

## Request for Proposal for One-Day DWI Program Services Questions and Answers

1. Question: Approximately, how many participants attend each class?

**Answer: About 40 clients referred for each session.**

2. Question: The current class is via zoom, is the preferable method or if in-person classes would be preferred or a hybrid model?

**Answer: The best way to serve the entire client population would be to offer a hybrid course – in-person and virtually. Either method would be sufficient if unable to do a hybrid model.**
