PROJECT OVERVIEW

The West Lake Byllesby Regional Park improvements encompass three sites: Byllesby Bluff, Hwy 56 Turn-a-round, and the Co. Road 83/Dixie Ave River Access & overlook. Project goals include formalizing access to the shores of Lake Byllesby and Cannon River in West LBRP and adding signage, amenities, and trails to support recreational activities including birding, hiking, fishing and picnicking. Improvements feature parking, natural surface trails, vault toilets/portable toilets, and an accessible bird viewing structure at Byllesby Bluff.
