Performance Measure Results

State Standard Measures Program 2016

BACKGROUND

In 2010, the state Legislature created the Council on Local Results and Innovation to develop standard performance measures for Minnesota cities and counties. In February 2011, the Council released a standard set of performance measures to help residents, taxpayers, and elected officials determine whether counties provide services efficiently and effectively, and to measure residents' opinions of those services. In 2011, Dakota County voluntarily agreed to participate in the program. To meet 2016 program requirements, the following results are reported for the 10 adopted measures using the most recent data available.

PUBLIC SAFETY

PART I AND II CRIME

Part I crimes include murder, rape, aggravated assault, burglary, larceny, motor vehicle theft, arson, and human trafficking. Part II crimes include other assaults, forgery/counterfeiting, embezzlement, stolen property, vandalism, weapons, prostitution, other sex offenses, narcotics, gambling, family/children crime, D.U.I., liquor laws, disorderly conduct, and other offenses. The figures are rates per 1,000 residents (2015).

PUBLIC WORKS

AVERAGE COUNTY PAVEMENT CONDITION RATING

The Minnesota Department of Transportation rates Dakota County roads every two years on a scale from 0 (poor) to 100 (excellent) based on the types of pavement distresses and the smoothness of the surface (2014).
