Reason for dewatering _____

Planned duration of dewatering activities _____ Method of sealing _____

(If this well is sealed within one year of the well completion date, this permit and fees apply for both construction and sealing activities. If not, a separate sealing permit and fee are required. Separate notification of the sealing of the well is required in either case.)

Submit a scaled site map showing location(s) of proposed well(s) and existing wells, North, and street names or landmarks.

Submit a cross sectional diagram of the well(s).

Submit a Written Agreement if **Property Owner is different from Well Owner** (required by MN Stat. 1031.205 sub 8).

Check if the dewatering could interfere with other wells. Describe, in an attachment, how interference will be addressed.

Check if **At Grade**: If at grade, also submit an explanation of why the well casing cannot terminate 12" above grade, a scaled map with the proposed well location referenced to a permanent landmark or property boundaries, and a cross-sectional diagram of the well cap and vault or manhole.

Is a variance required? Yes No (All variance requests must first be approved by the Minnesota Department of Health)

Charge Applicant's credit card ending in ____ for the amount of \$____.____, Signature _____

DECLARATION

I declare that the above information is correct and that all materials, design, equipment, construction methods, workmanship, well records and notifications will be in accordance with Dakota County Ordinance No. 114, "Well and Water Supply Management". The permit applicant and property owner agree to defend and save Dakota County harmless from any claims, demands, actions, or causes of action arising out of any acts or omission on the part of the permit applicant, or his agents, servants or employees in the performance of or with relation to any of the work or services provided or to be performed or furnished by the permit applicant under the terms of this application. A written agreement is required (MN Stat. 1031.205 sub 8) if well owner is different from property owner.

Property Owner or Property Owner's Agent

(Signature) _____ (Print) _____ Date _____

Licensed Well Contractor

(Signature) _____ (Print) _____ Date _____

The property owner or well owner, if specified in a written agreement, must apply for and obtain an annual registered use permit within 14 months from the date the well is completed. The property owner or well owner must annually apply for and obtain a new registered use permit within 12 months from the date that the previous registered use permit expires.

Notify Dakota County Water Resources Department at 952-891-7000 24 hours prior to beginning construction or sealing activities.
