Responses to Questions on the RFP

1. Can you provide a standard pharmacy file (our template / field list attached)?

   We have provided an additional file that you can request from Jennifer Bisciglia-Heideman that is called "Dakota County – Prescription Drug Claims.xls". This provides most of the fields you are requesting. We are not providing formulary indicator, paid tier, and specialty indicator. It is expected that you can look up those fields since we have provided the NDC.

2. Can you provide census data for the Post-65 Group Medicare Retiree population? This was not included in census received.
   A new Census file with Post 65 was added to the census file and emailed out to all vendors.

3. It is vendor policy to produce proposals in electronic format for email submission. We do not produce hard copy proposal. Please confirm that is acceptable to the County.

   Yes, this acceptable.

4. The Geo Access specifications note as question 60 of the *Appendix H – Questionnaire* are different than those found in the *Appendix F - Pharmacy Network Match* and *Appendix D - Medical Provider Network Match* spreadsheets. Please confirm we should provide the data as requested in the spreadsheets only.
   Yes, please provide the data as requested in the Appendix F and Appendix D spreadsheets only; and ignore the specifications in Q.60 of Appendix H.

5. On the 2023 Experience provided, it is labeled as being only medical claims. Can we please get monthly pharmacy paid claims for 2023?

   Yes, this will be emailed out to all vendors from Jennifer Bisciglia-Heideman

6. We received 2023 Experience and 2023 Large Claims. Can we get the same data for 2022? If so, can we be sure what is provided includes monthly pharmacy paid claims for 2022 as well?

   Yes, this will be posted to external site and emailed out to all vendors from Jennifer Bisciglia-Heideman

7. Can you provide current Stop Loss premiums, ASO fees and Claim factors by plan?

   Yes, this will be posted to external site and emailed out to all vendors from Jennifer Bisciglia-Heideman
