

ATTENTION METRO FOURTH GRADE TEACHERS. You and your class are invited to register for the:

2017 Metro Area Children's Water Festival (4TH grade)

WEBSITE: www.MetroCWF.org

Purpose

The purpose of the festival is to raise participant's understanding of water in everyday life. Through understanding the water cycle, and other related natural resources, participants learn to appreciate their natural environment and our abundant water resources.

Who Should Attend

The Festival is open to all Metro Area 4th grade classes and homeschool students.

Where and When

Minnesota State Fairgrounds
Wednesday, September 27 2017
Arrive: between 9:00 to 10:30 a.m.
Depart: between 1:30 to 2:30 p.m.

4th Grade Standards

This festival is geared to fourth grade students to match the Minnesota science standards for water lessons that are part of the education benchmarks.

This year's festival promises to be exciting with over 26 learning stations and interactive displays including:

- ◆ Wetland Metaphors
- ◆ Waterways and Flyways
- ◆ Build Your Own Aquifer
- ◆ Would You Drink This Water?

Students will participate in presentations by professionals in education and environmental fields. The learning stations are located inside and outside. The Science Museum's production: WATER! will return for an encore performance. Each participant will receive educational materials. PLEASE NOTE: Lunch will be the responsibility of school/student.

Cost

The sponsors are paying the cost of the festival.

Cost - Busing

We may be able to provide limited busing stipends on an as-needed basis if sufficient funds are available.

Sponsors

The Metro Area Ground Water Alliance (MAGWA) is sponsoring the Festival in cooperation with:

- MN Board of Water and Soil Res.
- MN Dept. of Natural Resources
- MN Department of Health
- MN Pollution Control Agency
- Metropolitan Council
- U of M Cooperative Extension
- Metro Watershed Dist.
- Metro counties & municipalities
- and many others.

Registration Information

To register, fill out the form and mail it to the address below. **YOUR REGISTRATION MUST BE POSTMARKED BY March 31, 2017.** Unfortunately, we are limited in the number of students we can accommodate so a random drawing will select classes (an equal number from each county) until we reach our capacity. First preference in the lottery will be to classes/schools that did not attend in the previous year.

Classes registered before the deadline will be entered into the drawing. You are encouraged to register each class separately. At least 6 classrooms will be selected from each county.

Classes are selected by lottery drawing. Lottery results will be posted on the Metro Children's Water Festival Webpage (www.MetroCWF.org). Details about the Festival will be provided to the selected classes at a later date.

For more information call Bart Biernat at (763) 422-6985.

Mail/Fax/Email to:
