What Programs Provide Home Visiting for Parents?

School District Early Childhood Family Education Programs (ECFE) Home Visits

Some districts provide home visits for families experiencing pregnancy, birth, or infant adoptions. Many ECFE programs also offer Community Baby Showers where new parents can meet other new parents, learn about community resources, and learn more about ECFE. see page 9.

Dakota County Family Home Visiting Program

The Family Home Visiting Program in the Public Health Department provides support to families during pregnancy and through a child's preschool years. A public health nurse can provide teaching and support about healthy pregnancy, fetal development, breastfeeding, and how to prepare for labor and delivery. To find out more about family home visiting services, [call Dakota County Public Health](http://www.dakotapublichealth.com) at 651-554-6115.

Head Start Early Home Visiting

Early Head Start is a home visiting program in Dakota County. It is designed to nurture healthy attachments between a child and their parent/caregiver. It provides a full range of services for each family from pregnancy to a child's third year. 651-322-3500 or www.capagency.org

Safe and Healthy Start

Safe and Healthy Start is a Dakota County Community Services program designed to support pregnant women who are using drugs or alcohol. A team of social workers, public health nurses, mental health and chemical dependency specialists work to connect pregnant women to resources. Dakota County Children and Family Intake 942-891-7459

What If My Child Isn't Doing Things Like Other Children Their Age?

Help Me Grow is the state-wide intake for all developmental concerns for children ages birth to age 5. It connects families to their local district for free screening and evaluation.

School District: Infant and Toddler Intervention are special services and supports for children birth through age 2 years and their families.

These services are provided for eligible children who may be experiencing delays in their development for several reasons, including special health conditions. Services are offered at no cost to families. 1-866-693-4769 or see page 8

School District: Preschool Special Education is for eligible children ages 3 to 5 years. Help Me Grow provides services based on the needs of preschool children who meet state eligibility criteria for developmental delay or other disability, and who are experiencing challenges in their learning and development. 1-866-693-4769 or see page 7

Early Childhood Mini Grants

Mini-Grants are available for young children and their families who are receiving Early Intervention Services or Early Childhood Special Education Services and not receiving any other county services related to the child's disability. Grants can be used for respite care, adaptive or assistive technology and other unmet care needs. 952-891-7449 or ssecordinator@co.dakota.mn.us

Where Can I Go for Early Childhood Family Education?

Early Childhood Family Education (ECFE)

This program is for all families with children between the ages of birth and Kindergarten. The program supports parents in their role as their child's first and most important teacher. It is a program that provides information, support and friendship. see page 8

Is My Child on Track and Ready for Kindergarten?

Early Childhood Screening (Preschool Screening)

When a child is 3 years old, the local school district provides free early childhood screening. It looks at how a child is learning and developing to help them get ready for school. Free tools and resources are provided during the screening appointment! Screening is required for all children prior to enrolling in Kindergarten. (see page 8)

Follow Along Program

The Dakota County *Follow Along* Program is a free developmental monitoring program for children age birth to 3 years. Parents complete short surveys asking how their child is growing. *Dakota County Public Health Intake* 651-554-6178

Child and Teen Checkups

Child and Teen Checkups (C&TCs) are well-child screenings for children under the age of 21 who are enrolled in Medical Assistance (MA). Contact your local health provider for Child and Teen checkups covered under Medical Assistance (MA). For assistance finding a medical provider, scheduling an appointment, transportation or an interpreter contact *Dakota County Public Health* 952-891-7520

What If I Need Help with Child Care?

Think Small

This organization provides information to help families search for child care and early childhood education programs. 1-888-291-9811 or www.thinksmall.org

Parent Aware

Parent Aware helps families find the best quality child care and early education program for your child. 1-888-291-9811 or www.parentaware.org

State Early Learning Scholarships: Families First of MN

The State Early Learning Scholarships give families financial support to help pay for high-quality early care and education to prepare their young children for school. The scholarship amount is up to \$7,500 for a 12 month period. Children must be age 3 or 4 by September 1. Scholarships are available for children ages birth to five for children who are homeless or in Foster Care. Dakota County residents should contact Families First of MN 507-287-2020 www.familiesfirstmn.org

Dakota County Child Care Assistance Program

Child Care assistance programs help low-income families who need assistance to help paying for child care. There are three different programs available. Some programs may have waiting lists. [Dakota County Employment and Economic Assistance](http://www.dakotacounty.org/employment-economic-assistance) 651-554-5611

Center for Inclusive Child Care

This agency offers inclusion coaching and consultation to child care providers to support children with special needs and behavioral challenges in child care settings. This program also provides Health and Safety Coaching to child care providers. 651-603-6230 or www.inclusivechildcare.org

Where Can My Child Go for Preschool?

School District Preschool Programs

Every school district in Dakota County provides preschool for both three and four year olds. Some programs offer financial assistance to those who qualify. Some school districts offer busing to programs. see page 9

Extended Day Pre-K This program offers extended hours for additional class room instruction and activities for those enrolled in preschool programs. see page 9

Family Literacy Programs (Family School)

Parents can learn English and parenting skills while their children attend preschool. Contact your local Early Childhood Family Education Program for more information. see page 9

CAP Agency Head Start

Head Start promotes the school readiness of young children from income eligible families. This program is found in various communities in Dakota County. 651-322-3500 or www.capagency.org

Private Preschool Options

There are a variety of private preschool options available for children. Parent Aware gives families tools and information to find the best quality early education program for children. 1-888-291-9811 or www.parentaware.org

What is WIC?

WIC is a U.S. Department of Agriculture (USDA) program that helps keep low-income women, infants and children up to age 5 healthy. [WIC](http://www.wic.gov) provides nutritious foods to supplement diets, information on

healthy eating, breast feeding support and referrals to health care and community resources. 952-891-7525

Dakota County Asthma Program

This is a free program for families who live in [Dakota County](#) who have a child ages 0-18 diagnosed with asthma. Families will receive up to three nursing visits from a public health nurse to learn more about asthma and how to help manage it. Families may also be eligible to receive free equipment to decrease asthma triggers. Call 651-554-6115.

How to Raise a Reader?

Dakota County Libraries

Kids who read grow up to succeed. [The Dakota County Library](#) offers a variety of fun programs for children age birth to 18. Visit one of nine Dakota County Locations to learn more or call 651-450-2900

I am concerned about my Child's Behavior

Dakota County has a variety of early childhood mental health providers that offer both clinic and in-home services. Some of these services are offered at a sliding fee for those who are uninsured.

In-Home Early Childhood Mental Health Providers

Family Adolescent Children's Therapy (FACTS) and Associated Clinic of Psychology (ACP) received a grant to provide Early Childhood Mental Health Services for families living in Dakota County for children ages birth through Kindergarten. Insurance is billed for this service, and both FACTS and ACP have a sliding fee to support uninsured or underinsured families.
