

You're Invited

If you, a friend or a family member has a disability, and the shortage of support services and staff has impacted your life, you're invited to a community input opportunity to share your experience.

We want to know:

- How has the shortage of support services and staff impacted your life?
- What solutions have you come up with?

Your story will help the Workforce/Provider Shortage Work Group form recommendations to the Dakota County Board of Commissioners.

Join us at an in-person or virtual public forum to share your story. Speakers will have up to three minutes to speak.
