

Spring

1.
The Sun is shining
The sky is blue
I am happy
So are you

2.
The bird eggs hatch
The squirrels come out
The animals play
And I'm here to shout

3.
The clouds are white
The trees are green
The Sun is yellow
The air is clean

4.
Goodbye Winter
You've had a good run
But you are too cold
And Spring has begun
