

Connecting County Computer VPN

This document will walk users through connecting a county owned laptop to County Computer VPN for county employees.

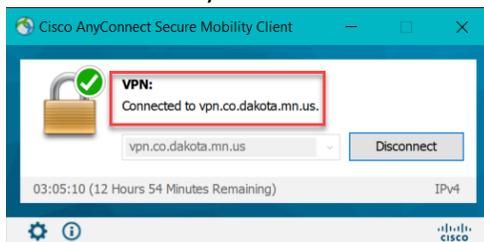

1. Click on Windows icon in lower left corner and type in **Cisco AnyConnect Secure Mobility Client**, then open the application.
2. The **Cisco AnyConnect Secure Mobility Client** box will appear. In the open box, type in **vpn.co.dakota.mn.us** (case sensitive) and click **Connect**.

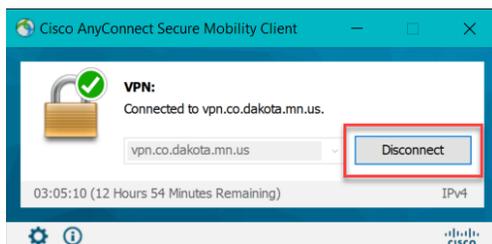

3. When the login box opens, verify that **Dakota County Computer** group is selected. Enter your Dakota County username and password and complete the login with 2-factor authentication.

4. When successfully connected to Cisco AnyConnect, your status will say **Connected to vpn.co.dakota.mn.us**

5. To disconnect from Cisco VPN, click on **disconnect** in Cisco AnyConnect dialogue box.

If you encounter problems connecting to the Dakota County VPN or have any related questions, feel free to contact the IT Help Desk at helpdesk@co.dakota.mn.us or 651-438-4346.
