ALCOHOL AND OTHER DRUG USE

Alcohol-attributable deaths: [Centers for Disease Control and Prevention. Alcohol-Related Disease Impact \(ARDI\)](#)

Alcohol use – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Frequent drinking – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Binge drinking – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Binge drinking – college students (Minnesota): [University of Minnesota, College Student Health Survey Report](#)

Alcohol compliance checks: Dakota County Public Health

Alcohol use – adults: Dakota County Public Health, [Dakota County Adult Health Survey](#)

Binge drinking – adults: Dakota County Public Health, [Dakota County Adult Health Survey](#)

Impaired Driving Incidents and Drivers with Impaired Driving Incidents: [Minnesota Department of Public Safety, Minnesota Motor Vehicle Crash Facts Report](#)

Deaths Attributable to Alcohol: [Minnesota Injury Data Access System](#)

Marijuana use – adults: Dakota County Public Health, *Dakota County Adult Health Survey*

Marijuana use – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Marijuana admissions: [Substance Use in Minnesota](#)

Use of other drugs – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document. A composite measure for use of prescription drugs was calculated by Dakota County Public Health for 9th and 12th graders.

Opioid and meth admissions: [Substance Use in Minnesota](#)

Drug overdose deaths: [Substance Use and Overdose County Profiles](#)

Emergency room visits for non-fatal opioid overdoses: [Substance Use and Overdose County Profiles](#)

CHRONIC DISEASE

General cancer statistics (Minnesota): [Minnesota Department of Health, Cancer in Minnesota](#)

Cancer deaths: [Centers for Disease Control and Prevention, CDC WONDER](#)

Cancer incidence (new cases of cancer): [Minnesota Department of Health, Minnesota Public Health Data Access Portal](#)

Cancer screening (Minnesota): [Centers for Disease Control and Prevention, Behavioral Risk Factor Surveillance System](#)

Melanoma incidence: [Minnesota Department of Health, Minnesota Public Health Data Access Portal](#)

Heart disease and stroke deaths: [Centers for Disease Control and Prevention, CDC WONDER](#)

High blood pressure and high cholesterol: Dakota County Public Health, *Dakota County Adult Health Survey*

Alzheimer's deaths: [Centers for Disease Control and Prevention, CDC WONDER](#)

Alzheimer's disease statistics (Minnesota): [Alzheimer's Association, Alzheimer's Facts and Figures](#)

Chronic lower respiratory disease deaths: [Centers for Disease Control and Prevention, CDC WONDER](#)

Asthma – adults: Dakota County Public Health, *Dakota County Adult Health Survey*

Asthma hospitalizations: [Minnesota Department of Health, Minnesota Public Health Data Access Portal](#)

Asthma emergency room visits: [Minnesota Department of Health, Minnesota Public Health Data Access Portal](#)

Asthma – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Diabetes deaths: [Centers for Disease Control and Prevention, CDC WONDER](#)

Diabetes - adults: Dakota County Public Health, *Dakota County Adult Health Survey*

Persons with disabilities: [U.S. Census Bureau, American Community Survey](#)

Activity limitations: Dakota County Public Health, *Dakota County Adult Health Survey*

ENVIRONMENTAL HEALTH

West Nile Virus cases: Minnesota Department of Health, Reportable Infectious Diseases

Lyme disease cases: Minnesota Department of Health, Reportable Infectious Diseases

Public water systems: [U.S. Environmental Protection Agency, Safe Drinking Water Information System](#)

Private well statistics: Dakota County Water Resources

Water quality statistics: [Dakota County Water Resources, Ambient Groundwater Quality Survey, 1999-2019](#)

Giardia cases: Minnesota Department of Health, Reportable Infectious Diseases

General food-related illness statistics (United States): [Centers for Disease Control and Prevention, Estimates of Foodborne Illness in the United States](#)

Foodborne illness cases: Minnesota Department of Health, Reportable Infectious Diseases

Radon statistics: [Minnesota Department of Health, Minnesota Public Health Data Access Portal](#)

Asthma – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Asthma – adults: Dakota County Public Health, *Dakota County Adult Health Survey*

Secondhand smoke exposure - adults: Dakota County Public Health, *Dakota County Adult Health Survey*

Secondhand smoke exposure – Dakota County students: [Minnesota Student Survey](#)

Housing built before 1980: [Minnesota Department of Health, Minnesota Public Health Data Access Portal](#)

Blood lead levels: [Minnesota Department of Health, Minnesota Public Health Data Access Portal](#)

Outdoor air trends (Minnesota): [Minnesota Pollution Control Agency, Air Quality in Minnesota](#)

Air alert days: [Minnesota Pollution Control Agency, Annual AQI summary reports](#)

Fine particle concentrations: [Minnesota Department of Health, Minnesota Public Health Data Access Portal](#)

Mercury in fish: [Minnesota Department of Health, Fish Consumption Advice](#)

HEALTH CARE ACCESS AND QUALITY OF CARE

Dakota County hospitals: [Minnesota Department of Health, Health Care Facility and Provider Database](#)

Hospital admissions and emergency room visits: [Minnesota Department of Health, Health Care Cost Information System](#)

Primary care clinics: [Dakota County Public Health](#)

Primary care physicians: [Health Resources and Services Administration, Area Health Resources Files](#)

Dentists: [Health Resources and Services Administration, Area Health Resources Files](#)

Health insurance statistics: [U.S. Census Bureau \(American Community Survey\)](#)

Minnesota Health Care Programs enrollment: [Minnesota Department of Human Services, Medical Programs Eligibility](#)

Minnesota Health Care Programs costs: [Minnesota Department of Human Services, Medical Programs: Annual Payment](#)

General access to care statistics: [Dakota County Public Health, Dakota County Adult Health Survey](#)

Uncompensated care – hospitals: [Minnesota Department of Health, Health Care Cost Information System](#)

Long-term care facilities: [Minnesota Department of Health, Health Care Facility and Provider Database](#)

Long-term care spending: [Minnesota Department of Human Services, LTSS Demographic Dashboard](#)

Dakota County dispatch statistics: [Dakota Communications Center](#)

Preventive dental utilization – Minnesota Health Care Programs: [Minnesota Department of Health, Minnesota Public Health Data Access Portal](#)

Hospital adverse events: [Minnesota Department of Health, Adverse Event Reporting](#)

Quality measures – hospitals: [Centers for Medicare and Medicaid, Hospital Compare](#)

Long-term care facility complaints: [Minnesota Department of Health, Complaint information](#)

INFECTIOUS DISEASE

Infectious diseases reported to MDH: [Minnesota Department of Health, Reportable Infectious Diseases](#)

Childhood immunizations: [Minnesota Department of Health, School Immunization Data](#) and [Minnesota Department of Health, Public Health Data Access](#)

Pertussis (whooping cough) statistics: [Minnesota Department of Health, Reportable Infectious Diseases](#)

Measles (Minnesota): [Minnesota Department of Health, Reportable Infectious Diseases](#)

Mumps: [Minnesota Department of Health, Reportable Infectious Diseases](#)

Sexually-transmitted diseases (STDs): [Minnesota Department of Health, STD Statistics and Reports](#)

HPV vaccination statistics: [Minnesota Department of Health, Public Health Data Access](#)

Pap test: [Centers for Disease Control and Prevention, Behavioral Risk Factor Surveillance System](#)

AIDS/HIV incidence and prevalence: [Minnesota Department of Health, HIV/AIDS Surveillance Reports](#)

AIDS deaths: [Centers for Disease Control and Prevention, CDC WONDER](#)

Active and latent tuberculosis infections: [Dakota County Public Health](#)

Drug-resistant tuberculosis (Minnesota): [Minnesota Department of Health, TB Statistics](#)

General seasonal flu statistics (United States): [Centers for Disease Prevention and Control, Disease Burden of Flu](#)

Influenza immunization 65 and older: [Centers for Disease Control and Prevention, Behavioral Risk Factor Surveillance System](#)

Influenza immunization adults (18 and over): [Centers for Disease Control and Prevention, FluVaxView](#)

COVID-19 Cases worldwide: [World Health Organization, COVID-19 Dashboard](#)

COVID-19 Statistics: [Minnesota Department of Health](#)

MATERNAL AND CHILD HEALTH

Women of childbearing age: [U.S. Census Bureau](#) (population estimates)

Births: [Centers for Disease Control and Prevention, CDC WONDER](#)

Folic acid supplements: [Minnesota Department of Health, Public Health Data Access](#)

Smoking during pregnancy: [Centers for Disease Control and Prevention, CDC WONDER](#)

Induced abortions: [Minnesota Department of Health, County Health Tables](#)

Unmarried mothers: [Centers for Disease Control and Prevention, CDC WONDER](#)

Births to mothers under 20: [Centers for Disease Control and Prevention, CDC WONDER](#)

Unintended pregnancy (Minnesota): [Centers for Disease Control and Prevention, Pregnancy Risk Assessment Monitoring System](#)

Infant deaths: [Centers for Disease Control and Prevention, CDC WONDER](#)

Prenatal care: [Minnesota Department of Health, County Health Tables](#)

Low birth weight: [Minnesota Department of Health, County Health Tables](#)

Preterm births: [Minnesota Department of Health, County Health Tables](#)

Depression in pregnancy/postpartum (Minnesota): [Centers for Disease Control and Prevention, Pregnancy Risk Assessment Monitoring System](#)

General birth defects facts (Minnesota): [Minnesota Department of Health](#)

Birth defects in infant deaths: [Centers for Disease Control and Prevention, CDC WONDER](#)

Teen birth rate: [Minnesota Department of Health, County Health Tables](#)

Sexual activity/use of birth control – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Early Childhood Special Education (ECSE) and special education population: [Minnesota Department of Education, Enrollment](#)

MENTAL HEALTH

General mental health statistics (United States): [National Institute of Mental Health](#)

Mental health hospitalizations: [Agency for Healthcare Research and Quality, Healthcare Cost and Utilization Project \(HCUP\)](#)

Mental health treatment – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Depression - adults: Dakota County Public Health, *Dakota County Adult Health Survey*

Depression – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Anxiety disorders – adults: Dakota County Public Health, *Dakota County Adult Health Survey*

Anxiety– Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Suicides: [Centers for Disease Control and Prevention, CDC WONDER](#)

Suicidal thoughts/suicide attempts – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Non-fatal, self-inflicted injuries: [Minnesota Department of Health, Minnesota Injury Data Access System](#)

Self-injury – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Family connections – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Attention-deficit hyperactivity disorder (ADHD) (United States): [Centers for Disease Control and Prevention](#)

Eating disorders (United States): [National Institute of Mental Health](#)

Autism-spectrum disorders (Minnesota): [Minnesota Department of Health, Autism-Spectrum Disorder \(ASD\) Reports](#)

Autism-spectrum disorders (Dakota County): [Minnesota Department of Education, Minnesota Funding Reports - Special Education Unduplicated Child Count Report](#)

NUTRITION

Actual causes of death: [University of Washington, Institute for Health Metrics and Evaluation, Global Burden of Disease](#)

General overweight and obesity statistics (United States): [Centers for Disease Control and Prevention](#)

Overweight and obesity – adults: Dakota County Public Health, *Dakota County Adult Health Survey*

Overweight and obesity – children in WIC: [Minnesota Department of Health, WIC Data and Reports](#)

Breastfeeding at discharge: [Minnesota Department of Health](#)

Breastfeeding – Minnesota and WIC infants: [Centers for Disease Control and Prevention, Breastfeeding Report Card](#) and [Minnesota Department of Health, WIC Data and Reports](#)

Fruit and vegetable consumption – adults: Dakota County Public Health, *Dakota County Adult Health Survey, 2019*

Fruit and vegetable consumption – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Milk consumption – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Pop or soda consumption – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Sports drink consumption – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Food insecurity: [Feeding America](#), [Map the Meal Gap](#); Dakota County Public Health, *Dakota County Adult Health Survey, 2019*

Food support: [U.S. Census Bureau](#) (American Community Survey)

WIC recipients: [Minnesota Department of Health, WIC Data and Reports](#)

Free and reduced price lunches: [Minnesota Department of Education, Enrollment](#)

PHYSICAL ACTIVITY

Physical inactivity as a cause of death: Carlson SA, Adams EK, Yang Z, Fulton JE. Percentage of Deaths Associated With Inadequate Physical Activity in the United States. *Prev Chronic Dis* 2018;15:170354. https://www.cdc.gov/pcd/issues/2018/17_0354.htm

Physical activity – adults: Dakota County Public Health, *Dakota County Adult Health Survey*

No leisure time physical activity – adults: Dakota County Public Health, *Dakota County Adult Health Survey*

Physical activity guidelines - adults: [U.S. Department of Health and Human Services, Physical Activity Guidelines for Americans, 2nd Edition](#)

Bike or walk to work: [U.S. Census Bureau](#) (American Community Survey)

Physical activity – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Physical activity guidelines – children and adolescents: [U.S. Department of Health and Human Services, Physical Activity Guidelines for Americans, 2nd Edition](#)

SOCIAL DETERMINANTS OF HEALTH

Population 2010 and 2020: [U.S. Census Bureau](#) (decennial censuses)

Population rank: [U.S. Census Bureau](#) (decennial censuses)

Median age: [U.S. Census Bureau](#) (decennial censuses, American Community Survey)

Population age distribution and projections: [U.S. Census Bureau](#) (decennial censuses) and [Minnesota State Demographic Center](#)

Racial/ethnic composition: [U.S. Census Bureau](#) (population estimates)

School racial/ethnic composition: [Minnesota Department of Education, Enrollment](#)

Population projections by race/ethnicity: [Minnesota State Demographic Center](#)

Language spoken at home: [Minnesota Department of Education, Languages](#)

Poverty: [U.S. Census Bureau](#) (American Community Survey)

Median household income: [U.S. Census Bureau](#) (American Community Survey)

Unemployment: [Minnesota Department of Employment and Economic Development, Local Area Unemployment Statistics](#)

Housing tenure/cost burden: [U.S. Census Bureau](#) (American Community Survey)

Foreclosures: [Dakota County](#) (Community Indicators)

Commuting to work: [U.S. Census Bureau](#) (American Community Survey)

Households with no vehicle available: [U.S. Census Bureau](#) (American Community Survey)

Educational attainment: [U.S. Census Bureau](#) (American Community Survey)

Test scores: [Minnesota Department of Education, Assessments](#) and [Minnesota Compass](#)

Voting statistics: [Minnesota Secretary of State, Election Data and Maps](#)

Social/emotional support and isolation: [Dakota County Public Health, Dakota County Adult Health Survey, 2019](#)

TOBACCO USE

Tobacco-related mortality: [University of Washington, Institute for Health Metrics and Evaluation, Global Burden of Disease](#)

Cigarette smoking – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Heavy cigarette smoking – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Cigar smoking – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Smokeless tobacco use – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

E-cigarette use – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

General secondhand smoke exposures statistics (United States): [Centers for Disease Control and Prevention, Smoking and Tobacco Use](#)

Secondhand smoke exposure – 5th graders: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Secondhand smoke exposure – adults: Dakota County Public Health, *Dakota County Adult Health Survey*

Tobacco compliance checks: Dakota County Public Health

Tobacco use – adults: Dakota County Public Health, *Dakota County Adult Health Survey*

Smoking during pregnancy: [Minnesota Department of Health, County Health Tables](#)

E-cigarette use – adults: Dakota County Public Health, *Dakota County Adult Health Survey*

Tobacco cessation – adults: Dakota County Public Health, *Dakota County Adult Health Survey*

UNINTENTIONAL INJURIES

Unintentional injury deaths: [Centers for Disease Control and Prevention, CDC WONDER](#)

Unintentional injuries general: [Minnesota Department of Health, Minnesota Injury Data Access System](#)

Drowning incidents and deaths: [Minnesota Department of Health, Minnesota Injury Data Access System](#); Minnesota Department of Health death data (ICD-10 codes: V90, V92, W65-W74)

Injuries and deaths due to firearms: [Minnesota Department of Health, Minnesota Injury Data Access System](#); Minnesota Department of Health death data (ICD-10 codes: W32-W34)

Burn injuries and deaths in fires: [Minnesota Department of Health, Minnesota Injury Data Access System](#) and [Minnesota Department of Public Safety, State Fire Marshal, Fire in Minnesota](#)

Poisoning incidents: [Minnesota Department of Health, Minnesota Injury Data Access System](#); Minnesota Department of Health death data (ICD-10 codes: X40-X49)

Bicycle crashes (Minnesota): [Minnesota Department of Public Safety, Office of Traffic Safety, Crash Facts](#)

Fall injuries and deaths: [Minnesota Department of Health, Minnesota Injury Data Access System](#) ; Minnesota Department of Health death data (ICD-10 codes: W00-W19) and [Centers for Disease Control and Prevention, CDC WONDER](#)

Motor vehicle crashes: [Minnesota Department of Public Safety, Office of Traffic Safety, Crash Facts](#)

Seat belts and crash types: [Minnesota Department of Public Safety, Office of Traffic Safety, County-Specific Fact Sheets](#)

Motor vehicle crash injuries and deaths: [Minnesota Department of Public Safety, Office of Traffic Safety, Crash Facts](#) and [Centers for Disease Control and Prevention, CDC WONDER](#)

Traumatic brain injury (TBI) events: [Minnesota Department of Health, Minnesota Injury Data Access System](#)

Use of seat belts – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document. Use of seat belts while driving was calculated by Dakota County Public Health only for students who drive.

Handling cell phone while driving – Dakota County students: [Minnesota Student Survey](#)

NOTE: Texting and emailing while driving was calculated by Dakota County Public Health only for students who drive.

VIOLENCE

Homicides: [Centers for Disease Control and Prevention, CDC WONDER](#)

Aggravated assaults: [Minnesota Bureau of Criminal Apprehension, Minnesota Crime Data Explorer](#)

Non-fatal, assaultive injuries: [Minnesota Department of Health, Minnesota Injury Data Access System](#)

Child maltreatment and neglect: [Minnesota Department of Human Services, Minnesota's Child Welfare Report](#)

Interpersonal violence: [Minnesota Department of Health, Minnesota Injury Data Access System](#)

Intimate partner violence – Dakota County students: [Minnesota Student Survey](#)

Violence at school: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Safety going to or from school: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Threatened at school – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Harassed or bullied for weight or physical appearance – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Damaged or destroyed property – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Taken something from a store without paying – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Reported rapes: [Minnesota Bureau of Criminal Apprehension](#), [Minnesota Crime Data Explorer](#)

Sexual assault – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.

Online bullying – Dakota County students: [Minnesota Student Survey](#)

NOTE: Dakota County Public Health uses a trend file which only includes school districts that participated in all years of the survey. For this reason, percentages may differ slightly from this document.
