No verbal modification will be binding.

D. Examination of Proposal Documents

By submitting an RFQ/RFP, the Contractor represents that he or she has thoroughly examined and become familiar with the work required under this RFQ/RFP and that he or she is capable of performing quality work to achieve the objectives of this RFQ/RFP.

E. Pre-Contractual Expenses

Pre-contractual expenses are expenses incurred by the Contractor in: 1) preparing its quote/proposal in response to this RFQ/RFP; 2) submitting that quote/proposal to the County; or 3) any other expenses incurred by the Contractor prior to the date of execution of the proposed contract. The County shall not, in any event, be liable for any pre-contractual expenses incurred by the Contractors in the preparation of their quote/proposals. Contractors shall not include any such expenses as part of their quote/proposals.

F. Contract Award

Issuance of this RFQ/RFP and receipt of quotes/proposals does not commit Dakota County to award a contract. Dakota County reserves the right to postpone quote/proposal review at its own convenience, to accept or reject proposals based on evaluation of the submitted information, to accept other than the lowest cost proposal, to negotiate with other than the selected Contractor should negotiations with the selected Contractor be terminated, to negotiate with more than one Contractor simultaneously, or to cancel all or part of this RFQ/RFP.

G. Public Records and Requests for Confidentiality

Pursuant to the Minnesota Government Data Practices Act, Minnesota Statutes Section 13.591, the names of all entities that submitted a timely bid/proposal to Dakota County will be public once opened. All other information remains private until Dakota County has completed negotiating a contract with the selected Responder. After a contract has been negotiated, all information received is public information except “trade secret” information as defined in Minnesota Statutes Section 13.37. All information submitted by a Responder therefore shall be treated as public information by Dakota County unless the Responder properly requests that information be treated as a confidential trade secret at the time of submitting the bid/proposal.

Any request for confidential treatment of trade secret information in a Responder’s bid/proposal must sufficiently describe the facts that support the classification of information as confidential trade secret. The request must include the name, address, and telephone number of the person authorized by the Responder to answer any inquiries by Dakota County concerning the request for confidentiality. This information shall be provided on the Trade Secret Information Form, see Attachment E. Dakota County reserves the right to make the final determination of whether data identified as confidential trade secret by a Responder falls within the trade secret exemption in the Minnesota Government Data Practices Act.

The envelope or mailing container of any documents submitted with the bid/proposal that the Responder believes contain confidential trade secret information must be clearly marked as containing confidential trade secret information. Each page upon which trade secret information appears must be marked as containing confidential trade secret information.

In addition to marking the documents as confidential, the Responder must submit one paper and one digital copy of the bid/proposal from which the confidential trade secret information has been excised. The confidential trade secret information must be excised in such a way as to allow the public to determine the general nature of the information removed while retaining as much of the document as possible.

The Responder's failure to request confidential treatment of confidential trade secret information pursuant to this subsection will be deemed by Dakota County as a waiver by the Responder of any confidential treatment of the trade secret information in the bid/proposal.

Requests by the public for the release of information held by Dakota County are subject to the provisions of the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13. Responders are encouraged to familiarize themselves with these provisions prior to submitting a bid/proposal.

By submitting this bid/proposal, Responder agrees to indemnify and hold the County, its agents and employees, harmless from any claims or causes of action relating to the County's withholding of data based upon reliance on the representations that the information is a trade secret as defined in Minnesota Statutes Section 13.37 and therefore is not public, including the payment of all costs and attorney fees incurred by the County in defending such an action.

Public Data Requests can be submitted on the County's website:
<https://www.co.dakota.mn.us/Government/DataPractices/>

H. Joint Offers

Where two or more Contractors desire to submit a single quote/proposal in response to this RFQ/RFP, they should do so on a prime-subcontractor basis rather than as a joint venture. Dakota County intends to contract with a single firm and not with multiple firms doing business as a joint venture.

I. Dakota County Rights
