursuant to Minn. Stat. 611A.26, subd. 1, no law enforcement agency or prosecutor shall require that a complainant of a criminal sexual conduct or sex trafficking offense submit to a polygraph examination as part of or a condition to proceeding with the investigation, charging or prosecution of such offense.
- 3) Other information: Officers should provide to the victim the agency's crime report/ICR number, and contact information for the reporting officer and/or investigator or person handling the follow up.
- 4) Language access: All officers shall follow agency policy regarding limited English proficiency.

F. Evidence Collection

- 1) Considerations for Evidence Collection
Officers shall follow this agency's policy on crime scene response. In addition, officers may do the following:
 - a. Collect evidence regarding the environment in which the assault took place, including indications of isolation and soundproofing. The agency should consider utilizing their agency or county crime lab in obtaining or processing the scene where the assault took place. This should be in accordance to any/all other policies and procedures relating to evidence collections.
 - b. Document any evidence of threats or any communications made by the suspect, or made on behalf of the suspect, to include those made to individuals other than the victim.

- c. In situations where it is suspected that drugs or alcohol may have facilitated the assault, officers should assess the scene for evidence such as drinking glasses, alcohol bottles or cans, or other related items.
- d. If the victim has declined or a medical forensic exam will not be conducted, the officer should obtain victim consent and attempt to take photographs of visible physical injuries, including any healing or old injuries. Victim should be given directions about how to document any bruising or injury that becomes evidence later after these photographs are taken.

G. Sexual Assault Medical Forensic Examinations

- 1) Prior to the sexual assault medical forensic examination the investigating officer should do the following:
 - a. Ensure the victim understands the purpose of the sexual assault medical forensic exam and its importance to both their general health and wellness and to the investigation. Offer assurance to the victim that they will not incur any out-of-pocket expenses for forensic medical exams and provide information about evidence collection, storage and preservation in sexual assault cases.
 - b. Provide the victim with general information about the procedure, and encourage them to seek further detail and guidance from the forensic examiner, health care professional, or a victim advocate. Officers and investigators cannot deny a victim the opportunity to have an exam.
 - c. Officers should be aware and if necessary, relay to victims who do not want to undergo an exam that there might be additional treatments or medications they are entitled to even if they do not want to have an exam done or have evidence collected. Victims can seek that information from a health care provider or a victim advocate. If possible, transport or arrange transportation for the victim to the designated medical facility.
 - d. Ask the victim for a signed release for access to medical records from the exam.
- 2) Officers should not be present during any part of the exam, including during the medical history.
- 3) Following the exam, evidence collected during the exam shall be handled according to the requirements of agency policy and Minnesota Statute 299C.106.

H. Contacting and Interviewing Suspects

Prior to contacting the suspect, officers should consider the following:

- 1) Conduct a background and criminal history check specifically looking for accusations, criminal charges, and convictions for interconnected crimes, especially crimes involving violence.
- 2) Consider conducting a pretext or confrontational call or messaging depending on jurisdictional statutes. Involvement of a victim should be based on strong

consideration of the victim's emotional and physical state. A victim advocate should be present whenever possible to offer support.

- 3) When possible, an attempt would be made to interview the suspect in person.
- 4) In situations where suspects do not deny that a sexual act occurred, but rather assert that it was with the consent of the victim, officers should do the following:
 - a. Collect evidence of past communication, including but not limited to all relevant interaction (including social media) between the suspect and victim.
 - b. Identify events that transpired prior to, during, and after the assault in an effort to locate additional witnesses and physical locations that might lead to additional evidence.
- 5) For sexual assaults involving strangers, officers should focus investigative efforts on the collection of video, DNA, and other trace evidence used for analysis to identify the perpetrator (handle evidence collection per agency policy).

I. Forensic Examination and/or the Collection of Evidence from the Suspect

Note: A suspect's forensic examination and/or the collection of evidence from a suspect may be done by either an investigating officer/investigator, Forensic Medical Examiner, or the agency/county crime lab personnel.

- 1) Prior to or immediately after the preliminary suspect interview, photograph any injuries.
- 2) Determine whether a sexual assault medical forensic examination should be conducted.
- 3) Ask for the suspect's consent to collect evidence from their body and clothing. However, officers/investigators should consider obtaining a search warrant, with specific details about what evidence will be collected, and should be prepared in advance to eliminate the opportunity for the suspect to destroy or alter evidence if consent is denied.
- 4) During the suspect's sexual assault medical forensic examination, the investigator, evidence technician, or forensic examiner should do the following:
 - a. Strongly consider penile swabbing, pubic hair combings, and collection of other potential DNA evidence;
 - b. Collect biological and trace evidence from the suspect's body;
 - c. Document information about the suspect's clothing, appearance, scars, tattoos, piercings, and other identifiable marks;
 - d. Seize all clothing worn by the suspect during the assault, particularly any clothing touching the genital area;
 - e. Document the suspect's relevant medical condition and injuries.

J. Role of the Supervisor

Supervisors may do the following:

- 1) Assist officers investigating incidents of sexual assault when possible or if requested by an officer.
- 2) Provide guidance and direction as needed.
- 3) Review sexual assault reports to ensure that necessary steps were taken during initial response and investigations.

K. Case Review/Case Summary

A supervisor should ensure cases are reviewed on an on-going basis. The review process should include an analysis of:

- 1) Case dispositions
- 2) Decisions to collect evidence
- 3) Submissions of evidence for lab testing
- 4) Interviewing decisions

Unless otherwise noted this policy also applies to off duty conduct. Conduct not mentioned under a specific rule but that violates a general principle is prohibited.

A. PRINCIPLE ONE

Peace officers shall conduct themselves, whether on or off duty, in accordance with the Constitution of the United States, the Minnesota Constitution, and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

1. **Rationale:** Peace officers conduct their duties pursuant to a grant of limited authority from the community. Therefore, officers must understand the laws defining the scope of their enforcement powers. Peace officers may only act in accordance with the powers granted to them.

2. Rules

- a) Peace officers shall not knowingly exceed their authority in the enforcement of the law.
- b) Peace officers shall not knowingly disobey the law or rules of criminal procedure in such areas as interrogation, arrest, detention, searches, seizures, use of informants, and preservation of evidence, except where permitted in the performance of duty under proper authority.
- c) Peace officers shall not knowingly restrict the freedom of individuals, whether by arrest or detention, in violation of the Constitutions and laws of the United States and the State of Minnesota.

- e) Peace officers will not, according to MN STAT 626.863, knowingly allow a person who is not a peace officer to make a representation of being a peace officer or perform any act, duty or responsibility reserved by law for a peace officer.

B. PRINCIPLE TWO

Peace officers shall refrain from any conduct in an official capacity that detracts from the public's faith in the integrity of the criminal justice system.

1. **Rationale:** Community cooperation with the police is a product of its trust that officers will act honestly and with impartiality. The peace officer, as the public's initial contact with the criminal justice system, must act in a manner that instills such trust.

2. Rules

- a) Peace officers shall carry out their duties with integrity, fairness and impartiality.

- b) Peace officers shall not knowingly make false accusations of any criminal, ordinance, traffic or other law violation. This provision shall not prohibit the use of deception during criminal investigations or interrogations as permitted under law.

- d) Peace officers shall take no action knowing it will violate the constitutional rights of any person.
- e) Peace officers must obey lawful orders but a peace officer must refuse to obey any order the officer knows would require the officer to commit an illegal act. If in doubt as to the clarity of an order the officer shall, if feasible, request the issuing officer to clarify the order. An officer refusing to obey an order shall be required to justify his or her actions.
- f) Peace officers learning of conduct or observing conduct that is in violation of any law or policy of this agency shall take necessary action and report the incident to the officer's immediate supervisor who shall forward the information to the CLEO. If the officer's immediate supervisor commits the misconduct the officer shall report the incident to the immediate supervisor's supervisor.

C. PRINCIPLE THREE

Peace officers shall perform their duties and apply the law impartially and without prejudice or discrimination.

1. **Rationale:** Law enforcement effectiveness requires public trust and confidence. Diverse communities must have faith in the fairness and impartiality of their police. 2. **Rules**
 - a) Peace officers shall provide every person in our society with professional, effective and efficient law enforcement services.
 - b) Peace officers shall not allow their law enforcement decisions to be influenced by race, color, creed, religion, national origin, gender, marital status, or status with regard to public assistance, disability, sexual orientation or age.

D. PRINCIPLE FOUR

Peace officers shall not, whether on or off duty, exhibit any conduct which discredits themselves or their agency or otherwise impairs their ability or that of other officers or the agency to provide law enforcement services to the community.

1. **Rationale:** A peace officer's ability to perform his or her duties is dependent upon the respect and confidence communities have for the officer and law enforcement officers in general. Peace officers must conduct themselves in a manner consistent with the integrity and trustworthiness expected of them by the public.

When medications are prescribed, the officer shall inquire of the prescribing physician whether the medication will impair the officer in the performance of the officer's duties. The officer shall immediately notify the officer's supervisor if a prescribed medication is likely to impair the officer's performance during the officer's next scheduled shift.
- d) Peace officers, whether on or off duty, shall not engage in any conduct which the officer knows, or should reasonably know, constitutes sexual harassment as defined under Minnesota law, including but not limited to; making unwelcome sexual advances, requesting sexual favors, engaging in sexually motivated physical contact or other verbal or physical conduct or communication of a sexual nature.
- e) Peace officers shall not commit any acts which constitute sexual assault or indecent exposure as defined under Minnesota law. Sexual assault does not include a frisk or other search done in accordance with proper police procedures.
- f) Peace officers shall not commit any acts which, as defined under Minnesota law, constitute (1) domestic abuse, or (2) the violation of a court order restraining the officer from committing an act of domestic abuse or harassment, having contact with the petitioner, or excluding the peace officer from the petitioner's home or workplace.
- g) Peace officers, in the course of performing their duties, shall not engage in any sexual contact or conduct constituting lewd behavior including but not limited to, showering or receiving a massage in the nude, exposing themselves, or making physical contact with the nude or partially nude body of any person, except as pursuant to a written policy of the agency.
- h) Peace officers shall avoid regular personal associations with persons who are known to engage in criminal activity where such associations will undermine the public trust and confidence in the officer or agency. This rule does not prohibit those associations that are necessary to the performance of official duties or where such associations are unavoidable because of the officer's personal or family relationships.

E. PRINCIPLE FIVE

Peace officers shall treat all members of the public courteously and with respect.

[609.06 Authorized Use of Force](#)

1) PURPOSE

The First Amendment to the Constitution of the United States of America states, "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof, or abridging the freedom of speech or of the press, or the right of the people peaceably to assemble and to petition the Government for a redress of grievances."

The Bill of Rights in Article 1 of the [Minnesota Constitution](#) addresses the rights of free speech and the liberty of the press. However, neither the state nor federal constitutions protect criminal activity or threats against citizens, businesses, or critical infrastructure.

The [\(law enforcement agency\)](#) supports all people's fundamental right to peaceably assemble and their right to freedom of speech and expression.

The purpose of this policy is to provide guidelines to the [\(law enforcement agency\)](#) personnel regarding the application and operation of acceptable law enforcement actions addressing public assemblies and First Amendment Activity.

2) POLICY

The [\(law enforcement agency\)](#) will uphold the constitutional rights of free speech and assembly while using the minimum use of physical force and authority required to address a crowd management or crowd control issue.

The policy of the [\(law enforcement agency\)](#) ("department") regarding crowd management and crowd control is to apply the appropriate level of direction and control to protect life, property, and vital facilities while maintaining public peace and order during a public assembly or First Amendment activity. Department personnel must not harass, intimidate, or discriminate against or unreasonably interfere with persons engaged in the lawful exercise of their rights.

This policy concerning crowd management, crowd control, crowd dispersal, and police responses to violence and disorder applies to spontaneous demonstrations, crowd event situations, and planned demonstration or crowd events regardless of the permit status of

the event.

This policy is to be reviewed annually.

3) DEFINITIONS

- A. Chemical Agent Munitions: Munitions designed to deliver chemical agents from a launcher or hand thrown.
- B. Control Holds: Control holds are soft empty hand control techniques as they do not involve striking.
- C. Crowd Management: Techniques used to manage lawful public assemblies before, during, and after an event. Crowd management can be accomplished in part through coordination with event planners and group leaders, permit monitoring, and past event critiques.
- D. Crowd Control: Techniques used to address unlawful public assemblies.
- E. Deadly Force: Force used by an officer that the officer knows, or reasonably should know, creates a substantial risk of causing death or great bodily harm. (Reference: (law enforcement agency's) Use of Force Policy, MN Statutes [609.06 and 609. 066](#))
- F. Direct Fired Munitions: Less-lethal impact munitions that are designed to be direct fired at a specific target.
- G. First Amendment Activities: First Amendment activities include all forms of speech and expressive conduct used to convey ideas and/or information, express grievances, or otherwise communicate with others and include both verbal and non-verbal expression. Common First Amendment activities include, but are not limited to, speeches, demonstrations, vigils, picketing, distribution of literature, displaying banners or signs, street theater, and other artistic forms of expression. All these activities involve the freedom of speech, association, and assembly and the right to petition the government, as guaranteed by the United States Constitution and the [Minnesota State Constitution](#).

The government may impose reasonable restrictions on the time, place, or manner of protected speech, provided the restrictions are justified without reference to the content of the regulated speech, that they are narrowly tailored to serve a significant governmental interest, and that they leave open ample alternative channels for communication of the information.

- H. Great Bodily Harm: Bodily injury which creates a high probability of death, or which causes serious, permanent disfigurement, or which causes a permanent or protracted loss or impairment of the function of any bodily member or organ or other serious bodily harm. (Reference: (law enforcement agency's) Use of Force Policy, MN Statutes [609.06 and 609. 066](#))
- I. Legal Observers – Individuals, usually representatives of civilian human rights agencies, who attend public demonstrations, protests and other activities. The following may be indicia of a legal observer: Wearing a green National Lawyers' Guild issued or authorized Legal Observer hat and/or vest (a green NLG hat and/or black vest with green labels) or wearing a blue ACLU issued or authorized legal observer vest.
- J. Less-lethal Impact Munitions. Impact munitions which can be fired, launched, or

otherwise propelled for the purpose of encouraging compliance, overcoming resistance or preventing serious injury without posing significant potential of causing death.

- K. **Media:** Media means any person who is an employee, agent, or independent contractor of any newspaper, magazine or other periodical, book publisher, news agency, wire service, radio or television station or network, cable or satellite station or network, or audio or audiovisual production company, or any entity that is in the regular business of news gathering and disseminating news or information to the public by any means, including, but not limited to, print, broadcast, photographic, mechanical, internet, or electronic distribution. For purposes of this policy, the following are indicia of being a member of the media: visual identification as a member of the press, such as by displaying a professional or authorized press pass or wearing a professional or authorized press badge or some distinctive clothing that identifies the wearer as a member of the press.

4) Law Enforcement Procedures

- A. **Uniform:** All officers responding to public assemblies must at all times, including when wearing protective gear, display their agency name and a unique personal identifier in compliance with this department's uniform policy. The chief law enforcement officer must maintain a record of any officer(s) at the scene who is not in compliance with this requirement due to exigent circumstances.
- B. **Officer conduct:**
1. Officers shall avoid negative verbal engagement with members of the crowd. Verbal abuse against officers does not constitute a reason for an arrest or for any use of force against such individuals.
 2. Officers must maintain professional demeanor and remain neutral in word and deed despite unlawful or anti-social behavior on the part of crowd members.
 3. Officers must not take action or fail to take action based on the opinions being expressed.
 4. Officers must not interfere with the rights of members of the public to observe and document police conduct via video, photographs, or other methods unless doing so interferes with on-going police activity.
 5. Officers must not use a weapon or munition unless the officer has been trained in the use and qualified in deployment of the weapon/munition.
 6. This policy does not preclude officers from taking appropriate action to direct crowd and vehicular movement; enforce ordinances and statutes; and to maintain the safety of the crowd, the general public, law enforcement personnel, and emergency personnel.

5. Responses to Crowd Situations

- A. **Lawful assembly.** Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest, or otherwise express their views and opinions through varying forms of communication including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills, leafleting and

loitering.

B. Unlawful assembly

1. The definition of an unlawful assembly has been set forth in Minnesota Statute [§609.705](#).
2. The mere failure to obtain a permit, such as a parade permit or sound permit, is not a sufficient basis to declare an unlawful assembly
3. The fact that some of the demonstrators or organizing groups have engaged in violent or unlawful acts on prior occasions or demonstrations is not grounds for declaring an assembly unlawful.
4. Whenever possible, the unlawful behavior of a few participants must not result in the majority of peaceful protestors being deprived of their First Amendment rights, unless other participants or officers are threatened with dangerous circumstances.
5. Unless emergency or dangerous circumstances prevent negotiation, crowd dispersal techniques must not be initiated until after attempts have been made through contacts with the police liaisons and demonstration or crowd event leaders to negotiate a resolution of the situation so that the unlawful activity will cease, and the First Amendment activity can continue.

C. Declaration of Unlawful Assembly

1. If the on-scene supervisor/incident commander has declared an unlawful assembly, the reasons for the declaration and the names of the decision maker(s) must be recorded. The declaration and dispersal order must be announced to the assembly. The name(s) of the officers announcing the declaration should be recorded, with the time(s) and date(s) documented.
2. The dispersal order must include:
 - a) Name, rank of person, and agency giving the order
 - b) Declaration of Unlawful Assembly and reason(s) for declaration
 - c) Egress or escape routes that may be used
 - d) Specific consequences of failure to comply with dispersal order
 - e) How long the group has to comply
3. Whenever possible, dispersal orders should also be given in other languages that are appropriate for the audience. Officers must recognize that not all crowd members may be fluent in the language(s) used in the dispersal order.
4. Dispersal announcements must be made in a manner that will ensure that they are audible over a sufficient area. Dispersal announcements-must be made from different locations when the demonstration is large and noisy. The dispersal announcements should be repeated after commencement of the dispersal operation so that persons not present at the original broadcast will understand that they must leave the area. The announcements must also specify adequate egress or escape routes. Whenever possible, a minimum of two escape/egress routes shall be identified and announced.

D. Crowd Dispersal

1. Crowd dispersal techniques should not be initiated until officers have made repeated announcements to the crowd, or are aware that repeated announcements

- have been made, asking members of the crowd to voluntarily disperse, and informing them that, if they do not disperse, they will be subject to arrest.
2. Unless an immediate risk to public safety exists or significant property damage is occurring, sufficient time will be allowed for a crowd to comply with officer commands before action is taken.
 3. If negotiations and verbal announcements to disperse do not result in voluntary movement of the crowd, officers may employ additional crowd dispersal tactics, but only after orders from the on-scene supervisor/incident commander. The use of these crowd dispersal tactics shall be consistent with the department policy of using the minimal officer intervention needed to address a crowd management or control issue.
 4. If, after a crowd disperses pursuant to a declaration of unlawful assembly and subsequently participants assemble at a different geographic location where the participants are engaged in non-violent and lawful First Amendment activity, such an assembly cannot be dispersed unless it has been determined that it is an unlawful assembly, and a new declaration of unlawful assembly has been made.

6. Tactics and Weapons to Disperse or Control a Non-Compliant Crowd

Nothing in this policy prohibits officers' abilities to use appropriate force options to defend themselves or others as defined in the (law enforcement agency's) Use of Force policy.

A. Use of Batons

1. Batons must not be used for crowd control, crowd containment, or crowd dispersal except as specified below.
2. Batons may be visibly displayed and held in a ready position during squad or platoon formations.
3. When reasonably necessary for protection of the officers or to disperse individuals in the crowd pursuant to the procedures of this policy, batons may be used in a pushing, pulling, or jabbing motion. Baton jabs must not be used indiscriminately against a crowd or group of persons but only against individuals who are physically aggressive or actively resisting arrest. Baton jabs should not be used in a crowd control situation against an individual who is attempting to comply but is physically unable to disperse or move because of the press of the crowd or some other fixed obstacle.
4. Officers must not strike a person with any baton to the head, neck, throat, kidneys, spine, or groin, or jab with force to the armpit unless the person has created an imminent threat of great bodily harm to another.
5. Batons shall not be used against a person who is handcuffed except when permissible under this department's Use of Force policy and state law.

B. Restrictions on Crowd Control and Crowd Dispersal

1. Canines. Canines must not be used for crowd control, crowd containment, or crowd dispersal.
2. Fire Hoses. Fire hoses must not be used for crowd control, crowd containment, or crowd dispersal.
3. Electronic Control Weapons (ECWs) must not be used for crowd control, crowd

containment, or crowd dispersal.

4. Motorcycles and police vehicles must not be used for crowd dispersal, but may be used for purposes of observation, visible deterrence, traffic control, transportation, and area control during a crowd event.
5. Skip Fired Specialty Impact Less-Lethal Munitions (Wooden Dowels and Stinger Grenades) may be used as a last resort if other crowd dispersal techniques have failed or have been deemed ineffective.
6. Direct Fired munitions may never be used indiscriminately against a crowd or group of persons even if some members of the crowd or group are violent or disruptive.
 - a) Except for exigent circumstances, the on-scene supervisor/incident commander must authorize the deployment of Direct Fired munitions. Direct Fired munitions must be used only against a specific individual who is engaging in conduct that poses an immediate threat of loss of life or serious bodily injury to them self, officers, or the general public; or is creating an imminent risk to the lives or safety of other persons through the substantial destruction of property.
 - b) Officers shall not discharge a Direct Fired munitions at a person's head, neck, throat, face, left armpit, spine, kidneys, or groin unless deadly force would be justified.
 - c) When circumstances permit, the on-scene supervisor/incident commander must make an attempt to accomplish the policing goal without the use of Direct Fired munitions as described above, and, if practical, an audible warning shall be given to the subject before deployment of the weapon.
7. Aerosol Hand-held Chemical Agents must not be used in a demonstration or crowd situation or other civil disorders without the approval of the on-scene supervisor/incident commander.
 - a) Aerosol, hand-held, pressurized, containerized chemical agents that emit a stream shall not be used for crowd management, crowd control, or crowd dispersal during demonstrations or crowd events. Aerosol hand-held chemical agents may not be used indiscriminately against a crowd or group of persons, but only against specific individuals who are engaged in specific acts of serious unlawful conduct or who are actively resisting arrest.
 - b) Officers shall use the minimum amount of the chemical agent necessary to overcome the subject's resistance.
 - c) When possible, persons should be removed quickly from any area where hand held chemical agents have been used. Officers must monitor the subject and pay particular attention to the subject's ability to breathe following the application of a chemical agent.
 - d) A subject who has been sprayed with a hand-held chemical agent shall not be left lying on their stomach once handcuffed or restrained with any device.
9. Chemical munitions use in a crowd situation is subject to the following:
 - a) Chemical munitions must be used only when:
 - 1) a threat of imminent harm or serious property damage is present, or

other crowd dispersal techniques have failed or did not accomplish the policing goal as determined by the incident commander,

- 2) sufficient egress to safely allow the crowd to disperse exists, and
 - 3) The use of chemical munitions is approved by the on-scene supervisor/incident commander, and
- b) When feasible, additional announcements should be made prior to the use of chemical munitions in a crowd situation warning of the imminent use of chemical munitions.
 - c) Deployment of chemical munitions into a crowd must be avoided to prevent unnecessary injuries.
 - d) CN chemical munitions are prohibited.
 - e) The use of each chemical munition must be recorded (time, location), and the following information must be made available by the department on request :
 - 1) the name of each chemical munition used in an incident,
 - 2) the location and time of use for each munition deployment,
 - 3) access to the safety data sheet (SDS) for chemical munition
 - f) Where extensive use of chemical munitions would reasonably be anticipated to impact nearby residents or businesses, agencies should consider proactively notifying impacted individuals of safety information related to the munitions use as soon as possible, even if after the event.
 - g) When chemical munitions are used, an emergency responder will be on standby at a safe distance near the target area when feasible.
 - h) Chemical munitions are subject to the same procedural requirements as outlined in the (law enforcement department)'s UOF policy.

C. Arrests

1. If the crowd has failed to disperse after the required announcements and sufficient time to disperse, officers may encircle the crowd or a portion of the crowd for purposes of making multiple simultaneous arrests.
2. Persons who make it clear (e.g., by non-violent civil disobedience) that they seek to be arrested may be arrested and must not be subjected to other dispersal techniques, such as the use of batons or chemical agents. Persons refusing to comply with arrest procedures may be subject to the reasonable use of force.
3. Arrests of non-violent persons shall be accomplished by verbal commands and persuasion, handcuffing, lifting, carrying, the use of dollies and/or stretchers, and/or the use of soft empty hand control holds.
4. Officers must document any injuries reported by an arrestee, and as soon as practical, officers must obtain professional medical treatment for the arrestee.
5. Juveniles arrested in demonstrations shall be handled consistent with department policy on arrest, transportation, and detention of juveniles.
6. Officers arresting a person with a disability affecting mobility or communication must follow the department policy on arrest, transportation, and detention of persons with disabilities.

6. Handcuffs

- A. All persons subject to arrest during a demonstration or crowd event shall be handcuffed in accordance with department policy, orders, and training bulletins.
- B. Officers should be cognizant that flex-cuffs may tighten when arrestees hands swell or move, sometimes simply in response to pain from the cuffs themselves. When arrestees complain of pain from overly tight flex cuffs, officers must examine the cuffs and ensure proper fit.
- C. Arrestees in flex-cuffs must be monitored to prevent injury.
- D. Each unit involved in detention and/or transportation of arrestees with flex-cuffs should have a flex-cuff cutter and adequate supplies of extra flex-cuffs readily available.

- C. Officers will not arrest members of the media unless they are physically obstructing lawful efforts to disperse the crowd, or efforts to arrest participants, or engaged in criminal activity.
- D. The media must not be targeted for dispersal or enforcement action because of their media status.
- E. Even after a dispersal order has been given, clearly identified media must be permitted to carry out their professional duties unless their presence would unduly interfere with the enforcement action.

8. Legal Observers

- A. Legal observers, including unaffiliated self-identified legal observers and crowd monitors, do not have the same legal status as the media, and are subject to laws and orders similar to any other person or citizen.
- B. Legal observers and monitors must comply with all dispersal orders unless the on-site supervisor/incident commander chooses to allow such an individual legal observers and monitors to remain in an area after a dispersal order.
- C. Legal observers and crowd monitors must not be targeted for dispersal or enforcement action because of their status.

9. Documentation of Public Assembly and First Amendment Activity

- A. The purpose of any visual documentation by (law enforcement agency) of a public assembly or first amendment activity must be related only to:
 - 1) Documentation of the event for the purposes of debriefing,
 - 2) Documentation to establish a visual record for the purposes of responding to citizen complaints or legal challenges, or
 - 3) Creating visual records for training purposes.

- B. If it is the policy of (law enforcement agency) to videotape and photograph, it must be done in a manner that minimizes interference with people lawfully participating in First Amendment activities. Videotaping and photographing of First Amendment activities must take place only when authorized by the on-site supervisor/incident commander.
 - C. Individuals should not be singled out for photographing or recording simply because they appear to be leaders, organizers, or speakers.
 - D. Unless evidence of criminal activity is provided, videos or photographs of demonstrations shall not be disseminated to other government agencies, including federal, state, and local law enforcement agencies. If videos or photographs are disseminated or shared with another law enforcement agency, a record should be created and maintained noting the date and recipient of the information.
 - E.  - F. This directive shall not prohibit department members from using these videos or footage from such videos as part of training materials for officers in crowd control and crowd dispersal techniques and procedures.
