

CONSTRUCTION UPDATE

County Road 56

Inver Grove Heights & South St Paul

April 7, 2010

Thank you for your patience while we make important improvements to increase safety and upgrade city utilities on County Road 56.

WHAT'S BEING DONE?

A 1.1-mile section of County Road 56 (Concord Street) is being reconstructed from 70 feet south of 65th Street in Inver Grove Heights to 1,100 feet south of Dale Place in South St Paul. The work will include retaining walls, sidewalk, and new curb and gutter. The underground utilities will be replaced, such as storm sewer, sanitary sewer, and water main.

WHEN WILL WORK TAKE PLACE?

Work on the roadway will begin on the south end of the project on Monday, April 12. County Road 56 will be open to local traffic only from 65th Street to 63rd Street. Traffic should use alternate routes.

WHAT SHOULD I EXPECT?

Reconstruction of County Road 56 will be done in segments starting on the south end of the project and work northward. Each segment is anticipated to take approximately two months to complete. Reconstruction of the roadway should finish up in November. The final layer of pavement will be placed in 2011. Each segment will be open to local traffic only while being reconstructed.

County Road 56 will be reconstructed between 65th Street and 63rd Street beginning on Monday, April 12. Private utility companies will continue to relocate their facilities in coordination with construction. This segment will take approximately two months to complete. The next segment of County Road 56 between 63rd Street and Upper 61st Path is scheduled to begin in May.

Access to residences and businesses will remain open throughout construction.
