INTRODUCTION AND PROGRAM DESCRIPTION

A. General Background

Dakota County is soliciting proposals to conduct ecological management and restoration activities at the Benjamin Conservation Easement in Dakota County, MN. The site is located at 13120 Lock Blvd., Hastings, MN. Funding for the project comes from the Minnesota Outdoor Heritage Fund. Friends of the Mississippi River has been hired to lead project management at this location and will be the Contractor's primary point of contact.

This site is a private conservation easement owned by the Benjamin family. The goals of this project are to expand and improve existing native plant communities and subsequently build habitat corridors both within the Benjamin easement's 32 acres and to connect the enhanced natural areas to nearby habitat.

B. Program Objectives

The Benjamins have conducted a range of restoration work to date which provides a foundation for this restoration project. The project includes conversion of an upland old field, an agricultural field, and former pasture into native grassland and prairie. Once fully restored, these units will comprise nearly 20 acres of tallgrass prairie habitat, benefitting songbird and insect populations.

Restoration of the woodlands into savanna-like systems will require considerable tree removal and oak planting, but the units are small enough that savanna restoration is possible. Full restoration of the riparian woodland will be challenging because of its extremely steep slope; the goal for this unit is to manage woody invasive species as feasible and to establish a native shrub understory to benefit early-season pollinators.

A 2024 natural resources management plan written by FMR guides this work.

The submitted proposal will include:

- A narrative detailing the proposed methodology and timeline for buckthorn removal and management (tasks a and e) within units 3 and 7. What method(s) and equipment will be used to manage mature buckthorn? How will resulting woody debris be disposed of?
- A narrative describing the Contractor's proposed methodology for tracking and communicating work accomplished and ensuring quality control and adherence to performance standards for all work outlined in this RFP.

C. Site Access

The Benjamin Easement can be accessed from a gate to the east of the driveway and homestead area (44.756493, -92.886342). Contact FMR at least 24 hours in advance of any site visit.

SCOPE OF SERVICES

Tasks and Schedule

Task a. Tree removal

Unit	Year	Preferred Season	Tree Removal (Task a) Activity Notes	Acres
Unit 1	2025	Fall/Winter	Remove all trees except oaks. Pile and burn material.	1.7
Unit 2	2025	Early Fall	Cut and stump treat encroaching woody species on perimeter of unit. Move cut material into interior of unit (scattered not piled).	4.2
Unit 3	2025	Fall/Winter	Remove marked trees and all non-native shrubs.	2.8
Unit 4	2025	Fall/Winter	Remove all trees (4 trees). Cut and stump treat shrubs surrounding tree in center of the unit.	0.7
Unit 5	2025	Fall/Winter	Remove woody invasive species by cut and stump treatment for all stems over 3' tall or greater than 2" diameter. Management area restricted to accessible portions of top of slope.	1.3
Unit 7	2025	Fall/Winter	Remove marked trees and all non-native shrubs.	3.9

Woody species and size classes designated for removal within Work Units are provided in the table above. Contractor is to provide all herbicide. All cut stumps shall be treated with County-approved herbicide containing dye (to facilitate Contractor spraying and County inspecting) immediately after being cut with a chainsaw, brush saw, or hand saw (on slopes >25%), or other equipment (on slopes <25%). Cut stems shall be cut flat and not exceed 2" from the ground. If significant snow depth is present, the Contractor shall discuss appropriate height with the County.

All material, including boles, stems and branches, must be removed from site or burned. Please note that Dakota County is under quarantine for Emerald Ash Borer, and the movement of ash wood is regulated.

Forestry mowing shall be done in a manner that does not cause rutting or other damage to trails or soil. Mulch/woody debris shall represent no more than 20% of the visible cover in any given area that will receive seed. This preparation may be accomplished through mechanical grazing, harrowing, hand raking, or other means proposed by the Contractor and approved by Dakota County.

Brush Piles for Burning:

When creating brush piles for burning, Contractor shall secure all required permits and approvals prior to ignition. Piles shall be spaced as necessary to minimize dragging of cut material over long distances. Brush piles shall be located in areas without canopy branches or stems of preserved trees overhanging the piles or endangered by fire. Ensure no debris (trash, plastic, etc.) other than the cut brush is placed in the burn piles. Contractor shall remedy plant mortality caused by burn piles by prepping and reseeding burn pile areas. Ash and any remaining woody debris shall be dispersed by the Contractor, and the area shall be thoroughly raked prior to seeding. If unburned brush piles are left on site for burning, the County will withhold 25% of the bid total for Task "a" until the piles are burned and the soil impacted by them is prepped and seeded.

Chipping of cut woody material is not acceptable unless material is hauled off site. Hauling to burn piles is acceptable. Removal of brush from the Work Area shall be done in a manner that does not cause rutting or other damage to trails or soil.

Penalties:

Protection of desirable existing vegetation shall be the responsibility of the Contractor during woody plant removal and any burning of brush piles. The Contractor shall be liable for remedying damage to existing desirable vegetation. Damage is considered injury to 10% or more of the total diameter at breast height for any tree. The damaged tree shall be considered a total loss for the entire tree and Contractor will be penalized at a rate of up of \$10 per inch-dbh or per stem, whichever is higher.

Task b. Prescribed burn

Unit	Year	Preferred Season	Prescribed Burn (Task b) Activity Notes	Acres
Unit 1	2029	Spring	Protect bur oaks. Can be conducted in conjunction with unit 2 in 2029.	1.7
Unit 2	2025 and 2029	Fall	Consume cut slash in 2025 fire. Burn after October 10	2.8
Unit 3	2029	Spring	Can be conducted in conjunction with unit 4 in 2029.	2.8
Unit 4	2029	Spring	Can be conducted in conjunction with unit 3 in 2029.	0.7
Unit 6	2028	Fall	-	15.1
Unit 7	2028	Fall	Can be conducted in conjunction with unit 8.	3.9
Unit 8	2028	Fall	Can be conducted in conjunction with unit 7.	2.1

Contractor shall prepare, submit, and receive all necessary permits/approvals from appropriate entities prior to conducting prescribed burns. Burns shall be conducted under prescription conditions only.

Burn plans shall be created by the Contractor and submitted to the County by March 1 for spring burns and September 1 for fall burns. The County recognizes that all portions of a burn unit may not burn completely; therefore, the County Representative will work closely with the Contractor to develop reasonable burn objectives for each burn unit.

Contractor is responsible for preparing burn breaks and obtaining permission from adjacent landowners for any needed vehicle access, or water access. The Contractor will ensure an adequate water supply is available at the site at all times for the duration of the burn and mop-up. A water tank on a mobile vehicle must be available at the site during the burn.

Contractor shall mow around any desirable or purchased trees in the area to be burned, including but not limited to: bur/white oak trees 1 inch in diameter and larger, patches of wild plum, and any tree with mulch around the base, others as identified by County.

Contractor shall notify the County at least 24 hours prior to commencement of a burn with additional communication needed for burns around facilities to confirm the site is not scheduled for public use. On the day of the burn, the following parties must be contacted: Department of Natural Resources, local fire marshal(s), Dakota County Dispatch, and County liaison.

Contractor will seek optimal burn conditions to meet project goals and burn plan objectives. If the Contractor believes that the objectives cannot be fully met, the Contractor must first discuss with the County before igniting. Contractor’s burn boss shall be onsite the duration of the running burn. Contractor’s crew shall be on site until all mop-up is complete and all possible sources of ignition are extinguished.

Contractor responsible for protecting all items not in the burn permit, including in part: all infrastructure, utilities, desirable vegetation, and private property. The Contractor shall be liable for remedying damage due to prescribed fire. **For any incident occurrence, Dakota County must be notified immediately:** primary contact: Logan Olson 651-456-8015. If not reachable, contact Meghan Manhatton 952-891-7108.

Unless directed otherwise by Dakota County, the Contractor shall perform a site inspection the day following a prescribed burn to ensure that re-ignition has not occurred.

Contractor will supply a per acre/per unit rate for this task. Different units may have different per acre rates.

Task c. Prepare work unit and install seed

Unit	Year	Preferred Season	Prepare Work Unit and Seed (Task c) Activity Notes	Acres
Unit 1	2025/26	Winter	Broadcast seed native oak savanna mix following woody removal. FMR to provide native seed, contractor to provide cover crop.	1.7
Unit 4	2025	Fall	Sculptures to be removed by owner prior to work commencing. Site prep burn is acceptable as part of Task c. FMR to provide native seed, contractor to provide cover crop.	0.7
Unit 8	2025 and 2026	Fall	Anticipate multiple site prep sprays. Drill seed prairie seed mix in Fall 2026. FMR to provide native seed, contractor to provide cover crop.	2.1

This task includes site preparation and seed installation.

Work Area Preparation:

Remove/kill invasive/weedy vegetation (including species in Attachment B and C) prior to installing native seed. If area to be seeded was treated with herbicide, Contractor shall follow all label requirements for seeding. Prescribed burning may be an acceptable component of Work Area preparation, but if used, it shall be invoiced as Task c (not Task b).

A suitable seedbed must be prepared and approved by the County Representative prior to seed installation. Soil must be loosened to a depth of ½”-1”. Mulch/woody debris shall represent no more than 20% of the visible cover in any given area. This preparation may be accomplished through mechanical grazing, harrowing, hand raking, or other means proposed by the Contractor and approved by Dakota County. Remaining stubble up to 2” is acceptable prior to drill seeding in Unit 8.

Seeding:

Dakota County/FMR will provide all seed for this project.

Seeding shall be preferentially conducted as a late fall dormant seeding (after October 15, but before the soil starts to freeze) or in early spring (as soon as the soil is free of frost and in a workable condition but no later than June 10). Discuss exceptions with the County.

Where obstructions (e.g., trees) are absent or limited, and slopes allow, install seed with no-till drill in two directions, perpendicular to one another. Areas that cannot be drilled may be broadcast seeded using a mechanical seeder that can evenly disperse all, including fluffy, seed. All seed shall be spread evenly throughout seeding zones. Within 24 hours, or as soon as Work Area conditions permit, seeded areas shall be rolled with a cultipacker perpendicular to the slope. Cultipacking may not be possible or practical in wet areas or in areas where soil preparation was non-intensive; therefore, gentle raking of seeded areas should be conducted to ensure good seed-to-soil contact.

Task d. Establishment management

Unit	Year	Preferred Season	Establishment Management (Task d) Activity Notes	Acres
Unit 1	Three growing seasons beginning immediately after seed installation	May - October	-	1.7

Unit	Year	Preferred Season	Establishment Management (Task d) Activity Notes	Acres
Unit 4	Three growing seasons beginning immediately after seed installation	May - October	-	0.7
Unit 6	Three growing seasons beginning immediately after seed installation	May - October	Seed was installed by landowner fall 2024, establishment mowing conducted by landowner in 2025.	15.1
Unit 8	Three growing seasons beginning immediately after seed installation	May - October	-	2.1

Timing

For units 1, 4, and 8 the Establishment Management period begins the first day of the quarter following completion of Task c. Prepare Work Area and Install Seed.

For unit 6 the Establishment Management period begins with Q1 2026 (December 16, 2025-May 31, 2026).

Invoice Schedule

For Establishment Management, invoices may be submitted quarterly, for work completed during the time periods outlined below:

Q1: December 16-May 31

Q2: June 1 - July 31

Q3: August 1 - September 30

Q4: October 1 - December 15

Example: If seed installation occurs in the fall of 2026, the Establishment Management period begins on the first day of the next quarter, or December 16. If the Contractor successfully meets Checkpoint 1 Performance Standards, an invoice for Q1 of the 2027 growing season can be submitted on May 31, 2027 for 25% of the total the amount indicated on the bid tab for Task "c" (prorated if the task is not 100% complete). Invoices for subsequent quarters of 2026 (Q2, Q3, and Q4) can be submitted per the schedule outlined above for the same amount of 25% of the total amount indicated on the bid tab schedule. Beginning the following growing season (2027), Checkpoint 2 of the Performance Standard must be met to receive full payment (25% of the total bid) each quarter.

Activities

Establishment Mowing

Establishment mowings will occur following installation of native seed for the establishment of prairie or oak savanna. At no time is the vegetation to be taller than 12", and mowing height shall be no less than 6". Do not allow vegetation to grow so tall that it smothers growth when cut. Do not mow immediately after rain when cut vegetation will clump.

Invasive Woody Species Control

Invasive woody species designated for removal/control are provided in [Attachment B](#). Use County-approved foliar herbicide in late fall, to minimize damage to desirable vegetation. Herbicide application instructions given on the label shall be followed at all times. Dye shall be used to facilitate Contractor spraying and County inspection. Care shall be taken not to affect non-target vegetation.

Invasive Herbaceous Species Control

Manage all herbaceous species listed in [Attachment C](#). These species should not be permitted to set viable seed, and some hand pulling or spot mowing may be required in order to achieve the performance standard. Herbicide applications to these species should be made at the most biologically appropriate time.

Examples: Garlic mustard rosettes should be treated with glyphosate in early spring, prior to bolt. All bolting plants must be hand pulled and removed from the site. Canada thistle and reed canary grass should be chemically treated after September 1st. Mechanical methods to eliminate seed production may be required earlier in the season to achieve the performance standard.

It is the County's expectation that at least 95% of the potential seed producing invasive and noxious weeds have been controlled within the site, meaning that the mowed plants have been killed or at least prevented from setting seed. Contractor must give the County a 24-hour notice prior to being on site and a written follow-up report shall be submitted within 48 hours after mowing confirming the: target plant(s) and a map showing the location(s) mowed.

Equipment

For species in Attachment B and C, methods for mechanical control may include flail mower (rear discharge only), spot mowing with a weed whip or brush saw, or hand pulling. Other equipment may be used for mechanical control, with County approval.

Prior to applying chemical, the Contractor shall provide the County Representative with the chemical name and product label for approval. Chemical may be applied using backpack sprayers, ATV-mounted tank with spray wands, or approved alternative.

At no time will Contractor use heavy equipment without prior authorization by the County Representative, or use equipment that causes rutting, compaction or other damage to the soil, trails, or desirable vegetation.

Penalties

Protection of desirable existing vegetation shall be the responsibility of the Contractor. The Contractor shall be liable for remedying damage to existing desirable vegetation. Damage to desirable woody vegetation will be penalized at a rate of up of \$10 per inch dbh or per stem, whichever is higher. For any tree with injury to 50% or more of the total diameter at the area of injury, the tree shall be considered a total loss and the Contractor shall be assessed \$10 per inch dbh for the entire tree.

In areas where desirable herbaceous vegetation is killed or seriously damaged, these areas will be reseeded with the most appropriate seed mix listed in the attachment, or alternate approved by the County, and the area will come under Establishment Management at no additional charge to the County for the remainder of the contract period.

Task e. Vegetation Management

Unit	Start Year (end 12/31/ 2029)	Acres
Unit 1	2029	1.7

Unit 2	2026	4.2
Unit 3	2026	2.8
Unit 4	2029	0.7
Unit 5	2025	1.3
Unit 6	2028	15.1
Unit 7	2026	3.9

To be conducted in Units 2, 3, 5, and 7 beginning in Q1 2026.

To be conducted in Unit 6 beginning in Q1 2028.

To be conducted in Units 1 and 4 following the three year establishment management period (beginning Q1 2029 if the seed installation timing goes as scheduled).

Invoice Schedule:

For Vegetation Management, invoices may be submitted triennially, for work completed during the time periods outlined below:

Period 1: May 1 – June 14

Period 2: June 15 – August 14

Period 3: August 15 – November 15

Contractor must inspect each of the identified units in this contract a minimum of 3 times per growing season to manage invasive and noxious vegetation provided in Attachments C and D. It is the County's expectation that at least 95% of the potential seed producing invasive and noxious weeds have been controlled within the site during each quarter, meaning that the mechanically controlled or sprayed plants have been killed or prevented from seeding until the next appropriate spray window.

For woody species in Attachment C, including buckthorn and honeysuckle, fall foliar treatments will control at least 95% of all woody whips, resprouts and seedlings.

Contractor must give the County a 24-hour notice prior to being on site and a follow-up report shall be submitted within 48 hours after spraying confirming the: target plant(s), chemical(s) used, and a map showing the location sprayed.

Herbicide applicators must be able to accurately identify all invasive and noxious species listed in the weed control information. Label directions must be followed; active ingredient must be of sufficient percentage to effectively kill the target weeds. Herbicide application must follow label instructions and recommendations, and applicator must follow all industry safety standards. Any deviation from the recommended herbicide being used must be approved by the County. Dye shall be used to facilitate Contractor spraying and County inspection. Care shall be taken not to affect non-target vegetation.

Spot Mowing

Spot mowing will be used to control patches of certain invasive and noxious vegetation. County recommends use of a flail type mower or handheld weed trimmers; consult with the County before using any other type of equipment.

In areas where desirable herbaceous vegetation is killed or seriously damaged, these areas will be reseeded with the most appropriate seed mix listed in the attachment, or alternate approved by the County, and the area will come under Establishment Management at no additional charge to the County for the remainder of the contract period.

Task f. Overseeding

Unit	Year	Preferred Season	Overseeding (Task f) Activity Notes	Acres
Unit 2	2025	Late Fall	Hand broadcast forbs following prescribed burn. Assume ¼ of unit is to be seeded. FMR to provide seed.	1.1
Unit 3	2025	Fall/Winter	Broadcast seed following tree removal. FMR to provide seed.	2.8
Unit 5	2026	Spring	Broadcast seed following tree removal. FMR to provide seed.	1.3
Unit 7	2026	Spring	Broadcast seed following tree removal. FMR to provide seed.	3.9

The County/FMR will supply the native seed and seed rate to the Contractor. Contractor shall install seed with broadcast spreader or by hand broadcast. Seed will be evenly broadcast, at about 50 seeds per sq ft depending on the final amount of seed. Half the seed should be applied in one direction, then half in the crosswise direction.

The Contractor will evaluate regularly during seeding operations and adjust the broadcast rate. If post-seeding results clearly show areas that were missed, the Contractor will purchase and seed additional seed of the same mix at their own expense

Task g. Tree Planting

Unit	Year	Preferred Season	Tree Planting (Task g) Activity Notes	Trees
Unit 1	2026	Fall	Plant 30 #5 potted bur oaks, spaced throughout the unit. Include protection and a watering bag. Follow up watering 2x.	30
Unit 7	2026	Fall	Plant 20 #5 bur oak scattered across unit. Protect with tree tubes and water. Follow up watering 2x.	20

Contractor will purchase and plant a total of 50 #5 container bur oak (*Quercus macrocarpa*) trees. For potted trees, dig a hole 2-3 times wider than the root ball but no deeper than the container. Ensure that the top of the root ball is at ground level or slightly above. Water newly planted trees and apply a 3" layer of mulch around the base of each tree (2'-3' diameter). Protect from deer browse using 6' fencing and t-posts. Water bags should be installed at the time of planting and removed before 11/15/2026.

Supplemental watering shall occur twice following initial installation. Waterings shall occur whenever 1" of rainfall has not occurred during the prior 7 days.

Task h. Shrub Planting

Unit	Year	Preferred Season	Shrub Planting (Task h) Activity Notes	Shrubs
Unit 5	2026	Fall	Pollinator-supporting shrub planting at top of slope. 30 shrubs, protection, initial and 2 supplemental waterings.	30

Contractor will purchase and plant 30 #1-2 container shrubs: 10 low bush honeysuckle (*Diervilla lonicera*), 10 gray dogwood (*Cornus racemosa*), and 10 Serviceberry (*Amelanchier laevis*). Contractor must verify that shrubs are not cultivars or treated with neonicotinoid pesticide. Include a 3" deep ring of mulch around the shrubs and water thoroughly upon planting.

Supplemental watering shall occur twice following initial installation. Waterings shall occur whenever 1" of rainfall has not occurred during the prior 7 days. Watering should be thorough and equivalent to at least 1" of rainfall.

Alternate task: Follow Up Watering

Water planted shrubs and refill tree bags in Units 1, 5, and 7 weekly for three weeks. Watering is not needed if 1" of rainfall has fallen throughout the week. Watering should be thorough and equivalent to at least 1" of rainfall.

General Specifications

Use of the Site

The existing buildings, structures, and trails on the site will be open and fully occupied by the Owner during the entire project period unless otherwise coordinated with Project Manager. Contractor will fully coordinate all work with the Project Manager. The Contractor shall conduct his or her operations so as to permit safe and unimpeded access to all existing building and trails. Walks, driveways, entrances and all other areas to be used by the Owner and the public shall be maintained in a safe condition and shall be kept free and clear of Contractor equipment, materials and debris. All damage to existing grading, pavements, unpaved park trails, structures, landscaping and sod will be repaired and fully restored to prior condition upon project completion.

The Contractor shall cooperate with the Owner in the scheduling and execution of the work and use of the site, and s/he shall notify the Owner as far in advance as possible of the commencement of any work or operation which would interfere with the use of the existing building(s), trails or drives.

The Contractor's operations and storage of materials shall be confined to the areas agreed upon with the Owner. Fire lanes, loading dock and parking areas must be kept clear of Contractor equipment and materials at all times.

Equipment

- Vehicles are not allowed on steep slopes (greater than 40% grade).
- Any rutting of soils or damage to land must be mitigated before final payment will be granted.
- Contractors must follow best management practices to avoid bringing weed-seed onto the site.
 - If equipment, vehicles, gear, or clothing (notably, boots and laces) arrives at the project site with soil, aggregate material, mulch, vegetation (including seeds), or animals, it shall be cleaned by Contractor furnished tool or equipment (brush/broom, compressed air or pressure washer) at the staging area.
 - The Contractor shall dispose of material cleaned from equipment and clothing at a location determined by the County. If the material cannot be disposed of onsite, secure material prior to transport (sealed container, covered truck, or wrap with tarp) and legally disposed of offsite.
 - The Contractor shall ensure that all equipment and clothing used for work in infested waters has been adequately decontaminated for invasive species (e.g., zebra mussels) prior to being used in non-infested waters. All equipment and clothing including but not limited to waders, tracked vehicles, barges, boats, turbidity curtain, sheet pile, and pumps that comes in contact with any infested waters must be thoroughly decontaminated.

Herbicide and Applicators

- Herbicide applicators must be state-certified.
- DNR Operational Order 59 ([Pesticides and Pest Control: http://files.dnr.state.mn.us/assistance/grants/habitat/heritage/oporder_59.pdf](http://files.dnr.state.mn.us/assistance/grants/habitat/heritage/oporder_59.pdf)) and appropriate discipline guidelines must be followed when working on all lands and waters, regardless of ownership.
- Herbicide application must follow industry standards for temperature and weather conditions, according to label directions and the State of MN Commercial Pesticide Applicator Manual.
- Use least toxic herbicide or formula with lowest soil residual; Glyphosate or triclopyr is preferred, (aminopyralid [Milestone] or clopyralid [Transline] is suitable for thistle and legumes, but CONTRACTOR must first consult with

DAKOTA COUNTY before applying these or any other herbicides). Aquatic formula is required when applying within 100 feet of a wetland.

- Agri-Dex (Helena) or Activator-90 (Loveland) are the **only** surfactants to be added to herbicides mixes applied on or near water. Consult with DAKOTA COUNTY for approval to use other products.
- As much as possible, herbicides should be applied when there is some biological activity in the plant (e.g. Apr-Nov).
- Avoid windy days and ensure a rain-free period of at least 3 hours after application.
- Approved signage to advise park visitors of herbicide use should be placed in strategic locations.
- Only herbicide additives that are explicitly approved as herbicide additives are allowed. Prohibited additives include, but are not limited to kerosene, diesel, and anti-freeze/ethylene glycol.
- *Take maximum care to avoid chemical drift or contact with non-target plants.*
- A copy of the record of all pesticide/herbicide applications shall be submitted to DAKOTA COUNTY. Submitting records with invoices is acceptable.

Non-native woody plants – general specs

- Cutting method: Cut stems as close to the ground as possible—not to exceed 2” from the ground. Stems shall be cut flat. If significant snow depth is present, CONTRACTOR shall discuss appropriate height with DAKOTA COUNTY. Cut stems shall be immediately treated with herbicide to prevent resprouting. Exceptions may apply – consult first with DAKOTA COUNTY.
- Dye: Use dye with herbicide so CONTRACTOR and DAKOTA COUNTY can see what was treated.
- Herbicide application: Use herbicide conservatively – avoid overspray (dauber applicator preferred).
- Herbicide type: Triclopyr ester (i.e., Garlon 4 Ultra or Garlon 3a) or glyphosate preferred unless otherwise approved by DAKOTA COUNTY. If oil-based herbicide is approved for stump treatment, dauber applicator is preferred. Before applying herbicides, first discuss with DAKOTA COUNTY.
- Protection of desirable existing vegetation shall be the responsibility of the CONTRACTOR during woody plant removal and any burning of brush piles. CONTRACTOR shall be liable for remedying damage to existing desirable vegetation. Damage to desirable woody vegetation (as agreed upon by CONTRACTOR and DAKOTA COUNTY) will be penalized at a rate of up to \$10 per inch-dbh or per stem, whichever is higher.
- Brush stacking: In wooded areas, stack brush (for future burning) in openings where heat will not damage standing tree trunks or branches. Avoid making brush piles on existing native prairie or good quality woodland. Avoid steep slopes. Seek disturbed areas or stumps of cut brush/trees.
- Brush burning: Brush can be stacked and burned at same time as cutting if conditions for burning are suitable. CONTRACTOR is responsible for obtaining all necessary permits for burning brush piles. Any ash from burn piles must be dispersed by CONTRACTOR. In certain circumstances when feasible and agreed upon by CONTRACTOR, DAKOTA COUNTY may request piles be burned in COUNTY provided biochar kilns. Specific instructions will be provided.
- With DAKOTA COUNTY approval, where brush is very small and/or very sparse, it can be cut small (<1” diameter and <3 ft. lengths), scattered, and left lying in woods. However, brush must lie flat, preferably in contact with the soil, and be easy to walk through (defined in the field, as agreed upon by CONTRACTOR and DAKOTA COUNTY).
- Unless determined otherwise by DAKOTA COUNTY, only use heavy equipment for woody removal work on frozen ground.

Non-native herbaceous plants - general specs

- Prevent herbicide drift to adjacent plants.

- Manage all herbaceous species listed in **Herbaceous Exotic Species List** (Attachment D), and all others as detected. Species shall be managed by the CONTRACTOR such that seedset is reduced or eliminated and the ability of the plant to compete with desirable vegetation is greatly reduced. Some species (discuss with DAKOTA COUNTY) will be dealt with aggressively by CONTRACTOR, with a final goal of eradication of these species from the restored areas of this park during the contract period.

Prescribed burning

- Qualifications:
 - Contractor will provide evidence of qualifications of burn boss, including training, experience (years and number of burns), and history (any escapes or other burn incidents).
 - Burn boss has led burns of similar complexity with similar fuel types. (Ideally should be a RxB3)
 - Crew leaders must be trained (S130-S190), and certifications must be provided to DAKOTA COUNTY.
- Burn boss will be onsite the duration of the running burn.
- Burn Plan: Prepare and submit burn plan to DAKOTA COUNTY at least 30 days prior to intended burn date.
- Permits: Obtain all necessary permits and other arrangements, notifications and safety measures for burning and related activities. Provide copies of local permits and DNR variances to DAKOTA COUNTY staff.
- CONTRACTOR is responsible for protecting all items not in the burn permit, including in part: all infrastructure, utilities, desirable vegetation, and private property. CONTRACTOR shall be liable for remedying damage due to prescribed fire.
- Burn breaks: Contractor is responsible for preparing effective burn breaks.
- DAKOTA COUNTY Communication: On burn day, review burn strategy with DAKOTA COUNTY staff (if present) prior to burn. Notify DAKOTA COUNTY at least 24 hours prior to commencement of a burn.
- Water: CONTRACTOR will ensure an adequate water supply is available at the site at all times for the duration of the burn and mop-up. Water tank on a mobile vehicle must be available at the site during the burn.
- The use of drones to identify "hot spots" while conducting burns is allowed if the following documentation is submitted prior to the burn. This list is current as of the release of this solicitation, additional documentation may be required at the time of drone use.
 - Drone Registration Number
 - Make/Model of Drone
 - Total Weight of Drone (including any attachments)
 - Copy of FAA Pilot's License or TRUST Certificate
 - Flight Plan
- Site access: Vehicle access locations will be identified in the burn plan. A CONTRACTOR vehicle will be available to access the site.
- Adjacent property access (if necessary): Obtain any necessary permission from adjacent property owners for any needed vehicle access, water access or request to burn any portion of their property.
- Adjacent business and residential neighbors must be notified (coordinate with DAKOTA COUNTY) for all burns.
- CONTRACTOR will seek optimal burn conditions to meet project goals and burn plan requirements. If the CONTRACTOR believes that the minimum performance cannot be met, the CONTRACTOR must first discuss with OWNER/DAKOTA COUNTY before burning.
- Avoid winds that will heavily smoke neighbors or roads.
- Crew stays until all mop-up is complete and all possible sources of ignition are extinguished.
- A follow-up site visit the day after the burn is required, unless DAKOTA COUNTY specifically signs off that it is not needed. Contractor will identify to DAKOTA COUNTY who will return and what time.

- Communications: **all crew** must have radio or similar means of communication
- For any **incident** occurrence - notify DAKOTA COUNTY immediately: primary contact: Logan Olson 651-456-8015. If not reachable, contact Meghan Manhatton 952-891-7108.

Performance Standards

This section outlines the County's expectations regarding specific methods that shall be employed during implementation of restoration, enhancement, and establishment management tasks associated with this Proposal. Deviations from these methods may be allowed if approved by the County in writing.

Task	Payment Schedule	Checkpoint 1: Performance Standards	Checkpoint 2: Performance Standards	Corrective Measures
a. Tree removal	<p>75% payment (less a 5% retainage) upon completion and achievement of Checkpoint 1 performance standard. B. Questions

Questions regarding this RFP must be submitted by email and must be received no later than 7/21/25 at 2 pm.

Responses to the questions submitted will be posted on the County's website no later than 7/22/2025 at 4 pm, at Doing Business – Requests For Bids, Proposals and Information:

<http://www.co.dakota.mn.us/Government/DoingBusiness/BidProposalsInformation/Pages/default.aspx>

C. Addenda/Clarifications

Any revisions or modifications to the RFP shall be made by County staff in a written addendum and posted on the County's website at Doing Business – Request For Bids, Proposals and Information: <http://www.co.dakota.mn.us/Government/DoingBusiness/BidProposalsInformation/Pages/default.aspx>.

No verbal modification will be binding.

D. Examination of Proposal Documents

By submitting an RFP, the Contractor represents that they have thoroughly examined and become familiar with the work required under this RFP and that they are capable of performing quality work to achieve the objectives of this RFP.

E. Prevailing Wages

This is funded by state Outdoor Heritage Fund grant dollars. Prevailing wage rates apply.

F. Pre-Contractual Expenses

Pre-contractual expenses are expenses incurred by the Contractor in: 1) preparing its proposal in response to this RFP; 2) submitting that proposal to the County; or 3) any other expenses incurred by the Contractor prior to the date of execution of the proposed contract. The County shall not, in any event, be liable for any pre-contractual expenses incurred by the Contractors in the preparation of their proposals. Contractors shall not include any such expenses as part of their proposals.

G. Contract Award

Issuance of this RFP and receipt of proposals does not commit Dakota County to award a contract. Dakota County reserves the right to postpone proposal review at its own convenience, to accept or reject proposals based on evaluation of the submitted information, to accept other than the lowest cost proposal, to negotiate with other than the selected Contractor should negotiations with the selected Contractor be terminated, to negotiate with more than one Contractor simultaneously, or to cancel all or part of this RFP.

H. Public Records and Requests for Confidentiality

Pursuant to the Minnesota Government Data Practices Act, Minnesota Statutes Section 13.591, the names of all entities that submitted a timely proposal to Dakota County will be public once opened. All other information remains private until Dakota County has completed negotiating a contract with the selected Responder. After a contract has been negotiated, all information received is public information except "trade secret" information as defined in Minnesota Statutes Section 13.37. All information submitted by a Responder therefore shall be treated as public information by Dakota County unless the Responder properly requests that information be treated as a confidential trade secret at the time of submitting the bid/proposal.

Any request for confidential treatment of trade secret information in a Responder's proposal must sufficiently describe the facts that support the classification of information as confidential trade secret. The request must include the name, address, and telephone number of the person authorized by the Responder to answer any inquiries by Dakota County concerning the request for confidentiality. This information shall be provided on the Trade Secret Information Form, see Attachment F. Dakota County reserves the right to make the final determination of whether data identified as confidential trade secret by a Responder falls within the trade secret exemption in the Minnesota Government Data Practices Act.

The envelope or mailing container of any documents submitted with the proposal that the Responder believes contain confidential trade secret information must be clearly marked as containing confidential trade secret information. Each page upon which trade secret information appears must be marked as containing confidential trade secret information.

In addition to marking the documents as confidential, the Responder must submit one paper and one digital copy of the bid/proposal from which the confidential trade secret information has been excised. The confidential trade secret information must be excised in such a way as to allow the public to determine the general nature of the information removed while retaining as much of the document as possible.

The Responder's failure to request confidential treatment of confidential trade secret information pursuant to this subsection will be deemed by Dakota County as a waiver by the Responder of any confidential treatment of the trade secret information in the bid/proposal.

Requests by the public for the release of information held by Dakota County are subject to the provisions of the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13. Responders are encouraged to familiarize themselves with these provisions prior to submitting a proposal.

By submitting this proposal, Responder agrees to indemnify and hold the County, its agents and employees, harmless from any claims or causes of action relating to the County's withholding of data based upon reliance on the representations that the information is a trade secret as defined in Minnesota Statutes Section 13.37 and therefore is not public, including the payment of all costs and attorney fees incurred by the County in defending such an action.

Public Data Requests can be submitted on the County's website: [Data Practices Page: https://www.co.dakota.mn.us/Government/DataPractices/Pages/default.aspx](https://www.co.dakota.mn.us/Government/DataPractices/Pages/default.aspx)

I. Joint Offers

Where two or more Contractors desire to submit a single proposal in response to this RFP, they should do so on a prime-subcontractor basis rather than as a joint venture. Dakota County intends to contract with a single firm and not with multiple firms doing business as a joint venture.

J. Dakota County Rights

County staff may investigate the qualifications of any Contractor under consideration, require confirmation of information furnished by Contractor, and require additional evidence of qualifications to perform the work described in this RFP. County staff reserves the right to:

- Reject any or all proposals if such action is in the public interest;
- Cancel the entire RFP;
- Issue a subsequent RFP;
- Remedy technical errors in the RFP process;
- Appoint evaluation committees to review proposals;
- Negotiate with any, all, or none of the RFP respondents; and
- Reject and replace one or more subcontractors.

This RFP does not commit Dakota County to enter into a contract, nor does it obligate Dakota County to pay for any costs incurred in preparation and submission of proposals or in anticipation of a contract.

Submission of Proposals

Proposal Submittal

The Contractor must review the attached specifications, scope of services, and exhibits and submit one electronic copy of the proposal by noon on 7/24/25 to [Email Address: parksbids@co.dakota.mn.us](mailto:parksbids@co.dakota.mn.us).

Proposal Format

1. All proposals by corporations shall bear the official seal of the corporation, if applicable, along with the signature of a duly authorized officer of the corporation.
2. All text and exhibits should be succinct and relevant to the RFP requirements.

Proposal Contents

The proposal must include, at a minimum, the following sections:

Letter of Transmittal

The proposal must be submitted on the firm's official business letterhead. The letter is to transmit the proposal and must identify all materials and enclosures being forwarded collectively as a response to this RFP.

Include, at a minimum, the following:

- Identification of the offering firm(s), including name, address and telephone number of each firm;
- Acknowledgment of receipt of RFP addenda, if any;
- Name, title, address, telephone, fax numbers and e-mail address of contact person during period of proposal evaluation;
- A statement to the effect that the proposal shall remain valid for a period of not less than 120 days from the date of submittal; and
- Signature of a person authorized to bind the offering firm to the terms of the proposal.

Firm Introduction

Provide a brief company history and organizational structure of the firm including an outline of the firm's previous and current projects demonstrating qualifications to provide the scope of services requested by the RFP.

Contractor Team Organization

In this section, state in writing or provide an organization chart showing the team members and key personnel. Identify the team members' areas of responsibility. Provide subcontractors' company name, address, contact person, email and telephone number.

Qualifications and Experience

- Reference Projects: Identify at least two similar projects undertaken by the Contractor within the last five (5) years for organizations other than Dakota County. For each project, provide the client's name, address and telephone number for a contact person currently available who is familiar with the firm's performance on each project listed.
- Copy of certification of Commercial Pesticide Applicator's license for all of those who may be apply herbicide under the duration of the project.
- Copy of certification for burn training for all those that would be on a burn crew
 - Contractor will provide evidence of qualifications of burn boss, including training, experience (years and number of burns), and history (any escapes or other burn incidents)
 - Burn boss has led burns of similar complexity with similar fuel types (ideally, RxB3)
 - Crew leaders must be trained (S130-S190), and certifications must be provided.

Narratives

The submitted proposal will include:

- A narrative detailing the proposed methodology and timeline for buckthorn removal and management (tasks a and e) within units 3 and 7. What method(s) and equipment will be used to manage mature buckthorn? How will resulting woody debris be disposed of?
- A narrative describing the Contractor's proposed methodology for tracking and communicating work accomplished and ensuring quality control and adherence to performance standards for all work outlined in this RFP.

Proposal Bid Tab and Proposal Bid Form

The Contractor must provide a detailed budget for the Proposal detailing per acre or per unit rates for Specific Restoration Tasks utilizing the Proposal Bid Tab (separate Excel spreadsheet).

Fill in all lines of the Proposal Bid Form (Attachment A). Use the base proposal from the bid tab to fill in the Base Proposal Lump Sum on the bid form. Both the Proposal Bid Tab and the Proposal Bid Form need to be submitted.

Conflict of Interest

The Contractor must identify any potential conflict of interest it may have with this proposal. See Attachment H: Non-Collusion and Conflict of Interest Statement.

Trade Secret Information

The Contractor must fill out and sign Attachment I: Trade Secret Form.

Responsible Contractor Certificate

The Contractor must fill out and sign Attachment J: State of Minnesota Responsible Contractor Certificate

Exceptions and Deviations

Any exceptions to the requirements in this RFP must be included in the proposal submitted by the Contractor. Segregate such exceptions as a separate element of the proposal under the heading "Exceptions and Deviations."

Contract Terms and General Conditions

Attachment E of this RFP sets forth the Dakota County standard Contract Terms and General Conditions. Proposals should indicate the firm's willingness to agree to such provisions.

Registration and Good Standing

All responders must be in compliance with Minnesota law governing transaction of business in the [State of Minnesota](#). Upon award of the contract, the County will verify compliance prior to contracting.

Proposal Evaluation Criteria

Proposals will be evaluated and the contract awarded according to the following criteria:

Evaluation Criteria	Percent of grade
The cost to satisfy all requirements of the RFP	30%
Performance on previous similar projects: Based on experience/successful delivery of recent similar projects with Dakota County and other organizations	20%
Proposed project approach submitted in the project narrative for Units 3 and 7	15%
Proposed methods to ensure a quality product delivered on schedule as outlined in the project narrative	15%
Project Team Qualifications: Based on submittals for project management team	10%
Completeness of proposal	10%

The Evaluation Panel will consist of staff and supervisors responsible for the monitoring and management of the County's natural resources. The evaluation panel will evaluate the written Proposal Submittals and score the proposals using the above criteria.

Timeline and Budget

Program Timeline and Extension(s)

This RFP will be conducted according to the following tentative schedule. This tentative schedule may be altered at any time at the discretion of County staff. The initial term of the contract to be awarded under this RFP is anticipated to be upon execution through **December 31, 2029**, but may be adjusted to accommodate unforeseen delays.

- Questions Due: 7/21/25 at 2 pm
- Responses to Questions Posted: 7/22/25 at 4 pm
- Proposals Due: 7/24/25 at noon
- Contractor Selection: 7/24/25
- County Board Approval of Contract: 8/12/25
- Anticipated Contract Start Date: 9/1/2025
- Contract End Date: 12/31/2029

Budget and Payment

Contractor Budget

Contractor must identify the budget necessary to perform the services identified in the Scope of Services. Contractor budgets should be accurate to meet performance standards. Budget shifts due to poor Contractor performance or misestimation of costs will not be allowable.

Contractor needs to build into the unit rate (per hour/acre/site) their costs for: labor, materials, equipment, and mobilization (including travel time between sites). Hourly tasks will only be billed for time on-site.

Payment for Services

The Owner will make payments as follows:

For most restoration tasks, payments will be made on per unit rates for actual work performed but not to exceed quantity proposed without prior written consent of County Project Manager. Some tasks are paid at COUNTY-designated checkpoints, following successful completion of the restoration/enhancement task and attainment of associated performance standards (see PERFORMANCE STANDARDS section).

Contractor should send invoices to the County no later than two months after task is completed or payment checkpoint is met.

ATTACHMENT E: STANDARD ASSURANCES

1. **NON-DISCRIMINATION**. During the performance of this Contract, the Contractor shall not unlawfully discriminate against any employee or applicant for employment because the person is a member of a protected class under, and as defined by, federal law or Minnesota state law including, but not limited to, race, color, creed, religion, sex, gender, gender identity, pregnancy, national origin, disability, sexual orientation, age, familial status, marital status, veteran's status, or public assistance status. The Contractor will take affirmative action to ensure that applicants are employed and that employees are treated during employment without unlawful discrimination.. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices which set forth the provisions of this nondiscrimination clause.

The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of Contractor, state that all qualified applicants will receive consideration for employment without regard to race, creed, color, religion, sex, national origin, disability, sexual orientation, age, marital status, veteran's status, or public assistance status.

No funds received under this Contract shall be used to provide religious or sectarian training or services.

The Contractor shall comply with any applicable federal or state law regarding non-discrimination. The following list includes, but is not meant to limit, laws which may be applicable:

A. The Equal Employment Opportunity Act of 1972, as amended, 42 U.S.C. § 2000e *et seq.* which prohibits discrimination in employment because of race, color, religion, sex, or national origin.

B. Equal Employment Opportunity-Executive Order No.11246, 30 FR 12319, signed September 24, 1965, as amended, which is incorporated herein by reference, and prohibits discrimination by U.S. Government contractors and subcontractors because of race, color, religion, sex, or national origin.

C. The Rehabilitation Act of 1973, as amended, 29 U.S.C. § 701 *et seq.* and 45 C.F.R. 84.3 (J) and (K) implementing Sec. 504 of the Act which prohibits discrimination against qualified handicapped persons in the access to or participation in federally-funded services or employment.

D. The Age Discrimination in Employment Act of 1967, 29 U.S.C. § 621 *et seq.* as amended, and Minn. Stat. § 181.81, which generally prohibit discrimination because of age.

E. The Equal Pay Act of 1963, as amended, 29 U.S.C. § 206(d), which provides that an employer may not discriminate on the basis of sex by paying employees of different sexes differently for the same work.

F. Minn. Stat. Ch. 363A, as amended, which generally prohibits discrimination because of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, disability, sexual orientation, or age.

G. Minn. Stat. § 181.59 which prohibits discrimination against any person by reason of race, creed, or color in any state or political subdivision contract for materials, supplies, or construction. Violation of this section is a misdemeanor and any second or subsequent violation of these terms may be cause for forfeiture of all sums due under the Contract.

H. Americans with Disabilities Act of 1990, 42 U.S.C. §§ 12101 through 12213, 47 U.S.C. §§ 225, 611, with regulations at 29 C.F.R. § 1630, which prohibits discrimination against qualified individuals on the basis of a disability in term, condition, or privilege of employment.

I. Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, *et seq.* and including 45 CFR Part 80, prohibits recipients, including their contractors and subcontractors, of federal financial assistance from discriminating on the basis of race, color or national origin which includes not discriminating against those persons with limited English proficiency.

Prohibits discrimination against grant seeking organizations on the basis of religion in the administration or distribution of federal financial assistance under social service programs, including grants and loans.

L. Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, 38 U.S.C. 4212, with regulations at 41 C.F.R. Part 60-250, which prohibits discrimination in employment against protected veterans.

2. **DATA PRIVACY.** For purposes of this Contract, all data created, collected, received, stored, used, maintained, or disseminated by Contractor in the performance of this Contract are subject to the requirements of the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, ("MGDPA") and the Minnesota Rules implementing the MGDPA. Contractor must comply with the MGDPA as if it were a governmental entity. The remedies in Minn. Stat. § 13.08 apply to the Contractor. Contractor does not have a duty to provide access to public data to a data requestor if the public data are available from the County, except as required by the terms of this Contract. If Contractor is a subrecipient of federal grant funds under this Contract, it will comply with the federal requirements for the safeguarding of protected personally identifiable information ("Protected PII") as required in the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 CFR Part 200, and the County Protected PII procedures, which are available upon request. Additionally, Contractor must comply with any other applicable laws on data privacy. All subcontracts shall contain the same or similar data practices compliance requirements.

3. **RECORDS DISCLOSURE/RETENTION.** Contractor's bonds, records, documents, papers, accounting procedures and practices, and other evidences relevant to this Contract are subject to the examination, duplication, transcription, and audit by the County and either the Legislative or State Auditor, pursuant to Minn. Stat. § 16C.05, subd. 5. Such evidences are also subject to review by the Comptroller General of the United States, or a duly authorized representative, if federal funds are used for any work under this Contract. The Contractor agrees to maintain such evidences for a period of six (6) years from the date services or payment were last provided or made or longer if any audit in progress requires a longer retention period.

4. **WORKER HEALTH, SAFETY AND TRAINING.** Contractor shall be solely responsible for the health and safety of its employees in connection with the work performed under this Contract. Contractor shall make arrangements to ensure the health and safety of all subcontractors and other persons who may perform work in connection with this Contract. Contractor shall ensure all personnel of Contractor and subcontractors are properly trained and supervised and, when applicable, duly licensed or certified appropriate to the tasks engaged in under this Contract. Each Contractor shall comply with federal, state, and local occupational safety and health standards, regulations, and rules promulgated pursuant to the Occupational Health and Safety Act which are applicable to the work to be performed by Contractor.

5. **PROHIBITED TELECOMMUNICATIONS EQUIPMENT/SERVICES.** If Contractor is a subrecipient of federal grant funds under this Contract, Contractor certifies that, consistent with Section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. 115-232 (Aug. 13, 2018) (the "Act"), and 2 CFR § 200.216, Contractor will not use funding covered by this Contract to procure or obtain, or to extend, renew, or enter into any contract to procure or obtain, any equipment, system, or service that uses "covered telecommunications equipment or services" (as that term is defined in Section 889 of the Act) as a substantial or essential component of any system or as critical technology as part of any system. Contractor will include this certification as a flow down clause in any agreement related to this Contract.

6. **CONTRACTOR GOOD STANDING.** If Contractor is not an individual, Contractor must be registered to do business in Minnesota with the Office of the Minnesota Secretary of State and shall maintain an active/in good standing status with the Office of the Minnesota Secretary of State, and shall notify County of any changes in status within five calendar days of such change. Business entities formed under the laws of a jurisdiction other than Minnesota must maintain a certificate of authority (foreign corporations, limited liability companies, limited partnerships, and limited liability limited partnerships), or a statement of foreign qualification (foreign limited

liability partnerships), or a statement of partnership authority (general partnerships). See Minn. Stat. §§ 303.03 (corporations); 322C.0802 (limited liability companies); 321.0902 and 321.0907 (foreign limited partnership); 321.0102(7) (foreign limited liability limited partnerships); 323A.1102(a) (foreign limited liability partnership); 321.0902 and 321.0907 (foreign general partnerships).

7. **CONTRACTOR DEBARMENT, SUSPENSION, AND RESPONSIBILITY CERTIFICATION.** Federal Regulation 45 CFR 92.35 prohibits the State/Agency from purchasing goods or services with federal money from vendors who have been suspended or debarred by the federal government. Similarly, Minn. Stat. § 16C.03, subd. 2 provides the Commissioner of Administration with the authority to debar and suspend vendors who seek to contract with the State/Agency. Vendors may be suspended or debarred when it is determined, through a duly authorized hearing process, that they have abused the public trust in a serious manner.

By signing this Contract, the Contractor certifies that it and its principals* and employees:

A. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from transacting business by or with any federal, state, or local governmental department or agency; and

B. Have not within a three (3) year period preceding this Contract: 1) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or contract; 2) violated any federal or state antitrust statutes; or 3) committed embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property; and

C. Are not presently indicted or otherwise criminally or civilly charged by a governmental entity for: 1) commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction; 2) violating any federal or state antitrust statutes; or 3) committing embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property; and

D. Are not aware of any information and possess no knowledge that any subcontractor(s) that will perform work pursuant to this Contract are in violation of any of the certifications set forth above; and

E. Shall immediately give written notice to the Authorized Representative should Contractor come under investigation for allegations of fraud or a criminal offense in connection with obtaining, or performing a public (federal, state, or local government) transaction; violating any federal or state antitrust statutes; or committing embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property.

*“Principals” for the purposes of this certification means officers; directors; owners; partners; and persons having primary management or supervisory responsibilities within a business entity (e.g. general manager; plant manager; head of a subsidiary, division, or business segment and similar positions).

8. **PREVAILING WAGES.** Contractor shall pay wages to its employees at a rate not less than those established by the Minnesota Department of Labor & Industry for commercial construction projects. In accordance with Minn. Stat. § 471.345, subd. 7 and Dakota County Board Resolution No. 95-55.

9. **BOND FOR G/HVACR CONTRACTORS.** In accordance with Minn. Stat. § 326B.197, if Contractor will be performing any work having to do with gas, heating, ventilation, cooling, air conditioning, fuel burning or refrigeration, the Contractor must give bond to the State of Minnesota for the benefit of persons suffering financial loss by reason of Contractor’s failure to comply with the requirements of the State Mechanical Code.

ATTACHMENT F: INSURANCE TERMS

Contractor agrees to provide and maintain at all times during the term of this Contract such insurance coverages as are indicated herein and to otherwise comply with the provisions that follow. Such policy(ies) of insurance shall apply to the extent of, but not as a limitation upon or in satisfaction of, the Contract indemnity provisions. The provisions of this section shall also apply to all Subcontractors, Sub-subcontractors, and Independent Contractors engaged by Contractor with respect to this Contract, and Contractor shall be entirely responsible for securing the compliance of all such persons or parties with these provisions.

APPLICABLE SECTIONS ARE CHECKED

☒ 1. Workers Compensation.

Workers' Compensation insurance in compliance with all applicable statutes including an All States or Universal Endorsement where applicable. Such policy shall include Employer's Liability coverage in an amount no less than \$1,000,000. If Contractor is not required by Statute to carry Workers' Compensation Insurance, Contractor agrees: (1) to provide County with evidence documenting the specific provision under Minn. Stat. § 176.041 which excludes Contractor from the requirement of obtaining Workers' Compensation Insurance; (2) to provide prior notice to County of any change in Contractor's exemption status under Minn. Stat. § 176.041; and (3) to defend, hold harmless and indemnify County from and against any and all claims and losses brought by Contractor or any subcontractor or other person claiming through Contractor for Workers' Compensation or Employers' Liability benefits for damages arising out of any injury or illness resulting from performance of work under this Contract. If any such change requires Contractor to obtain Workers' Compensation Insurance, Contractor agrees to promptly provide County with evidence of such insurance coverage.

☒ 2. General Liability.

"Commercial General Liability Insurance" coverage, providing coverage on an "occurrence" basis. Policy shall include, but not be limited to, coverage for Bodily Injury, Property Damage, Personal Injury, Contractual Liability (applying to this Contract), Independent Contractors, "XC&U" and Products-Completed Operations liability (if applicable). An Insurance Services Office "Comprehensive General Liability" policy which includes a Broad Form Endorsement GL 0404 (Insurance Services Office designation) shall be considered to be an acceptable equivalent policy form. Claims-made coverage is acceptable.

A total combined general liability policy limit of at least \$5,000,000 per occurrence and aggregate, applying to liability for Bodily Injury, Personal Injury, and Property Damage, which total limit may be satisfied by the limit afforded under its Commercial General Liability policy, or equivalent policy, or by such policy in combination with the limits afforded by an Umbrella or Excess Liability policy (or policies); provided, that the coverage afforded under any such Umbrella or Excess Liability policy is at least as broad as that afforded by the underlying Commercial General Liability policy (or equivalent underlying policy). Coverage under such policy may be subject to a deductible, not to exceed \$25,000 per occurrence. Contractor agrees to maintain such insurance for at least one (1) year from Contract termination.

☒ Such policy(ies) shall name Dakota County, its officers, employees and agents as Additional Insureds thereunder.

☐ 3. Professional Liability

Professional Liability (errors and omissions) insurance with respect to its professional activities to be performed under this Contract. This amount of insurance shall be at least \$2,000,000 per occurrence and aggregate. Coverage under such policy may be subject to a deductible, not to exceed \$25,000 per occurrence. Contractor agrees to maintain such insurance for at least one (1) year from Contract termination.

Contractor therefore agrees that it will not seek or voluntarily accept any such change in its Professional Liability insurance coverage if such impairment of Dakota County's protection could result; and further, that it will exercise its rights under any "Extended Reporting Period" ("tail coverage").

☒ 4. Automobile Liability.

Business Automobile Liability insurance covering liability for Bodily Injury and Property Damage arising out of the ownership, use, maintenance, or operation of all owned, non-owned and hired automobiles and other motor vehicles utilized by Contractor in connection with its performance under this Contract. Such policy shall provide total liability limits for combined Bodily Injury and/or Property Damage in the amount of at least \$5,000,000 per accident

☒ Such policy, shall include Dakota County, its officers, employees and agents as Additional Insureds thereunder.

☐ 5. Network Security and Privacy Liability.

Network security and privacy liability insurance, including first-party costs, for any breach that compromises data obtained while providing services under this Agreement. This insurance should to cover claims which may arise from failure of Contractor's security resulting in, but not limited to, computer attacks, unauthorized access, disclosure of not public data including but not limited to confidential or private information, transmission of a computer virus or denial of service. The required limit shall not be less than \$2,000,000 per occurrence with a \$4,000,000 aggregate limit. Claims-made coverage is acceptable. Such insurance shall name Dakota County, its officials, employees, volunteers and agents as additional insureds. The policy shall provide an extended reporting period of not less than thirty-six (36) months from the expiration date of the policy, if the policy is not renewed.

☒ 6. Evidence of Insurance.

Contractor shall promptly provide Dakota County with a Certificate of Insurance prior to commencement of any work. At least 10 days prior to termination of any such coverage, Contractor shall provide Dakota County with evidence that such coverage will be renewed or replaced upon termination with insurance that complies with these provisions.

☒ 7. Insurer: Policies.

All policies of insurance shall be issued by financially responsible insurers licensed to do business in the State of Minnesota by a n insurer with a current A.M. Best Company rating of at least A:VII.

☒ 8. Release and Waiver.

Contractor agrees to rely entirely upon its own property insurance for recovery with respect to any damage, loss or injury to the property interests of Contractor. Contractor hereby releases Dakota County, its officers, employees, agents, and others acting on their behalf, from all claims, and all liability or responsibility to Contractor, and to anyone claiming through or under Contractor, by way of subrogation or otherwise, for any loss of or damage to Contractor's business or property caused by fire or other peril or event, even if such fire or other peril or event was caused in whole or in part by the negligence or other act or omission of Dakota County or other party who is to be released by the terms here of, or by anyone for whom such party may be responsible.

Contractor agrees to effect such revision of any property insurance policy as may be necessary in order to permit the release and waiver of subrogation agreed to herein. Contractor shall, upon the request of Dakota County, promptly provide a Certificate of Insurance, or other form of evidence as may be reasonably requested by Dakota County, evidencing that the full waiver of subrogation privilege contemplated by this provision is present; and/or, if so requested by Dakota County, Contractor shall provide a full and complete copy of the pertinent property insurance policy(ies).

Dakota County Contract #DCA

SAMPLE

CONTRACT BETWEEN THE COUNTY OF DAKOTA

AND [CONTRACTOR]

FOR [SERVICE]

This Contract (Contract) is made and entered into between the County of Dakota, a political subdivision of the State of Minnesota, by and through its Department (County) and , , MN (Contractor). Contractor and County are collectively referred to herein as the “parties” and individually as “party.”

WHEREAS, the County requires services for [concise description of services], as identified in the County's Request for Choose an item. (“Choose an item.”), dated [date of RFP/RFQ], attached and incorporated as Exhibit 1; and

WHEREAS, the Contractor represents, covenants, and warrants it can and will perform the services according to the provisions of this Contract and Contractor's Choose an item. dated (“Contractor's Proposal”), attached and incorporated as Exhibit 2; and

NOW, THEREFORE, the parties agree as follows:

1. TERM

This Contract is effective and enforceable [on of the date the last party executes this Contract or a specific/future date] (“Effective Date”) and expires on [expiration date] or the date on which all Services have been satisfactorily performed and final payment is made, whichever occurs first, unless earlier terminated by law or according to the provisions of this Contract.

2. CONTRACTOR'S OBLIGATIONS

- 2.1. General Description. Contractor shall provide the services generally described in the Choose an item. and Contractor's Proposal (collectively, "Services").
- 2.2. Conformance to Specifications. Contractor represents, covenants, and warrants it can and will perform the Services in a timely manner according to this Contract.
- 2.3. Substantial Completion. Contractor agrees to substantially complete the work, labor, or services under this Contract on or before [insert date].
- 2.4. Standard of Care. In the performance of the Services, Contractor shall use the care and skill a reasonable practitioner in Contractor's profession would use in the same or similar circumstances.
- 2.5. Ability to Perform. Contractor shall maintain staff, facilities, and equipment necessary to perform under this Contract. Contractor shall promptly provide Notice to the County when it knows or suspects it may be unable to perform under this Contract. The County shall determine whether such inability requires amendment or termination of this Contract. No Notice of Default is required to terminate under this section.
- 2.6. Changes in Policy or Staff. The County may terminate this Contract by providing 10 calendar days' Notice if the Contractor makes or proposes significant changes in policies or staffing.
- 2.7. Successors and Assigns. In the event that the Contractor is subject to a voluntary or involuntary dissolution, merger, sale, transfer, reorganization, acquisition, or winding down of the Contractor's business, to continue Services under the Contract the Contractor must receive written consent from the County permitting the Contractor to assign, bind, benefit, and/or ensure the Contractor's successor, legal representatives, trustees assume all rights, duties, liabilities, obligations, and provisions of the Contract.

3. PAYMENT

- 3.1. Total Cost. County will pay Contractor a total amount not to exceed [Maximum Amount] and [cents]/100 Dollars (\$[Dollar Amount]) ("Contract Maximum"). The Contract Maximum is not subject to any express or implied condition precedent. The County is not required to pay for any minimum amount of any Services.
- 3.2. Compensation. The County shall pay for purchased Services in the fixed amounts set out in the Contractor's Proposal.
- 3.3. Time of Payment. The County shall pay Contractor within 35 calendar days after the date on which Contractor's invoice is received. If the invoice is incorrect, defective, or otherwise improper, the County will notify Contractor within 10 calendar days after the date on which the invoice is received. The County will pay Contractor within 35 calendar days after the date on which the corrected invoice is received.
- 3.4. Interest on Late Payments. This provision is required by Minn. Stat. § 471.425. The County shall pay interest of 1 ½ percent per month or any part of a month to the Contractor on any undisputed amount that is not paid on time. The minimum monthly interest penalty payment for an unpaid balance of \$100 or more is \$10. For unpaid balances of less than \$100, the County shall pay the actual interest penalty due the Contractor.
- 3.5. Late Request for Payments. The County may refuse to pay invoices received or postmarked more than 90 calendar days after the date that the invoiced Services were performed.
- 3.6. Payment for Unauthorized Claims.
- A. Payment does not prevent the County from disputing the claim. Payment of a claim is not a waiver, admission, release, ratification, satisfaction, accord, or account stated by the County.
- B. The County is not responsible for any interest, fee, or penalty if it withholds payment for failure to comply with any provision of this Contract or during the pendency of an audit or inspection.

- C. If the County requires an audit or inspection, the County does not have to pay any invoices until the audit or inspection is complete. Upon completion of the audit or inspection, the County will pay the Contractor pursuant to the time period for payment after receipt of an invoice.
- D. The County may offset any overpayment or disallowance of claim by reducing future payments.

4. COMPLIANCE WITH LAWS/STANDARDS

- 4.1. General. Contractor shall abide by all Federal, State or local laws, statutes, ordinances, rules, and regulations now in effect or hereafter adopted pertaining to this Contract or to the facilities, programs, and staff for which Contractor is responsible. This includes, but is not limited to, all Standard Assurances, which are attached and incorporated as **Exhibit Attachment**. Any violation of this section is a material breach of this Contract. No Notice of Default is required to terminate under this section.
- 4.2. Minnesota Law to Govern. The laws of Minnesota govern all matters related to this Contract, without giving effect to the principles of conflict of law. Venue and jurisdiction for any litigation related to this Contract must be in those courts located within Dakota County, State of Minnesota or U.S. District Court, District of Minnesota.
- 4.3. Licenses. At its own expense, Contractor shall procure and maintain all licenses, certifications, registrations, permits, or other rights required to perform the Services under this Contract. Contractor shall furnish copies of the above to the County upon request. Contractor shall provide Notice to the County of any changes in the above within 5 calendar days of the change. Any violation of this section is a material breach of this Contract. No Notice of Default is required to terminate under this section.
- 4.4. Diversity and Inclusion; Prohibited Acts. It is the policy of the County to respect culture and reduce bias in the workplace and service delivery. The County's commitment to inclusion, diversity, and equity requires that the Contractor uphold respectful regard for cultural differences and recognition of individual protected-class status as defined under law.

The Contractor, its managers, officers and employees shall abstain from discrimination, harassment and retaliatory actions in the performance of this Contract. If the County receives a report of non-compliance with this provision, it will share the report with Contractor, conduct an appropriate investigation as warranted by the nature of alleged behavior, and notify Contractor of the findings of the investigation and any required remedial actions by the Contractor. The Contractor shall inform the County of compliance

with any required remedial actions within the time period provided by the County. If the behavior persists, the County may terminate the Contract in accordance with section 12, Termination. The Contractor shall have policies that prohibit retaliation for reporting that is not in compliance with this provision.

5. INDEPENDENT CONTRACTOR STATUS

Contractor is an independent Contractor. Nothing in this Contract is intended to create an employer and employee relationship between the County and the Contractor. Contractor is not entitled to receive any of the benefits received by County employees and is not eligible for workers' or unemployment compensation benefits. Contractor also acknowledges and agrees that no withholding or deduction for State or Federal income taxes, FICA, FUTA, or otherwise, will be made from the payments due Contractor, and that it is Contractor's sole obligation to comply with the applicable provisions of all State and Federal tax laws.

6. NOTICES

6.1. Each Notice must be signed by the Authorized Representative. Notices may be signed electronically. Unless otherwise stated in a specific section of this Contract, any notice or demand, (collectively, "Notice") must be in writing and provided to the Authorized Representative by at least one of the following:

- A. Personal delivery, which is deemed to have been provided upon receipt as indicated by the date on the signed affidavit; or
- B. Registered or Certified Mail, in each case, return receipt requested and postage prepaid, which is deemed to have been provided upon receipt as indicated by the date on the signed receipt, certification, or affidavit; or
- C. Nationally or internationally recognized overnight courier, with tracking service with all fees and costs prepaid, which is deemed to have been provided upon receipt as indicated by the date on the signed receipt, certification, or affidavit; or

D. Except for Notices of Termination and Notices of Default, email, which is deemed to have been provided upon receipt as indicated by the date on a report generated by the outgoing email server indicating that the email was successfully sent, passed, or transmitted to the email server of the Authorized Representative's email address, or upon receiving an email confirming delivery to the Authorized Representative's email address.

6.2. If the Authorized Representative rejects or otherwise refuses to accept the Notice, or if the Notice cannot be provided because of a change in contact information for which no Notice was provided, then the Notice is effective upon rejection, refusal, or inability to deliver.

7. INDEMNIFICATION

7.1. General. To the greatest extent allowed by law, in the performance of or failure to perform this Contract, Contractor shall indemnify, defend (in the case of third-party claims, with counsel satisfactory to County), and hold harmless the County, its officers, agents, and employees, from and against any actual or alleged loss, litigation cost (including, but not limited to, reasonable attorney fees and costs and expenses of defense), costs, settlement, judgment, demands, damage, liability, lien, debt, injury, harm, fees, fines, penalties, interest, expenditure, diminution in value, disbursement, action, claim, proceeding, or dispute of any sort (collectively "Losses"), whether or not involving a third party, which are attributable to Contractor's, or Contractor's agents', independent Contractors', employees', or delegates', actual or alleged:

A. Intentional, willful, or negligent acts or omissions; or

B. Actions or omissions that give rise to strict liability; or

C. Negligent or intentional misrepresentation, breach of warranty, covenant, contract, or subcontract

whether or not well-founded in fact or in law, known or unknown, foreseen or unforeseen, fixed or contingent and howsoever originating or existing, and whether or not based upon statute, common law, or equity. This indemnity provision survives expiration or termination of this Contract.

The Contractor's duty to defend the County is not contingent upon a finding of liability or wrongdoing on the part of the Contractor. Rather, the Contractor's duty to defend the County arises whenever an allegation is made—whether in a formal lawsuit or otherwise—that the County is liable to a third party as a result of the conduct of the Contractor. The duty to defend includes, but is not limited to, the Contractor retaining and paying directly legal counsel for the County chosen solely and exclusively by the County in the County's sole discretion.

7.2. Limitations. The indemnification, defense, and hold harmless obligations of this section do not apply to the extent that liability is the direct or proximate result of the negligence or fault of the County or any third party for whom the Contractor is not legally liable. This limitation is not a waiver on the part of the County of any immunity or limits on liability under Minn. Stat. Ch. 466, or other applicable State or Federal law.

7.3. Notice. The parties shall promptly provide Notice in writing and in reasonable detail of:

A. Any demand, action, suit, or proceeding against the party providing Notice; or

B. Any event or fact that may give rise to indemnification under section 7.1 by Contractor.

7.4. Control of Defense and Settlement. Contractor shall promptly provide Notice to the County of any proposed settlement, and Contractor may not, without County's prior written consent (which the County will not unreasonably withhold, condition, or delay), settle such claim or consent to entry of any third-party judgment. Nothing in this section precludes Contractor from allowing County to undertake control of the defense.

8. INSURANCE

Contractor shall maintain policies of insurance as set forth in **Exhibit Attachment** , and pay all retentions and deductibles under such policies of insurance. Any violation of this section is a material breach of this Contract. This section survives expiration or termination of this Contract. No Notice of Default is required to terminate under this section.

9. SUBCONTRACTING

- 9.1. Subcontracting Generally Prohibited. Contractor shall not assign or delegate any interest, right, duty, or obligation related to this Contract without the County's prior written consent. The County may void any purported assignment, delegation, or subcontract in violation of this section.
- 9.2. Permitted Subcontracting. Contractor may subcontract with the subcontractors identified in Contractor's Proposal or as permitted by the County in writing, subject to the following:
- A. Contractor shall be responsible for the performance of its subcontractors.
 - B. All subcontractors shall comply with the provisions of this Contract.
 - C. Contractor remains responsible for performing Services under and complying with this Contract, regardless of any subcontract.
- 9.3. Notice to County. Contractor shall provide Notice to the County of any complaint, demand, action, proceeding, filing, lien, suit, or claim that Contractor has not paid or failed to timely pay any subcontractor. Notice must be provided no later than 10 calendar days after the date on which the Contractor first receives the complaint, demand, action, proceeding, filing, lien, suit, or claim.
- 9.4. Payment of Subcontractors. This provision is required by Minn. Stat. § 471.425. Contractor shall pay the subcontractor within 10 calendar days after the date on which the Contractor receives payment from the County for undisputed Services performed by the subcontractor. Contractor agrees to pay interest of 1½ percent per month or any part of a month to the subcontractor on any undisputed amount not paid on time to the subcontractor. The minimum monthly interest penalty payment for an unpaid balance of \$100 or more is \$10. For unpaid balances of less than \$100, the Contractor shall pay the actual interest penalty due the subcontractor.
- 9.5. A violation of any part of this section is a material breach of contract.

10. FORCE MAJEURE

Neither party shall be liable to the other party for any loss or damage resulting from a delay or failure to perform due to unforeseeable acts or events outside the defaulting party's reasonable control, providing the defaulting party gives notice to the other party as soon as possible. Acts and events may include acts of God, acts of terrorism, war, fire, flood, epidemic, acts of civil or military authority, and natural disasters.

11. DEFAULT

- 11.1. Notice of Default. Unless otherwise stated in a specific section of this Contract, no event or circumstance constitutes a default giving rise to the right to terminate for cause unless and until a Notice of Default is provided to the defaulting party, specifying the particular event or circumstance, series of events or circumstances, or failure constituting the default and cure period, if any.
- 11.2. Cure Period. The party providing the Notice of Default has the option, but is not required, to give the other party an opportunity to cure the specified default. If an opportunity to cure is given, it must be specifically described in the Notice of Default, including any period in which to comply.
- 11.3. Withholding Payment. Notwithstanding any other provision of this Contract, the County may, after giving Notice of Default, withhold, without penalty or interest, any payment which becomes due after Notice of Default is provided until the specified default is excused or cured, or the Contract is terminated.

12. TERMINATION

- 12.1. Termination Without Cause. Either party may terminate this Contract without cause by providing 30 calendar days' Notice of Termination to the other party.
- 12.2. Termination for Cause or Material Breach. Either party may terminate this Contract for cause by providing 7 calendar days' Notice of Termination to the other party, unless a different procedure or effective date is stated within the specific section of this Contract under which the default occurs. In addition to other specifically stated provisions of this Contract or as otherwise stated in law, events or circumstances constituting default and giving rise to the right to terminate for cause, unless waived, include but are not limited to:

- A. Making material misrepresentations either in the attached exhibits or in any other material provision or condition relied upon in the making of this Contract;
- B. Failure to perform Services or provide payment within the time specified in this Contract;
- C. Failure to perform any other material provision of this Contract;
- D. Failure to diligently and timely perform Services so as to endanger performance of the provisions of this Contract;
- E. The voluntary or involuntary dissolution, insolvency, merger, sale, transfer, reorganization, acquisition or winding down of the Contractor's business.

12.3. Termination by County – Lack of Funding. The County may immediately terminate this Contract for lack of funding. A lack of funding occurs when funds appropriated for this Contract as of the Effective Date from a non-County source are unavailable or are not appropriated by the County Board. The County has sole discretion to determine if there is a lack of funding. The County is not obligated to pay for any Services that are performed after providing Notice of Termination for lack of funding. The County is not subject to any penalty or damages for termination due to lack of funding. No Notice of Default is required to terminate under this section.

12.4. Notice of Termination. The Notice of Termination must state the intent to terminate the Contract and specify the events or circumstances and relevant Contract provision warranting termination of the Contract and whether the termination is for cause.

12.5. Duties of Contractor upon Termination. Upon the County providing of the Notice of Termination, and except as otherwise stated, Contractor shall:

- A. Discontinue performance under this Contract on the date and to the extent specified in the Notice of Termination.

- B. Complete performance of any work that is not discontinued by the Notice of Termination.
- C. Cooperate with County with any transition of Services.
- D. Cancel all orders and subcontracts to the extent that they relate to the performance of this Contract.
- E. Return all County property in its possession within 7 calendar days after the date on which the Contractor receives the Notice of Termination to the extent that it relates to the performance of this Contract that is discontinued by the Notice of Termination.
- F. Submit an invoice for Services satisfactorily performed prior to the effective date of termination within 35 calendar days of said date.
- G. Maintain all records relating to the performance of the Contract as may be directed by the County in the Notice of Termination or required by law or this Contract.

12.6. Duties of County upon Termination of the Contract for Cause or Without Cause. Upon delivery of the Notice of Termination, and except as otherwise provided, the County shall make final payment to Contractor in accordance with section 3.3 of this Contract for Services satisfactorily performed.

12.7. Effect of Termination for Cause or without Cause.

- A. Termination of this Contract does not discharge any liability, responsibility, or right of any party that arises from the performance of, or failure to adequately, perform the provisions of this Contract prior to the effective date of termination. Termination shall not discharge any obligation which, by its nature, would survive after the date of termination, including by way of illustration only and not limitation, the requirements set forth in [Exhibit 3 **Exhibit 1 Attachment**] (Standard Assurances) and the indemnity provisions of section 7.

- B. The County shall not be liable for any Services performed after Notice of Termination, except as stated above or as authorized by the County in writing.

13. CONTRACT RIGHTS AND REMEDIES

- 13.1. Rights Cumulative. All remedies under this Contract or by law are cumulative and may be exercised concurrently or separately. The exercise of any one remedy does not preclude exercise of any other remedies.
- 13.2. Waiver. Any waiver is only valid when reduced to writing, specifically identified as a waiver, and signed by the waiving party's Authorized Representative. A waiver is not an amendment to the Contract. The County's failure to enforce any provision of this Contract does not waive the provision or the County's right to enforce it.

14. AUTHORIZED REPRESENTATIVE

14.1. The Authorized Representatives of the respective parties for purposes of this Contract are as follows:

To Contractor:

Telephone: [Telephone Number]

[Email Address]

To the County:

[Name]

[Title]

[Department]

[Street]

[City, State Zip]

Telephone: [Telephone Number]

[Email Address]

14.2. The Authorized Representative, or his or her successor, has authority to bind the party he or she represents and sign this Contract. The County's Authorized Representative shall have only the authority granted by the County Board. The parties shall promptly provide Notice to each other when an Authorized Representative's successor is appointed. The Authorized Representative's successor shall thereafter be the Authorized Representative for purposes of this Contract.

14.3. In addition, Notices regarding breach or termination shall also be provided to:

Dakota County Attorney's Office

Civil Division

1560 Highway 55

Hastings, Minnesota 55033.

15. LIAISON

15.1. The Liaisons of the respective parties for purposes of this Contract are as follows:

Contractor Liaison: [Name]

County Liaison: [Name]

Telephone: [Telephone Number]

Telephone: [Telephone Number]

Email Address: [Email Address]

Email Address: [Email Address]

15.2. The Liaison, or his or her successor, has authority to assist the parties in the day-to-day performance of this Contract, ensure compliance, and provide ongoing consultation related to the performance of this Contract. The parties shall promptly provide Notice to each other when a Liaison's successor is appointed. The Liaison's successor shall thereafter be the Liaison for purposes of this Contract.

16. OWNERSHIP OF WORK PRODUCT

As the County's Contractor for hire, the County shall own in perpetuity, solely and exclusively, all rights of every kind and character, in all proceeds, works, drawings, products, plans, and all other materials created by Contractor pursuant to this Contract (collectively referred to as "Works"), and the County shall be deemed the author thereof for all purposes. Such Works are deemed "works for hire," as defined in the U.S. Copyright Act, 17 U.S.C. § 101. Contractor shall, upon the request of the County, execute all papers and perform all other acts necessary to assist the County to obtain and register copyrights on such Works. If, for any reason, any of the Works do not constitute a "work made for hire," Contractor hereby irrevocably assigns to the County, in each case without additional consideration, all right, title, and interest throughout the universe in and to the works, including all copyrights therein.

17. AMENDMENTS

Any amendments to this Contract are only valid when reduced to writing, specifically identified as an amendment, and signed by both parties' Authorized Representative.

18. SEVERABILITY

The provisions of this Contract are severable. If any provision of this Contract is void, invalid, or unenforceable, it will not affect the validity and enforceability of the remainder of this Contract unless the void, invalid, or unenforceable provision substantially impairs the value of the entire Contract with respect to either party.

19. MERGER

19.1. Final Agreement. This Contract is the final expression of the agreement of the parties. This Contract is the complete and exclusive statement of the provisions agreed to by the parties. This Contract supersedes all prior negotiations, understandings, or agreements. There are no representations, warranties, or provisions, either oral or written, not contained herein.

19.2. Exhibits. The following Exhibits **and addenda (delete if no addenda)**, including all attachments, are incorporated and made a part of this Contract:

Exhibit 1 – County’s Request for **Choose an item.** dated Enter Date

Exhibit 2 - Contractor's Response to Request for **Choose an item.** dated [Enter Date]

Exhibit 3 – Standard Assurance

Exhibit 4 – Insurance Terms

19.3. By signing this Contract, Contractor acknowledges receipt of all the above Exhibits and addenda, including all attachments. If there is a conflict between any provision of any Exhibit and any provision in the body of this Contract, the body of this Contract will prevail. To the extent reasonably possible, the Exhibits will be construed and constructed to supplement, rather than conflict with, the body of this Contract. If there is a conflict between any provision of an Exhibit and another Exhibit, the following is the order of precedence: Exhibit 1, Exhibit 2.

20. CONFIDENTIALITY

20.1. "Protected Data" has the same meaning as Not Public Data as defined in Minn. Stat. § 13.02, subd. 8a. Trade Secret Data as defined in Minn. Stat. § 13.37, subd. 1(b) shall be identified by Contractor to County and included in the definition of Protected Data.

20.2. For purposes of this Contract, all data created, collected, received, stored, used, maintained, or disseminated by Contractor in the performance of this Contract is subject to the requirements of the Minnesota Government Data Practices Act ("MGDPA"), Minn. Stat. Chapter 13 and its implementing rules, as well as any other applicable State or Federal laws on data privacy or security. Contractor must comply with, and is subject to, the provisions, remedies, and requirements of the MGDPA as if it were a governmental entity.

20.3. Contractor acknowledges that the County may transmit Protected Data to Contractor in connection with Contractor's performance of this Contract. Contractor shall not, at any time, directly or indirectly reveal, report, publish, duplicate, or otherwise disclose Protected Data to any third party in any way whatsoever, unless required or allowed by law. Contractor agrees to implement such procedures as are necessary to assure protection and security of Protected Data and to furnish the County with a copy of said procedures upon request.

20.4. Each party shall provide the other party with prompt Notice of a breach of the security of data as defined in Minn. Stat. § 13.055, subd. 1(a) or suspected breach of the security of data and shall assist in remedying such breach. Providing or accepting assistance does not constitute waiver of any claim or cause of action for breach of contract.

20.5. Contractor shall cooperate with the County in responding to all requests for data. Contractor does not have a duty to provide access to public data if the public data are available from the County, except as required by the provisions of this Contract. The parties shall promptly notify each other when any third party requests Protected Data related to this Contract or the Services. Contractor shall ensure that all subcontracts contain the same or similar data practices compliance requirements. All provisions of this Section apply to any subcontract or subcontractor.

20.6. This section survives expiration or termination of this Contract.

21. ELECTRONIC SIGNATURES

Each party agrees that the electronic signatures of the parties included in this Contract are intended to authenticate this writing and to have the same force and effect as wet ink signatures.

22. CONTRACT INTERPRETATION AND CONSTRUCTION

This Contract was fully reviewed and negotiated by the parties. Any ambiguity, inconsistency, or question of interpretation or construction in this Contract shall not be resolved strictly against the party that drafted the Contract. It is the intent of the parties that every section (including any subsection), clause, term, provision, condition, and all other language used in this Contract shall be constructed and construed so as to give its natural and ordinary meaning and effect.

23. WAGE WITHHOLDING TAX

Pursuant to Minn. Stat. § 270C.66, County shall make final payment to Contractor only upon satisfactory showing that Contractor and any subcontractors have complied with the provisions of Minn. Stat. § 290.92 with respect to withholding taxes, penalties, or interest arising from this Contract. A certificate by the Minnesota Commissioner of Revenue (Minnesota Department of Revenue Form IC-134, entitled "Withholding Affidavit for Contractors") satisfies this requirement with respect to the Contractor or subcontractor.

IN WITNESS WHEREOF, the parties hereto have executed this Contract on the date(s) indicated below.

ATTACHMENT I: TRADE SECRET FORM

The following form must be provided by Responder to assist the County in making appropriate determinations about the release of data provided in Responder's bid or proposal.

All responders must select one of the following boxes:

- ☐ My bid/proposal **does not** contain "trade secret information", as defined in Minn. Stat. § 13.37, Subd. 1(b). I understand that my entire bid/proposal will become public record in accordance with Minn. Stat. § 13.591.
- ☐ My bid/proposal **does** contain "trade secret information" because it contains data that:
1. (a) is a formula, pattern, compilation, program, device, method, technique or process; **AND**
(b) is the subject of efforts by myself or my organization that are reasonable under the circumstances to maintain its secrecy; **AND**
(c) derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use.
 2. I have submitted one paper and one digital copy of my bid or proposal from which the confidential trade secret information has been excised. The confidential trade secret information has been excised in such a way as to allow the public to determine the general nature of the information removed while retaining as much of the document as possible **AND** I am attaching an explanation justifying the trade secret designation.

Please note that failure to attach an explanation may result in a determination that the data does not meet the statutory trade secret definition. All data for which trade secret status is not justified will become public in accordance with Minn. Stat. § 13.591.

Submit this form as part of the Bid, Proposal or Quote response.

ATTACHMENT J: STATE OF MINNESOTA - RESPONSIBLE CONTRACTOR CERTIFICATE

Applies to all prime contracts in excess of \$50,000

A responsible Contractor is defined in Minnesota Statutes §16C.285, subdivision 3.

Any prime Contractor or subcontractor who does not meet the minimum criteria under Minnesota Statutes §16C.285, subdivision 3, or who fails to verify that it meets those criteria, is not a responsible Contractor and is not eligible to be awarded a construction contract for the project or to perform work on the project.

A false statement under oath verifying compliance with any of the minimum criteria shall render the prime Contractor or subcontractor that makes the false statement ineligible to be awarded a construction contract for the project and may result in termination of a contract awarded to a prime Contractor or subcontractor that makes a false statement.

A prime Contractor shall submit to the contracting authority upon request copies of the signed verifications of compliance from all subcontractors of any tier pursuant to subdivision 3, clause 7.

By signing this statement, I, _____,

(typed or printed name)

(title)

certify that I am an owner or officer of the company and do verify under oath that my company is in compliance with each of the minimum criteria listed in the law.
