

CONSTRUCTION UPDATE

2010 Dakota County Overlays

July 28, 2010

Thank you for your patience while we make improvements to the surface of the roadway.

WHAT'S BEING DONE?

Each year Dakota County rehabilitates approximately 25 miles of pavement. The 2010 overlays include work on County Roads 30, 32, 46, 80, 83, 86, 88, 91, and Keokuk Avenue. A map is attached on the backside of this update showing the construction locations.

This year's contractor, McNamara Contracting, Inc., will be placing new asphalt on the driving lanes and in most cases the shoulders of the roads. The end product will be a better looking, longer lasting and smoother roadway.

WHEN WILL WORK TAKE PLACE?

Work on County Road 46 from the Vermillion River bridge (east of 31st Street) to Trunk Highway 61 is scheduled to begin on Monday, August 2 at 9:00 AM. At that time, the road will close to traffic. The existing pavement will be milled and paved. This work will take one week to complete, and the road will reopen to traffic on Friday, August 6 at 3:00 PM. Traffic should follow the posted detour

WHAT SHOULD I EXPECT?

The road will be closed throughout construction. Please see the map on the back of this sheet for detour information. For the safety of both the residents and the workers, we ask for your patience.
