This project seeks to replace most, if not all the Northern Service Center (NSC) roof. The alternate within this bid would add a large section of roof replacement to the project that could otherwise be left out of the project and happen another time if the budget so required.

Bids must be submitted only on the bid form supplied in this RFB document. No oral, telegraphic or telephonic bids or modifications will be considered. Submit with each bid a certified check or acceptable bidder’s bond payable to Dakota County in an amount equal to five percent (5%) of the total base bid. The successful bidder is required to furnish satisfactory Labor and Material Payment Bond and Performance Bond equal to 100% of the total contract amount.

Bids may not be withdrawn within sixty (60) days after the opening bids. The Dakota County Board of Commissioners pre-authorized this bid award via Resolution No. 26-039 (January 20, 2026) so long as the low bid is under the estimated construction cost. Dakota County still reserves the right to accept any bid or to reject any or all bids, or parts of such bids, and waive informalities or irregularities in bidding. The estimated construction cost is approximately \$1,550,000.
