

PERFORMANCE MEASURE RESULTS

STATE STANDARD MEASURES PROGRAM 2022

BACKGROUND

In 2010, the state Legislature created the Council on Local Results and Innovation to develop standard performance measures for Minnesota cities and counties. In February 2011, the Council released a standard set of performance measures to help residents, taxpayers, and elected officials determine whether counties provide services efficiently and effectively, and to measure residents' opinions of those services. In 2011, Dakota County voluntarily agreed to participate in the program. To meet 2022 program requirements, the following results are reported for the 10 adopted measures using the most recent data available.

PUBLIC SAFETY

GROUP A AND B CRIME

Group A crimes include murder, rape, aggravated assault, burglary, larceny, motor vehicle theft, arson, human trafficking, counterfeiting/forgery, embezzlement, sex offenses, stolen property, prostitution, gambling, vandalism, weapons, and narcotics.

The Minnesota Bureau of Criminal Apprehension's reporting standards have changed from the Uniform Crime Reporting Program's Summary Reporting System (UCR-SRS) to National Incident-Based Reporting System (NIBRS). Due to this change, the 2021 Dakota County group B data was not available at the time of reporting.
