## Pilot Knob Road (CSAH 31) Corridor Study

## **Study Goal**

Identify a roadway improvement plan for the Pilot Knob Rd (CSAH 31) corridor between Yankee Doodle Road and Central Parkway/Northwood Parkway to address existing traffic and safety concerns such as delays, lack of available gaps to cross traffic and crash history as well as additional issues and needs based on projected growth in the area.

## **Key Elements of Study**

- •Document need for future improvements, which may include:
  - -Access modifications
  - -Intersection control changes
  - -Additional lanes
  - -Median installation
  - -Local street connections
- •Identify alternative roadway improvement concepts
- •Select a preferred roadway improvement concept
- Develop implementation plan

## **Next Steps and Study Schedule**

Public Open House
 Wednesday, September 5<sup>th</sup>, 3 PM – 6 PM
 Eagan Community Center – Oasis Room
 1501 Central Parkway, Eagan, MN
