

NW Northfield Highway Corridor Study

Next Steps

- The next step in the NW Northfield Highway Corridor Study process is to develop alternative highway corridors.
- These corridors will be developed based in part, on the input received at the January 31st Open House.
- The range of alternatives developed will be shared at the next Public Open House, scheduled for Spring 2008.
- These alternatives will then be evaluated based on a range of community, natural resource, and engineering criteria.
