The open market\* arms-length sales that occurred during these 12-month periods are measured and statistically analyzed. The market conclusions are then applied to the Assessed Value calculations for the following January 2nd Assessment Date. The MN Dept of Revenue require a Median Sales Ratio of Assessed Value to Sale Price (within these sales periods) fall within 90-105%.

\*Open-market-sales are sales that were on the market, and were between willing buyers and willing sellers, neither under any undue pressure to buy or sell.
