

## How to Drive Through a Roundabout

# ALWAYS YIELD TO ALL CIRCULATING TRAFFIC

### YIELD The "Golden Rule" of roundabouts.

When you enter the roundabout you must yield to circulating traffic.

Drivers in the circle have the right-of-way. An approaching motorist has to wait for a safe gap in the flow of traffic before entering.

Enter only when there is a safe gap in traffic.

Circulating traffic has the right-of-way. Continue to your exit and do not stop within the roundabout.

#### KEY

-  Circulating Car
-  Yielding Car

Yield to all traffic coming from the left.

The entering driver (red) is at fault for this crash because this driver failed to yield to the circulating vehicle (blue). The driver in the innermost lane of the roundabout can either exit or continue circulating. Entering vehicles must yield to **all** traffic coming from the left.
